The Mayor's Committee for Persons with Disabilities met and has recommended both applicants. Council recommended the three positions as stated. City Clerk Getz will bring a resolution to the next meeting to appoint the three applicants.

**LGC Financial Performance Indicators of Concern.** City Manager Salmon shared the following information: Changes in North Carolina Administrative Code, effective for all annual audits with fiscal year ends June 30, 2021 and later, require that the auditor (Forvis), include, in the presentation to the governing board, the values of Financial Performance Indicators and the Board respond within 60 days to the Local Government Commission with a plan addressing each Financial Performance Indicator of Concern. The City Manager and Finance Director drafted a City response letter to the Local Government Commission (LGC) which is detailed below. City Manager Salmon shared after any questions from Council, staff will make adjustments as necessary and requested Council approval so that the letter can be returned to the LGC. City Manager Salmon presented the following:

### Fund Balance Available General Fund

The City's result in FY21 was nearly 14% and the LGC recommends a minimum of 25% which was discussed at the retreat.

In FY 21-22, the City increased its property tax rate from \$0.65/\$100 valuation to \$0.68/\$100. Each cent generates about a quarter of a million dollars and we expect to add three quarters of a million dollars to our fund balance in FY2021-22 and FY22-23. The City also cut spending on training, operations, and maintenance during COVID. Additionally, the City utilized the American Rescue Plan Act (ARPA) funding to pay a portion of personnel costs which otherwise would have taken funding we couldn't buy capital with. We expect available fund balance to exceed the Council set goal of 15% in FY21-22 and more closely approach the LGC recommended minimum of 25% in FY22-23, but that remains to be seen.

**General Performance Indicator – Audit Timeliness**

The FY21 audit was presented at the Council retreat. We hope to have the next audit done by July 31, 2023 or the middle of August. We hope to be on time for the FY22-23 audit which would be the first of December 2023.

Council has taken steps to make this happen to include: over the past 2 years, added seven (7) full-time personnel in the finance department for purchasing, inventory, accounts receivable, accounts payable and payroll to allow financial tasks to be accomplished in a timely manner. Difficulty in filling the positions slowed the City’s progress as well as the additional workload from the ARPA funding, CRF funding, and Office of the State Auditor’s work. We are also potentially asking Council to consider in the next budget, contracting accounting personnel as necessary to get those jobs done.

**General Performance Indicator – Unit Assistance List**

The city was put on the Unit Assistance List because we were late with our audit. once we get our audits called up and we get our fund balance up to 15% hopefully approaching 25% we will send a letter to the LGC and they will take us off the Unit Assistance List, but that timeline remains to be determined.

Mayor Ham stated the letter is important to the LGC and he hopes that Council will support the letter and sign it.

Councilman Gaylor inquired about the schedule of the upcoming audits. City Manager Salmon and Catherine Gwynn, Finance Director provided information about the upcoming audits.

**Consent Agenda Review.** Items K - DD on the consent agenda were reviewed.

Item N. Accept or Reject Initial Bid and Authorize Finance to Advertise for Upset Bids for 506 S. Leslie Street to Matthew Hill. Upon motion of Mayor Pro Tem Polack, seconded by Councilman Broadaway and unanimously carried, Council accepted the bid.

Item P. Operating Budget Amendment. Catherine Gwynn, Finance Director, shared she has the wrong line item on Charges for Services but it is actually Revenue from Other Agencies. The ordinance will be corrected and provided to the clerk.

The meeting recessed at 6:41 p.m.

**Public Hearings.**

**Downtown Parking Regulations Public Hearing. Public Hearing Held.** The City of Goldsboro in conjunction with Downtown Goldsboro Development Corporation hosted a public parking forum on January 26th to determine the best way to manage changing downtown parking needs. The public forum was facilitated by the Town of Chapel Hill Director of Economic Development and Parking Dwight Bassett. Mr. Bassett led the participants in a discussion to identify one of three

potential management strategies, compiling the results for review by city staff and Council. More than 50 community members participated in the forum, and 43 agreed that there was a need for on-street parking management that limited parking for two or three hours but did not include a parking fee.

During the Council Retreat on February 22, a recommendation of the City Parking Commission was shared to utilize City Ordinance 72.26, two-hour parking limits anytime between 8:30am and 5:30pm, Monday – Saturday on certain streets (Center St. from Ash St. to Chestnut St.; Mulberry St. and Walnut St. from John St. to James St.) to be described in Chapter 75: Parking Schedules, outlining the location of parking restrictions.

Enforcement would be done by the Goldsboro Police Department and Code Enforcement Officers per City Ordinance 72.90 (once appropriate signage is in place). Parking citations will have a \$25 fee, with a \$25 late fee after 15 days and \$100 fee after 30 days, per City Ordinance 72.99.

As directed by City Council at the February Retreat, a public hearing is being held this evening to receive additional public input to be followed by City Council discussion regarding the next steps to be taken, if any.

As part of the review and recommendation process the proposed parking management plan is going before the Planning Board on March the 27th. A recommendation from the Planning Board will be given at the City Council April 3rd meeting at which time the Council will be asked to take official action.

ADDRESS: 223 N Center St.  
PARCEL #: 2599960738  
OWNER: Greenbriar Property Services, LLC  
APPLICANT: Nicholas Ward

The applicant requests a Special Use Permit for the establishment of a Place of Entertainment with ABC Permit, located in the Central Business Zoning District. The property sits at the corner of Center Street and Ash Street. The Central Business District is established to maintain and strengthen the concentration of commercial, service, residential and institutional uses that serve the entire community and region. The district encourages a mix of high intensity pedestrian-oriented uses compatibly designed and arranged around the existing compact core. The Central Business District is the primary zoning district in the area.

According to the City’s Unified Development Code, Place of Entertainment with ABC Permit is permitted only after obtaining a Special Use Permit from Goldsboro City Council. The UDO also requires that In the Central Business District that there are to be no more than two Places of Entertainment with ABC Permit per city block. This proposal satisfies this requirement.

Frontage: 80 ft  
Zoning: Central Business District

Existing Use: Vacant building (former site of Direct Carpet Flooring Outlet)

The City’s Land Use Plan locates this parcel within the Mixed-Use Downtown land use designation.

The City of Goldsboro Comprehensive Land Use Plan identifies the following goals related to the Mixed-Use Downtown designation and desired development for the downtown Goldsboro area. The plan indicates that infill development is an action that is essential to the continued development of Goldsboro, this proposal qualifies as being infill development. The plan also identifies a goal as being to focus on improvement of the downtown Goldsboro area. The entire land plan, the area all falls within this mixed use downtown area.

The proposed Place of Entertainment with ABC Permit would operate in the rear warehouse area of Bricks Restaurant (permitted by right, currently in permitting process). The warehouse portion of the structure is proposed to operate as a flexible entertainment space that would be able to accommodate events such as vendor fairs, motorcycle shows, movie nights, beer festivals, tattoo festivals, art class, art shows, gender reveal parties, engagement parties, holiday parties, banquets, and galas. The overall theme is that this would be a rentable space that is flexible to the types of events that it may host.

- Hours of Operation
- Sunday-Saturday: 12 Noon – 11:00 PM
  - Typical days of operation will be Thursday-Sunday with the same hours.

Mr. Brinkley stated these would not be non-stop hours but would be as needed basis based on how the space is being rented out or utilized. Typically, the hours of operation would be Thursday-Sunday with those same hours.

Employees: 10 total employees per shift (2 shifts).  
Parking: No minimum off-street parking requirements.

Maintenance/Repair/Refuse Collection: Maintenance and repair will be performed on an as needed basis and trash collection is contracted and scheduled to occur either bi-weekly, weekly and after certain events as needed.

TRC REVIEW: Staff has distributed this proposed special use permit to the Goldsboro Fire Department and to Goldsboro Downtown Development. There were no comments or concerns.

Mr. Brinkley shared the following comments: the general layout is shown to give you some more background. This is where Direct Flooring and Carpet is currently. The front portion where you see what appears to be some structures inside the building is where the proposed Brick’s Restaurant is that’s already in the permitting process. That is permitted by right use for that restaurant. The way this building is designed in the rear portion which used to serve as the warehouse, is a very large space that Mr. Ward has identified could be a flexible space to host multiple types of events. The large vacant area is the area we are talking about.

Staff Evaluations: This Special Use proposal is to establish a Place of Entertainment with an ABC Permit. All encompassing for any types of uses that would like to rent that space out.

The proposed Special Use qualifies as infill development.

This will operate in the rear flex space portion of the structure in conjunction with Bricks Restaurant (operating in the old show floor area of Direct Carpet Flooring Outlet)

Staff is recommending a condition be that no outdoor activities are to take place associated with the Place of Entertainment with ABC Permit. All activities and events are to occur inside of the structure.

Mayor Pro Tem Polack opened the Public Hearing. The following person spoke after being properly sworn in.

1. Dr. David Craig shared the following comments: I wanted to say it's not that I'm necessarily against Brick’s Restaurant, but if you think about the proposed usages of this space, parties, gender reveal parties, gatherings and then for the city to say that there's no off street parking required that runs contrary to what the city’s attempting to do or the direction that the city is moving in terms of the proposed parking plan. I know that when you have gatherings of that type, a lot of times it takes more than two hours and so I'm just suggesting that these things be considered.

No one else spoke and the Public Hearing was closed.

Council entered into deliberation and voted on each of the four findings in order to determine whether or not the Special Use Permit should be issued. Council does have the ability to continue the hearing or place conditions upon its approval as long as Council is able to conclude that evidence exists in the record to support the condition.

The motion was seconded by Councilman Broadaway and unanimously carried.
4. Councilman Batts made a motion to agree that the use will be in general conformity with the City of Goldsboro Comprehensive Land Use Plan. The motion was seconded by Councilman Gaylor. Mayor Ham returned to the meeting at 9:20 p.m.

**UDO-1-23 Article 5: Section 5.5.4 – Special Use Specific Use Regulations (E) Bars, Nightclubs, Pool Halls, Microbreweries, Places of Entertainment (Both Public Private and for Profit) w/ ABC Permit. Public Hearing Continued to April 3, 2023. APPLICANT: Kyle Merritt**

The applicant is proposing for the text located in Section 5.5.4 (E) of the City of Goldsboro UDO to be amended. The proposed amendment would remove language regarding how distance is measured to determine that there is at least 50 feet between Bars, Nightclubs, Pool Halls, Microbreweries, and Places of Entertainment (Both Public Private and for Profit) w/ ABC Permit. The way that distance is currently measured reads as follows.

The separation distance required by this section shall be measured in a straight line from property line to property line, with no consideration as to intervening structures, roads, or landforms.

The applicant is requesting for the portion of this text that reads “with no consideration as to intervening structures, roads or landforms.” to be removed from the City of Goldsboro UDO.

By removing this, it creates a situation where you could include things such as a public right of way in the required distance separation to achieve the minimum 50 feet needed. These types of uses that are required to meet this 50 feet separation are still identified as Special Uses and would require quasi-judicial review and approval from City Council before any operation would be allowed to take place.

The applicant is requesting this Text Amendment to relocate “Church Spirits & Cocktails” to 116 W. Mulberry Street, which adjacent to St. Stephens Episcopal Church. The only thing separating the property lines is the Mulberry St. right-of-way. This text amendment, if approved, would create an opportunity for Kyle Merritt to apply for a Special Use Permit to establish “Church Spirits & Cocktails” at 116 W. Mulberry St.

Land Use Plan Recommendation: The City of Goldsboro Comprehensive Plan classifies the Central Business District to be in the Mixed-Use Downtown designation. An identified goal of the comprehensive land use plan is to continue to focus on improvement of the downtown Goldsboro area.

See below for the language for the proposed amendment.

ARTICLE 5: SECTION 5.5.4 SPECIAL USE SPECIFIC REGULATIONS (E)

The separation distance required by this section shall be measured in a straight line from property line to property line, with no consideration as to intervening structures, roads, or landforms.

Staff is neither recommending approval nor recommending denial. Staff is acknowledging the fact that if the text is amended that these types of uses (Bars, Nightclubs, Pool Halls, Microbreweries, and Places of Entertainment (Both Public Private and for Profit) w/ ABC Permit) would still be required to undergo the Special Use Permit process which would require City Council to perform quasi-judicial review on each separate request and apply conditions as they see necessary to mitigate the use.

The City of Goldsboro Planning Commission met on February 27, 2023, to review and make a recommendation regarding the text amendment. The Planning Commission voted to adopt the Inconsistency Statement and recommend denial to City Council for the proposed text amendment. The vote was 3-2.

Council discussed the proposed text amendment.

Mayor Ham opened the Public Hearing and the following person spoke.

- 1. Kyle Merritt explained the proposed use and shared time is an issue due to leasing the building.

Mr. Brinkley shared these types of uses still have to go through the Special Use process.

Councilman Gaylor made a motion to modify the agenda to move items Q and P to Items Requiring Individual Action. The motion was seconded by Councilwoman Jones and unanimously carried.

**Consent Agenda – Approved as Recommended.** City Manager Salmon presented the Consent Agenda. All items were considered to be routine and could be enacted simultaneously with one motion and a roll call vote. If a Councilmember so requested, any item(s) could be removed from the Consent Agenda and discussed and considered separately. In that event, the remaining item(s) on the Consent Agenda would be acted on with one motion and roll call vote.

Item P. Operating Budget Amendment FY22-23 and Item Q. Change Order No.1 Price Change for the Bulk Storage Tank replacement for the WRF were removed from the agenda after the Public Comment Period. Mayor Pro Tem Polack moved the items on the Consent Agenda, Items K – DD minus P and Q be approved as recommended by the City Manager and staff. The motion was seconded by Councilman Broadaway and unanimously carried.

The items on the Consent Agenda were as follows:

**Downtown Event Venue Rental Fee Update & Resolution. Resolution Adopted.** The HUB is an outdoor public park-like amenity in Downtown Goldsboro, which can be reserved for special events and activities. The 28,000 sq. ft. space was designed to serve the community with restroom facilities, seating and charging stations, as well as a 30’ x 20’ stage, electrical hookups and lighted power pedestals for food vendors.

The HUB is open to the public, with operating hours of 8am – 10pm. For private events, the space must be reserved in advance and all rental guidelines followed.

Rental Fees are as follows:

- Tier 1 – \$500+  
For profit events w/ any compensation
- Tier 2 - \$400+  
Any event with no admission or compensation (exc. NPOs)
- Tier 3 - \$300+  
Any event hosted by a non-profit organization.

All reservations require a \$100 refundable damage deposit and certificate of insurance.

Adjacent to The HUB is a vacant grass lot, which is often referred to as Freedom Field. Typically, this lot is used for overflow event parking, and is occasionally requested as part of a HUB event rental. Currently, there are no special rental requirements for use of Freedom Field, other than the completion of a Special Event Application and \$25 application fee.

Staff recommends updating the event venue fee structure to include Freedom Field. Freedom Field event reservations will include The HUB, with a \$100 rental fee added to The HUB fee schedule. All events will request a \$100 refundable damage deposit and Certificate of Insurance. This recommendation was adopted by motion at the February 23rd Council Retreat, however a Resolution is needed to amend the Special Event fee schedule.

It was recommended Council adopt the following entitled resolution supporting the adoption of an updated special event venue rental fee schedule. Consent Agenda Approval. Polack/Broadaway (7 Ayes)

Resolution Adopted.** The Governmental Accounting Standards Board (GASB) issued Statement No. 87 Leases effective for audits ending June 30, 2023. “It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset”.

**Accept or Reject Initial Bid and Authorize Finance to Advertise for Upset Bids for 506 S. Leslie Street to Matthew Hill. Resolution Adopted.** Staff has received an offer to purchase city/county owned property. Council must either accept or reject the offer, and if accepted authorize advertisement for upset bids (G.S. 160A-266 and 160A-269).

The following offer has been received for the sale of surplus real property under Negotiated offer, advertisement, and upset bid process (G.S. §160A-266(a) (3))

506 S. Leslie Street  
Offeror: Matthew Hill

The Planning Department shall notify the adjoining property owners via mail that the property is available for sale via upset bid.

**Resolution to waive and write off tax liens on paving special assessments beyond the 10 year statute of limitations. Resolution Adopted.** The City Council has authorized the levy of paving special assessment rolls as recommended by the Engineering department under power granted by N.C. General Statute §160A-216 Article 10.

When the rolls were adopted between 1982 and 2001 a provision for holding some of the assessments in abeyance was included. The reason given was due to unusually shaped lots, small lots undevelopable unless combined with adjacent property, undeveloped lots located within a special flood hazard area, and/or State-owned property. In consulting with the UNC School of Government, we were informed that paving assessments do not qualify for abeyance, only water and sewer assessments qualify (N.C.G.S. §160A-237).

Finance and Engineering staff have identified the paving special assessments that are past the 10 year statute of limitations and were placed incorrectly in abeyance and have submitted this to Council for approval to waive and write off these amounts as staff cannot legally collect. The total of the accounts presented in the resolution is \$35,304.16.

It was recommended that Council adopt the following entitled resolution authorizing the waiver and write off of tax liens on paving special assessments past the 10 year statute of limitations. Consent Agenda Approval. Polack/Broadaway (7 Ayes)

*RESOLUTION 2023-18 “RESOLUTION AUTHORIZING WAIVER AND WRITE OFF OF TAX LIENS ON PAVING SPECIAL ASSESSMENTS PAST THE 10 YEAR STATUTE OF LIMITATIONS”*

**Use of Public Utilities Capital Reserve to assist funding for the capital project of enclosing Bay 8 to store Compost equipment. Approved.** The City of Goldsboro Public Utilities Department has an approved FY22-23 budget for the Capital Improvement Project: Compost Bay 8 enclosure. Additional funding is required to complete this project. The Utility Capital Reserve fund was established in FY22-23 to fund Capital Improvement projects.

The FY22-23 budget funded the Bay 8 enclosure project for \$27,000. Individual quotes came in over the \$30,000 threshold that requires this project to go out for bid. The total fund required for this project is estimated to be \$70,000.

Staff recommended Council approve the use of the Public Utilities Capital Reserve fund in the amount of \$43,000 to provide the additional funding required to complete the budgeted capital project; with the total fund required being \$70,000. Consent Agenda Approval. Polack/Broadaway (7 Ayes)

**Request Authorization to Purchase a New Front Loader Refuse Truck. Resolution Adopted.** On March 8, 2023, Front Loader W1348 caught on fire and has been deemed a total loss. It was a 2010 year model and the top priority on the Public Works Department’s equipment CIP to be replaced in FY23/24. Due to its age and poor mechanical condition, it had already been removed from daily operations and only used as a backup when other trucks were inoperable or in for maintenance.

The City’s Solid Waste Commercial Dumpster Operation requires three Front Loader refuse trucks to meet current customer requirements—including SJAFB. Two trucks are required to run routes daily just to keep up with normal operations. There are times when all three trucks are running routes to help stay on schedule, but the third truck is typically used as backup. It isn’t uncommon for one truck to be out of service for several days waiting on diagnostics, repairs, parts, etc., so a third truck is essential to ensure operations stay on schedule.

Operating without a third Front Loader is not an option if we want to ensure the City can continue to provide quality service long-term and not lose customers. Renting a Front Loader will cost at least \$15,000/month and is not a long-term solution. A new Front Loader costs \$375,000 plus tax, tag, title, etc. or approximately \$400,000. There will be some funds received from the insurance settlement, estimated between \$50K - \$75K.

It was recommended that Council approve the purchase of the new Front Loader for \$400K through a general fund transfer. Consent Agenda Approval. Polack/Broadaway (7 Ayes)

*RESOLUTION NO. 2023-19 “RESOLUTION OF INTENT TO PURCHASE A FRONT LOADER”*

**Municipal Ordinance to Enact Speed Limit Concurrence for Sections of NC 581. Ordinance Adopted.** The N.C. Department of Transportation is seeking to update existing ordinances on NC 581 and has requested that the City adopt a concurring ordinance.

NCDOT has recently reviewed the entirety of NC 581 and since there is a section just south of SR 1919 (Westbrook Road) within the Goldsboro Municipal Limits, revision of the 45 and 55 mph speed limits from a rural ordinance to a municipal ordinance is required. The City will need to adopt a concurring ordinance for the following sections of roadway:

- Enact 45-MPH Zone for:
- NC 581 between 0.37 mile southeast of SR 1919 (Westbrook Road) and 0.1 mile southeast of SR 1919 (Westbrook Road)
- Enact 55 MPH Zone for:
- NC 581 between 0.014 mile southeast of SR 1918 (Pecan Road) and 0.37 mile southeast of SR 1919 (Westbrook Road)

City of Goldsboro current ordinances do not include blanket speed limits for NCDOT maintained streets; therefore, the City must adopt an ordinance specific to NCDOT maintained streets within the existing city limits.

It was recommended that Council adopt the following entitled ordinance enacting the speed limit for sections of NCDOT Highway System Street located within the existing city limits of Goldsboro. Consent Agenda Approval. Polack/Broadaway (7 Ayes)

*ORDINANCE NO. 2023-10 “AN ORDINANCE ENACTING THE SPEED LIMIT FOR SECTIONS OF NCDOT HIGHWAY SYSTEM STREET WITHIN THE CITY OF GOLDSBORO”*

**Change Order Numbers 21-Revised and 32-Final for Phase IV Sewer Collection Rehabilitation (Formal Bid #2018-004). Resolution Adopted.** The Phase IV Sewer Rehab Project provided for installation of approximately 30,900 linear feet of cast-in-place-pipe (CIPP) rehabilitation of existing sanitary mains, including various root treatments, obstruction removals, cutting of intruding taps and asphalt or concrete surface repairs directly associated with the completion and restoration work detailed in the contract specifications. City Council approved the original contract for approximately \$9.3M.

Phase IV Sewer Rehab Project is complete. Due to underruns and overruns in the bid line items, staff requested the contractor, T. A. Loving Company, provide final adjustment change orders to alleviate some of the overruns and final adjustments necessary for reimbursement requested from NCDEQ.

Change Order No. 21-Revised

Change Order No. 21 in the amount of \$54,000 was approved by City Council on October 18, 2021. An adjustment of quantities is required for Change Order No. 21 to reflect 32 point repairs instead of 18. This will add an additional cost of \$42,000 as per the contractor’s final Invoice No. 31.

Total Change Order No. 21-Revised = \$96,000.00

Change Order No. 32-Final

Final adjusting change order for pay item underruns and overruns. This change order encompasses bid items that underran and overran bid line items. Overruns have been paid to T. A. Loving Company by the City of Goldsboro. The underruns for this project exceeded the overruns creating a savings of \$66,829.82.

It was recommended that Council adopt the following entitled resolution authorizing the City Manager to execute Change Order No. 21-Revised for a total of \$96,000 and Change Order No. 32-final adjusting change order for underruns and overruns creating a savings of \$66,829.82. **Resolution Approving a Memorandum of Agreement (MOA) Relating to the Settlement of Opioid Litigation. Resolution Adopted.** On September 20, 2021, Council adopted a resolution approving a Memorandum of Agreement between the state of North Carolina and local governments on proceeds relating to the settlement of opioid litigation.

Wave two settlements have been reached in litigation against s Walmart, Inc., Teva Pharmaceutical Industries Ltd., Allergan Finance, LLC, Allergan Limited, CVS Health Corporation, CVS Pharmacy, Inc., and Walgreen Co., as well as their subsidiaries, affiliates, officers, and directors named in the Additional Settlements.

The opioid epidemic had taken the lives of more than 32,000 North Carolinians, torn families apart, and ravaged communities from the mountains to the coast.

The Centers for Disease Control and Prevention estimates the total economic burden of prescription opioid misuse alone in the United States is \$78.5 billion a year, including the costs of healthcare, lost productivity, addiction treatment, and criminal justice involvement.

Certain counties and municipalities in North Carolina joined with thousands of local governments across the country to file lawsuits against opioid manufacturers, pharmaceutical distribution companies, and chain drug stores to hold those companies accountable.

Representatives of local North Carolina governments, the North Carolina Association of County Commissioners, and the North Carolina Department of Justice have negotiated and prepared a Supplemental Agreement for Additional Funds (SAAF) to provide for the equitable distribution of the proceeds of these settlements.

By joining the settlements and approving the SAAF, the state and local governments maximize North Carolina’s share of opioid settlement funds to ensure the needed resources reach communities, as quickly, effectively, and directly as possible.

Public Utilities Capital Outlay

The Public Utilities Director, Mr. Robert Sherman, presented an item earlier to request an additional \$43,000.00 from the Utility Capital Reserve to fund the approved Bay 8 enclosure due to bids coming in much higher than the original budgeted amount. An appropriation of \$43,000.00 is recommended for the Compost division for the construction costs related to the Bay 8 enclosure at the compost facility, and will be funded with a transfer from the Utility Capital Reserve Fund.

The funds originally budgeted in Building Maintenance shall be moved into the Compost Facility capital line item in the amount of \$27,000.00. The total for the project is \$70,000.00.

**Mayor and Councilmembers' Comments.**

Mayor Pro Tem Polack shared the following comments: I gained a wealth of knowledge from my most recent trip to DC and was also proud to be a representative for not only the council but was able to ask some critical questions regarding the allocation of funding for cities such as ours that have military installations for our school systems. I am still waiting on a response from that as we talked in the retreat. I want to be assured that not only military children but also the citizens within the city get premier education. I also want to say that I'm glad to see that the 135th Proclamation for USCT came into fruition and all those that were an integral part in pushing it through. I was also honored to read that proclamation.

Councilman Broadaway shared the following comments: The main thing I want to say tonight is, I want to shout out again to Dennis Goodson. Dennis Goodson over the last 10 years that I've been involved with the relationship between Seymour Johnson Air Force Base, our council, our county commissioners he has been one of the driving forces and the way we could communicate. First the needs of the base and second the needs of the community and his ability and his time with us in Washington. When we went with Dennis Goodson we were able to talk to people and talk to staffers and talk to people in the halls of Congress. They knew him, they trusted him and so did all the people in the Pentagon. This community and even Seymour Johnson has lost a valued servant and a man that works so very hard for all of us. I just want to commend him again.

Councilwoman Jones shared the following comments: I would like to commend our council tonight. I think we did an excellent job of listening and asking questions and coming up with good options. I think we did a really good meeting tonight, so I just wanted to commend you and thank you. I want all the districts, not just district one to know that we are here working for you and that we do care about you, and we have your best interests at heart.

Councilwoman Matthews shared the following comments: I just want to invite all the women to a Women's History Month photo shoot that's going to happen this Saturday at 11:00 a.m. I'm asking all the women to meet me at the City Hall steps. The dress code is denim and white, please. I'm also asking for all participants to be 18 and up for consent purposes and how the photo is going to be used moving forward. The theme for the photo shoot is, *Anytime Women Come Together with a Collective Intention, It's a Powerful Thing*. That is the theme, that is the vibe, that is the energy, so I hope all the women will come out Saturday 11:00 a.m. City Hall steps and please wear denim and white.

Councilman Gaylor shared the following comments: I agree with Councilwoman Jones, tonight is long and there's a lot of debate as it's supposed to be but it's a good meeting. There are two really tough issues that are in front of us right now and what to me makes them so difficult is there is no perfect answer. There are some answers that are worse than others and inherently maybe some that are better but there is no perfect answer to either one of them one being parking and the other, well frankly we're going to have to have a conversation about alcohol in proximity to stand alone churches and schools. This isn't really about at this layer of conversation, it's not about can that particular building hold enough people or is there enough parking on the street for it. This layer of the conversation is going to come down to how the community is receptive to the idea of alcohol being across the street from a standalone church. Again, there is no perfect answer. There are answers that are appropriate for some towns and inappropriate for other towns and that's going to be a heavy debate and it should be because it's important and it goes to the core tenets of our community as they have evolved overtime. I don't know what the answer on that one is going to be, but I'll look forward to the conversation that I'm certain will come, and I welcome it. It has been a good meeting, it's been a long meeting but with those things that take a long time you can yield really good results. Commissioner Williams discussed the possibility of finally getting some train service back into Goldsboro. That's been about a two decade concerted effort from people in the private sector, people in the public sector. Get it across the finish line Sir, it would be transformative for this community. I stand behind you in those efforts. You've got a ton of people that whether you know them all or not, they're there. I distinctly remember when, a long time ago the compromise was made that the route between Raleigh and Wilmington may go through Goldsboro and Fayetteville and then quietly Amtrak is in Fayetteville and we have the bus service, but we don't have trains. That piece of track is important and it's important to that Union Station and it validates why you hold on to something that's unique to your community. Sir, get that across the finish line and I look forward to standing with you on that one and I support you all the way. Thank you guys for your patience tonight.

Councilman Batts shared the following comments: I agree with Councilwoman Jones. This is my first rodeo so I'm over here soaking all this stuff in. I thought the meeting tonight was great and I learned so much just sitting here listening to everything. Second thing, Saturday, I had the opportunity to go to the Arts Council. Ms. Ernestine Wooten spoke about city, state and some things that happened in our community back in the day. Also, I would encourage especially young

people to go to the Arts Council. To be honest with you, that was my first time going. I have lived in Wayne County for a long time and I have to say I was so impressed with what I saw, with the display they have over there now. I wish all the schools would take the kids there. It is good information. Lastly, a lot of times we take our city employees for granted. I want to say thank you to our city employees and a special to our department heads. Our department heads do a good job but the most important thing sometimes they probably don't think we appreciate them, but I know I do. I just want to say thank you, we really do appreciate the service y'all provide.

Mayor Ham shared the following comments: Sitting here last, everybody was saying what you want to say but I will say that it has already been mentioned two or three times, this council tonight spent going on now five and a half hours here and we haven't argued one time. We've discussed things, we've accomplished a lot tonight and that's the way it ought to be every night, whether it's a two hour meeting or a four or five hour meeting. I think we can all go home tonight feeling that we did something important tonight. We made some decisions, we chose not to make some decisions that were necessary because we needed more information and whatever but it was a good night and I hope we have many more.

There being no further business, Mayor Ham adjourned the meeting at 10:34 p.m.

## 20230320 Public Hearing Remarks

- In 2017 the City created a Goldsboro Parking Commission, that consists of:
  - The Assistant City Manager,
  - The City Engineer,
  - The Public Works Director and
  - The Police Chief.
- They meet quarterly, and they are responsible for making recommendations, and giving reports, to City Council and the City Manager, concerning parking needs, regulations and other matters in the city. To my knowledge, they have not recently reported any concerns to City Council and the City Manager, about parking downtown.
- Council called a Special Meeting to have a Public Forum to discuss the urgent parking concerns, of the downtown Goldsboro development stakeholders, and citizens.
- The consultant at the Public Forum, drew some conclusions that were based on **some**, but not **all** of the information that was in the downtown parking study, that was completed for the city back in 2016.
- He acknowledged there has been business growth since the parking study was completed, but he didn't mention anything about the Future Conditions Analysis in the Executive Summary of the 2016 parking study report. Especially all the recommendations, for the three stages over the 10 years after 2016.
- The consultant's conclusions were that we don't currently have a parking problem, in any of the areas downtown, at any time during the day, and that we're probably in pretty good shape for now. The same conclusion that was reached in the 2016 Parking Study.
- Back on January 28, 2019, almost three years after the parking study was completed, a video was posted on the city's Facebook page. It is titled "Journey Around Goldsboro |- Downtown Parking. It has Octavius Murphy interviewing the former DGD Director Julie Metz. She shares that:
  - There have been parking complaints, but there are no parking problems.
  - At peak times there's plenty of parking within a block of most downtown business locations.
  - The walk from their parking spot to their business destination, would be no longer than the walk from their parked vehicle, to the Walmart building.
  - The walk will be along the lovely streetscape where customers will be able to see other businesses along the way, and
  - She also shared that, 724 new public parking spaces had been added, and a recent agreement was reached that would add additional 70 spaces.
- The 2016 parking study estimated, that based on the downtown development projects expected to be completed by 2019, a demand would be generated for an additional 382 parking spaces, and for development expected by 2026, another additional 593 parking spaces would be generated.
- Depending on the number of spaces that have added since 2019 we may now, in 2023, have met all of the estimated demand, for the downtown development, that is expected to be completed in 2026.
- Getting back to the public forum. Attendees were asked to choose one of three options that could be taken to address our current public parking space problems, in spite of:
  - The 2016 parking study report indicating we don't have a problem,

- The consultant reporting that we have don't now have a parking problem, and
- The Goldsboro Parking Commission not having discussed or presented any downtown parking problems to City Council and the City Manager.
- The consensus at the forum, should be disregarded because, it was based on inconclusive and misinterpreted information.
- The DGD Director did not include all the actual expense costs, to implement the recommendation reached at the forum. She did not include:
  - an estimate of the expenses for labor, supplies and equipment to install the signs, or
  - an estimate for the expense for labor, equipment and supplies, for officers to enforce the code.
- Considering those additional required expenses, the overall total costs, for doing something we don't now need to do, will far exceed the savings the city would realize by eliminating our primary voting rights.
- Furthermore, this proposed enforcement method, is not recommended in the 2016 parking study, for cities of our size.
- The city's current restrictive parking ordinances involves, the marking tires method of enforcement. Some district US Courts of Appeals, have held that the marking tires method, violates the fourth amendment of the US Constitution, because it is an invasion of privacy.
- At the recent city retreat the Police Chief pointed out that overall crime in the city increased 14% since last year. If the city police must take on this additional un-needed responsibility, other more critical policing concerns, such as rape, assault, larceny and vehicle thief, may not be effectively addressed.
- Over the past ten years the City has borrowed money, drained most of the available general fund balance, and invested \$15 million dollars on public investment projects in the downtown area, which include the significant streetscape project, the Paramount Theater, and the construction of a transportation/entertainment HUB.
- During that time, the city decided to defer the expense of purchasing new critical equipment, especially in the Public Works, Public Utilities, and Parks and Recreation departments.
- It is now being proposed, that the city now spen money from our depleted available general fund balance, that the city is struggling to increase, so that we can do something, that doesn't now need to be done.
- This proposal is for something that is a **want**, but it is not an actually **need**, at this time, when you consider our other urgent needs. Like spending to replacement of old worn-out, public works, public utility, and recreational equipment.
- I therefore respectfully urge council, to reject and defer this reject this proposal and revisit it again next year, before adoption of the budget for FY2024-2025.

**CITY OF GOLDSBORO  
AGENDA MEMORANDUM  
APRIL 3, 2023 COUNCIL MEETING**

**CONTINUATION FROM MARCH 20, 2023 COUNCIL MEETING**

- SUBJECT: COUNCIL PUBLIC HEARING & FINAL ACTION**  
**UDO-1-23** Article 5: Section 5.5.4 – Special Use Specific Use Regulations (E) Bars, Nightclubs, Pool Halls, Microbreweries, Places of Entertainment (Both Public Private and for Profit) w/ ABC Permit
- APPLICANT:** Kyle Merritt
- DISCUSSION:** The applicant is proposing for the text located in Section 5.5.4 (E) of the City of Goldsboro UDO to be amended. The proposed amendment would remove language regarding how distance is measured to determine that there is at least 50 feet between Bars, Nightclubs, Pool Halls, Microbreweries, and Places of Entertainment (Both Public Private and for Profit) w/ ABC Permit. The way that distance is currently measured reads as follows.
- The separation distance required by this section shall be measured in a straight line from property line to property line, with no consideration as to intervening structures, roads, or landforms.*
- The applicant is requesting for the portion of this text that reads “*with no consideration as to intervening structures, roads or landforms.*” to be removed from the City of Goldsboro UDO.
- By removing this, it creates a situation where you could include things such as a public right of way in the required distance separation to achieve the minimum 50 feet needed. These types of uses that are required to meet this 50 feet separation are still identified as Special Uses and would require quasi-judicial review and approval from City Council before any operation would be allowed to take place.
- The applicant is requesting this Text Amendment to relocate “Church Spirits & Cocktails” to 116 W. Mulberry Street, which adjacent to St. Stephens Episcopal Church. The only thing separating the property lines is the Mulberry St. right-of-way. This text amendment, if approved, would create an opportunity for Kyle

Merritt to apply for a Special Use Permit to establish “Church Spirits & Cocktails” at 116 W. Mulberry St.

Land Use Plan Recommendation: The City of Goldsboro Comprehensive Plan classifies the Central Business District to be in the Mixed-Use Downtown designation. An identified goal of the comprehensive land use plan is to continue to focus on improvement of the downtown Goldsboro area.

See below for the language for the proposed amendment.

ARTICLE 5: SECTION 5.5.4 SPECIAL USE SPECIFIC REGULATIONS (E)

*The separation distance required by this section shall be measured in a straight line from property line to property line, ~~with no consideration as to intervening structures, roads, or landforms.~~*

STAFF

RECOMMENDATION: Staff is neither recommending approval nor recommending denial. Staff is acknowledging the fact that if the text is amended that these types of uses (Bars, Nightclubs, Pool Halls, Microbreweries, and Places of Entertainment (Both Public Private and for Profit) w/ ABC Permit) would still be required to undergo the Special Use Permit process which would require City Council to perform quasi-judicial review on each separate request and apply conditions as they see necessary to mitigate the use.

PLANNING  
COMMISSION

RECOMMENDATION: The City of Goldsboro Planning Commission met on February 27, 2023, to review and make a recommendation regarding the text amendment. The Planning Commission voted to adopt the Inconsistency Statement (attached) and recommend denial to City Council for the proposed text amendment. The vote was 3-2.

**REQUIRED ACTION:** Council shall vote to adopt the recommendation for denial and inconsistency statement that the Planning Commission has provided and vote to adopt the Ordinance to Deny with the inclusion of the Inconsistency Statement, or council shall vote to adopt the Ordinance to Approve, with the inclusion of a statement that deems this text amendment request to be consistent. Council first heard this item on March 20, 2023, and has continued the hearing to April 3, 2023.

**UDO-1-23 ARTICLE 5: SECTION 5.5.4 (E)**  
**WORKSHEET**

Pursuant to NCGS 160D-604(d), when the Planning Board (Planning Commission) is conducting a review of a proposed zoning text or map amendment, the Planning Board (Planning Commission) shall advise and comment on whether the proposed action is consistent with the City of Goldsboro Land Use Plan. The Planning Board (Planning Commission) must provide the City of Goldsboro City Council with a written recommendation that addresses plan consistency or inconsistency and other matters as deemed appropriate by the Planning Board (Planning Commission).

**Consistency Statement:** The City of Goldsboro Planning Commission finds the proposed text amendment to be consistent with the Mixed-Use Downtown designation. The City of Goldsboro Planning Commission finds that the text amendment is reasonable due to the fact that these types of uses (Bars, Nightclubs, Pool Halls, Microbreweries, and Places of Entertainment (Both Public Private and for Profit) w/ ABC Permit) would still be required to undergo a quasi-judicial proceeding before permit issuance. The City of Goldsboro Planning Commission recommends approval to the City of Goldsboro City Council.

**Inconsistency Statement:** The City of Goldsboro Planning Commission finds the proposed text amendment to be inconsistent with the Mixed-Use Downtown designation and finds that this text amendment, if executed, would have a negative impact on the public. **CITY OF GOLDSBORO  
AGENDA MEMORANDUM  
APRIL 3, 2023 COUNCIL MEETING**

**SUBJECT: PUBLIC HEARING & FINAL ACTION  
Z-2-23 John E. Darden (Neighborhood Business to General Business) – North side of E Elm St. between Dail St. and Linwood Ave. (site of Elm St. Detail Shop)**

ADDRESS: 1011 E Elm St.

PARCEL #: 3509322453

PROPERTY OWNER: Karol DeVaughn

APPLICANT: John E. Darden

**BACKGROUND:** The applicant is requesting a rezoning from the Neighborhood Business Zoning District (NB) to the General Business (GB) Zoning District. The purpose of the General Business (GB) Zoning District is to accommodate the widest range of uses providing general goods and services to the community. The district is intended to promote high quality, accessible developments serving the needs of the community and surrounding area.

Access: E Elm St.

Area: 0.37 acres

**SURROUNDING**

**ZONING:** North: Residential 6  
South: Office & Institutional I  
East: Residential 6  
West: Neighborhood Business

Existing Use: The property currently consists of a vacant commercial structure, utilized as a body/detail shop.

Land Use Plan: The City's Land Use Plan locates this parcel within the High-Density Residential land use designation.

High-Density Residential: This designation was given based off existing residential development patterns and constraints to development, as well as the location of infrastructure.

The General Business (GB) Zoning District is not identified as a corresponding district for the High-Density Residential land use designation.

**DISCUSSION:** This is a rezoning proposal for a 0.37-acre parcel to be rezoned from the Neighborhood Business Zoning District (NB) to the General Business (GB) Zoning District. The subject property is utilized as the "Elm St. Detail Shop" and operates as a shop to serve the automotive industry. The adjacent uses are the "D&C Mini Mart" located across Dail St., vacant undeveloped property directly across Elm St., a vacant undeveloped property located behind the subject parcel, and a single-family dwelling located to the east across Linwood Ave. This parcel has direct frontage on Elm St. as well as frontage on Dail St. and Linwood Ave.

**TRC REVIEW:** Staff has distributed this proposed rezoning to several different departments as well as Seymour Johnson Air Force Base and NCDOT. There were no comments or recommendations due to this being a straight rezoning request.

#### **STAFF**

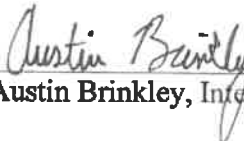

**RECOMMENDATION:** Staff is recommending approval of the rezoning request based on the fact that this parcel has a history of being utilized for commercial purposes. The use of the adjacent property being commercial, as well as the unique characteristic of the property being bordered on 3 sides by rights-of-way serves as a detriment to potential residential development, which is what the land use plan desires. The rezoning of this property to a General Business Zoning District would allow for expanded list of uses that could serve the surrounding community. The rezoning of this property would provide an opportunity for infill development to take place as well.

PLANNING  
COMMISSION

**RECOMMENDATION:** The City of Goldsboro Planning Commission met on March 27, 2023, to review and make a recommendation regarding the rezoning request. The Planning Commission voted to adopt the consistency statement (attached) and recommend approval to City Council for the proposed rezoning. The vote was 5-0.

**REQUIRED ACTION:** Council shall vote to adopt the recommendation for approval and consistency statement that the Planning Commission has provided and vote to adopt the Approval Ordinance with the inclusion of the consistency statement, or council shall vote to deny and adopt the Ordinance to Deny with the inclusion of a statement that deems this rezoning request to be inconsistent. Council may also continue the public hearing to a date certain if they determine further discussion is needed.

**WORKSHEET**

Pursuant to NCGS 160D-604(d), when the Planning Board (Planning Commission) is conducting a review of a proposed zoning text or map amendment, the Planning Board (Planning Commission) shall advise and comment on whether the proposed action is consistent with the City of Goldsboro Land Use Plan. The Planning Board (Planning Commission) must provide the City of Goldsboro City Council with a written recommendation that addresses plan consistency or inconsistency and other matters as deemed appropriate by the Planning Board (Planning Commission).

**Consistency Statement:** The City of Goldsboro Planning Commission finds the proposed rezoning to be inconsistent with the High-Density Residential designation. The City of Goldsboro Planning Commission finds that the rezoning request is reasonable and in best public interest due to the parcels history of serving as a site for commercial type services, the Planning Commission also finds that the unique geography of this parcel make it an undesirable candidate for residential development. The parcel, if rezoned presents the opportunity for infill development which is identified as a goal in the City of Goldsboro Comprehensive Land Use Plan. The City of Goldsboro Planning Commission recommends approval to the City of Goldsboro City Council.

Voting Record for Recommendation:

Yes   5                        No           

**Inconsistency Statement:** The City of Goldsboro Planning Commission finds the proposed rezoning to be inconsistent with the High-Density Residential designation and finds that this rezoning, if executed, would have a negative impact on the public. The City of Goldsboro Planning Commission deems this proposed rezoning to not be appropriate and does not recommend approval to the City of Goldsboro City Council. The City of Goldsboro Planning Commission finds the proposed rezoning to be inconsistent with the land use plan.

AN ORDINANCE AMENDING THE OFFICIAL ZONING MAP AND COMPREHENSIVE  
LAND USE MAP OF THE CITY OF GOLDSBORO, NORTH CAROLINA

WHEREAS, after notice duly given according to law, a public hearing was held before the City Council at a regular meeting held in the City Council Chambers, 214 N. WHEREAS, John E. Darden has submitted a petition to rezone Tax Parcel 3509322453 from the Neighborhood Business Zoning District to the General Business Zoning District; and,

WHEREAS, the City of Goldsboro Comprehensive Land Use Plan places the proposed rezoning area in the High-Density Residential land use designation; and,

WHEREAS, the proposed General Business Zoning District is inconsistent with the High-Density Residential land use designation; and,

WHEREAS, the General Business Zoning District is designed to accommodate the widest range of uses providing general goods and services to the community and promote high-quality and accessible developments; and,

WHEREAS, the subject property has a history of being utilized for commercial purposes; and,

WHEREAS, the subject property's unique geographic characteristics make it non-desirable for residential development; and,

WHEREAS, the types of uses allowed in the General Business Zoning District would present an opportunity for infill development to occur on the subject property; and,

WHEREAS, the proposed rezoning request is reasonable and, in the public's best interest since the proposed rezoning classification will not impair or injure the health, safety, and general welfare of the public; and,

WHEREAS, after completion of said public hearing and receipt of the recommendation of the Planning Commission, the City Council of the City of Goldsboro deems it advisable and for the best interest of the City and those residing within its zoning jurisdiction that the Official Zoning Map and Comprehensive Land Use Map of the City of Goldsboro be amended as herein below set forth;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Goldsboro, North Carolina:

1. That the Official Zoning Map and Comprehensive Land Use Map of Goldsboro, North Carolina, be and the same is hereby amended by changing:

**From Neighborhood Business to the General Business Zoning District**

AGENDA MEMORANDUM  
APRIL 3, 2023 COUNCIL MEETING**

**SUBJECT:** **PUBLIC HEARING & FINAL ACTION**  
**Z-3-23 Nelson Chavarria (Residential 16 to Residential 9) –**  
South side of McLain St. off of Central Height Rd.

**ADDRESS:** McLain St.

**PARCEL #:** 3519738942

**PROPERTY OWNER:** Nelson Chavarria

**APPLICANT:** Charles R. Covar

**BACKGROUND:** The applicant is requesting a rezoning from the Residential 16 Zoning District (R-16) to the Residential 9 (R-9) Zoning District. The purpose of the Residential 9 (R-9) Zoning District is to accommodate both single-family and multi-family residential uses and to prohibit all activities of a commercial nature.

**Access:** McLain St.

**Area:** 0.61 acres

**SURROUNDING**

**ZONING:** North: Office & Institutional I  
South: Residential 16  
East: Residential 16  
West: Residential 9

Existing Use: Vacant, uncleared lot.

Land Use Plan: The City's Land Use Plan locates this parcel within the Commercial land use designation.

**Commercial:** This designation puts a future emphasis on in-fill development, the desired development density is 10,000 square feet of building per acre.

The Residential 9 (R-9) Zoning District is not identified as a corresponding district for the Commercial land use designation.

**DISCUSSION:** This is a rezoning proposal for a 0.61-acre parcel to be rezoned from the Residential 16 Zoning District (R-16) to the Residential 9 (R-9) Zoning District. The subject property currently exists as a wooded lot. The adjacent uses are the Goldsboro Pentecostal Free Will Baptist Church, multi-family townhouses and single-family dwellings. The key difference between the R-16 district and the R-9 district is that the R-9 would allow the property to be utilized for multi-family purposes at a development density of 9,000 square feet for the first unit and 4,500 square feet for each subsequent unit. The maximum density that could potentially take place on the subject property would be 5 units. The property is not required to develop as multi-family due to this being a straight rezoning.

**TRC REVIEW:** Staff has distributed this proposed rezoning to several different departments as well as Seymour Johnson Air Force Base and NCDOT. There were no comments or recommendations due to this being a straight rezoning request.

#### **STAFF**

**RECOMMENDATION:** Staff is recommending approval of the rezoning request based on the presence of an adjacent Residential 9 Zoning District. Despite this parcel being identified as falling within the Commercial land use designation, the surrounding parcels have not developed in this manner and this parcel is not an ideal site for that type of development or zoning to occur here. The rezoning of this property to a Residential 9 Zoning District would allow for multi-family development to occur but not at a density that may be detrimental to the adjacent properties.

#### **PLANNING COMMISSION**

**RECOMMENDATION:** The City of Goldsboro Planning Commission met on March 27, 2023, to review and make a recommendation regarding the rezoning request. The Planning Commission voted to adopt the consistency statement (attached) and recommend approval to City Council for the proposed rezoning. The vote was 5-0.

**REQUIRED ACTION:** Council shall vote to adopt the recommendation for approval and consistency statement that the Planning Commission has provided and vote to adopt the Approval Ordinance with the inclusion of the consistency statement, or council shall vote to deny and adopt the Ordinance to Deny with the inclusion of a statement that deems this rezoning request to be inconsistent. Council may also continue the public hearing to a date certain if they determine further discussion is needed.

South: R-20A  
East: R-20 & RM-9  
West: R-20A & RM-9

Existing Use: Woodland

Land Use Plan: The City's Land Use Plan locates this parcel within the Low-Density Residential land use designation.

**Low-Density Residential:** This designation was given based off existing residential development patterns and constraints to development, as well as the location of infrastructure.

The Residential 12 (R-12) Zoning District is not identified as a corresponding district for the Low-Density Residential land use designation.

**DISCUSSION:** This is a rezoning proposal for a 12.92-acre parcel to be rezoned from the Residential 20A Zoning District (R-20A) to the Residential 12 (R-12) Zoning District. The subject property currently exists as a wooded lot. The adjacent uses are non-conforming & conforming manufactured homes and single-family dwellings. The difference between the R-20A district and the R-12 district is that the R-12 would allow the property to be utilized for multi-family purposes at a development density of 12,000 square feet for the first unit and 6,000 square feet for each subsequent unit. This has the potential to result in a significant increase in density. The maximum density that could potentially take place on the subject property would be between approximately 70-75 units (including open space in this calculation). If this property were to be subdivided for a subdivision there is the potential for 40-45 lots, depending on the arrangements of rights-of way, this number could be less. The property is not required to develop as multi-family or as a single-family subdivision due to this being a straight rezoning. This property is located within the ETJ and would be required to annex into the City of Goldsboro to receive water and sewer service.

**TRC REVIEW:** Staff has distributed this proposed rezoning to several different departments as well as Seymour Johnson Air Force Base and NCDOT. There were no comments or recommendations due to this being a straight rezoning request. Staff acknowledges this is within the DNL 70-74 noise contour and that the development of this property would be required to incorporate noise level reduction measures as identified in the City of Goldsboro UDO.

**STAFF**

**RECOMMENDATION:** Staff is recommending approval of the rezoning request based on several factors. There is a Residential 12 Zoning District in very close proximity to the subject property which has been utilized for multi-family development. There is also sewer along Piedmont Airline Rd. which could be extended to support a higher density type of development on the subject property. The City of Goldsboro Comprehensive Land Use Plan also expresses that the development of vacant parcels accessible to water and sewer should be encouraged. Despite this parcel being identified as falling within the Low-Density Residential land use designation, the surrounding area has not developed as such, with the most recent development in this area being the multi-family development to the north occurring over 20 years ago. The rezoning of this property to a Residential 12 Zoning District would allow the opportunity for new types of high-density

development to occur. High density development could also cater to a situation where housing may be more affordable, due to smaller lot sizes/structures.

PLANNING  
COMMISSION

RECOMMENDATION: The City of Goldsboro Planning Commission met on March 27, 2023, to review and make a recommendation regarding the rezoning request. The Planning Commission voted to adopt the consistency statement (attached) and recommend approval to City Council for the proposed rezoning. The vote was 5-0.

REQUIRED ACTION: Council shall vote to adopt the recommendation for approval and consistency statement that the Planning Commission has provided and vote to adopt the Approval Ordinance with the inclusion of the consistency statement, or council shall vote to deny and adopt the Ordinance to Deny with the inclusion of a statement that deems this rezoning request to be inconsistent. Council may also continue the public hearing to a date certain if they determine further discussion is needed.

Pursuant to NCGS 160D-604(d), when the Planning Board (Planning Commission) is conducting a review of a proposed zoning text or map amendment, the Planning Board (Planning Commission) shall advise and comment on whether the proposed action is consistent with the City of Goldsboro Land Use Plan. The Planning Board (Planning Commission) must provide the City of Goldsboro City Council with a written recommendation that addresses plan consistency or inconsistency and other matters as deemed appropriate by the Planning Board (Planning Commission).

**Consistency Statement:** The City of Goldsboro Planning Commission finds the proposed rezoning to be inconsistent with the Low-Density Residential land use designation. The City of Goldsboro Planning Commission finds that the rezoning request is reasonable and in best public interest due to a Residential 12 Zoning District in the general vicinity and the fact this would meet a goal of the Comprehensive Land Use Plan of infill development on vacant parcels where water and sewer is available. The City of Goldsboro Planning Commission recommends approval to the City of Goldsboro City Council.

Voting Record for Recommendation:

Yes   5                        No           

**Inconsistency Statement:** The City of Goldsboro Planning Commission finds the proposed rezoning to be inconsistent with the Low-Density Residential land use designation and finds that this rezoning, if executed, would have a negative impact on the public. The City of Goldsboro Planning Commission deems this proposed rezoning to not be appropriate and does not recommend approval to the City of Goldsboro City Council. The City of Goldsboro Planning Commission finds the proposed rezoning to be inconsistent with the land use plan.

CITY OF GOLDSBORO  
AGENDA MEMORANDUM  
APRIL 3, 2023 COUNCIL MEETING

**SUBJECT:** Ratifying the Economic Development Agreements between the City of Goldsboro, WNB Landlord, LLC., and County of Wayne

**BACKGROUND:** The City of Goldsboro entered into an economic development agreement for a performance based loan on February 15, 2019 and an economic development agreement for a property tax grant on February 18, 2019 with WNB Landlord, LLC, a subsidiary of Rehab Development, Inc.

Rehab Development, Inc. completed a \$13.9M historic rehabilitation project in April 2022. The project included six historic buildings, 10,900 sq. ft. of commercial, ready-to-lease space and 63 market rate residential units, successfully repurposing 67,000 sq. ft of formerly vacant, non-productive space.

The performance-based loan of \$300,000 was distributed in three installments and forgiven after thresholds of performance were met and substantiated.

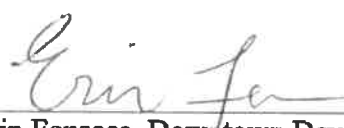

The property tax grant reduces the City property tax cost by 90% in years 1-5, 75% year 6, 60% year 7, 45% year 8, 30% year 9 and 15% year 10, for a total current estimated tax value grant of \$469,463.

The original agreements were amended on June 15, 2020 and approved by Council. The amendment included updated official measurements and an increase in anticipated units from 55 to a minimum of 60. Staff is requesting that Council approve the resolution to ratify the agreements executed on February 15, 2019 and February 18, 2019, as well as the amended agreements executed on June 16, 2020.

**DISCUSSION:** Pursuant to General Statute 158-7.1, a public hearing was held on November 20, 2017. A resolution is not required, but preferred.

**RECOMMENDATION:** It is recommended that Council adopt a resolution ratifying the economic development agreement performance-based loan executed on February 15, 2019 and the economic development agreement property tax grant executed on February 18, 2019, as well as the amended agreements executed on June 16, 2020 between the City of Goldsboro, WNB Landlord, LLC., and the County of Wayne. The original executed agreements are attached.

WHEREAS, the City adopted the 2007 Downtown Master Plan that set forth the City's interest and desirability to create private investments in the downtown area that helped it to achieve the public's established vision for downtown; and

WHEREAS, the Downtown Master Plan established a need for mixed-use development projects that utilize the City's existing historic buildings, rehabilitates them and puts them back into productivity for all of downtown and Goldsboro; and

WHEREAS, the City established a Goldsboro Historic District by Ordinance 1983-61 adopted on December 5, 1983 and the Historic District Commission by Ordinance 1981-20 adopted on May 18, 1981 as permitted and regulated by the North Carolina General Assembly General Statutes 160A-400.1-400.14; and

WHEREAS, the City established said ordinances because historic sites and structures are valued and important assets of Goldsboro and it is recognized that protecting and conserving these sites and structures is vital to the preservation of the heritage of Goldsboro; and

WHEREAS, the buildings being considered for redevelopment will result in historic preservation activities of the highest standard established by the Department of Interior's Standards for Historic Preservation including the rehabilitation and/or improvement to the historic exterior façade of the Project's buildings; and

WHEREAS, Company has agreed to enter into a historic preservation agreement with the City whereby Company grants to the City historic preservation easements and restrictions, in the

WHEREAS, North Carolina General Statutes Chapter 160A, Article 23, allows municipalities to create Municipal Service Districts (MSD) or Business Improvement Districts in downtown areas for downtown revitalization that creates a special taxing district that municipalities can establish to fund, among other services or functions, "downtown revitalization projects." The statutes describe downtown revitalization projects as services, functions, and developmental activities intended to further the economic well-being of the downtown area, and permit the promotion of business investment in the downtown area; and

WHEREAS, the City established a MSD by ordinance 1977-102 and considers the Project for which it is providing a loan to be a "downtown revitalization project" of significance; and

WHEREAS, North Carolina General Statutes § 143B-437.09 allows municipalities to create Urban Progress Zones ("UPZs") to help stimulate investment and job creation in economically distressed urban areas and North Carolina's Urban Redevelopment Law, G.S. Chapter 160A, Article 22, authorizes a local government to exercise special statutory powers within a designated geographic area called a "redevelopment area" because the growth of the area is impaired by the presence of dilapidated or obsolete buildings, overcrowding, or other unsafe conditions, or in danger of becoming blighted; and

WHEREAS, the properties described in Section I.A. of this Agreement have either been vacant or underutilized with insignificant reinvestment and repairs for a substantial time and the City attempted to secure investors for four of the properties that make up the Project and received only one response; and

WHEREAS, the City deems the making of this loan and the rehabilitation of the Project, as more particularly described herein, which will result in historic rehabilitation, reinvestment and reuse of the Properties (as defined below) as a mixed-use project, to be in the best interest of downtown Goldsboro, the City, and its citizens; and

WHEREAS, the City deems this Project to be: (1) an economic development project that will benefit the public, spur job creation and result in an increase in property value whereby the City will recoup its invested funds from revenue generated by improvements to the property; (2) address urban renewal of a blighted area as recognized by the State through its prior UPZ

classification; and (3) aid in downtown revitalization efforts within the established Goldsboro MSD by promoting business investment in the downtown areas; and

WHEREAS, to encourage community comment and to fulfill the requirements of the North Carolina General Statutes, following advertisement in the *Goldsboro News Argus*, the City Council held a public hearing on offering this Agreement to the Company at a regularly scheduled meeting held on November 20, 2017; and

WHEREAS, the Company fully intends to repair and rehabilitate the Project according to the standards of the US Department of the Interior Standards for Historic Preservation, attached hereto and incorporated herein by reference, and all City, County, and North Carolina standards and codes including rehabilitation and/or improvements to the historic exterior façade of the Project's buildings. The City hereby acknowledges that the terms of this Agreement, including specifically a forgiveness of indebtedness, if measures are achieved, as described in this Agreement, constitute a dispositive inducement to the City to enter into this Agreement. Similarly, the Company hereby acknowledges that its decision to rehabilitate the Project resulted from the offer of local incentives and other assistance described in this Agreement and that such local incentives and other assistance serve a valid public purpose; and

WHEREAS, the following Agreement will serve as the contractual agreement between the City and the Company for the establishment, use and outcome of the land and forgiveness of debt to assure this Project's implementation and the rehabilitation and/or improvements to the historic exterior façade of the Project's buildings.

NOW, THEREFORE, for and in consideration of the mutual covenants, including those attached hereto in Exhibit A and incorporated herein by reference, and agreements set forth herein, the parties hereby agree to the following:

**B. BUILD, OPEN AND OPERATE PROJECT.**

1. Company must repair, rehabilitate, open and operate the Project as a mixed-use project including at least fifty-five (55) apartment units and the creation of at least twelve thousand (12,000) square feet of commercial space, affecting approximately sixty eight thousand (68,000) square feet of historic square footage in downtown Goldsboro.

2. The improved buildings shall be completed in accordance with the Department of Interior Standards for Historic Preservation. The Project may include landscaping and other appurtenances necessary and traditional for Company's business or as provided by law.

4. Company agrees to maintain and operate all units within this Project at market-rate rental rates consistent with the then current market-rate level for downtown Goldsboro at such time as the Project receives a Certificate of Occupancy, unless otherwise agreed upon between the parties in writing amending this agreement.

II. CITY ECONOMIC DEVELOPMENT, HISTORIC PRESERVATION AND REDEVELOPMENT INCENTIVE. The City will provide a Three Hundred Thousand Dollar (\$300,000.00) performance based loan to Company (the "Loan") paid out after certain Project performance measures are met and, provided that the provisions of this Agreement are met, the loan will be forgiven. Satisfaction of the promissory note and release and termination of the deed of trust will occur 10 years after the occurrence of the disbursement set forth in II. B.3. below and in accordance to Section III, Paragraph E of this Agreement. Prior to funding of the loan, the Company shall grant the City a subordinate lien on the properties, until specified in Section II, Paragraph B, Subparagraph 3. The City's lien shall be in the form of a Deed of Trust securing the indebtedness in a Promissory Note of even date therewith in form acceptable to both the City and the Company, which Deed of Trust shall be subordinate to all other purchase money and construction Deeds of Trust encumbering the Project resulting from the rehabilitation of the Project. The City agrees to execute all additional documentation required by the Company's investors and lenders to evidence the subordinate nature of the City's lien on the Project as to those Deeds of Trust incurred in the rehabilitation of the Project.

A. In consideration of the Company's agreement to conduct the Project and to subject the Project to the covenants contained in "Exhibit A", the City will provide the Loan pursuant to the terms set forth in Section B to the Company.

B. The Loan shall be distributed in three installments of One Hundred Thousand and No/100 Dollars (\$100,000.00) each during the course of construction. Each disbursement shall be issued only after the Company provides a written request for the specific installment, along with the enumerated approval, permit or certificate documentation to the Project Coordinator at the address listed in Section IX. The disbursement of the Loan will be paid out as described below.

1. The first disbursement of One Hundred Thousand and No/100 Dollars (\$100,000.00) will be made upon approval of the Company's construction plans and issuance of a building permit by the City for rehabilitation of two of the properties located at 135 W. Walnut Street and 139 W. Walnut Street.

2. The second disbursement of One Hundred Thousand and No/100 Dollars (\$100,000.00) will be made upon acknowledgment by the Company and the City Inspections Department that the rehabilitation of 135 W. Walnut Street and

139 W. Walnut Street have reached 50% of the total project construction and that the Company has submitted construction plans and received building permits for the remaining four properties, located at 200 E. Walnut Street, 202 E. Walnut Street, 204 E. Walnut Street, 206 E. Walnut Street and 106 S. John Street.

3. The third and final disbursement of One Hundred Thousand and No/100 Dollars (\$100,000.00) will be made when Company has received a Certificate of Occupancy for each of the Project properties within the Project Scope, in fulfillment of the Three Hundred Thousand and No/100 Dollar (\$300,000.00) incentive.

C. In no case shall the City make any disbursement of funds for any year and any subsequent year during which the Company ceases operations ("ceases operations", as used herein and hereafter, includes but is not limited to: (i) failing to market vacant properties for tenancy, (ii) failing to maintain the property to applicable state and local building, plumbing, electrical, and fire codes, (iii) failing to maintain minimum housing standards for residential premises, (iv) failing to maintain commercial premises to applicable minimum standards for use, (v) allowing any premises to be declared an unsafe building or unfit for human habitation by the local building inspector, (vi) allowing any property to be labeled as demolition by neglect under applicable City ordinances or zoning code) at any property constituting the Project.

### III. REDUCTION, RECAPTURE AND CESSATION OF INCENTIVES.

A. If Company is not current on all taxes, fees, assessments or other amounts owed to the City by Company related to the Project at the time a loan disbursement is to be made, the City may set off from any disbursement amount(s) so owed by Company to City.

#### B. TIMELINE FOR INVESTMENT.

1. The Investment in the Project by the Company must be made no later than the Investment Date. All written disbursement requests must be submitted not later than fifteen (15) days prior to the Investment Date.

2. If for any reason Company fails to invest at least Seven Million Nine Hundred Thousand Dollars (\$7,900,000), or any part thereof by the Investment Date, the City will have no further responsibility to make loan disbursements after the Investment Date.

C. If Company ceases to operate any property constituting the Project at any time within ten years of the effective date of this Agreement, then Company shall not be entitled to any further loan disbursements otherwise due the Company under this Agreement.

D. The City is not required to make any loan disbursements to Company at any time after any public announcement by Company of its plan to cease operations at the Project or at any time after Company or any of its affiliates owning the Project file bankruptcy.

E. If the Company, at its election, either ceases operations at any Property constituting the Project or otherwise ceases to use the Project for the purposes contemplated herein, in either case within ten years after the issuance of a Certificate of Occupancy for the last building included in the Project (the "Final CO Date"), for any reason other than nonperformance by the City of its covenants under this Agreement, then, at the City's request, the Company shall refund to the City a percentage of the Loan previously funded to the Company, in each case depending on the year after the Final CO Date in which the Company ceases operations at any of the properties constituting the Project, as determined by the following:

Year 0-2:	100%
Year 3-4:	85%
Year 5-6:	50%
Year 7-8:	35%
Year 9-10:	15%

F. The provisions of this Section III shall survive the termination of this Agreement.

Company will indemnify and hold harmless the City, and its officers and employees (the "Indemnified Parties"), for damages imposed upon them by a court of final determination based on any claims of third parties arising out of any act or omission of the Company in the performance required of it by this Agreement, provided, however, that such indemnification (i) is not contrary to law and (ii) shall not apply to third party claims arising out of or relating to a negligent act or omission of the City. The City agrees that none of the foregoing shall be construed to release the City from the obligations it has undertaken elsewhere in this Agreement, in connection with the Loan or otherwise. Except as otherwise set forth herein, each Indemnified Party and the Company agrees to pay its own costs incurred in connection herewith, including all costs incurred in connection with the preparation of this Agreement.

V. DISCLAIMER OF WARRANTIES. Company acknowledges that the City has not designed the Project, that the City has not supplied any plans or specifications with respect thereto and that the City: (a) is not a manufacturer of, or dealer in, any of the component parts of the Project or similar facilities, (b) has not made any recommendation, given any advice nor taken any other action with respect to (i) the choice of any supplier, vendor or designer of, or any other contractor with respect to, the Project or any component part thereof or any property or rights relating thereto, or (ii) any action taken or to be taken with respect to the Project or any component part thereof or any property or rights relating thereto at any stage of the construction thereof, and (c) has not made any warranty or other representation, express or implied, that the Project or any component part thereof or any property or rights relating thereto (i) will not result in or cause injury

or damage to persons or property, (ii) has been or will be properly designed, or will accomplish the results which Company intends therefore, or (iii) is safe in any manner or respect.

The City makes no express or implied warranty or representation of any kind whatsoever with respect to the Project or any component part thereof, including but not limited to any warranty or representation with respect to the merchantability or the fitness or suitability thereof for any particular purpose, and further including the design or condition thereof, the safety, workmanship, quality, or capacity thereof; compliance thereof with the requirements of any law, rule, specification or contract pertaining thereto; any latent defect; the Project's ability to perform any function; or any other characteristic of the Project; it being agreed that as between the City and Company, Company is to bear all risks relating to the Project, the completion thereof or the transactions contemplated hereby and Company hereby waives the benefits of any and all implied warranties and representation of the City.

The provisions of this Section V shall survive the Agreement's termination.

VI. TERMINATION OF AGREEMENT. This Agreement shall terminate ten (10) years after the Final CO Date. After such termination, this Agreement will be null and void, and the parties to this Agreement will have no further obligations from one to the other thereafter, except as specifically noted in this Agreement and in Section III, E.

VII. ASSIGNMENTS. The Company shall not assign this Agreement or any portion thereof without the written consent of the City, nor shall the Company assign any funds due or to become due to it hereunder without the prior written consent of the City; provided, however, the Company shall be permitted to assign this Agreement or any portion thereof, or any funds due or to become due to it hereunder, to any direct or indirect wholly-owned subsidiary or other related party of the Company or to any company that is the successor by merger, asset purchase or otherwise to all or substantially all of its business (and any such party shall assume all obligations of the Company under this Agreement). However, in the event of such assignment, the Company will still remain ultimately responsible and liable for the performance of the Company's obligations hereunder.

L. NOTICE OF POTENTIAL DISCLOSURE OF CONFIDENTIAL COMPANY INFORMATION. The Company acknowledges that it has been informed by the City and County that the City and County are required by North Carolina law to disclose "Public Records" as the term is defined by North Carolina General Statutes §132-1, upon request. ## Exhibit A

### COVENANTS

WHEREAS, the properties located at 200 E. Walnut Street, 202 E. Walnut Street, 206 E. Walnut Street, 106 S. John Street, 135 W. Walnut Street and 139 W. Walnut Street, in Goldsboro, Wayne County, North Carolina, hereinafter referred to as the "Subject Property", are buildings of recognized historical, cultural and architectural significance; and

WHEREAS, the City of Goldsboro (hereafter the "City") and WNB Landlord, LLC, a North Carolina limited liability company (hereafter the "Company") both desire that the Subject Property be rehabilitated and preserved for the enjoyment and edification of future generations; and

WHEREAS, the City and the Company both desire that the Subject Property shall retain its historically and architecturally significant features, while being sympathetically adapted and altered, where necessary, to provide for contemporary uses; and

WHEREAS, the City acquires certain rights pursuant to historic preservation agreements that will insure that structures located within the state of North Carolina of recognized historical and architectural significance are preserved and maintained for the benefit of future generations; and

WHEREAS, the North Carolina General Assembly has enacted the Historic Preservation and Conservation Agreements Act validating restrictions, easements, covenants, conditions or otherwise, appropriate to the preservation of a structure or site historically significant for its architectural, archeological or historical associations; and

WHEREAS, the City and the Company have entered into an Agreement for the purposes of the provision of an incentive to aid in the rehabilitation, redevelopment of the Subject Property for historic preservation, economic development, and downtown revitalization within the context of the Goldsboro municipal service district and a previously designated urban progress zone.

NOW THEREFORE, the Company hereby agrees that the Subject Property shall be and shall permanently remain subject to the following agreements easements, covenants and restrictions (collectively, the "Covenants"):

1. These Covenants shall be administered by the City, its successors in interest or assigns; and in all subsequent conveyances of Subject Property, the City, its successors in interest or assigns shall be the sole party entitled to administer these Covenants. In the event that the City, or its successors in interest by corporate merger cease to exist, then in such event the City shall assign all of its rights and interests in these Covenants subject to such duties and obligations which it assumes hereby to a non-profit corporation of responsibility which exists for substantially the same purpose (as described hereinabove); if no such corporation be available for such assignment then, under such circumstances such assignment shall be made to the State of North Carolina which shall be the sole party entitled to administer those Covenants.

2. The Company covenants and agrees to rehabilitate the Subject Property according to the terms, conditions, and deadlines of the Economic Development Historic Preservation & Urban Redevelopment Agreement between the City of Goldsboro, County of Wayne and WNB Landlord, LLC (the "Agreement"), by or before the Investment Date (as such term is defined in the Agreement) and in accordance to the Department of the Interior's Standards for Rehabilitation (the "Rehabilitation Standards") and, after rehabilitation, to continuously maintain, repair, and administer the Subject Property herein described in accordance with the Secretary of the Interior's Standards for the Treatment of Historic Properties (1992) (the "Historic Properties Standards") so as to preserve the historical integrity of features, materials, appearances, workmanship and environment of the Subject Property. Maintenance shall be continuously provided. Said Rehabilitation Standards are attached hereto and incorporated in these Covenants by reference. No building located on the Subject Property may be removed or demolished without the prior written approval of the City.
3. The Company covenants and agrees that the Subject Property, upon completion of rehabilitation construction and issuance of a Certificate of Occupancy (CO), will be made available for lease at market rate rental rates consistent with the then current market rate level for downtown Goldsboro.
4. The Company shall abide by all federal, state, and local laws and ordinances regulating the rehabilitation, maintenance and use of the Subject Property.
5. When seeking modifications or waivers to the Rehabilitation Standards, the Company shall give written notice to the City. If the City fails to respond within forty-five (45) days, then the Company shall have the right to proceed according to its plans. The City's decisions shall be based on the Standards (1992) and shall not be unreasonably withheld.
6. In case of any contemplated sale of Subject Property or any portion thereof by the Company or any successor in title thereto within ten (10) years of the Final CO Date, upon receipt of any bona fide offer from a third party to purchase the Subject Property or any portion thereof which the Company or its successor in title desires to accept, Company or its successor in title must notify the City or its successors of such bona fide offer. The City shall notify Company or its successors in title of its willingness to exercise its right of first refusal and purchase said property upon the same or better terms as set forth in the bona fide offer within thirty (30) days of receipt of said notice of such bona fide offer. Failure of the City to notify Company or its successor in title of its intention to exercise this right of first refusal within such thirty (30) day period shall be deemed a waiver by the City and its successors to exercise its right of first refusal, the right of first refusal shall lapse and Company and its successors in title shall be free to sell the Subject Property or any portion thereof pursuant to the bona fide offer. Provided, however, that if there are any outstanding deeds of trust or other encumbrances against the Subject Property, the City's purchase shall be subject to said deeds of trust or encumbrances, and they shall either be satisfied or assumed as part of the purchase price.
7. In the event of a violation of these Covenants, which violation is not cured within ninety days of the Company's receipt of notice from the City regarding such violation, the Company shall

repay to the City and County of Wayne (the "County") any incentives funded to the Company pursuant to the Agreement in which these Covenants were referenced and/or incorporated. Such funds shall be immediately due and payable and all sums disbursed to the Company by the City and/or County pursuant to such agreement shall be refunded to the City and/or County, plus interest at the then legal rate as set by the State of North Carolina, said interest being calculated as accruing as of the date the funds were disbursed from the City and/or County to the Company.

8. Representatives of the City shall have the right to enter the Subject Property at reasonable times, after giving reasonable notice, for the purpose of inspecting the buildings and grounds to determine if there is compliance by the Company with the terms of these Covenants.

9. For a period of ten (10) years from the Final CO Date, researchers, scholars, and groups especially interested in historic preservation shall have access to view the interior of the Subject Property by special appointment at various times and intervals at times both desirable to the public and convenient with the Company.

10. The Company shall insure any building located on the Subject Property against damage by fire or other catastrophe. If any original structure is damaged by fire or other catastrophe to an extent not exceeding fifty percent (50%) of the insurable value of those portions of the building, then insurance proceeds shall be used to rebuild those portions of the building in accordance with the Rehabilitation Standards.

11. The Company shall keep the Subject Property insured under a comprehensive general liability policy that names the City as an additional insured and that protects the Company and the City against claims for personal injury, death and property damage.

12. All rights of mortgagees to the Subject Property are subject and subordinate at all times to the rights of the City to enforce these Covenants. The Company will provide a copy of these Covenants to all mortgagees of the Subject Property and has caused all mortgagees as of the date of this deed to subordinate the priority of their liens to these Covenants. All subordination agreements executed by the mortgagees holding a lien on the Subject Property shall relate only to the preservation of the historic architecture of the Subject Property. In order to facilitate financing of the Subject Property and closing of financing to fund the rehabilitation of the Subject Property, the City will negotiate in good faith with all mortgagees with respect to the form and substance of any such subordination agreements.

13. The Company does hereby covenant to carry out the duties specified herein, and these restrictions shall be covenants and restrictions running with the land, which the Company, its heirs, successors, and assigns, covenant and agree, in the event the Subject Property is sold or otherwise disposed of, will be inserted in the deed or other instrument conveying or disposing of the Subject Property, but such failure to include such covenants and restrictions in the deed will not constitute a default by the Company hereunder.

14. The Subject Property may contain certain hazards as a result of outdated building practices or use of certain materials that may contain lead paint, asbestos, or some other hazards that may need to be removed or encapsulated before the buildings located thereon are habitable. Addressing

these problems is one of the challenges of owning and restoring a historic property. The City does not have the resources to correct these problems and cannot take responsibility for the condition of the Subject Property. The City is not liable in any way for any hazards, defects, or other problems with the Subject Property.

15. The Company and the City recognize that an unexpected change in the conditions surrounding the Subject Property may make impossible or impractical the continued use of the Subject Property for conservation purposes and necessitate the extinguishment or termination of these Covenants. If not mutually agreed upon by the Parties, such an extinguishment must be the result of a final judicial proceeding.

16. In the event of a violation of these Covenants, the City may enforce the remedies set forth herein and pursue all legal and equitable remedies, including injunctive relief, specific performance, and damages. No failure on the part of the City to enforce any covenant or restriction herein nor the waiver of any right hereunder by the City shall discharge or invalidate such covenant or restriction or any other covenant, condition or restriction hereof, or affect the right of the City to enforce the same in event of a subsequent breach or default.

17. Unless otherwise provided, the covenants and restrictions set forth above shall run in perpetuity.

The Secretary of the Interior's Standards for Rehabilitation

North Carolina

State Historic Preservation Office

Department of Cultural Resources  
Office of Archives and History  
Division of Historical Resources

The Standards that follow were originally published in 1977 and revised in 1990 as part of Department of the Interior regulations (36 CFR Part 67, Historic Preservation Certifications). They pertain to historic buildings of all materials, construction types, sizes, and occupancy and encompass the exterior and the interior of historic buildings. The Standards also encompass related landscape features and the building's site and environment as well as attached, adjacent or related new construction.

The Standards are to be applied to specific rehabilitation projects in a reasonable manner, taking into consideration economic and technical feasibility.

1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.
2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.
4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.
5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.

7. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.
8. Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.
9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.
10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

STATE OF NORTH CAROLINA  
COUNTY OF WAYNE

ECONOMIC DEVELOPMENT, HISTORIC  
PRESERVATION & URBAN REDEVELOPMENT  
AGREEMENT BETWEEN THE CITY OF  
GOLDSBORO, COUNTY OF WAYNE

WHEREAS, the City adopted the 2007 Downtown Master Plan that set forth the City's interest and desirability to create private investments in the downtown area that helped it to achieve the public's established vision for downtown; and

WHEREAS, the Downtown Master Plan established a need for mixed-use development projects that utilize the City's existing historic buildings, rehabilitates them and puts them back into productivity for all of downtown and Goldsboro; and

WHEREAS, the City established a Goldsboro Historic District by Ordinance 1983-61 adopted on December 5, 1983 and the Historic District Commission by Ordinance 1981-20 adopted on May 18, 1981 as permitted and regulated by the North Carolina General Assembly General Statutes 160A-400.1-400.14; and

WHEREAS, the City established said ordinances because historic sites and structures are valued and important assets of Goldsboro and it is recognized that protecting and conserving these sites and structures is vital to the preservation of the heritage of Goldsboro; and

WHEREAS, the buildings being considered for redevelopment will result in historic preservation activities of the highest standard established by the Department of Interior's Standards for Historic Preservation; and

WHEREAS, Company has agreed to enter into a historic preservation agreement with the City whereby Company grants to the City historic preservation easements and restrictions, in the form attached hereto as Exhibit A, upon the Project for the protection of the historic assets located upon the Project, and said easements and restrictions shall be recorded in the Office of the Wayne County Register of Deeds in form and substance substantially similar to Exhibit A; and

WHEREAS, North Carolina General Statutes Chapter 160A, Article 23, allows municipalities to create Municipal Service Districts (MSD) or Business Improvement Districts in downtown areas for downtown revitalization that creates a special taxing district that municipalities can establish to fund, among other services or functions, "downtown revitalization projects." The statutes describe downtown revitalization projects as services, functions, and developmental activities intended to further the economic well-being of the downtown area, and permit the promotion of business investment in the downtown area; and

WHEREAS, the City established a MSD by ordinance 1977-102 and considers the Project to be a "downtown revitalization project" of significance; and

WHEREAS, North Carolina General Statutes § 143B-437.09 allows municipalities to create Urban Progress Zones ("UPZs") to help stimulate investment and job creation in economically distressed urban areas and North Carolina's Urban Redevelopment Law, G.S. Chapter 160A, Article 22, authorizes a local government to exercise special statutory powers within a designated geographic area called a "redevelopment area" because the growth of the area is impaired by the presence of dilapidated or obsolete buildings, overcrowding, or other unsafe conditions, or in danger of becoming blighted; and

WHEREAS, "programs of assistance and financing, including the making of loans, for rehabilitation, repair, construction, acquisition, or reconditioning of residential units and commercial and industrial facilities in a redevelopment area" may be utilized in a redevelopment area under the Urban Redevelopment Law; and

WHEREAS, the state previously adopted two UPZs for the City and the Project is contained within the boundaries of the area previously designated by the state as a UPZ; and

WHEREAS, the properties described in Section I.A. of this Agreement have either been vacant or underutilized with insignificant reinvestment and repairs for a substantial time and the City attempted to secure investors for four of the properties that make up the Project and received only one response; and

WHEREAS, the City and County deem the grant provided to the Project as more particularly described herein, which will result in historic rehabilitation, reinvestment and reuse of the Properties (as defined below) as a mixed-use project, to be in the best interest of downtown Goldsboro, the City, the County and their citizens; and

WHEREAS, the City and County deem this Project to be: (1) an economic development project that will benefit the public, spur job creation and result in an increase in property value whereby both governmental bodies will recoup their invested funds from revenue generated by

improvements to the property; (2) address urban renewal of a blighted area as recognized by the State through its prior UPZ classification; and (3) aid in downtown revitalization efforts within the established Goldsboro MSD by promoting business investment in the downtown areas; and

WHEREAS, to encourage community comment and to fulfill the requirements of the North Carolina General Statutes, following advertisement in the *Goldsboro News Argus*, the City Council held a public hearing on offering this Agreement to the Company at a regularly scheduled meeting held on November 20, 2017; and

WHEREAS, to encourage community comment and to fulfill the requirements of the North Carolina General Statutes, following advertisement in the *Goldsboro News Argus*, the County Board of Commissioners held a public hearing on offering this Agreement to the Company at a regularly scheduled meeting held on November 21, 2017; and

WHEREAS, the Company fully intends to repair and rehabilitate the Project according to the standards of the US Department of the Interior Standards for Historic Preservation, attached hereto and incorporated herein by reference, and all City, County, and North Carolina standards and codes. The City and County hereby acknowledge that the terms of this Agreement, including specifically a grant based on certain performance measures that may result in the reimbursement of a portion of property taxes, if measures are achieved, as described in this Agreement, constitute a dispositive inducement to the City and County to enter into this Agreement. Similarly, the Company hereby acknowledges that its decision to rehabilitate the Project resulted from the offer of local incentives and other assistance described in this Agreement and that such local incentives and other assistance serve a valid public purpose; and

WHEREAS, the following Agreement will serve as the contractual agreement between the City, County and Company for the establishment, use and outcome of the incentive grant payments provided by the City and the County (the "Grant") to assure this Project's implementation.

NOW, THEREFORE, for and in consideration of the mutual covenants, including those attached hereto in Exhibit A and incorporated herein by reference, and agreements set forth herein, the parties hereby agree to the following:

These expenditures are planned to occur beginning in 2019, and shall be for real property improvements which are subject to ad valorem property tax levied on property located in Wayne County pursuant to Article 25, Chapter 105 of the North Carolina General Statutes or any successor statute relating to ad valorem property tax Wayne County levies on property.

Local historic landmark status shall be designated on an individual property basis and shall not be conferred on the Project as a whole. The property tax benefit shall only be applicable to such Properties making up the Project which meet the applicable requirements for said local historic landmark status.

II. **CITY/COUNTY ECONOMIC DEVELOPMENT, HISTORIC PRESERVATION AND REDEVELOPMENT INCENTIVE.** The City and County will begin funding the Grant to Company after certain Project performance measures are met, as set forth in Section II. A hereof.

Company shall update this information at least annually on the anniversary date of the first notification that the investment has been made for the term of this Agreement. 1. The City and County agree to fund the Grant to Company, for a term of ten (10) years beginning in the Base Year.

------------------------	--	--	--	--	--	--

(i) “Assessed Valuation” means the Wayne County Tax Assessor’s official valuation of the applicable real property and improvements thereon for property taxation purposes, subject to the Wayne County’s customary verification procedures and valuation procedures for subsequent years.

(ii) The 0.006635 number set forth above is the current ad valorem County tax rate. The 0.0065 number set forth above is the current ad valorem City tax rate. The number is subject to change based on the actual tax rates for the applicable year in which each Grant payment is calculated and paid.

(iii) “Tax Year” means the calendar year preceding the payment of an annual Grant payment. For instance, for a 2015 investment, the increase in a property’s value will be captured by the Tax Assessor in 2016 values (January 1, 2016). Ad valorem taxes are billed each August and are due without penalty by the following January 6.

3. Each of the parties agree that calculation of the incentives is based on the Assessed Valuation of the Properties. If the Assessed Value of the Properties (or any part of them) is disputed by the Company, its agents, employees or lawyers, then this Agreement shall be tolled provided that the Company notifies the City and County in writing that it has made such appeal, until the Assessed Value is determined by a tribunal of proper jurisdiction or otherwise resolved, and the Company gives written notice to the City and County the dispute of the Assessed Valuation has been resolved.

4. The City and County will each pay the Grant to Company in each of the first ten years, as outlined above, in which Company pays taxes for real property located within the Project, provided that the provisions of this Section II have been met and that Company has requested such Grant payment in writing (including written proof of payment of its City and County ad valorem property taxes for the year for which the Company is seeking the Grant). The City, County and Company each are entitled to receive from one another such public records related to the Company’s real property investment in the Project as each may reasonably request.

5. Upon receipt of a written request from the Company, no later than March 31 of the Base Year, the City and County shall pay the first annual Grant payment to the Company, provided that the data requested under this Section II is verified by City and County staff. City staff may request and are entitled to receive any documents Company gave or showed to the County to allow the County to ascertain the values of the Properties for tax purposes. The real property valuations made by the County Tax Assessor are deemed by both parties to be the conclusive

and final determination of the Investment made by the Company; provided, that the Company does not waive any rights it may have to challenge any assessment under the City's or County's standard procedures and processes. The City and County shall not make any Grant payments based on the values of disputed investments. The City and County shall make the Grant payments in subsequent years provided that Company has met all of the requirements for each successive year as set forth herein and submits documents as required in Section IX.C. accompanied by a request for payment.

6. In no event will the Grant payment for any year exceed 90% of the City or County ad valorem property taxes paid by the Company with respect to the Properties for the corresponding year. In no case shall the City or County make any Grant payment(s) for any year and any subsequent year during which the Company ceases operations. "Ceases Operations", as used herein and hereafter, includes but is not limited to: (i) failing to market vacant residential or commercial spaces within the improvements on the Properties for tenancy, (ii) failing to maintain the improvements on the Properties to applicable state and local building, plumbing, electrical, and fire codes, (iii) failing to maintain minimum housing standards for any residential premises located on the Properties, (iv) failing to maintain any commercial premises located on the Properties applicable minimum standards for use, (v) allowing any improvements to be declared an unsafe building or unfit for human habitation by the local building inspector, (vi) allowing any improvements on the Properties to be labeled as demolition by neglect under applicable City ordinances or zoning code).

### III. REDUCTION AND CESSATION OF INCENTIVES.

A. If Company is not current on all taxes, fees, assessments or other amounts owed to the City or County by Company related to the Project at the time a Grant payment is to be paid, the City and County may set off from any Grant any amount(s) so owed by Company to City or County.

B. The Investment in the Project by Company must be made by the Investment Date. If, for any reason, Company fails to invest at least Seven Million Nine Hundred Thousand Dollars (\$7,900,000.00), or any part thereof by the Investment Date, the City and County will have no further responsibility to pay the Grant.

C. The City and County are not required to make any Grant payments to Company at any time after any public announcement by Company of its plan to cease operations at the Project.

D. The City and County are not required to make any Grant payments to Company at any time after Company or any of its affiliates owning the Project file bankruptcy. Any obligation of the City and County to participate in any further grants associated with the Project shall be terminated.

E. The provisions of this Section III shall survive the termination of this Agreement.

IV. INDEMNIFICATION AND LIMITATIONS. Company will indemnify and hold harmless the City and County, and their officers and employees (the "Indemnified Parties"), for damages imposed upon them by a court of final determination based on any claims of third parties arising out of any act or omission of the Company in the performance required of it by this Agreement, provided, however, that such indemnification (i) is not contrary to law and (ii) shall not apply to third party claims arising out of or relating to a negligent act or omission of the City or County. The City and County agree that none of the foregoing shall be construed to release the City or County from the obligations it has undertaken elsewhere in this Agreement, in connection with the Grant or otherwise. Except as otherwise set forth herein, each Indemnified Party and the Company agrees to pay its own costs incurred in connection herewith, including all costs incurred in connection with the preparation of this Agreement.

V. DISCLAIMER OF WARRANTIES. Company acknowledges that the City and County have not designed the Project, that the City and County have not supplied any plans or specifications with respect thereto and that the City and County: (a) are not a manufacturer of, or dealer in, any of the component parts of the Project or similar facilities, (b) have not made any recommendation, given any advice nor taken any other action with respect to (i) the choice of any supplier, vendor or designer of, or any other contractor with respect to, the Project or any component part thereof or any property or rights relating thereto, or (ii) any action taken or to be taken with respect to the Project or any component part thereof or any property or rights relating thereto at any stage of the construction thereof, and (c) have not made any warranty or other representation, express or implied, that the Project or any component part thereof or any property or rights relating thereto (i) will not result in or cause injury or damage to persons or property, (ii) has been or will be properly designed, or will accomplish the results which Company intends therefore, or (iii) is safe in any manner or respect.

The City and County make no express or implied warranty or representation of any kind whatsoever with respect to the Project or any component part thereof, including but not limited to any warranty or representation with respect to the merchantability or the fitness or suitability thereof for any particular purpose, and further including the design or condition thereof, the safety, workmanship, quality, or capacity thereof; compliance thereof with the requirements of any law, rule, specification or contract pertaining thereto; any latent defect; the Project's ability to perform any function; or any other characteristic of the Project; it being agreed that as between the City/County and Company, Company is to bear all risks relating to the Project, the completion thereof or the transactions contemplated hereby and Company hereby waives the benefits of any and all implied warranties and representation of the City and County.

The provision of this Section V shall survive the Agreement's termination.

VI. TERMINATION OF AGREEMENT. This Agreement shall terminate after the City and County have made the last of the Grant payments required by this Agreement. After such termination, this Agreement will be null and void, and the parties to this Agreement will have no

further obligations hereunder or pursuant to this Agreement from one to the other thereafter, except as specifically noted in this Agreement and in Section III, E.

VII. ASSIGNMENTS. The Company shall not assign this Agreement or any portion thereof without the written consent of the City and County, nor shall the Company assign any funds due or to become due to it hereunder without the prior written consent of the City and County; provided, however, the Company shall be permitted to assign this Agreement or any portion thereof, or any funds due or to become due to it hereunder, to any direct or indirect wholly-owned subsidiary or other related party of the Company or to any company that is the successor by merger, asset purchase or otherwise to all or substantially all of its business (and any such party shall assume all obligations of the Company under this Agreement). However, in the event of such assignment, the Company will still remain ultimately responsible and liable for the performance of the Company's obligations hereunder.

IX. ROOFTOP USE AND ACCESS. Company shall allow City and County and/or their designee use of the rooftop of the property located at 139 W. Walnut Street (Wayne National Building) (the "Wayne National Building Property") for the purpose of placement by each of an antenna(s) and related equipment for future use by City and/or County. Failure by Company to respond to City and/or County within thirty (30) days of a reasonable request for placement of an antenna(s) and related equipment on said rooftop shall constitute a waiver of City's and County's requirement to obtain such consent. Prior to installation,

City or County shall provide specifications of all equipment to Company. In addition to rooftop access for installation of the antenna and supplemental equipment, Company agrees to allow City and County, or their designee, reasonable access for routine maintenance of all equipment and for the replacement of said antenna and/or equipment. E. ENTIRE AGREEMENT, AMENDMENTS. This Agreement constitutes the entire contract between the parties. This Agreement may not be changed except in writing signed by all parties.

F. BINDING EFFECT. This Agreement is binding upon, inures to the benefit of and is enforceable by the parties and their respective successors and assigns. There are no other agreements or other conditions precedent to the binding nature of the respective obligations of the City and County under Sections I and II, other than the performance by Company of its obligations under this Agreement.

G. TIME. Time is of the essence in this Agreement and each and all of its provisions.

H. LIABILITY OF OFFICERS & AGENTS. No officer, agent, or employee of the City, County or Company shall be subject to any personal liability or accountability by reason of the execution of this Agreement or any other documents related to the transactions contemplated hereby. Such officers, agents, or employees shall be deemed to execute such documents in their official capacities only, and not in their individual capacities. J. PROVIDE W-9 TO CITY & COUNTY. Company shall provide a completed W-9 form to the City and County upon execution of this Agreement.

K. DISSOLUTION OF COMPANY. If the Company's legal entity is dissolved or suspended and the Company does not notify the City and County of such dissolution in ten calendar days and/or the entity status is not reinstated in thirty business days, this Agreement, at the sole option of the City and County, may be declared null and

void or the Company shall execute a new Agreement, satisfactory to the City and County, showing the Company's correct legal entity.

L. NOTICE OF POTENTIAL DISCLOSURE OF CONFIDENTIAL COMPANY INFORMATION. The Company acknowledges that it has been informed by the City and County that the City and County are required by North Carolina law to disclose "Public Records" as the term is defined by North Carolina General Statutes §132-1, upon request. All information disclosed to the City and County by the Company which is subject to that definition and whose disclosure is not otherwise protected by law will be released by the City and County upon request as provided by North Carolina General Statutes §132-6. The City or County may withhold from disclosure confidential records as defined by North Carolina General Statutes §132-1.2. The Company acknowledges that it has read and is familiar with the City and County obligations of public disclosure of documents and the definitions of confidential documents as contained in Chapter 132 of the North Carolina General Statutes. In order to prevent the disclosure of the confidentiality of information identified by the Company as a trade secret or as "confidential" pursuant to North Carolina General Statute §132.1.2 the City and County shall, if they receive a request for disclosure of such information, notify the Company of such request so that the Company may defend any claims or disputes arising from efforts of others to cause such trade secrets to be disclosed as a public record. The Company acknowledges that this disclosure of the City and County public records requirements is given pursuant to North Carolina General Statutes §132-1.8(b) and agrees that such disclosure is full and sufficient to the satisfaction of the Company. All parties agree that this Section will survive the termination of the Agreement.

M. FORCE MAJEUR. Any delay in the performance of any of the duties or obligations of either party hereunder (the "Delayed Party") shall not be considered a breach of this Agreement and the time required for performance shall be extended for a period equal to the period of such delay, provided that such delay has been caused by or is the result of any acts of God; acts of the public enemy; insurrections; riots; embargoes; labor disputes, including strikes, lockouts, job actions, or boycotts; shortages of materials or energy; fires; explosions; floods; or other unforeseeable causes beyond the control and without the fault or negligence of the Delayed Party. The Delayed Party shall give prompt notice to the other parties of such cause, and shall take whatever reasonable steps are necessary to relieve the effect of such cause as promptly as possible. No such event shall excuse the payment of any sums due and payable hereunder on the due date thereof except any payment due upon the occurrence of any act or event for which delayed performance is excused as provided above.

N. SEVERABILITY. If any court of competent jurisdiction holds any provision of this Agreement invalid or unenforceable, then (a) such holding shall not invalidate or render unenforceable any other provision of this Agreement, unless such provision is contingent on the invalidated provision; and (b) the remaining terms hereof shall, in such event, constitute the parties' entire agreement.

O. AUDIT RIGHT. The City and County reserve the right to require a certified audit at either's expense or may perform the audit through the use of its staff pertaining to the Company's compliance with the capital investment condition described in this Agreement during normal business hours and upon reasonable prior notice.

## Exhibit A

### COVENANTS

WHEREAS, the properties located at 200 E. Walnut Street, 202 E. Walnut Street, 204 E. Walnut Street, 206 E. Walnut Street, 106 S. John Street, 135 W. Walnut Street and 139 W. Walnut Street, in Goldsboro, Wayne County, North Carolina, hereinafter referred to as the "Subject Property", are buildings of recognized historical, cultural and architectural significance; and

WHEREAS, the City of Goldsboro (hereafter the "City") and WNB Landlord, LLC, a North Carolina limited liability company (hereafter the "Company") both desire that the Subject Property be rehabilitated and preserved for the enjoyment and edification of future generations; and

WHEREAS, the City and the Company both desire that the Subject Property shall retain its historically and architecturally significant features, while being sympathetically adapted and altered, where necessary, to provide for contemporary uses; and

WHEREAS, the City acquires certain rights pursuant to historic preservation agreements that will insure that structures located within the state of North Carolina of recognized historical and architectural significance are preserved and maintained for the benefit of future generations; and

WHEREAS, the North Carolina General Assembly has enacted the Historic Preservation and Conservation Agreements Act validating restrictions, easements, covenants, conditions or otherwise, appropriate to the preservation of a structure or site historically significant for its architectural, archeological or historical associations; and

WHEREAS, the City and the Company have entered into an Agreement for the purposes of the provision of an incentive to aid in the rehabilitation, redevelopment of the Subject Property for historic preservation, economic development, and downtown revitalization within the context of the Goldsboro municipal service district and a previously designated urban progress zone.

NOW THEREFORE, the Company hereby agrees that the Subject Property shall be and shall permanently remain subject to the following agreements easements, covenants and restrictions (collectively, the "Covenants"):

1. These Covenants shall be administered by the City, its successors in interest or assigns; and in all subsequent conveyances of Subject Property, the City, its successors in interest or assigns shall be the sole party entitled to administer these Covenants. In the event that the City, or its successors in interest by corporate merger cease to exist, then in such event the City shall assign all of its rights and interests in these Covenants subject to such duties and obligations which it assumes hereby to a non-profit corporation of responsibility which exists for substantially the same purpose (as described hereinabove); if no such corporation be available for such assignment then, under such circumstances such assignment shall be made to the State of North Carolina which shall be the sole party entitled to administer those Covenants.

2. The Company covenants and agrees to rehabilitate the Subject Property according to the terms, conditions, and deadlines of the Economic Development Historic Preservation & Urban Redevelopment Agreement between the City of Goldsboro, County of Wayne and WNB Landlord, LLC (the "Agreement"), by or before the Investment Date (as defined in the Agreement) and in accordance to the Department of the Interior's Standards for Rehabilitation (the "Rehabilitation Standards") and, after rehabilitation, to continuously maintain, repair, and administer the Subject Property herein described in accordance with the Secretary of the Interior's Standards for the Treatment of Historic Properties (1992) (the "Historic Properties Standards") so as to preserve the historical integrity of features, materials, appearances, workmanship and environment of the Subject Property. Maintenance shall be continuously provided. Said Rehabilitation Standards are attached hereto and incorporated in these Covenants by reference. No building located on the Subject Property may be removed or demolished without the prior written approval of the City.
3. The Company covenants and agrees that the Subject Property, upon completion of rehabilitation construction and issuance of a Certificate of Occupancy (CO), will be made available for lease at market rate rental rates consistent with the then current market rate level for downtown Goldsboro.
4. The Company shall abide by all federal, state, and local laws and ordinances regulating the rehabilitation, maintenance and use of the Subject Property.
5. When seeking modifications or waivers to the Rehabilitation Standards, the Company shall give written notice to the City. If the City fails to respond within forty-five (45) days, then the Company shall have the right to proceed according to its plans. The City's decisions shall be based on the Standards (1992) and shall not be unreasonably withheld.
6. In case of any contemplated sale of the Subject Property or any portion thereof by the Company or any successor in title thereto within ten (10) years of the Base Year, upon receipt of any bona fide offer from a third party to purchase the Subject Property or any portion thereof which the Company or its successor in title desires to accept, Company or its successors in title must notify the City or its successors of such bona fide offer. The City shall notify Company or its successor in title of its willingness to exercise its right of first refusal and purchase said property upon the same or better terms as set forth in the bona fide offer within thirty (30) days of receipt of said notice of such bona fide offer. Failure of the City to notify Company or its successor in title of its intention to exercise this right of first refusal within such thirty (30) day period shall be deemed a waiver by the City and its successors to exercise its right of first refusal, the right of first refusal shall lapse and Company and its successors in title shall be free to sell the Subject Property or any portion thereof pursuant to the bona fide offer. Provided, however, that if there are any outstanding deeds of trust or other encumbrances against the Subject Property, the City's purchase shall be subject to said deeds of trust or encumbrances, and they shall either be satisfied or assumed as part of the purchase price.
7. In the event of a violation of these Covenants, which violation is not cured within ninety days of the Company's receipt of notice from the City regarding such violation, the Company shall repay to the City and County of Wayne (the "County") any incentives funded to the Company

pursuant to the Agreement in which these Covenants were referenced and/or incorporated. Such funds shall be immediately due and payable and all sums disbursed to the Company by the City and/or County pursuant to such Agreement shall be refunded to the City and/or County, plus interest at the then legal rate as set by the State of North Carolina, said interest being calculated as accruing as of the date the funds were disbursed from the City and/or County to the Company.

8. Representatives of the City shall have the right to enter the Subject Property at reasonable times, after giving reasonable notice, for the purpose of inspecting the buildings and grounds to determine if there is compliance by the Company with the terms of these Covenants.

9. For a period of ten (10) years from the date of the recordation of this Agreement, researchers, scholars, and groups especially interested in historic preservation shall have access to view the interior of the Subject Property by special appointment at various times and intervals at times both desirable to the public and convenient with the Company.

10. The Company shall insure any building located on the Subject Property against damage by fire or other catastrophe. If any original structure is damaged by fire or other catastrophe to an extent not exceeding fifty percent (50%) of the insurable value of those portions of the building, then insurance proceeds shall be used to rebuild those portions of the building in accordance with the Rehabilitation Standards.

11. The Company shall keep the Subject Property insured under a comprehensive general liability policy that names the City as an additional insured and that protects the Company and the City against claims for personal injury, death and property damage.

12. All rights of mortgagees to the Subject Property are subject and subordinate at all times to the rights of the City to enforce these Covenants. The Company will provide a copy of these Covenants to all mortgagees of the Subject Property and has caused all mortgagees as of the date of this deed to subordinate the priority of their liens to these Covenants. All subordination agreements executed by the mortgagees holding a lien on the Subject Property shall relate only to the preservation of the historic architecture of the Subject Property. In order to facilitate financing of the Subject Property and closing of financing to fund the rehabilitation of the Subject Property, the City will negotiate in good faith with all mortgagees with respect to the form and substance of any such subordination agreements.

13. The Company does hereby covenant to carry out the duties specified herein, and these restrictions shall be covenants and restrictions running with the land, which the Company, its heirs, successors, and assigns, covenant and agree, in the event the Subject Property is sold or otherwise disposed of, will be inserted in the deed or other instrument conveying or disposing of the Subject Property, but such failure to include such covenants and restrictions in the deed will not constitute a default by the Company hereunder.

14. The Subject Property may contain certain hazards as a result of outdated building practices or use of certain materials that may contain lead paint, asbestos, or some other hazards that may need to be removed or encapsulated before the buildings located thereon are habitable. Addressing these problems is one of the challenges of owning and restoring a historic property. The City does

not have the resources to correct these problems and cannot take responsibility for the condition of the Subject Property. The City is not liable in any way for any hazards, defects, or other problems with the Subject Property.

15. The Company and the City recognize that an unexpected change in the conditions surrounding the Subject Property may make impossible or impractical the continued use of the Subject Property for conservation purposes and necessitate the extinguishment or termination of these Covenants. If not mutually agreed upon by the Parties, such an extinguishment must be the result of a final judicial proceeding.

16. In the event of a violation of these Covenants, the City may enforce the remedies set forth herein and pursue all legal and equitable remedies, including injunctive relief, specific performance, and damages. No failure on the part of the City to enforce any covenant or restriction herein nor the waiver of any right hereunder by the City shall discharge or invalidate such covenant or restriction or any other covenant, condition or restriction hereof, or affect the right of the City to enforce the same in event of a subsequent breach or default.

17. Unless otherwise provided, the covenants and restrictions set forth above shall run in perpetuity.

Office of Archives and History  
Division of Historical Resources

The Standards that follow were originally published in 1977 and revised in 1990 as part of Department of the Interior regulations (36 CFR Part 67, Historic Preservation Certifications). They pertain to historic buildings of all materials, construction types, sizes, and occupancy and encompass the exterior and the interior of historic buildings. The Standards also encompass related landscape features and the building's site and environment as well as attached, adjacent or related new construction.

The Standards are to be applied to specific rehabilitation projects in a reasonable manner, taking into consideration economic and technical feasibility.

1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.
2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.
4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.
5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.
7. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.

8. Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.
9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.
10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

ECONOMIC DEVELOPMENT, HISTORIC  
PRESERVATION & URBAN REDEVELOPMENT  
AGREEMENT BETWEEN THE CITY OF  
GOLDSBORO AND WNB LANDLORD, LLC

**AGREEMENT**

This Agreement ("Agreement") is entered into effective as of June 16, 2020 (the "Agreement Date") by and between WNB Landlord, LLC, a North Carolina limited liability company (the "Company"), and the City of Goldsboro, North Carolina, a North Carolina municipal corporation (the "City").

**RECITALS**

WHEREAS, this agreement between the parties relates to an economic development, historic preservation, Municipal Service District and downtown urban redevelopment project to assist the Company in the rehabilitation of six (6) buildings that will result in mixed-use space within the Central Business District of ~~at least fifty-five (55)~~ not less than sixty (60) apartments and ~~twelve thousand (12,000)~~ approximately ten thousand nine hundred (10,900) square feet of commercial space affecting ~~over sixty-eight thousand (68,000)~~ approximately sixty-seven thousand (67,000) square feet of valuable historic buildings in the City of Goldsboro, North Carolina (the "Project"), as further described in Section I.A. of this Agreement; and

WHEREAS, the City adopted the 2007 Downtown Master Plan that set forth the City's interest and desirability to create private investments in the downtown area that helped it to achieve the public's established vision for downtown; and

WHEREAS, the Downtown Master Plan established a need for mixed-use development projects that utilize the City's existing historic buildings, rehabilitates them and puts them back into productivity for all of downtown and Goldsboro; and

WHEREAS, the City established a Goldsboro Historic District by Ordinance 1983-61 adopted on December 5, 1983 and the Historic District Commission by Ordinance 1981-20 adopted on May 18, 1981 as permitted and regulated by the North Carolina General Assembly General Statutes 160A-400.1-400.14; and

WHEREAS, the City established said ordinances because historic sites and structures are valued and important assets of Goldsboro and it is recognized that protecting and conserving these sites and structures is vital to the preservation of the heritage of Goldsboro; and

WHEREAS, the buildings being considered for redevelopment will result in historic preservation activities of the highest standard established by the Department of Interior's Standards for Historic Preservation including the rehabilitation and/or improvement to the historic exterior façade of the Project's buildings; and

WHEREAS, Company has agreed to enter into a historic preservation agreement with the City whereby Company grants to the City historic preservation easements and restrictions, in the form attached hereto as Exhibit A, upon the Project for the protection of the historic assets located upon the Project, and said easements and restrictions shall be recorded in the Office of the Wayne County Register of Deeds in form and substance substantially similar to Exhibit A; and

WHEREAS, North Carolina General Statutes Chapter 160A, Article 23, allows municipalities to create Municipal Service Districts (MSD) or Business Improvement Districts in downtown areas for downtown revitalization that creates a special taxing district that municipalities can establish to fund, among other services or functions, "downtown revitalization projects." The statutes describe downtown revitalization projects as services, functions, and developmental activities intended to further the economic well-being of the downtown area, and permit the promotion of business investment in the downtown area; and

WHEREAS, the City established a MSD by ordinance 1977-102 and considers the Project for which it is providing a loan to be a "downtown revitalization project" of significance; and

WHEREAS, North Carolina General Statutes § 143B-437.09 allows municipalities to create Urban Progress Zones ("UPZs") to help stimulate investment and job creation in economically distressed urban areas and North Carolina's Urban Redevelopment Law, G.S. Chapter 160A, Article 22, authorizes a local government to exercise special statutory powers within a designated geographic area called a "redevelopment area" because the growth of the area is impaired by the presence of dilapidated or obsolete buildings, overcrowding, or other unsafe conditions, or in danger of becoming blighted; and

WHEREAS, "programs of assistance and financing, including the making of loans, for rehabilitation, repair, construction, acquisition, or reconditioning of residential units and commercial and industrial facilities in a redevelopment area" may be utilized in a redevelopment area under the Urban Redevelopment Law; and

WHEREAS, the state previously adopted two UPZs for the City and the Project for which this loan is being made is contained within the boundaries of the area previously designated by the state as a UPZ; and

WHEREAS, the properties described in Section I.A. of this Agreement have either been vacant or underutilized with insignificant reinvestment and repairs for a substantial time and the City attempted to secure investors for four of the properties that make up the Project and received only one response; and

WHEREAS, the City deems the making of this loan and the rehabilitation of the Project, as more particularly described herein, which will result in historic rehabilitation, reinvestment and reuse of the Properties (as defined below) as a mixed-use project, to be in the best interest of downtown Goldsboro, the City, and its citizens; and

WHEREAS, the City deems this Project to be: (1) an economic development project that will benefit the public, spur job creation and result in an increase in property value whereby the

City will recoup its invested funds from revenue generated by improvements to the property; (2) address urban renewal of a blighted area as recognized by the State through its prior UPZ classification; and (3) aid in downtown revitalization efforts within the established Goldsboro MSD by promoting business investment in the downtown areas; and

WHEREAS, to encourage community comment and to fulfill the requirements of the North Carolina General Statutes, following advertisement in the *Goldsboro News Argus*, the City Council held a public hearing on offering this Agreement to the Company at a regularly scheduled meeting held on November 20, 2017; and

WHEREAS, the Company fully intends to repair and rehabilitate the Project according to the standards of the US Department of the Interior Standards for Historic Preservation, attached hereto and incorporated herein by reference, and all City, County, and North Carolina standards and codes including rehabilitation and/or improvements to the historic exterior façade of the Project's buildings. The City hereby acknowledges that the terms of this Agreement, including specifically a forgiveness of indebtedness, if measures are achieved, as described in this Agreement, constitute a dispositive inducement to the City to enter into this Agreement. Similarly, the Company hereby acknowledges that its decision to rehabilitate the Project resulted from the offer of local incentives and other assistance described in this Agreement and that such local incentives and other assistance serve a valid public purpose; and

WHEREAS, the following Agreement will serve as the contractual agreement between the City and the Company for the establishment, use and outcome of the land and forgiveness of debt to assure this Project's implementation and the rehabilitation and/or improvements to the historic exterior façade of the Project's buildings.

NOW, THEREFORE, for and in consideration of the mutual covenants, including those attached hereto in Exhibit A and incorporated herein by reference, and agreements set forth herein, the parties hereby agree to the following:

Disbursement of loan proceeds shall begin at the Company's written request as provided in Section II, below.

#### B. BUILD, OPEN AND OPERATE PROJECT.

1. Company must repair, rehabilitate, open and operate the Project as a mixed-use project including ~~at least fifty-five (55)~~ not less than sixty (60) apartment units and the creation of ~~at least twelve thousand (12,000)~~ approximately ten thousand nine hundred (10,900) square feet of commercial space, affecting approximately ~~sixty-eight thousand (68,000)~~ sixty seven thousand (67,000) square feet of historic square footage in downtown Goldsboro.
2. The improved buildings shall be completed in accordance with the Department of Interior Standards for Historic Preservation. The Project may include

landscaping and other appurtenances necessary and traditional for Company's business or as provided by law.

3. Company shall comply with all requirements of the City's planning, development and land use ordinances, as they may from time to time be amended, in developing the Project.
4. Company agrees to maintain and operate all units within this Project at market-rate rental rates consistent with the then current market-rate level for downtown Goldsboro at such time as the Project receives a Certificate of Occupancy, unless otherwise agreed upon between the parties in writing amending this agreement.

II. CITY ECONOMIC DEVELOPMENT, HISTORIC PRESERVATION AND REDEVELOPMENT INCENTIVE. The City will provide a Three Hundred Thousand Dollar (\$300,000.00) performance based loan to Company (the "Loan") paid out after certain Project performance measures are met and, provided that the provisions of this Agreement are met, the loan will be forgiven. Satisfaction of the promissory note and release and termination of the deed of trust will occur 10 years after the occurrence of the disbursement set forth in II. B.3. below and in accordance to Section III, Paragraph E of this Agreement. Prior to funding of the loan, the Company shall grant the City a subordinate lien on the properties, until specified in Section II, Paragraph B, Subparagraph 3. The City's lien shall be in the form of a Deed of Trust securing the indebtedness in a Promissory Note of even date therewith in form acceptable to both the City and the Company, which Deed of Trust shall be subordinate to all other purchase money and construction Deeds of Trust encumbering the Project resulting from the rehabilitation of the Project. The City agrees to execute all additional documentation required by the Company's investors and lenders to evidence the subordinate nature of the City's lien on the Project as to those Deeds of Trust incurred in the rehabilitation of the Project.

A. In consideration of the Company's agreement to conduct the Project and to subject the Project to the covenants contained in "Exhibit A", the City will provide the Loan pursuant to the terms set forth in Section B to the Company.

B. The Loan shall be distributed in three installments of One Hundred Thousand and No/100 Dollars (\$100,000.00) each during the course of construction. Each disbursement shall be issued only after the Company provides a written request for the specific installment, along with the enumerated approval, permit or certificate documentation to the Project Coordinator at the address listed in Section IX. The disbursement of the Loan will be paid out as described below.

1. The first disbursement of One Hundred Thousand and No/100 Dollars (\$100,000.00) will be made upon approval of the Company's construction plans and issuance of a building permit by the City for rehabilitation of two of the properties located at 135 W. Walnut Street and 139 W. Walnut Street.

2. The second disbursement of One Hundred Thousand and No/100 Dollars (\$100,000.00) will be made upon acknowledgment by the Company and the City Inspections Department that the rehabilitation of 135 W. Walnut Street and 139 W. Walnut Street have reached 50% of the total project construction and that the Company has submitted construction plans and received building permits for the remaining four properties, located at 200 E. Walnut Street, 202 E. Walnut Street, 204 E. Walnut Street, 206 E. Walnut Street and 106 S. John Street.
  3. The third and final disbursement of One Hundred Thousand and No/100 Dollars (\$100,000.00) will be made when Company has received a Certificate of Occupancy for each of the Project properties within the Project Scope, in fulfillment of the Three Hundred Thousand and No/100 Dollar (\$300,000.00) incentive.
- C. In no case shall the City make any disbursement of funds for any year and any subsequent year during which the Company ceases operations ("ceases operations", as used herein and hereafter, includes but is not limited to: (i) failing to market vacant properties for tenancy, (ii) failing to maintain the property to applicable state and local building, plumbing, electrical, and fire codes, (iii) failing to maintain minimum housing standards for residential premises, (iv) failing to maintain commercial premises to applicable minimum standards for use, (v) allowing any premises to be declared an unsafe building or unfit for human habitation by the local building inspector, (vi) allowing any property to be labeled as demolition by neglect under applicable City ordinances or zoning code) at any property constituting the Project.

### III. REDUCTION, RECAPTURE AND CESSATION OF INCENTIVES.

- A. If Company is not current on all taxes, fees, assessments or other amounts owed to the City by Company related to the Project at the time a loan disbursement is to be made, the City may set off from any disbursement amount(s) so owed by Company to City.

#### B. TIMELINE FOR INVESTMENT.

1. The Investment in the Project by the Company must be made no later than the Investment Date. All written disbursement requests must be submitted not later than fifteen (15) days prior to the Investment Date.
  2. If for any reason Company fails to invest at least Seven Million Nine Hundred Thousand Dollars (\$7,900,000), or any part thereof by the Investment Date, the City will have no further responsibility to make loan disbursements after the Investment Date.
- C. If Company ceases to operate any property constituting the Project at any time within ten years of the effective date of this Agreement, then Company shall not be entitled to any further loan disbursements otherwise due the Company under this Agreement.

- D. The City is not required to make any loan disbursements to Company at any time after any public announcement by Company of its plan to cease operations at the Project or at any time after Company or any of its affiliates owning the Project file bankruptcy.
- E. If the Company, at its election, either ceases operations at any Property constituting the Project or otherwise ceases to use the Project for the purposes contemplated herein, in either case within ten years after the issuance of a Certificate of Occupancy for the last building included in the Project (the "Final CO Date"), for any reason other than nonperformance by the City of its covenants under this Agreement, then, at the City's request, the Company shall refund to the City a percentage of the Loan previously funded to the Company, in each case depending on the year after the Final CO Date in which the Company ceases operations at any of the properties constituting the Project, as determined by the following:

Year 0-2:	100%
Year 3-4:	85%
Year 5-6:	50%
Year 7-8:	35%
Year 9-10:	15%

- F. The provisions of this Section III shall survive the termination of this Agreement.

- IV. INDEMNIFICATION AND LIMITATIONS. Company will indemnify and hold harmless the City, and its officers and employees (the "Indemnified Parties"), for damages imposed upon them by a court of final determination based on any claims of third parties arising out of any act or omission of the Company in the performance required of it by this Agreement, provided, however, that such indemnification (i) is not contrary to law and (ii) shall not apply to third party claims arising out of or relating to a negligent act or omission of the City. The City agrees that none of the foregoing shall be construed to release the City from the obligations it has undertaken elsewhere in this Agreement, in connection with the Loan or otherwise. Except as otherwise set forth herein, each Indemnified Party and the Company agrees to pay its own costs incurred in connection herewith, including all costs incurred in connection with the preparation of this Agreement.
- V. DISCLAIMER OF WARRANTIES. Company acknowledges that the City has not designed the Project, that the City has not supplied any plans or specifications with respect thereto and that the City: (a) is not a manufacturer of, or dealer in, any of the component parts of the Project or similar facilities, (b) has not made any recommendation, given any advice nor taken any other action with respect to (i) the choice of any supplier, vendor or designer of, or any other contractor with respect to, the Project or any component part thereof or any property or rights relating thereto, or (ii) any action taken or to be taken with respect to the Project or any component part thereof or any property or rights relating thereto at any stage of the construction thereof, and (c) has not made any warranty or other representation, express or implied, that the Project or any component part thereof or any property or rights relating thereto (i) will not result in or cause injury or damage to persons or property, (ii) has

been or will be properly designed, or will accomplish the results which Company intends therefore, or (iii) is safe in any manner or respect.

The City makes no express or implied warranty or representation of any kind whatsoever with respect to the Project or any component part thereof, including but not limited to any warranty or representation with respect to the merchantability or the fitness or suitability thereof for any particular purpose, and further including the design or condition thereof, the safety, workmanship, quality, or capacity thereof; compliance thereof with the requirements of any law, rule, specification or contract pertaining thereto; any latent defect; the Project's ability to perform any function; or any other characteristic of the Project; it being agreed that as between the City and Company, Company is to bear all risks relating to the Project, the completion thereof or the transactions contemplated hereby and Company hereby waives the benefits of any and all implied warranties and representation of the City.

The provisions of this Section V shall survive the Agreement's termination.

- VI. **TERMINATION OF AGREEMENT.** This Agreement shall terminate ten (10) years after the Final CO Date. After such termination, this Agreement will be null and void, and the parties to this Agreement will have no further obligations from one to the other thereafter, except as specifically noted in this Agreement and in Section III, E.
- VII. **ASSIGNMENTS.** The Company shall not assign this Agreement or any portion thereof without the written consent of the City, nor shall the Company assign any funds due or to become due to it hereunder without the prior written consent of the City; provided, however, the Company shall be permitted to assign this Agreement or any portion thereof, or any funds due or to become due to it hereunder, to any direct or indirect wholly-owned subsidiary or other related party of the Company or to any company that is the successor by merger, asset purchase or otherwise to all or substantially all of its business (and any such party shall assume all obligations of the Company under this Agreement). However, in the event of such assignment, the Company will still remain ultimately responsible and liable for the performance of the Company's obligations hereunder.

Failure by Company to respond to City within thirty (30) days of City's reasonable request for placement of an antenna(s) and related equipment on said rooftop shall constitute a waiver of City's requirement to obtain such consent. Prior to installation, City shall provide specifications of all equipment to Company. In addition to rooftop access for installation of the antenna and supplemental equipment, Company agrees to allow City and/or City's designee reasonable access for routine maintenance of all equipment and for the replacement of said antenna and/or equipment. City and/or City's designee shall have said rooftop use and access for a period of twenty (20) years from the date Company, its affiliates and/or subsidiaries obtain ownership of the Wayne National Building Property. - J. PROVIDE W-9 TO CITY & COUNTY. Company shall provide a completed W-9 form to the City and County upon execution of this Agreement.
- K. DISSOLUTION OF COMPANY. If the Company's legal entity is dissolved or suspended and the Company does not notify the City and County of such dissolution in ten calendar days and/or the entity status is not reinstated in thirty business days, this Agreement, at the sole option of the City and County, may be declared null and void or

the Company shall execute a new Agreement, satisfactory to the City and County, showing the Company's correct legal entity.

- L. NOTICE OF POTENTIAL DISCLOSURE OF CONFIDENTIAL COMPANY INFORMATION. The Company acknowledges that it has been informed by the City and County that the City and County are required by North Carolina law to disclose "Public Records" as the term is defined by North Carolina General Statutes §132-1, upon request. All information disclosed to the City and County by the Company which is subject to that definition and whose disclosure is not otherwise protected by law will be released by the City and County upon request as provided by North Carolina General Statutes §132-6. The City or County may withhold from disclosure confidential records as defined by North Carolina General Statutes §132-1.2. The Company acknowledges that it has read and is familiar with the City and County obligations of public disclosure of documents and the definitions of confidential documents as contained in Chapter 132 of the North Carolina General Statutes. The Delayed Party shall give prompt notice to the other parties of such cause, and shall take whatever reasonable steps are necessary to relieve the effect of such cause as promptly as possible. - N. SEVERABILITY. If any court of competent jurisdiction holds any provision of this Agreement invalid or unenforceable, then (a) such holding shall not invalidate or render unenforceable any other provision of this Agreement, unless such provision is contingent on the invalidated provision; and (b) the remaining terms hereof shall, in such event, constitute the parties' entire agreement.

- O. AUDIT RIGHT. ## Exhibit A

### COVENANTS

WHEREAS, the properties located at 200 E. Walnut Street, 202 E. Walnut Street, 206 E. Walnut Street, 106 S. John Street, 135 W. Walnut Street and 139 W. Walnut Street, in Goldsboro, Wayne County, North Carolina, hereinafter referred to as the "Subject Property", are buildings of recognized historical, cultural and architectural significance; and

WHEREAS, the City of Goldsboro (hereafter the "City") and WNB Landlord, LLC, a North Carolina limited liability company (hereafter the "Company") both desire that the Subject Property be rehabilitated and preserved for the enjoyment and edification of future generations; and

WHEREAS, the City and the Company both desire that the Subject Property shall retain its historically and architecturally significant features, while being sympathetically adapted and altered, where necessary, to provide for contemporary uses; and

WHEREAS, the City acquires certain rights pursuant to historic preservation agreements that will insure that structures located within the state of North Carolina of recognized historical and architectural significance are preserved and maintained for the benefit of future generations; and

WHEREAS, the North Carolina General Assembly has enacted the Historic Preservation and Conservation Agreements Act validating restrictions, easements, covenants, conditions or otherwise, appropriate to the preservation of a structure or site historically significant for its architectural, archeological or historical associations; and

WHEREAS, the City and the Company have entered into an Agreement for the purposes of the provision of an incentive to aid in the rehabilitation, redevelopment of the Subject Property for historic preservation, economic development, and downtown revitalization within the context of the Goldsboro municipal service district and a previously designated urban progress zone.

NOW THEREFORE, the Company hereby agrees that the Subject Property shall be and shall permanently remain subject to the following agreements easements, covenants and restrictions (collectively, the "Covenants"):

1. These Covenants shall be administered by the City, its successors in interest or assigns; and in all subsequent conveyances of Subject Property, the City, its successors in interest or assigns shall be the sole party entitled to administer these Covenants. In the event that the City, or its successors in interest by corporate merger cease to exist, then in such event the City shall assign all of its rights and interests in these Covenants subject to such duties and obligations which it assumes hereby to a non-profit corporation of responsibility which exists for substantially the same purpose (as described hereinabove); if no such corporation be available for such assignment then, under such circumstances such assignment shall be made to the State of North Carolina which shall be the sole party entitled to administer those Covenants.

2. The Company covenants and agrees to rehabilitate the Subject Property according to the terms, conditions, and deadlines of the Economic Development Historic Preservation & Urban Redevelopment Agreement between the City of Goldsboro, County of Wayne and WNB Landlord, LLC (the "Agreement"), by or before the Investment Date (as such term is defined in the Agreement) and in accordance to the Department of the Interior's Standards for Rehabilitation (the "Rehabilitation Standards") and, after rehabilitation, to continuously maintain, repair, and administer the Subject Property herein described in accordance with the Secretary of the Interior's Standards for the Treatment of Historic Properties (1992) (the "Historic Properties Standards") so as to preserve the historical integrity of features, materials, appearances, workmanship and environment of the Subject Property. Maintenance shall be continuously provided, Said Rehabilitation Standards are attached hereto and incorporated in these Covenants by reference. No building located on the Subject Property may be removed or demolished without the prior written approval of the City.
3. The Company covenants and agrees that the Subject Property, upon completion of rehabilitation construction and issuance of a Certificate of Occupancy (CO), will be made available for lease at market rate rental rates consistent with the then current market rate level for downtown Goldsboro.
4. The Company shall abide by all federal, state, and local laws and ordinances regulating the rehabilitation, maintenance and use of the Subject Property.
5. When seeking modifications or waivers to the Rehabilitation Standards, the Company shall give written notice to the City. If the City fails to respond within forty-five (45) days, then the Company shall have the right to proceed according to its plans. The City's decisions shall be based on the Standards (1992) and shall not be unreasonably withheld.
6. In case of any contemplated sale of Subject Property or any portion thereof by the Company or any successor in title thereto within ten (10) years of the Final CO Date, upon receipt of any bona fide offer from a third party to purchase the Subject Property or any portion thereof which the Company or its successor in title desires to accept, Company or its successor in title must notify the City or its successors of such bona fide offer. The City shall notify Company or its successors in title of its willingness to exercise its right of first refusal and purchase said property upon the same or better terms as set forth in the bona fide offer within thirty (30) days of receipt of said notice of such bona fide offer. Failure of the City to notify Company or its successor in title of its intention to exercise this right of first refusal within such thirty (30) day period shall be deemed a waiver by the City and its successors to exercise its right of first refusal, the right of first refusal shall lapse and Company and its successors in title shall be free to sell the Subject Property or any portion thereof pursuant to the bona fide offer. Provided, however, that if there are any outstanding deeds of trust or other encumbrances against the Subject Property, the City's purchase shall be subject to said deeds of trust or encumbrances, and they shall either be satisfied or assumed as part of the purchase price.
7. In the event of a violation of these Covenants, which violation is not cured within ninety days of the Company's receipt of notice from the City regarding such violation, the Company shall

repay to the City and County of Wayne (the "County") any incentives funded to the Company pursuant to the Agreement in which these Covenants were referenced and/or incorporated. Such funds shall be immediately due and payable and all sums disbursed to the Company by the City and/or County pursuant to such agreement shall be refunded to the City and/or County, plus interest at the then legal rate as set by the State of North Carolina, said interest being calculated as accruing as of the date the funds were disbursed from the City and/or County to the Company.

8. Representatives of the City shall have the right to enter the Subject Property at reasonable times, after giving reasonable notice, for the purpose of inspecting the buildings and grounds to determine if there is compliance by the Company with the terms of these Covenants.
9. For a period of ten (10) years from the Final CO Date, researchers, scholars, and groups especially interested in historic preservation shall have access to view the interior of the Subject Property by special appointment at various times and intervals at times both desirable to the public and convenient with the Company.
10. The Company shall insure any building located on the Subject Property against damage by fire or other catastrophe. If any original structure is damaged by fire or other catastrophe to an extent not exceeding fifty percent (50%) of the insurable value of those portions of the building, then insurance proceeds shall be used to rebuild those portions of the building in accordance with the Rehabilitation Standards.
11. The Company shall keep the Subject Property insured under a comprehensive general liability policy that names the City as an additional insured and that protects the Company and the City against claims for personal injury, death and property damage.
12. All rights of mortgagees to the Subject Property are subject and subordinate at all times to the rights of the City to enforce these Covenants. The Company will provide a copy of these Covenants to all mortgagees of the Subject Property and has caused all mortgagees as of the date of this deed to subordinate the priority of their liens to these Covenants. All subordination agreements executed by the mortgagees holding a lien on the Subject Property shall relate only to the preservation of the historic architecture of the Subject Property. In order to facilitate financing of the Subject Property and closing of financing to fund the rehabilitation of the Subject Property, the City will negotiate in good faith with all mortgagees with respect to the form and substance of any such subordination agreements.
13. The Company does hereby covenant to carry out the duties specified herein, and these restrictions shall be covenants and restrictions running with the land, which the Company, its heirs, successors, and assigns, covenant and agree, in the event the Subject Property is sold or otherwise disposed of, will be inserted in the deed or other instrument conveying or disposing of the Subject Property, but such failure to include such covenants and restrictions in the deed will not constitute a default by the Company hereunder.
14. The Subject Property may contain certain hazards as a result of outdated building practices or use of certain materials that may contain lead paint, asbestos, or some other hazards that may

need to be removed or encapsulated before the buildings located thereon are habitable. Addressing these problems is one of the challenges of owning and restoring a historic property. The City does not have the resources to correct these problems and cannot take responsibility for the condition of the Subject Property. The City is not liable in any way for any hazards, defects, or other problems with the Subject Property.

15. The Company and the City recognize that an unexpected change in the conditions surrounding the Subject Property may make impossible or impractical the continued use of the Subject Property for conservation purposes and necessitate the extinguishment or termination of these Covenants. If not mutually agreed upon by the Parties, such an extinguishment must be the result of a final judicial proceeding.
16. In the event of a violation of these Covenants, the City may enforce the remedies set forth herein and pursue all legal and equitable remedies, including injunctive relief, specific performance, and damages. No failure on the part of the City to enforce any covenant or restriction herein nor the waiver of any right hereunder by the City shall discharge or invalidate such covenant or restriction or any other covenant, condition or restriction hereof, or affect the right of the City to enforce the same in event of a subsequent breach or default.
17. Unless otherwise provided, the covenants and restrictions set forth above shall run in perpetuity.

## State Historic Preservation Office

Department of Cultural Resources  
Office of Archives and History  
Division of Historical Resources

The Standards that follow were originally published in 1977 and revised in 1990 as part of Department of the Interior regulations (36 CFR Part 67, Historic Preservation Certifications). They pertain to historic buildings of all materials, construction types, sizes, and occupancy and encompass the exterior and the interior of historic buildings. The Standards also encompass related landscape features and the building's site and environment as well as attached, adjacent or related new construction.

The Standards are to be applied to specific rehabilitation projects in a reasonable manner, taking into consideration economic and technical feasibility.

1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.
2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.
4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.
5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.
7. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.

8. Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.
9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.
10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

WHEREAS, the buildings being considered for redevelopment will result in historic preservation activities of the highest standard established by the Department of Interior's Standards for Historic Preservation; and

WHEREAS, the City and County deem the grant provided to the Project as more particularly described herein, which will result in historic rehabilitation, reinvestment and reuse of the Properties (as defined below) as a mixed-use project, to be in the best interest of downtown Goldsboro, the City, the County and their citizens; and

WHEREAS, the City and County deem this Project to be: (1) an economic development project that will benefit the public, spur job creation and result in an increase in property value whereby both governmental bodies will recoup their invested funds from revenue generated by

improvements to the property; (2) address urban renewal of a blighted area as recognized by the State through its prior UPZ classification; and (3) aid in downtown revitalization efforts within the established Goldsboro MSD by promoting business investment in the downtown areas; and

The City and County hereby acknowledge that the terms of this Agreement, including specifically a grant based on certain performance measures that may result in the reimbursement of a portion of property taxes, if measures are achieved, as described in this Agreement, constitute a dispositive inducement to the City and County to enter into this Agreement. Similarly, the Company hereby acknowledges that its decision to rehabilitate the Project resulted from the offer of local incentives and other assistance described in this Agreement and that such local incentives and other assistance serve a valid public purpose; and

WHEREAS, the following Agreement will serve as the contractual agreement between the City, County and Company for the establishment, use and outcome of the incentive grant payments provided by the City and the County (the "Grant") to assure this Project's implementation.

Local historic landmark status shall be designated on an individual property basis and shall not be conferred on the Project as a whole. The property tax benefit shall only be applicable to such Properties making up the Project which meet the applicable requirements for said local historic landmark status.

**II. CITY/COUNTY ECONOMIC DEVELOPMENT, HISTORIC PRESERVATION AND REDEVELOPMENT INCENTIVE.** The City and County will begin funding the Grant to Company after certain Project performance measures are met, as set forth in Section II. A hereof.

- A. The Grant funding shall begin the first year the Project is placed in service and a Certificate of Occupancy has been issued (the "Base Year") and the Company presents copies of the Wayne County Tax Assessor's listing of tax value for the Project Properties to the persons whom notice must be given in Section X (the "Contacts") along with a request that the incentive payments begin. Company shall update this information at least annually on the anniversary date of the first notification that the investment has been made for the term of this Agreement. Company will promptly provide to the Contacts such information evidencing compliance with this requirement as the City or County may request.

1. The City and County agree to fund the Grant to Company, for a term of ten (10) years beginning in the Base Year.
2. The Grant payments shall be calculated based on the Assessed Valuation of the applicable real property for the applicable tax year as paid multiplied in accordance with the table below.

<b>COUNTY</b>	Year 1 to 5	Year 6	Year 7	Year 8	Year 9	Year 10
Assessed Valuation for applicable Tax Year multiplied by:	0.006635 X 90%	0.006635 X 75%	0.006635 X 60%	0.006635 X 45%	0.006635 X 30%	0.006635 X 15%

<b>CITY</b>	Year 1 to 5	Year 6	Year 7	Year 8	Year 9	Year 10
Assessed Valuation for	0.0065 X 90%	0.0065 X 75%	0.0065 X 60%	0.0065 X 45%	0.0065 X 30%	0.0065 X 15%

applicable Tax Year multiplied by:						
--	--	--	--	--	--	--

- (i) "Assessed Valuation" means the Wayne County Tax Assessor's official valuation of the applicable real property and improvements thereon for property taxation purposes, subject to the Wayne County's customary verification procedures and valuation procedures for subsequent years.
  - (ii) The 0.006635 number set forth above is the current ad valorem County tax rate. The 0.0065 number set forth above is the current ad valorem City tax rate. The number is subject to change based on the actual tax rates for the applicable year in which each Grant payment is calculated and paid.
  - (iii) "Tax Year" means the calendar year preceding the payment of an annual Grant payment. For instance, for a 2015 investment, the increase in a property's value will be captured by the Tax Assessor in 2016 values (January 1, 2016). Ad valorem taxes are billed each August and are due without penalty by the following January 6.
3. Each of the parties agree that calculation of the incentives is based on the Assessed Valuation of the Properties. If the Assessed Value of the Properties (or any part of them) is disputed by the Company, its agents, employees or lawyers, then this Agreement shall be tolled provided that the Company notifies the City and County in writing that it has made such appeal, until the Assessed Value is determined by a tribunal of proper jurisdiction or otherwise resolved, and the Company gives written notice to the City and County the dispute of the Assessed Valuation has been resolved.
4. The City and County will each pay the Grant to Company in each of the first ten years, as outlined above, in which Company pays taxes for real property located within the Project, provided that the provisions of this Section II have been met and that Company has requested such Grant payment in writing (including written proof of payment of its City and County ad valorem property taxes for the year for which the Company is seeking the Grant). The City, County and Company each are entitled to receive from one another such public records related to the Company's real property investment in the Project as each may reasonably request.
5. Upon receipt of a written request from the Company, no later than March 31 of the Base Year, the City and County shall pay the first annual Grant payment to the Company, provided that the data requested under this Section II is verified by City and County staff. City staff may request and are entitled to receive any documents Company gave or showed to the County to allow the County to ascertain the values of the Properties for tax purposes. The real property valuations made by the County Tax Assessor are deemed by both parties to be

the conclusive and final determination of the Investment made by the Company; provided, that the Company does not waive any rights it may have to challenge any assessment under the City's or County's standard procedures and processes. The City and County shall not make any Grant payments based on the values of disputed investments. The City and County shall make the Grant payments in subsequent years provided that Company has met all of the requirements for each successive year as set forth herein and submits documents as required in Section IX.C. accompanied by a request for payment.

6. In no event will the Grant payment for any year exceed 90% of the City or County ad valorem property taxes paid by the Company with respect to the Properties for the corresponding year. In no case shall the City or County make any Grant payment(s) for any year and any subsequent year during which the Company ceases operations. "Ceases Operations", as used herein and hereafter, includes but is not limited to: (i) failing to market vacant residential or commercial spaces within the improvements on the Properties for tenancy, (ii) failing to maintain the improvements on the Properties to applicable state and local building, plumbing, electrical, and fire codes, (iii) failing to maintain minimum housing standards for any residential premises located on the Properties, (iv) failing to maintain any commercial premises located on the Properties applicable minimum standards for use, (v) allowing any improvements to be declared an unsafe building or unfit for human habitation by the local building inspector, (vi) allowing any improvements on the Properties to be labeled as demolition by neglect under applicable City ordinances or zoning code).

### III. REDUCTION AND CESSATION OF INCENTIVES.

- A. If Company is not current on all taxes, fees, assessments or other amounts owed to the City or County by Company related to the Project at the time a Grant payment is to be paid, the City and County may set off from any Grant any amount(s) so owed by Company to City or County.
- B. The Investment in the Project by Company must be made by the Investment Date. If, for any reason, Company fails to invest at least Seven Million Nine Hundred Thousand Dollars (\$7,900,000.00), or any part thereof by the Investment Date, the City and County will have no further responsibility to pay the Grant.
- C. The City and County are not required to make any Grant payments to Company at any time after any public announcement by Company of its plan to cease operations at the Project.
- D. The City and County are not required to make any Grant payments to Company at any time after Company or any of its affiliates owning the Project file bankruptcy. Any obligation of the City and County to participate in any further grants associated with the Project shall be terminated.

E. The provisions of this Section III shall survive the termination of this Agreement.

IV. INDEMNIFICATION AND LIMITATIONS. Company will indemnify and hold harmless the City and County, and their officers and employees (the "Indemnified Parties"), for damages imposed upon them by a court of final determination based on any claims of third parties arising out of any act or omission of the Company in the performance required of it by this Agreement, provided, however, that such indemnification (i) is not contrary to law and (ii) shall not apply to third party claims arising out of or relating to a negligent act or omission of the City or County. The City and County agree that none of the foregoing shall be construed to release the City or County from the obligations it has undertaken elsewhere in this Agreement, in connection with the Grant or otherwise. Except as otherwise set forth herein, each Indemnified Party and the Company agrees to pay its own costs incurred in connection herewith, including all costs incurred in connection with the preparation of this Agreement.

V. DISCLAIMER OF WARRANTIES. Company acknowledges that the City and County have not designed the Project, that the City and County have not supplied any plans or specifications with respect thereto and that the City and County: (a) are not a manufacturer of, or dealer in, any of the component parts of the Project or similar facilities, (b) have not made any recommendation, given any advice nor taken any other action with respect to (i) the choice of any supplier, vendor or designer of, or any other contractor with respect to, the Project or any component part thereof or any property or rights relating thereto, or (ii) any action taken or to be taken with respect to the Project or any component part thereof or any property or rights relating thereto at any stage of the construction thereof, and (c) have not made any warranty or other representation, express or implied, that the Project or any component part thereof or any property or rights relating thereto (i) will not result in or cause injury or damage to persons or property, (ii) has been or will be properly designed, or will accomplish the results which Company intends therefore, or (iii) is safe in any manner or respect.

The City and County make no express or implied warranty or representation of any kind whatsoever with respect to the Project or any component part thereof, including but not limited to any warranty or representation with respect to the merchantability or the fitness or suitability thereof for any particular purpose, and further including the design or condition thereof, the safety, workmanship, quality, or capacity thereof; compliance thereof with the requirements of any law, rule, specification or contract pertaining thereto; any latent defect; the Project's ability to perform any function; or any other characteristic of the Project; it being agreed that as between the City/County and Company, Company is to bear all risks relating to the Project, the completion thereof or the transactions contemplated hereby and Company hereby waives the benefits of any and all implied warranties and representation of the City and County.

The provision of this Section V shall survive the Agreement's termination.

VI. TERMINATION OF AGREEMENT. This Agreement shall terminate after the City and County have made the last of the Grant payments required by this Agreement. After such termination, this Agreement will be null and void, and the parties to this Agreement will have no further obligations hereunder or pursuant to this Agreement from one to the other thereafter, except as specifically noted in this Agreement and in Section III, E.

VII. ASSIGNMENTS. The Company shall not assign this Agreement or any portion thereof without the written consent of the City and County, nor shall the Company assign any funds due or to become due to it hereunder without the prior written consent of the City and County; provided, however, the Company shall be permitted to assign this Agreement or any portion thereof, or any funds due or to become due to it hereunder, to any direct or indirect wholly-owned subsidiary or other related party of the Company or to any company that is the successor by merger, asset purchase or otherwise to all or substantially all of its business (and any such party shall assume all obligations of the Company under this Agreement). However, in the event of such assignment, the Company will still remain ultimately responsible and liable for the performance of the Company's obligations hereunder.

- IX. ROOFTOP USE AND ACCESS. Company shall allow City and/or City's designee use of the rooftop of the property located at 139 W. Failure by Company to respond to City within thirty (30) days of City's reasonable request for placement of an antenna(s) and related equipment on said rooftop shall constitute a waiver of City's requirement to obtain such

In addition to rooftop access for installation of the antenna and supplemental equipment, Company agrees to allow City and/or City's designee reasonable access for routine maintenance of all equipment and for the replacement of said antenna and/or equipment. City and/or City's designee shall have said rooftop use and access for a period of twenty (20) years from the date Company, its affiliates and/or subsidiaries obtain ownership of the Wayne National Building Property. In the event Company, its affiliates and/or subsidiaries sell the Wayne National Building Property during the initial twenty (20) year term, Company, its affiliates and/or subsidiaries shall convey to City an easement for rooftop access as described hereinabove, for the remainder of said initial term, to be recorded in the office of the Wayne County Register of Deeds.

- E. ENTIRE AGREEMENT, AMENDMENTS. This Agreement constitutes the entire contract between the parties. This Agreement may not be changed except in writing signed by all parties.
- F. BINDING EFFECT. This Agreement is binding upon, inures to the benefit of and is enforceable by the parties and their respective successors and assigns. There are no other agreements or other conditions precedent to the binding nature of the respective obligations of the City and County under Sections I and II, other than the performance by Company of its obligations under this Agreement.
- G. TIME. Time is of the essence in this Agreement and each and all of its provisions.
- H. LIABILITY OF OFFICERS & AGENTS. No officer, agent, or employee of the City, County or Company shall be subject to any personal liability or accountability by reason of the execution of this Agreement or any other documents related to the transactions contemplated hereby. - L. NOTICE OF POTENTIAL DISCLOSURE OF CONFIDENTIAL COMPANY INFORMATION. The Company acknowledges that it has been informed by the City and County that the City and County are required by North Carolina law to disclose "Public Records" as the term is defined by North Carolina General Statutes §132-1, upon request. All information disclosed to the City and County by the Company which is subject to that definition and whose disclosure is not otherwise protected by law will be released by the City and County upon request as provided by North Carolina General Statutes §132-6. The Company acknowledges that it has read and is familiar with the City and County obligations of public disclosure of documents and the definitions of confidential documents as contained in Chapter 132 of the North Carolina General Statutes. In order to prevent the disclosure of the confidentiality of information identified by the Company as a trade secret or as "confidential" pursuant to North Carolina General Statute §132.1.2 the City and County shall, if they receive a request for disclosure of such information, notify the Company of such request so that the Company may defend any claims or disputes arising from efforts of others to cause such trade secrets to be disclosed as a public record. The Company acknowledges that this disclosure of the City and County public records requirements is given pursuant to North Carolina General Statutes §132-1.8(b) and agrees that such disclosure is full and sufficient to the satisfaction of the Company. All parties agree that this Section will survive the termination of the Agreement.
- M. FORCE MAJEUR. Any delay in the performance of any of the duties or obligations of either party hereunder (the "Delayed Party") shall not be considered a breach of this Agreement and the time required for performance shall be extended for a period equal to the period of such delay, provided that such delay has been caused by or is the result of any acts of God; acts of the public enemy; insurrections; riots; embargoes; labor disputes, including strikes, lockouts, job actions, or boycotts; shortages of materials or energy; fires; explosions; floods; or other unforeseeable causes beyond the control and without the fault or negligence of the Delayed Party. The Delayed Party shall give prompt notice to the other parties of such cause, and shall take whatever reasonable steps are necessary to relieve the effect of such cause as promptly as possible. No such event shall excuse the payment of any sums due and payable hereunder on the due date thereof except any payment due upon the occurrence of any act or event for which delayed performance is excused as provided above.
- N. SEVERABILITY. ## Exhibit A

### COVENANTS

WHEREAS, the properties located at 200 E. Walnut Street, 202 E. Walnut Street, 204 E. Walnut Street, 206 E. Walnut Street, 106 S. John Street, 135 W. Walnut Street and 139 W. Walnut Street, in Goldsboro, Wayne County, North Carolina, hereinafter referred to as the "Subject Property", are buildings of recognized historical, cultural and architectural significance; and

WHEREAS, the City of Goldsboro (hereafter the "City") and WNB Landlord, LLC, a North Carolina limited liability company (hereafter the "Company") both desire that the Subject Property be rehabilitated and preserved for the enjoyment and edification of future generations; and

WHEREAS, the City and the Company both desire that the Subject Property shall retain its historically and architecturally significant features, while being sympathetically adapted and altered, where necessary, to provide for contemporary uses; and

WHEREAS, the City acquires certain rights pursuant to historic preservation agreements that will insure that structures located within the state of North Carolina of recognized historical and architectural significance are preserved and maintained for the benefit of future generations; and

WHEREAS, the North Carolina General Assembly has enacted the Historic Preservation and Conservation Agreements Act validating restrictions, easements, covenants, conditions or otherwise, appropriate to the preservation of a structure or site historically significant for its architectural, archeological or historical associations; and

WHEREAS, the City and the Company have entered into an Agreement for the purposes of the provision of an incentive to aid in the rehabilitation, redevelopment of the Subject Property for historic preservation, economic development, and downtown revitalization within the context of the Goldsboro municipal service district and a previously designated urban progress zone.

NOW THEREFORE, the Company hereby agrees that the Subject Property shall be and shall permanently remain subject to the following agreements easements, covenants and restrictions (collectively, the "Covenants"):

1. These Covenants shall be administered by the City, its successors in interest or assigns; and in all subsequent conveyances of Subject Property, the City, its successors in interest or assigns shall be the sole party entitled to administer these Covenants. In the event that the City, or its successors in interest by corporate merger cease to exist, then in such event the City shall assign all of its rights and interests in these Covenants subject to such duties and obligations which it assumes hereby to a non-profit corporation of responsibility which exists for substantially the same purpose (as described hereinabove); if no such corporation be available for such assignment then, under such circumstances

such assignment shall be made to the State of North Carolina which shall be the sole party entitled to administer those Covenants.

2. The Company covenants and agrees to rehabilitate the Subject Property according to the terms, conditions, and deadlines of the Economic Development Historic Preservation & Urban Redevelopment Agreement between the City of Goldsboro, County of Wayne and WNB Landlord, LLC (the "Agreement"), by or before the Investment Date (as defined in the Agreement) and in accordance to the Department of the Interior's Standards for Rehabilitation (the "Rehabilitation Standards") and, after rehabilitation, to continuously maintain, repair, and administer the Subject Property herein described in accordance with the Secretary of the Interior's Standards for the Treatment of Historic Properties (1992) (the "Historic Properties Standards") so as to preserve the historical integrity of features, materials, appearances, workmanship and environment of the Subject Property. Maintenance shall be continuously provided. Said Rehabilitation Standards are attached hereto and incorporated in these Covenants by reference. No building located on the Subject Property may be removed or demolished without the prior written approval of the City.
3. The Company covenants and agrees that the Subject Property, upon completion of rehabilitation construction and issuance of a Certificate of Occupancy (CO), will be made available for lease at market rate rental rates consistent with the then current market rate level for downtown Goldsboro.
4. The Company shall abide by all federal, state, and local laws and ordinances regulating the rehabilitation, maintenance and use of the Subject Property.
5. When seeking modifications or waivers to the Rehabilitation Standards, the Company shall give written notice to the City. If the City fails to respond within forty-five (45) days, then the Company shall have the right to proceed according to its plans. The City's decisions shall be based on the Standards (1992) and shall not be unreasonably withheld.
6. In case of any contemplated sale of the Subject Property or any portion thereof by the Company or any successor in title thereto within ten (10) years of the Base Year, upon receipt of any bona fide offer from a third party to purchase the Subject Property or any portion thereof which the Company or its successor in title desires to accept, Company or its successors in title must notify the City or its successors of such bona fide offer. The City shall notify Company or its successor in title of its willingness to exercise its right of first refusal and purchase said property upon the same or better terms as set forth in the bona fide offer within thirty (30) days of receipt of said notice of such bona fide offer. Failure of the City to notify Company or its successor in title of its intention to exercise this right of first refusal within such thirty (30) day period shall be deemed a waiver by the City and its successors to exercise its right of first refusal, the right of first refusal shall lapse and Company and its successors in title shall be free to sell the Subject Property or any portion thereof pursuant to the bona fide offer. Provided, however, that if there are any outstanding deeds of trust or other encumbrances against the Subject

Property, the City's purchase shall be subject to said deeds of trust or encumbrances, and they shall either be satisfied or assumed as part of the purchase price.

7. In the event of a violation of these Covenants, which violation is not cured within ninety days of the Company's receipt of notice from the City regarding such violation, the Company shall repay to the City and County of Wayne (the "County") any incentives funded to the Company pursuant to the Agreement in which these Covenants were referenced and/or incorporated. Such funds shall be immediately due and payable and all sums disbursed to the Company by the City and/or County pursuant to such Agreement shall be refunded to the City and/or County, plus interest at the then legal rate as set by the State of North Carolina, said interest being calculated as accruing as of the date the funds were disbursed from the City and/or County to the Company.
8. Representatives of the City shall have the right to enter the Subject Property at reasonable times, after giving reasonable notice, for the purpose of inspecting the buildings and grounds to determine if there is compliance by the Company with the terms of these Covenants.
9. For a period of ten (10) years from the date of the recordation of this Agreement, researchers, scholars, and groups especially interested in historic preservation shall have access to view the interior of the Subject Property by special appointment at various times and intervals at times both desirable to the public and convenient with the Company.
10. The Company shall insure any building located on the Subject Property against damage by fire or other catastrophe. If any original structure is damaged by fire or other catastrophe to an extent not exceeding fifty percent (50%) of the insurable value of those portions of the building, then insurance proceeds shall be used to rebuild those portions of the building in accordance with the Rehabilitation Standards.
11. The Company shall keep the Subject Property insured under a comprehensive general liability policy that names the City as an additional insured and that protects the Company and the City against claims for personal injury, death and property damage.
12. All rights of mortgagees to the Subject Property are subject and subordinate at all times to the rights of the City to enforce these Covenants. The Company will provide a copy of these Covenants to all mortgagees of the Subject Property and has caused all mortgagees as of the date of this deed to subordinate the priority of their liens to these Covenants. All subordination agreements executed by the mortgagees holding a lien on the Subject Property shall relate only to the preservation of the historic architecture of the Subject Property. In order to facilitate financing of the Subject Property and closing of financing to fund the rehabilitation of the Subject Property, the City will negotiate in good faith with all mortgagees with respect to the form and substance of any such subordination agreements.
13. The Company does hereby covenant to carry out the duties specified herein, and these restrictions shall be covenants and restrictions running with the land, which the

Company, its heirs, successors, and assigns, covenant and agree, in the event the Subject Property is sold or otherwise disposed of, will be inserted in the deed or other instrument conveying or disposing of the Subject Property, but such failure to include such covenants and restrictions in the deed will not constitute a default by the Company hereunder.

14. The Subject Property may contain certain hazards as a result of outdated building practices or use of certain materials that may contain lead paint, asbestos, or some other hazards that may need to be removed or encapsulated before the buildings located thereon are habitable. Addressing these problems is one of the challenges of owning and restoring a historic property. The City does not have the resources to correct these problems and cannot take responsibility for the condition of the Subject Property. The City is not liable in any way for any hazards, defects, or other problems with the Subject Property.
15. The Company and the City recognize that an unexpected change in the conditions surrounding the Subject Property may make impossible or impractical the continued use of the Subject Property for conservation purposes and necessitate the extinguishment or termination of these Covenants. If not mutually agreed upon by the Parties, such an extinguishment must be the result of a final judicial proceeding.
16. In the event of a violation of these Covenants, the City may enforce the remedies set forth herein and pursue all legal and equitable remedies, including injunctive relief, specific performance, and damages. No failure on the part of the City to enforce any covenant or restriction herein nor the waiver of any right hereunder by the City shall discharge or invalidate such covenant or restriction or any other covenant, condition or restriction hereof, or affect the right of the City to enforce the same in event of a subsequent breach or default.
17. Unless otherwise provided, the covenants and restrictions set forth above shall run in perpetuity.

## State Historic Preservation Office

Department of Cultural Resources  
Office of Archives and History  
Division of Historical Resources

The Standards that follow were originally published in 1977 and revised in 1990 as part of Department of the Interior regulations (36 CFR Part 67, Historic Preservation Certifications). They pertain to historic buildings of all materials, construction types, sizes, and occupancy and encompass the exterior and the interior of historic buildings. The Standards also encompass related landscape features and the building's site and environment as well as attached, adjacent or related new construction.

The Standards are to be applied to specific rehabilitation projects in a reasonable manner, taking into consideration economic and technical feasibility.

1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.
2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.
4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.
5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
6. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.

7. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.
8. Significant archeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.
9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.
10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

**CITY OF GOLDSBORO  
AGENDA MEMORANDUM  
APRIL 3, 2023 COUNCIL MEETING**

**SUBJECT:** Split-Jurisdiction Agreement between the City of Goldsboro and County of Wayne

Tax Parcel Id: 3610-97-5195

Owner: Roy Barnes Heirs

Acres: 11.3; 6 acres (County of Wayne)/5 acres (City of Goldsboro)

**BACKGROUND:** On September 6, 2022, City Council approved a Resolution Authorizing by Mutual Agreement Between the City of Goldsboro and the County of Wayne To Assign Exclusive Planning and Development Regulation Jurisdiction From One (the City of Goldsboro) to the Other (County of Wayne) pertaining to the subject property referenced above.

Recently, City officials were informed that the Wayne County Tax Office identified errors in their database reflecting incorrect tax parcel identification numbers and property owners associated with the property. As such, Goldsboro City Council and the County of Wayne are required to revise the split jurisdiction agreement.

Zoning and other development regulations are state powers delegated to local governments. North Carolina state legislature sets the rules for which local governments can exercise these powers and where that can be done within their respective jurisdictions.

The City of Goldsboro exercises the enforcement of planning and development regulations throughout the corporate City limits and one-mile extra-territorial jurisdiction. The County of Wayne exercises planning and development regulations outside of the City's corporate limits and one-mile extra-territorial jurisdiction.

City and County jurisdictional boundaries do not have to follow property lines. In Wayne County, it is not uncommon for part of a parcel of land to be in the City of Goldsboro's planning jurisdiction and the remainder of the property to be in Wayne County.

Historically, the City and County released planning and development regulation jurisdiction from one unit of local government to another based on which unit of local government had the majority acreage within their respective jurisdiction. Informal administrative development approvals were authorized by the City Planning Director and the County Planning Director.

According to GS 160D-203, property shall be subject to City or County development regulations. New land-use law dictates that if the landowner and both units of government agree, exclusive planning and development regulation jurisdiction for the entire parcel may be assigned to one jurisdiction. An agreement on development regulation must be approved by resolution formally adopted by both the City of Goldsboro and the County of Wayne.

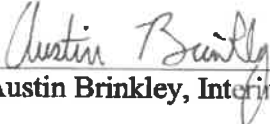

**DISCUSSION:** Owners of the subject property desire that the entire parcel have continuity in planning and development regulations by assigning exclusive jurisdiction to the County of Wayne.

**STAFF**

**RECOMMENDATION:** Staff is recommending that City Council agree to the release of City planning and development jurisdiction to the County of Wayne for the portion of said property within the City's jurisdiction.

**REQUIRED ACTION:** Council shall vote to approve/deny the recommendation of Planning staff and Resolution Authorizing by Mutual Agreement Between the City of Goldsboro and the County of Wayne To Assign Exclusive Planning and Development Regulation Jurisdiction From One (the City of Goldsboro) to the Other (County of Wayne).

**CITY OF GOLDSBORO  
ORDER APPROVING SU-4-23**

**Written Decision**

On Monday, March 20, 2023, at 7:00 p.m., the Goldsboro City Council, sitting as the Board of Adjustment, held a quasi-judicial hearing on matter SU-4-23, a request by Barbara Doerter to establish a Licensed Massage Therapy business at tax parcel 351897115.

Mr. Austin Brinkley, Interim Planning Director, presented the agenda materials to City Council. After having heard the sworn testimony offered by staff and having considered the agenda materials that were accepted into evidence and presented at the hearing, the Goldsboro City Council makes the following findings of fact:

**Findings of Fact**

- 1.) The application for a Special Use Permit at this location is complete and the Goldsboro City Council has jurisdiction over the parties and the subject matter. The proposed Special Use is to establish a Licensed Massage Therapy business, the property is in the Central Business District (O&I-1) Zoning District and is identified as tax parcel number 351897115.
- 2.) The property owner is Mary Ivey King.
- 3.) The Central Business District (O&I-1) Zoning District is established to provide for the development of office and community institutions that have similar development characteristics and require locations close to residential and commercial uses. The district encourages the development of office and institutional uses that provide a step down in intensity between highly developed commercial districts and nearby neighborhoods.
- 4.) Barbara Doerter is a good standing member with the American Reflexology Certification Board.
- 5.) There was no evidence presented in support or opposition.
- 6.) That the use meets all requirements of the Goldsboro Unified Development Ordinance.
- 7.) That the use will not substantially injure the beneficial use of adjoining or abutting property.
- 8.) That the use will be in harmony with existing development and uses within the area in which it is located.

- 9.) That the use will be in general conformity with the City of Goldsboro Comprehensive Land Use Plan. The Land Use Plan shows the property as being in the Low-Density Residential designation. This use is in general conformity due to this lot previously being utilized for a similar type of use.

### **Conclusion and Decision**

Based on the application, the evidence submitted, and the above findings, the City of Goldsboro City Council voted on the following four standards found in Section 2.4.10 of the Unified Development Ordinance:

- 1.) That the use will not materially endanger the public health or safety.

On a 7-0 vote, City Council found that the use would not materially endanger the public health or safety.

- 2.) That the use will not substantially injure the beneficial use of adjoining or abutting property.

On a 7-0 vote, City Council found that the use would not substantially injure the beneficial use of adjoining or abutting property.

- 3.) That the use will be in harmony with existing development and uses within the area in which it is located.

On a 7-0 vote, City Council found that the use would be in harmony with existing development and uses within the area in which it is located.

- 4.) That the use will be in general conformity with the City of Goldsboro Comprehensive Land Use Plan.

On a 7-0 vote, City Council found that the use would be in general conformity with the City of Goldsboro Comprehensive Land Use Plan.

**Decision**

**BASED ON THE FORGOING FINDINGS OR FACT, AND CONCLUSIONS OF LAW, THE BOARD CONCLUDES AS A MATTER OF LAW** that the Applicant has met the requirements of the Goldsboro Unified Development Ordinance and that this Application for a Special Use Permit should be and hereby is **APPROVED**.

**CITY OF GOLDSBORO  
AGENDA MEMORANDUM  
APRIL 3, 2023 COUNCIL MEETING**

**SUBJECT:** A Resolution in Support of Rail Service from Goldsboro, NC to Wilmington and Raleigh, NC

**BACKGROUND:** Every year, railroads save consumers billions of dollars while reducing energy consumption and pollution, lowering greenhouse gas emissions, cutting highway gridlock, and reducing the high costs to taxpayers of highway construction and maintenance. North Carolina's first system dates back to 1833 when the Wilmington & Weldon Railroad was chartered to connect its namesake cities, which it completed on March 7th, 1840. By doing so the railroad became the longest railroad operated in the world at that time, spanning some 161 miles.

The North Carolina Railroad (NCRR) manages a 317-mile rail corridor spanning the state of North Carolina from Morehead City to Charlotte, over which about 60 Norfolk Southern freight trains and 10 Amtrak passenger trains travel each day. Since its creation, NCRR has been a driver for economic growth in the state. Annually, North Carolina's passenger rail services contribute to 430 jobs, \$20.1 million in earned wages, \$30.6 million in gross state product, and \$47.4 million in benefits rail passengers receive from taking the train instead of other modes of travel.

**DISCUSSION:** Nearly 900,000 passengers boarded trains in North Carolina in 2016, served by six intercity passenger routes with stops in 16 cities and towns. Nine of those stops are along the busy, 174-mile Piedmont Corridor between Charlotte and Raleigh. Eastern North Carolina would benefit in the same way with job creation, a reduction of highway construction and maintenance, as well as reducing highway gridlock, energy consumption and pollution, and lowering greenhouse gas emissions. Goldsboro and Wayne County are home to Goldsboro Union Station, a once thriving rail depot from 1907 to 1968, which could one day support passenger and freight service again.

This resolution is to request that the State of North Carolina begin the process to bring rail service back to Goldsboro and Wayne County; connecting to Wilmington and Raleigh, North Carolina.

**RECOMMENDATION:** By motion, adopt the Resolution in Support of Rail Service from Goldsboro, NC to Wilmington, NC

CITY OF GOLDSBORO  
AGENDA MEMORANDUM  
April 3, 2023 COUNCIL MEETING

**SUBJECT:** Change Order No.1 Price Change for the Bulk Storage Tank replacement for the WRF

**BACKGROUND:** In the FY23 Budget the Bulk Storage Tank Replacement was approved for \$45,000. The City received bids on July 15, 2022, the lowest bid came at \$118,450. During the November 21, 2022 council meeting, Council approved the use of the Utilities Capital Reserve Fund for amount of \$73,450 in addition to the \$45,000 that was originally budgeted for a total of \$118,450.00. Council adopted Resolution 2022-116 at the December 5, 2022 meeting to authorize the City Manager to execute the contract with Dellinger Inc. in the amount of \$118,450 to replace the caustic soda bulk storage tank.

**DISCUSSION:** The original contract amount had a price increase on the materials of \$8,202. Also, the contract did not include sales taxes for materials used in the project, therefore an additional \$8,549.01 is needed to cover sales tax. Staff recommends issuing a change order to increase the contract amount to include the sales taxes and the increase cost of the bulk storage tank. Finance will request a tax refund in 2023 to recoup the sales taxes. The total change order requested is \$16,751.01, which would put the total contract price at \$135,201.01.

**RECOMMENDATION:** It is recommended that the City Council adopt the attached resolutions authorizing Change Order No. 1 to the contract with Dellinger Inc. for the Bulk Storage Tank Replacement at the WRF.
