Parks and Recreation Program Fees

Felicia L. Brown, CPRP
Parks and Recreation Director

April 4, 2022

www.goldsboronc.gov

Background on P&R Program Fees

- Collection of user fees for programs and for the use of recreational facilities is an accepted practice and provides an important source of revenue for the City of Goldsboro
- During their June 17, 2002 meeting, our City Council voted to end distinction between resident and non-resident fees, charging one universal fee per program
- Our program participation numbers have greatly increased since then, with a significant increase in non-residents participating; all participants pay the same fee
- Goldsboro population in 2010 was 36,437; in 2015, the population was 35,592; while the population in 2020 was 34,250
- Should we charge a different fee for non-residents?

Youth Soccer Participation

Fees Charged by Other P&R Departments

- Wilson Parks & Recreation Youth Sports Fees - \$35 for resident; \$52 for non-resident

Juneteenth
EMANCIPATION DAY

What is Juneteenth:

Juneteenth, also known as Juneteenth Independence Day or Freedom Day, is an American holiday that commemorates the June 19, 1865, announcement of the abolition of slavery in the U.S. state of Texas, and more generally the emancipation of enslaved African Americans throughout the former Confederate States of America.

The future of Juneteenth looks bright as the number of cities and states creating Juneteenth committees continues to increase. Respect and appreciation for all of our differences grow out of exposure and working together. Getting involved and supporting Juneteenth celebrations creates new bonds of friendship and understanding among us. This indeed, brightens our future - and that is the Spirit of Juneteenth!

We look forward to you being a part of this amazing event!

Council discussed the audit and upcoming audit timetable with Mr. Cook and Mr. Frank.

Annual Community Assessment of CPD Program Performance: 2020 CAPER. Felecia Williams, Community Relations Director, shared she is here to address HUD's assessment of the 2020 CAPER and the city's response.

- At least 70% of all annual expenditures must benefit low/moderate income individuals. Goldsboro used 98.24% of its entitlement expenditures and 0% of its CDBG-CV expenditures for Program Year 2020; however, the CDBG-CV funds must meet this requirement based on the overall total CDBG-CV funds expended.

Response: In the current and future program years, the City of Goldsboro will ensure that funded activities will benefit low/moderate income individuals at the required 70% for CDBG.

- Goldsboro overdrew on the 20% planning and administrative cap for CDBG in Program Year 2019 by 10.73%, for a total amount of \$38,528.64.

Response: The City of Goldsboro's Finance Department processed the electronic wire transfer on Thursday, January 13, 2022, repaying the amount of \$38,528.64.

- Goldsboro must spend an additional \$31,037 of CDBG funds between now and May 2, 2022 in order to pass the required timeliness test. Grantees are considered timely if they have no more than the equivalent of 1.5 times the most recent grant in the account 60 days prior to the end of the program year.

Response: The City of Goldsboro is on track to spend the \$31,037 by providing Public Service grants and/or and/or potentially funding a public facilities project.

- The CAPER is to be submitted within 90 days of the end of the Grantee's program year. Goldsboro's program year ends June 30th, therefore the CAPER deadline is September 28th of each year. Goldsboro's 2020 CAPER did not meet this requirement.

Response: The City of Goldsboro's CAPER was submitted on September 30, 2021. Staff inadvertently counted business days for 3 calendar months as the 90-day count and did not count the weekend days. Staff will ensure that the document will be submitted in accordance with the September 28th deadline in the future.

- HUD requires the Grantee to commit 15% of funds in its HOME fund account for certified CHDO's (Community Housing Development Organization), within two years of receipt of funds. Goldsboro's program has met these requirements for Program Year 2020, however, it is noted that Goldsboro has yet to reserve \$32,290.80 in the 2019 grant year.

Response: The City of Goldsboro has reached out to HUD/Greensboro Field Office for technical assistance and learned that the deadline for the Program Year 2019 CHDO reservation was August 31, 2021. The City's one certified CHDO is Habitat for Humanity of Wayne County. We will continue to work with HUD staff to ensure the reservation is made by the end of this week, no later than January 21, 2022.

- HOME Open Activities: #684, #687, #691-The HOME regulations require that activities be completed within 120 days of final draw. HUD's open activity report indicates that Goldsboro has three activities in IDIS which have an extended number of days from the last draw (#684 - 457 days, #687 - 229 days, and #691 - 219 days). Goldsboro should review these activities and close them in IDIS as applicable.

Response:

Activity #684- Completed and closed on January 6, 2022.

Activity #687-Completed and closed on January 10, 2022.

Activity #691-Unable to complete/close at this time. This activity requires further research and consultations with City staff. It is anticipated that this activity could be closed soon. The City of Goldsboro will provide a follow up on the status of this activity, no later than Tuesday, February 15, 2022.

Council discussed the 2020 CAPER.

Resolution in Support and Honor of the People of Ukraine and the Men and Women Assigned to Seymour Johnson Air Force Base. Resolution adopted. On February 24, 2022, Russia, ignoring international law, territorial boundaries and humanitarian values, did without provocation, launch a full-scale invasion of the peaceful, independent and sovereign nation of Ukraine. Such unprovoked actions have caused the death of thousands of innocent Ukrainian men, women, and children. Additional millions of Ukrainian women and children were forced to leave their homes to seek safety in neighboring countries leaving behind their husbands and sons to valiantly defend their homeland and fend off the invading Russian forces who with complete disregard of humanitarian value have unleashed severe and deliberate destruction and death upon the land. Men and women of the United States Air Force assigned to Seymour Johnson Air Force Base in Goldsboro, North Carolina have deployed to various locations throughout Europe to prevent further Russian aggression that might extend upon those countries. Those deploying airmen leave behind spouses, children and other loved ones to bear the burden and sacrifices of the known and unknown as they wait, for the duration of this tragic war has no timetable to end. The City of Goldsboro, North Carolina offers moral support and recognition for the bravery, courage and dedication to the people of Ukraine as they stand firm and defiantly against the invading Russian regime. The City of Goldsboro, North Carolina, the proud home of Seymour Johnson Air Force base, recognizes the bravery, dedication to service and commitment of its uniformed men and women as they stand ready for any mission given and also to their loved ones here in the Goldsboro area who await their safe reunion. This Resolution shall be incorporated into the official Minutes of the City of Goldsboro, and shall be in full force and effect from and after this 21st day of March, 2022.

Standard Disclaimers

- We did not use partisan considerations or look at partisan election data in drawing these alternative maps.
- We did not talk with any individual board member about drawing these maps outside of a public meeting.

Criteria followed:

- We used the corrected Census data for Goldsboro’s population. We included the 593 people incorrectly counted in a sliver outside the city limits next to Neuse Correctional Center.
- We observed the legal requirements of one person one vote – all the districts are within the deviation range of plus or minus 5% from the ideal district population number. Using the corrected Census data, that ideal number for the six City Council districts in Goldsboro is 5,708.
- We avoided pairing incumbents – none of the three options pair incumbents. Each of the six incumbents would keep the same district number as now.
- We tried to preserve the cores of existing districts in all three alternatives. More about this in a minute.

Additional goals:

- Try to make the districts compact.
- Avoid dilution of minority voting strength.
- Avoid racial gerrymandering.

Why can’t all the districts within the 5% range be left alone?

- Goldsboro is an object lesson in why that isn’t always possible.
- Districts 3, 4, and 6 are within the plus or minus 5%.
- But they can’t all be left alone in the same plan.
- District 1 needs to gain at least 425 people to get past minus-5%. District 1 sits on the western edge of town, and touches only Districts 3 and 4. It must get those people from either District 3 or from District 4 or from both.
- So Districts 3 and 4 can’t both be left alone in the same map.
- The following three options approach this reality in three different ways.

How the three options deal with this reality:

- Option A leaves District 3 untouched, but gives District 1 its needed territory by taking from District 4.
- Option B leaves District 4 untouched, but gives District 1 its needed territory by taking from District 3.
- Option C gives District 1 territory from both Districts 3 and 4, but each of those districts loses less territory than in Options A or B.
- District 6, which sits in the northeast corner of town, can be left untouched in all three options. And it is.

Goldsboro Option A

Side by side comparison with current map

Option A – population and deviation

District Number	Corrected 2020		Raw Number	
	Total Pop	Ideal Dist Pop	Deviation from Ideal Pop	Percent Deviation from Ideal Pop
1	5,495	5,708	-213	-3.73%
2	5,602	5,708	-106	-1.86%
3	5,669	5,708	-39	-0.68%
4	5,827	5,708	+119	+2.08%
5	5,978	5,708	+270	+4.73%
6	5,679	5,708	-29	-0.51%
City Total	34,250			

Characteristics of Alternative A

- District 3 is left untouched.
- District 1 makes up its deficit by taking territory from District 4 south of downtown.
- District 4 takes territory from District 2 in the residential part of Seymour Johnson AFB.
- District 2 takes three blocks on East Ash Street from District 5. Otherwise District 5 is unchanged.
- As in all the options, District 6 is unchanged.
- As in all the options, all incumbents are in a separate district with the same district number as now.

Goldsboro Option B

- District 5 takes territory from District 2 in the neighborhoods west of the Berkeley Mall.
- As in all the options, District 6 is unchanged.
- As in all the options, all incumbents are in a separate district with the same district number as now.

Goldsboro Option C

Side by side comparison with current map

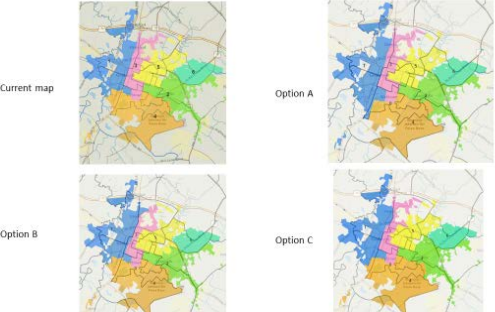

Alternative C - population and deviation

District	2020 Total Pop	Ideal Dist Pop	Raw Number Deviation from Ideal Pop	Percent Deviation from Ideal Pop
1	5,457	5,708	-251	-4.40%
2	5,930	5,708	+222	+3.89%
3	5,472	5,708	-236	-4.13%
4	5,781	5,708	+73	+1.28%
5	5,931	5,708	+223	+3.91%
6	5,679	5,708	-29	-0.51%
City Total	34,250			

Characteristics of Option C

- District 1 makes up its deficit by going into both Districts 3 and 4.
- District 3 loses less of its western edge than in Option B. District 3 does not take the territory west of Wayne Memorial Drive from District 5 that it takes in Option B.
- District 4 loses less of the area south of downtown than in Option A. District 4 takes less territory in Seymour Johnson from District 2 than it does in Option A.
- District 5 is less changed than in Option B. It keeps the area on Wayne Memorial Drive it would lose in Option B and keeps the blocks along Ash Street it would lose in Option A. District 5 does not take the territory west of Berkeley Mall that it takes in Option B. The only change to District 5 is on its western border with District 3.
- District 2 loses less of Seymour Johnson than in Option A and does not gain or lose territory with District 5.
- As in all the options, District 6 is unchanged.
- As in all the options, all incumbents are in a separate district with the same district number as now.

Location of the 135th USCT Civil War Trail Marker. Approved. On March 27, 1865, a column of African American men in new blue uniforms marched down Center Street in front of Gen. William Sherman's headquarters and mustered in as the 135th United States Colored troops. They no longer belonged to enslavers, but belonged as free men to the US Army.

The Travel & Tourism Department/Visit Goldsboro would like to relocate the current Civil War Trails signs located at the Wayne County Museum to the 200 Block of South Center Street. Project to include:

- One interpretive Civil War Trails Branded Sign 24x36 inches promoting the history of the 135th US Colored Infantry Regiment formed in Goldsboro, NC, March 1865 as a part of General William T. Sherman's Army.
- One single post "Trailblazer" sign to be located within Goldsboro's Center Street Streetscape, installed adjacent to handicap accessible City sidewalk and behind public benches.

It was recommended that the Council approve the 135th USCT Civil War Trail Marker to be located to the 200 Block of South Center Street. Consent Agenda Approval. Aycock/Polack (7 Ayes)

Supply Agreement between Sonoco Recycling LLC and the City of Goldsboro (COG). Resolution adopted. Sonoco, the Material Recycling Facility (MRF) that currently accepts our recycled materials, would like to enter into a “Supply Agreement” to ensure they continue to receive our recyclable goods.

Sonoco has worked with the COG over the last three years as the recycle industry adapted to new demands and requirements when the market compressed. They are the City’s MRF of choice already and the supply agreement would be mutually beneficial. Sonoco would be assured to receive our product, which they need to instill confidence in their corporate leaders and businesses that rely on the recycled materials for processing into new products. More importantly, the City would get a \$5.00 per ton reduction in the baseline rate used to determine our costs—reducing it from the current rate of \$122.50 per ton to \$117.50 per ton. Additionally, it guarantees the COG a place to take its recycled goods should the market compress. The first customers Sonoco will deny service to will be those who do not have supply agreements.

It was recommended that City Council adopt the following entitled resolution authorizing the City Manager and Finance Director to enter into a mutually beneficial supply agreement with Sonoco Recycling LLC. Consent Agenda Approval. Aycock/Polack (7 Ayes)

Consider a Proposal to Provide Economic Incentives to the Mount Olive Pickle Company. Resolution Adopted. The Mount Olive Pickle Company has been in business in Mount Olive since 1926. Pursuant to NC General Statue 158-7.1, a public hearing was held on March 7, 2022 to review a proposal for the City of Goldsboro to provide economic incentives to the Mount Olive Pickle Company, Inc. totaling \$600,000 over a ten-year period based on a performance agreement with a \$45,450,000 investment and the creation of 167 full-time jobs in Goldsboro.

Mount Olive Pickle Company, Inc. will incur costs in purchasing facilities and adding machinery and equipment to such facilities, and the County and City will realize economic benefits due to the expansion of the ad valorem tax base (an estimated \$2,100,000 for the City over the first ten-years) and the creation of employment opportunities for the citizens thereof.

Mount Olive Pickle Company, Inc.'s expansion in Goldsboro depends in part on the support of the NC Department of Commerce \$22 million grant for utility infrastructure, the County, and City in terms of incentives, including, but not limited to, adequate water and wastewater infrastructure and financial grants.

A grant by the County and the City to the Mount Olive Pickle Company, Inc. in the amount of One Million Two Hundred Thousand Dollars (\$1,200,000) would be an incentive for such investment by the Mount Olive Pickle Company,

Inc. to assist the same pay a portion of the costs of the investment, and that such incentives be designated as an “Economic Development Grant”.

Staff recommends Council adopt the following Resolution authorizing the Mayor and City Clerk to execute a performance agreement with the Mount Olive Pickle Company, Inc.

Mayor Pro Tem Polack made a motion to approve the Resolution, the motion was seconded by Councilman Gaylor, and unanimously carried.

Mr. Lilly,

There is no sewage line running down Walnut St that you could tap/tie into for your service. Even if there were, you would be responsible for the cost to run the line from your house to the street.

After looking into your situation/ concern and visiting the area in question, I've come to the same conclusion as my predecessor. The line in question is a private line and not maintained by the City.

All property owners are responsible for installing and maintaining the sewage lines running from their respective homes to the City's main line (tap) in the street.

I know this is probably not what you wanted to hear, but it is the guidance we are obligated to follow.

Respectfully,
Rick

Rick,

I have had issues with my sewage backing up in the past and the city refused to make any repairs stating the line is a "private main".

My address is 309 W Walnut St. I live in the heart of the historic district and am thoroughly confused! It seems as if a main runs behind the houses to the public main on Virginia street. Is there not a main on Walnut between George and Virginia? What in the world is a "private main"?

My solution to the problem is to cap off the main from all of the properties up the hill as I am not accommodating that apartment building. There is no easement nor permit on record. That being said, the main would fall into the category of encroachment.

I really hate to do this and would love to see the city take ownership of this line in the historic district.

Can I set up a time to meet with you? It is a very unique situation. There are no easements or permits on record for the line. The line services 4 properties (that I know of).

Zach,

We've installed the sweeps and cleanouts at the street and sent a camera through your sewage line. The problem is in your neighbor's yard, about 25 feet from your fence. At least that's where the camera wouldn't go any further.

We can't continue repairs until you get easements for the surrounding properties. We'll need access for the equipment and will be digging along the property line.

Let us know when the easements are approved and we'll schedule the repairs.

Mr. Strickland,

I spoke to Mr. Fletcher a few minutes ago via phone. He stated that the line is not owned by the City and that it is a private line. In the emails below, he stated that the City would repair the line if an easement was recorded. The easement was recorded and the line never repaired. His argument is that he and Mr. Womble were both mistaken at that time.

I know you have a lot going on. Just get back to me when you can.

Mayor Ham,

Please see email traffic below. I have also attached the easement for your convenience.

The reason this issue is coming up again (5 years later) is at the time this was going on, I was pegged for a 2 month TDY to Utah for weapons testing. Upon my return, I sold the house with owner financing terms (Contract for Deed). I was just able to regain possession of the property this past fall. While having repairs done to the property, it was brought to my attention that there was still an issue with sewage backing up in the yard and the house. I had my plumber go out and snake the line. He informed me that the pipe had failed on my neighbors property.

I sincerely appreciate you taking time to look into this issue. Don't hesitate to reach out if there is anything you need from my end.

Sincerely,

Self-refer into our annual Dec' the Deployment® program for consideration in becoming an outreach client! Every year our team creates fun custom holiday themes with different DIY projects we make through our social series alongside a community of volunteers. AGENDA MEMORANDUM
APRIL 4, 2022 COUNCIL MEETING**

SUBJECT: Z-1-22 Angelita Morrisroe – East of N. William Street between Wilson St. and E. US 70 Hwy. service road and within the corporate City limits.

BACKGROUND: The applicant is requesting a change of zone from Residential (R6) to General Business (GB) for two (2) private lots which are of continuous frontage and under single ownership within the Residential (R6) zoning district.

If approved, the owner will be required to recombine the lots into one for commercial development purposes meeting the requirements of the General Business (GB) zoning district.

Frontage: 92 ft. (Wilson St.)

90 ft. (E. Hwy. 70 SR)

Area: 18,030 sq. ft. or 0.41 acres

SURROUNDING ZONING:

North: Residential (R-6)

East: Residential (R-6)

West: General Business (GBCZ)

Existing Use: One of the two private lots is currently vacant. The other lot is occupied by a single-family dwelling.

Land Use Plan Recommendation: The City's Land Use Plan (CLUP) recommends High-Density Residential development for the property.

Although the (CLUP) recommends High Density Residential Development, the requested change of zone would be compatible with existing commercial zoning and uses in proximity to the site.

DISCUSSION:

Engineering: City water and sewer are available to serve the property. The subject property is not located in a Special Flood Hazard Area. Grading and drainage plans may be required.

At the public hearing held March 21, 2022, no one spoke in favor of or against the request.

On Monday, March 28, 2022, the Goldsboro Planning Commission recommended approval of the change of zone request from Residential (R6) to General Business (GB).

Although the Planning Commission's recommendation is inconsistent with the City's Comprehensive Land Use Plan (CLUP), the request would be compatible, and therefore, reasonable with existing commercial zoning and uses in proximity to the site.

RECOMMENDATION: By motion, accept the recommendation of the Planning Commission and,

1. Find the proposed zoning amendment inconsistent with the City's adopted Comprehensive Land Use Plan however, the request would be compatible, and therefore, reasonable with existing commercial zoning and uses in proximity to the site.
2. Find the proposed zoning amendment would be in the public interest because the zoning would allow uses that are compatible with adjacent properties within the surrounding areas and;
3. Adopt an Ordinance changing the zoning for the property from Residential (R6) to General Business (GB).

**CITY OF GOLDSBORO
AGENDA MEMORANDUM
APRIL 4, 2022 COUNCIL MEETING**

SUBJECT: Z-4-22 KRP Investments, LLC. – East side of Wayne Memorial Dr. between Fourth St. and Gracie Pl. and located in the corporate City limits.

BACKGROUND: The applicant is requesting a change of zone for a portion of the subject property (approximately 3 acres) from Office and Institutional (O & I-1) to Residential (R-6CZ) Conditional Zoning district limiting the use of the property to a three (3) story multi-family development complex consisting of sixty-three (63) units for individuals fifty-five (55) years of age and older. Remaining acreage will be reserved for future development.

According to the City's UDO, the proposed development shall meet the Multi-Family and Townhome development design standards of the R-6 zoning district.

Frontage: ±40.8 ft. (Fourth St.)

Area: 631,620 sq. ft. or 14.5 acres

SURROUNDING ZONING:

North: Office and Institutional (O & I-1)

South: Office and Institutional (O & I-1), Residential (R-9), Neighborhood Business (NB)

East: Residential (R-9)

West: Residential (R-9)/Office and Institutional (O & I-1)

Existing Use: The property currently consists of agricultural farmland and woodlands.

Land Use Plan Recommendation: The City's Land Use Plan recommends Office and Institutional development. Multi-family developments are a permitted use in the Office and Institutional (O & I-1) zoning district and must meet the development requirements of the closest, most restrictive zoning district. According to the City's Land Use Plan, higher residential densities

are recommended and should be encouraged since City water and sewer are available to serve the property.

DISCUSSION:

The submitted preliminary site plan indicates one, three-story apartment building containing a total of 63 units.

Access: Access to the site will be directly from the E. Fourth Street terminus. The applicant intends to construct and formally dedicate a public road built to City standards approximately 800 ft. eastward to the site and incorporate into the City's street network.

Parking: Parking for the site requires two spaces per unit for 1 and 2 BR apartments. 24 of the 63 total units will be 1-bedroom units and 39 will be 2-bedroom units. A total of 126 parking spaces are required and only 71 spaces have been shown on the preliminary site plan. Staff is working with developer to meet the City's commercial parking ordinance.

Open Space and Ownership: A common area equal to twenty percent (20%) of the entire development (excluding rights-of-way) shall be preserved, maintained and improved by the development owner for active recreational use by residents of the development. The required open space shall be held in common ownership, for the perpetual benefit of residents of the development, by a legally established corporation, association or other legal entity, or be dedicated to the City of Goldsboro as a public park. Staff is working with the developer to ensure compliance with this requirement.

Sidewalks: External City sidewalks are required and are not shown for the proposed development. Staff is working with the developer to meet this requirement.

Internal concrete sidewalks are shown providing access to building entrances through sloped ramps and handicap accessible walkways.

Lighting Plan: A commercial lighting plan has not been submitted. Since the subject property is located adjacent to residentially-zoned and developed properties, the developer will be required to submit a lighting plan in compliance with the City's Commercial Lighting ordinance.

Engineering: Subject property is located within the City limits of Goldsboro. As such, City water and sewer are available to serve the property. The property is not located within a special flood hazard area. City Engineering will require approval of storm water calculations and drainage plans prior to issuance of any building permits.

Landscaping: Street trees have been provided along the private access drive leading to the senior living facility. A Type B 15 ft. wide landscape buffer is required along all property lines with the exception of the eastern property line which will require a Type A 10 ft. wide buffer yard. Vehicular surface area landscape requirements must be met. Staff is working with the applicant to ensure landscape requirements are met per the requirements of the City's Unified Development Ordinance.

Refuse: Commercial dumpsters will be utilized for garbage collection. Staff will ensure that dumpster corals are properly constructed and appropriately screened from off-site views in accordance with City standards.

Building elevations: Building elevations been submitted. Roofing will consist of architectural shingles. Wall siding will consist of fiber cement cedar shakes, decorative brackets and brick-veneer.

Staff will ensure all multi-family development design standards are met per the requirements of the City's Unified Development Ordinance prior to issuance of any building permits.

Staff Findings: According to the City's Land Use Plan, higher residential densities are recommended and should be encouraged since City water and sewer are available to serve the property.

The City's Land Use Plan recommends Office and Institutional development. Multi-family developments are a permitted use in commercially-zoned districts such as General Business (GB), Office and Institutional (O & I-1), Neighborhood Business (NB), Shopping Center (SC), and Highway Business (HB) and must meet the development requirements of the closest, most restrictive residential zoning district.

At the public hearing held March 21, 2022, no one spoke in favor of or against the proposal.

On Monday, March 28, 2022, the Goldsboro Planning Commission recommended approval of the change of zone request for a portion of the subject property (approximately 3 acres) from Office and Institutional (O & I-1) to Residential (R-6CZ) Conditional Zoning district limiting the use of the property to a three (3) story multi-family development complex consisting of sixty-three (63) units for individuals fifty-five (55) years of age and older.

RECOMMENDATION: By motion, accept the recommendation of the Planning Commission and,

1. Find the proposed zoning amendment consistent with the City's adopted Comprehensive Land Use Plan.
2. Find the proposed zoning amendment reasonable and in the public interest because the proposed zoning would allow for infill and multi-family development which is compatible with existing properties in the surrounding area.
3. Find that City water and sewer are available to serve the property and that higher residential densities should be encouraged and considered for the site.
4. Adopt an Ordinance changing the zoning for the property for a portion of the subject property (approximately 3 acres) from Office and Institutional (O & I-1) to Residential (R-6CZ) Conditional Zoning district limiting the use of the property to a three (3) story multi-family development complex consisting of sixty-three (63) units for individuals fifty-five (55) years of age and older.

**CITY OF GOLDSBORO
AGENDA MEMORANDUM
APRIL 4, 2022 COUNCIL MEETING**

SUBJECT: Contract Extension for Goldsboro-Wayne Transportation Authority (GWTA) Marketing and Public Relations Services with Quest Corporation of America, Inc.

BACKGROUND: Goldsboro-Wayne Transportation Authority, known locally as GWTA, requested qualifications from qualified marketing/public relations firms to manage and expand the public outreach and marketing strategy for the GWTA public transportation system in 2019 and contracted those services with Quest Corporation of America (QCA), Inc.

The scope of services included development, maintenance, and/or creation of the following items:

1. Public outreach materials and promotional items, media kits, corporate information packets, advertising media, and other associated items;
2. Customer satisfaction surveys;
3. Ridership counts;
4. GWTA website;
5. All signage and graphics for bus shelters, transit equipment, bus stop signs, etc.;
6. Attendance at GWTA Board of Directors and staff meetings;
7. Advertising/marketing strategies for ridership development and growth;
8. System and route map development and updates, associated comprehensive and individual schedule brochures, and stop level schedule displays;
9. Multi-Ride Pass media design and development;
10. Research and development of revenue generating advertising program options;
11. Graphics and materials associated with the marketing program and strategies as needed; and
12. Development of high quality, economical production options.

The contract began July 1, 2019, ends June 30, 2022, and includes an option to extend for up to two one-year periods.

The Goldsboro MPO is allocated 5303 transit planning funds annually through the North Carolina Department of Transportation Integrated Mobility Division. These funds are available from the Federal Transit Administration under the Metropolitan Planning Program and used solely for transit planning activities. GWTA has been a designated recipient of these funds and funds are used for their short-term and long-term transit planning needs.

Scope of services within the current QCA contract are eligible expenses for the use of 5303 funds and are reimbursable to the City of Goldsboro, lead planning agency for the Goldsboro MPO, at an 80/10/10 cost share. These funds are budgeted within the City's budget each year.

DISCUSSION:

The Goldsboro MPO was allocated \$110,293 in 5303 funds for FY23. The GWTA Board of Directors met on February 24, 2022 and requested that the contract with QCA be extended and amended in order to draw down 5303 funds for eligible transit planning activities. Extension of the contract would allow for the following additional tasks beginning July 1, 2022, through June 30, 2023:

1. Workforce Development – planning of job fairs and development of additional workforce materials;
2. Update and Development of Additional Marketing materials such as displays and necessary collaterals to support community events;
3. Audit of all signage and refresh of signage as may be needed;
4. Development of animated videos to support “How to Ride” and travel training to encourage use of fixed route services instead of more expensive demand response van services;
5. Radio advertising program; and
6. Social Media presence review and refresh to increase presence online.

Staff recommended the extension of the contract with QCA to the Goldsboro MPO Transportation Advisory Committee (TAC) at their March 17, 2022 meeting. The recommendation was based on GWTA's Board of Directors recommendation, quality of previous and current work, and project approach for additional tasks. The Goldsboro MPO Transportation Advisory Committee recommended and approved the

extension of the contract terms with QCA for one additional year.

Staff has worked with the consultant and NCDOT to negotiate a fee for the additional tasks in the amount of:

<u>Contract for Services</u>	<u>\$50,117.00</u>
City of Goldsboro (+/- 10%)	\$5,012.00
State (+/- 10%)	\$5,012.00
FTA (+/- 80%)	\$40,093.00

The contract extension fee proposal has been reviewed by the Planning Department and North Carolina Department of Transportation, checked for accuracy, and found to be in order. We have also reviewed the financing of this project with the Finance Director. Sufficient funds will be available for this project within the FY23 City Budget with 80% of the project eligible for the use of 5303 funds and reimbursed by NCDOT.

RECOMMENDATION: By motion, accept the GWTA Board of Directors and Goldsboro MPO Transportation Advisory Committee's recommendation and

1. Extend the contract of services with QCA for additional tasks.
2. Adopt the attached Resolution authorizing the Mayor and City Clerk to execute a contract extension in the amount of \$50,117 for one additional year.

CITY OF GOLDSBORO
AGENDA MEMORANDUM
APRIL 4, 2022 COUNCIL MEETING

SUBJECT: Municipal Agreement with the North Carolina Department of Transportation for Inspection of Bridges on the Municipal Street System

BACKGROUND: The Surface Transportation Assistance Act of 1978 requires that all bridges open for public use must be inspected on an interval not to exceed two years. The bridges on the municipal street system in Goldsboro were last inspected in 2020. Thus, they are due to be reinspected during 2022.

With the inspections, the City at its option may: (1) inspect the bridges with its own staff; (2) employ a consultant firm to accomplish the inspections; or (3) have the Department of Transportation (DOT) or a consultant employed by DOT to make the inspections. Should the City elect either (1) or (2), the DOT will reimburse the City the 80% federal-aid share of the cost. Should the City elect (3), DOT will bill the City for the 20% local share of the cost upon completion of the work. Under any of the three options, no work can be done until a municipal/state agreement is properly executed by both the City Council and the Department of Transportation.

Goldsboro's City bridges are as follows:

1. Best Street over Long Branch
2. Harris Street over Long Branch
3. Berry Street over Long Branch
4. Wayne Avenue over Big Ditch
5. Retha Street over Big Ditch
6. Slocumb Street over Stoney Creek

DISCUSSION: DOT anticipates the inspections to cost the City of Goldsboro approximately \$650 per structure for a total estimate of \$3,900. The actual cost is based on the work being performed, therefore the final invoice amount will not be known until the work is complete.

The Engineering Department does not have a licensed Bridge Inspector. The proposed FY2022-23 budget includes funds to meet this financial responsibility.

RECOMMENDATION: Adopt the attached resolution authorizing the Mayor and City Clerk to sign an agreement with the N. C. Department of Transportation for the inspection of bridges on the municipal street system.

AGENDA MEMORANDUM
APRIL 4, 2022 COUNCIL MEETING

SUBJECT: Approve PO for Computer Replacement Plan

BACKGROUND: The City Council approved the expenditure in the current fiscal year budget. In December 2021, Council approved the financing for our replacement plan to replace staff computers for the City of Goldsboro.

DISCUSSION: G.S. 143-129 requires formal bidding when the estimated expenditure of public money is greater than \$90,000 for apparatus, supplies, materials or equipment, and further requires that the governing body must award the contract. The statute allows the governing body to delegate the authority to award contracts, reject bids, or readvertise bids on behalf of the unit to the manager or other employee. City Council authorized the City Manager or the Finance Director this authority on April 19, 2021 in RES 2021-30.

The procurement of the IT equipment was done through State Contract as allowed by law. As per internal memorandum dated April 19, 2021, the City Manager and Finance Director stipulate that the delegated authority limit is \$250,000, and contracts over this amount shall be presented to City Council for approval and award. The purchase order amount is \$510,931.15 to Netcom Business Solutions, Inc.

RECOMMENDATION: It is recommended that Council authorize the award of IT equipment to Netcom Business Solutions, Inc. in the amount of \$510,931.15 as documented on P2200827.

**CITY OF GOLDSBORO
AGENDA MEMORANDUM
APRIL 4, 2022 COUNCIL MEETING**

SUBJECT: Z-2-22 Eastern Hill, Inc. – South side of E. Elm Street between Crawford St. and Beale St. and within the corporate City limits.

BACKGROUND: The applicant is requesting a change of zone from Residential (R6) to General Business (GB) for three (3) private lots which are of continuous frontage and under single ownership within the Residential (R6) zoning district.

If approved, the owner will be required to recombine the lots into one for commercial development purposes meeting the requirements of the General Business (GB) zoning district.

In addition, a variance will be required for one of the three lots consisting of an existing non-conforming commercial building which does not meet the required front setback of 20ft. along E. Elm, Crawford and Hugh St.

Frontage: 159.4 ft. (E. Elm St.), 97.3 ft. (Crawford St.) and 146.3 ft. (Hugh St.)

Area: 14,385 sq. ft. or 0.33 acres

SURROUNDING ZONING:

North: General Business (GB)

South: Residential (R-6)

East: Residential (R-6)

West: General Business (GB)

Existing Use: Two of the three lots fronting E. Elm St. are vacant. The third lot at the corner of E. Elm and Crawford consists of an existing non-conforming, one-story brick-veneer and concrete block commercial building of approximately 1,782 sq. ft.

Land Use Plan Recommendation: The City's Land Use Plan (CLUP) recommends High-Density Residential development for the property.

Although the (CLUP) recommends High Density Residential Development, the requested change of zone would be compatible with existing commercial zoning and uses in proximity to the site.

However, staff recommends a more restrictive zone such as Neighborhood Business (NB) to serve as a more appropriate transitional buffer between commercial and residential development.

DISCUSSION: The applicant intends to rehabilitate the existing commercial building for office-use; business and professional services are preferred.

Engineering: City water and sewer are available to serve the property. The subject property is not located in a Special Flood Hazard Area. Grading and drainage plans may be required.

At the public hearing held March 21, 2022, no one spoke in favor of or against the request.

On Monday, March 28, 2022, the Goldsboro Planning Commission recommended approval of the change of zone request from Residential (R6) to General Business (GB).

Although the Planning Commission's recommendation is inconsistent with the City's Comprehensive Land Use Plan (CLUP), the request would be compatible, and therefore, reasonable with existing commercial zoning and uses in proximity to the site.

RECOMMENDATION: By motion, accept the recommendation of the Planning Commission and,

1. Find the proposed zoning amendment inconsistent with the City's adopted Comprehensive Land Use Plan however, the request would be compatible, and therefore, reasonable with existing commercial zoning and uses in proximity to the site.
2. Find the proposed zoning amendment would be in the public interest because the zoning would allow uses that are compatible with adjacent properties within the surrounding areas and;
3. Adopt an Ordinance changing the zoning for the property from Residential (R6) to General Business (GB).

**CITY OF GOLDSBORO
AGENDA MEMORANDUM
APRIL 4, 2022 COUNCIL MEETING**

SUBJECT: Z-3-22 RBV Investments, LLC. – North side of E. US 70 Hwy. between Corbett St. and N. Oak Forest Dr. and located in the corporate City limits.

BACKGROUND: The applicant is requesting a change of zone for the subject property from Residential Single-Family Conditional Zoning (R-9SFCZ) to Residential Conditional Zoning (R-9CZ) limiting the property to a townhome development complex consisting of one-hundred and seven (107) units.

According to the City's UDO, the proposed development shall meet the Multi-Family and Townhome development design standards of the R-9 zoning district.

Frontage: ±400 ft. (Corbett St.)

Area: 599,385 sq. ft. or 13.7 acres

SURROUNDING ZONING:

North: Office and Institutional (O &I-1)

South: Residential (R-16/R-12SF), Office and Institutional (O &I-1)

East: Residential (R-16)

West: Residential (R-16)/Neighborhood Business (NB)

On November 4, 2013, the Goldsboro City Council concurred with the recommendation of the Planning Commission and adopted an ordinance changing the zoning for the subject property from Residential (R-12SF) to Residential (R-9 SFCZ) and approved a conceptual plan for a total of 42 single-family lots. The site was never developed.

Existing Use: Currently, the property consists of agricultural farmland.

Land Use Plan Recommendation: The City's Land Use Plan recommends Commercial and Industrial development.

DISCUSSION:

The submitted preliminary site plan indicates a total of one-hundred and seven (107) townhome units.

Access: Access to the site will be directly from the Corbett St. terminus off of McClain St. The applicant intends to extend Corbett St. and construct two new roads built to City standards for formal dedication and acceptance into the City's street network.

Parking: Parking for the site requires two spaces per unit for 1 and 2 BR apartments and three spaces for units over 3 BRs. Staff is working with developer to ensure compliance with the City's parking ordinance.

Open Space and Ownership: A common area equal to twenty percent (20%) of the entire development (excluding rights-of-way) shall be preserved, maintained and improved by the development owner for active recreational use by residents of the development. The site plan shows open space equal to forty-four percent (44%) of the developed area.

In addition, the required open space shall be held in common ownership, for the perpetual benefit of residents of the development, by a legally established corporation, association or other legal entity, or be dedicated to the City of Goldsboro as a public park.

Sidewalks: External City sidewalks are required and are shown for the proposed development utilizing handicap accessible slopes and ramps. Additional sidewalks will be required along interconnecting streets for future development purposes.

Lighting Plan: A commercial lighting plan has not been submitted. Since the subject property is located adjacent to residentially-zoned and developed properties, the developer will be required to submit a lighting plan in compliance with the City's Commercial Lighting ordinance.

Interconnectivity: Interconnectivity has been shown for the site off of Corbett St. and Seymour Village Dr.

Engineering: Subject property is located within the City limits of Goldsboro. As such, City water and sewer are available to serve the property. The property is not located within a special flood hazard area. City Engineering will require approval of storm water

calculations and drainage plans prior to issuance of any building permits.

Landscaping: Street trees have been provided along the proposed townhome street network. A Type B 15 ft. wide landscape buffer is required along all property lines and has been shown for the development.

Utilities: All utilities shall be underground.

Storage: At least twenty-four square feet of individual enclosed storage space shall be provided for each dwelling unit.

Refuse: Commercial dumpsters will be utilized for garbage collection. Staff will ensure that dumpster corals are properly constructed and appropriately screened from off-site views in accordance with City standards.

Building elevations: Building elevations have not been submitted. Staff will ensure all townhome development design standards are met per the requirements of the City's Unified Development Ordinance prior to issuance of any building permits.

Staff Findings: According to the City's Land Use Plan, higher residential densities are recommended and should be encouraged since City water and sewer are available to serve the property.

The City's CLUP recommends Commercial development for the property. Multi-family developments are a permitted use in commercially-zoned districts such as General Business (GB), Office and Institutional (O & I-1), Neighborhood Business (NB), Shopping Center (SC), and Highway Business (HB) and must meet the development requirements of the closest, most restrictive residential zoning district.

At the public hearing held March 21, 2022, one person spoke against the proposal and requested City Council not to change the existing residential zone from single-family residential use.

On Monday, March 28, 2022, the Goldsboro Planning Commission recommended approval of the change of zone request from Residential Single-Family Conditional Zoning (R-9SFCZ) to Residential Conditional Zoning (R-9CZ) limiting the property to a townhome development complex consisting of one-hundred and seven (107) units.

RECOMMENDATION: By motion, accept the recommendation of the Planning Commission and,

1. Find the proposed zoning amendment consistent with the City's adopted Comprehensive Land Use Plan.
2. Find the proposed zoning amendment reasonable and in the public interest because the proposed zoning would allow for infill and townhome/multi-family development which are compatible with existing properties in the surrounding area.
3. Find that City water and sewer are available to serve the property and that higher residential densities should be encouraged and considered for the site.
4. Adopt an Ordinance changing the zoning for the property from Residential Single-Family Conditional Zoning (R-9SFCZ) to Residential Conditional Zoning (R-9CZ) limiting the property to a townhome development complex consisting of one-hundred and seven (107) units.
