Pick-up Day: _____

Recycle Phase: _____

Solid Waste Services

Refuse Services

Do's:

- Place all containers at the curb **before** 6:00 a.m. on your scheduled collection day.
- Place containers with at least 3 feet of clearance between all objects at the curb, including loose garbage bags and overhead trees.
- Place green refuse bin with the lid opening toward the street, handle/wheels back. Lid must be within 6 inches of closed.

Refuse services include (1) refuse can and (1) recycle can at a rate of \$22 per month applied to water bill.

Don'ts:

- Do not place containers to the curb after 6:00 a.m.; this may result in a return service fee of \$6 to be applied to the water bill.
- Do not place containers closer than 3 feet apart, any loose garbage or bags around container or block containers; it will **NOT** be serviced and will result in a return service fee.
- Do not place containers at the curb incorrectly or overfill; this will cause trash to fall on the street or in the yard.

Other Services:

- Premium backyard service is for residents that desire solid waste to service their container from their yard; this service is \$40 per month
- Assisted backyard service is a **FREE** service provided to residents that are **NOT** able of carrying their containers to the curb. To qualify for this service, a resident must complete an application and have their doctor sign for all occupants in the residence.

Recycle Services

Plastics

Paper

Cardboard

Glass

Metal

- Place recycle material in the black/grey recycle container, loose and combined.
- Rinse all recycle material before placing in container.
- Do **NOT** bag recyclables!
- Any garbage placed in the recycle container must be removed by resident before scheduled collection day or container will **NOT** be serviced.

Yard Waste Services

Leaves

- Rake all leaves into a pile at the edge of your yard or at the curb, by the street.
- Do **NOT** place leaf piles in the street, in the ditch or in the gutters.
- Do **NOT** place leaf piles over meter boxes, manhole covers or water valves.

Limbs

- Limbs must be no longer than 6 feet in length and wider than 12" in diameter.
- Larger limbs should be taken to the landfill by resident.
- Contractors are responsible for hauling debris they generate to the landfill.

All leaf and limb piles must be separate or will **NOT** be serviced.

Bulk Waste Services

- Solid waste provides a bulk pick up service weekly on Wednesdays, unless there is a holiday during the week.
- The bulk pick up service is a free service provided to residential customers, with an active water account.
- Residents must call and schedule a pick up.
- All scheduled items must be at the curb the night before the pickup.
- This service is limited to 6 items per scheduled pick up.

Flexi-Dump

The city provides a dumpster bag service; the bags can be purchased for \$25 each. These dumpster bags can be used for a large cleanup project, etc. The service fee is \$125 for the first bag and \$100 for every bag there after until project is complete. For more information call solid waste division.
