CITY OF GOLDSBORO RESIDENTS CAN REPAIR THEIR HOMES IF THEY RECEIVED TEMPORARY CONDEMNED SIGNS

Goldsboro, NC- This is a reminder to City of Goldsboro residents who returned to their homes after the flood waters receded and found **TEMPORARY CONDEMNED SIGNS**. Temporary Condemned Signs means the residents can repair their homes. It **does not** mean the home is non-repairable and needs to be bulldozed. The reason houses have been temporarily condemned is that there was water in the crawl spaces or the home. Residents are recommended not to stay in the resident until after **FINAL INSPECTION**.

STEPS TO REPAIR HOMES:

- Determine damage to home
- Contact City of Goldsboro Inspections Department for **FREE** permits
- Contact licensed contractor for electrical and mechanical (heat/air)
- If water was in home – mitigate 4 ft. of sheet rock and insulation
- Reinspections of electrical and mechanical
- Contact City of Goldsboro Inspections Department for **FINAL** inspections – **TEMPORARY CONDEMNED SIGNS** will be removed at this time once the inspections have been passed

For additional information, please contact Allen Anderson Building Codes Inspector for the City of Goldsboro at 919-580-4385 or 919-580-4389
