CITY OF GOLDSBORO
AGENDA MEMORANDUM
NOVEMBER 21, 2022 COUNCIL MEETING

SUBJECT: Herman Park Center and T.C. Coley Center Update

BACKGROUND: Herman Park Center (HPC), formerly the Odd Fellow Home orphanage built in 1892, was purchased and renovated by the City in 1978. The 16,000-square foot building features an auditorium/gymnasium, kitchen, meeting rooms, fitness center, and office space for the City Park & Recreation (P&R) staff.

T.C. Coley Center (TCCC), formerly the City W.A. Foster Center built in 1938, was renovated in 2018 at a cost of \$210K to remove asbestos and renovate the recreation room floors. The 13,000-square foot building features a gymnasium that is currently home to Ashford's Boxing Club, kitchen, multipurpose spaces for rentals, two offices, and a playground. Annual operating costs for TCCC are estimated to be ~\$35K and offset by rental revenue which in FY22 was \$8K.

DISCUSSION: In September 2022, HPC was closed due to positive tests for mold and recommendation to conduct mold remediation after repairs. Required remediation and repairs include asbestos abatement, roof, and HVAC replacement at a staff estimated cost of more than \$200K. There is no funding in the FY23 budget for this work; contingency funding or fund balance could be used. The new Herman Park Center will cost significantly more than the \$11M approved by Council as discussed with Council on October 17, 2022.

In October 2022, P&R staff at HPC relocated to the Senior House next door and senior programs were relocated to available space in TCCC along with the HPC pottery classes. TCCC needs ~\$55K of roof repairs and interior painting due to leaks from rain. If programs or rentals other than Ashford boxing will be

conducted at TCCC, the roof repairs and interior painting should be done.

RECOMMENDATION:

Staff recommend Council agree to close HPC until a new HPC is built and authorize staff to seek grant funding for demolition of the old HPC and purchase of a new HPC. Any grant matching fund requirements will be brought to Council for approval.

Staff recommend Council either approve or deny funding for TCCC roof repairs and interior painting. If funding for roof repairs is not approved, programs and rentals in the recreation room should not be offered; Ashford boxing and pottery classes could be offered. Additionally, if funding for repairs is not approved, the sale or demolition of the building should be considered.

Council also discussed panhandling in DOT and City right of ways. Chief West and Captain Adams will bring an ordinance revision to the next council meeting for council consideration.

Captain Adams also shared information regarding the homeless. Council discussed the homeless issue.

Golf Course Committee Dissolution Discussion. City Manager Salmon shared the Golf Course Committee has not met for the past two years; they have not had a quorum. Golf Course Committee members recommend the committee be dissolved. The Recreation Advisory Commission (RAC) can take on the responsibilities if there are any complaints about the golf course or items needed to be addressed. City Manager Salmon shared this is his recommendation. Mayor Ham shared the council establishes committees and have to make the determination that it be dissolved. Members of the Golf Course Committee that are still interested in serving can apply to serve on the Recreation Advisory Commission. Council consensus was to dissolve the committee. The City Clerk will bring an ordinance back to the next meeting to dissolve the committee.

Council Meeting Dates for 2023. Mayor Ham shared the information regarding the proposed dates. Laura Getz, City Clerk, will bring an item back to the next meeting to adopt the calendar after individual discussion with council members regarding retreat dates.

Approval of Minutes. Mayor Pro Tem Polack made a motion to approve the minutes of the Work Session and Regular Meeting of October 17, 2022. The motion was seconded by Councilman Batts and unanimously carried.

Presentations.

Employee Performance Awards. City Manager Tim Salmon presented the following awards:

Employee of the Quarter Award: Allie Price. Allie has exhibited professionalism, integrity, and customer focus as we continue to work through the Covid pandemic. She works as a Senior Park Technician assigned to Center Street, and leads by example in the fulfilment of her duties.

Allie just about single-handedly accomplished getting the flowers planted along Center Street this spring. She usually works with another full-time employee in addition to a temporary employee. However, the other full-time employee retired, and the plantings could not be delayed. The planting commenced with Allie getting assistance from other employees, and directing them on where everything needed to be planted.

During this time, Allie kept a positive attitude, putting her love for her work on display. Once the planting was completed, she also assisted with making sure the irrigation on Center Street worked correctly, and adjusted the sprinkler heads as needed.

Allie went above and beyond, exhibiting professionalism, integrity, and customer focus, while accomplishing the task of the beautification of Center Street. Allie’s work ethic and accomplishments reflect well on herself and the City of Goldsboro.

Supervisor of the Quarter Award: Jonathan Perry. Jonathan was promoted to the Project Manager position in Engineering this past year. Since that time, he has embraced his new responsibilities for the the City and has been an incredible asset to the city through his professional ethics and commitment. Over the last quarter, Jonathan has experienced tremendous "wins" through his dedication and extra effort on specific tasks,

Jonathan assisted on resolving a water line break with Public Works. He put in extra effort and assistance in notifying the public, and working with Public Works on a resolution.

Jonathan also has taken on the role of applying for project grant money. Through his direct efforts, the City has recently received two grants in excess of \$6 million for design and critical infrastructure needs. He is trying to build on this success by applying for infrastructure projects in excess of \$8.5 million. Since we are now applying for projects in-house, this is allowing us to commit more money directly to the project and infrastructure that goes in the ground for the benefit of our community rather than letting a portion of that money go toward consulting firms.

Through these significant efforts and many others, Jonathan continues to exhibit Engineering's and the City's dedication to making Goldsboro a better place every day. Jonathan's work ethic and accomplishments reflect well on himself and the City of Goldsboro.

Public Hearings.

ORDINANCE 2022-54 "AN ORDINANCE ANNEXING CERTAIN CONTIGUOUS REAL PROPERTY TO THE CITY OF GOLDSBORO, NORTH CAROLINA"

Z-20-22 The Fields at New Hope (Residential 16 to Conditional Residential 12) – East side of W. New Hope Rd. at its intersection with Cuyler Best Rd. Public Hearing Held. Ordinance to Deny Adopted.

ADDRESS: No physical address yet.

PARCEL #: 3610928845

PROPERTY OWNER: Yvonne W. Purnell

APPLICANT: Denstock, LLC

The applicant is requesting a conditional rezoning for the subject property from Residential 16 (R-16) to a Residential 12 (R-12) Conditional Zoning District. The purpose of the Residential 12 (R-12) Zoning District is to accommodate both single and multi-family residential uses and to prohibit all activities of a commercial nature, except certain home occupations. Multi-family dwellings are required to have 12,000 square feet of land area for the first unit and 6,000 square feet for each additional unit.

This proposal is to establish 258 luxury apartment units along with a clubhouse and other amenities to serve the multi-family development.

Access: W New Hope Rd.

Area: 52.86 acres

Schools: Tommy's Road Elementary, Eastern Wayne Middle & High

SURROUNDING ZONING:

North: Office & Institutional I & General Business

South: Office & Institutional I, Residential 12-Single Family, Residential 16

East: Residential 16

West: Shopping Center & Residential 16

The parcel proposed to be rezoned is vacant.

The City's Land Use Plan locates this parcel within two separate land use designations. The land use designations in which the parcel is located are Mixed Use I and Medium-Density Residential. The portion of the parcel that the majority of the development is proposed to take place on is within the Mixed Use I designation.

This designations intent is to allow for a mixture of uses that have a minimum impact on the adjacent areas. Corresponding zoning districts for the Mixed Use I designation are as follows; Office Residence (O-R), Office & Institutional 1 (O&I-1), Office & Institutional 2 (O&I-2), and Neighborhood Business (NB). The Residential 12 (R-12) Zoning District is not identified as a corresponding district for this designation.

This designation was developed after evaluating the location of existing residential developments, identification of environmental constraints, and the location of infrastructure. Medium-Density designations exists in areas where water and sewer are available or where there are plans to extend water and sewer services. Corresponding zoning districts for the Medium-Density Residential designation are as follows; R-9SF, RM-9, R-12SF, and R-16. The Residential 12 (R-12) Zoning District is not identified as a corresponding district for this designation.

Despite the Residential 12 (R-12) Zoning District not being consistent with the land use plan map designation, the Goldsboro Comprehensive Plan states, as locations designated as medium density receives water and sewer service, higher residential densities should be allowed.

This is a conditional rezoning to establish 258 luxury apartments. The property is currently located in the City of Goldsboro ETJ and is required to be annexed by the City to receive water and sewer service. The owner has submitted a petition for contiguous annexation and if this conditional rezoning request is approved, the petition for annexation shall be presented to City Council at a later date. In an effort to be sensitive to potential concerns from the residential properties located south of this property, the applicant is proposing to increase the stream buffer on the southern portion to 70' as well as to heavily vegetate the southern boundary of the property to at least the depth of the rear buildings to mitigate visibility from the existing adjacent residences. The applicant is also proposing to only have two-story buildings along the southern boundary of the property.

If approved, the applicant is required to submit a Site Plan for review and approval before any construction takes place. The development of the site is required to comply with the City of Goldsboro UDO.

Staff has distributed this proposed rezoning to several different departments as well as Seymour Johnson Air Force Base and NCDOT. Please see below for the comments that were received during the review process.

- Seymour Johnson has no concern.
- NCDOT: a TIA (Traffic Impact Analysis) will be required for this site.
- Emergency Services: requires two access points, NCDOT desires one access point. To accommodate this an emergency access easement is being provided that will only be utilized for Emergency Services, in the event it is needed.

There are existing water pressure issues in this area, specifically regarding water pressure on the second floor of structures. The developer has been made aware of steps that can be taken to combat this issue and they are prepared to utilize the recommended constant pressure booster pump.

Staff is recommending approval of the conditional rezoning request. Despite the Residential 12 (R-12) Zoning District not being consistent with the land use plan map designation, the Goldsboro Comprehensive Plan states, as locations designated as medium density receives water and sewer service, higher residential densities should be allowed.

The City of Goldsboro Planning Commission met on October 24, 2022 to review and make a recommendation regarding the conditional rezoning proposal. The Planning Commission voted to adopt the Consistency Statement (attached) and recommend approval to City Council for the proposed conditional rezoning. The vote was 3-2.

It was recommended that council vote to adopt the recommendation for approval and consistency statement that the Planning Commission has provided and vote to adopt the Approval Ordinance with the inclusion of the Consistency Statement, or vote to adopt the Ordinance to Deny with the inclusion of a statement that deems this rezoning request to be inconsistent.

Mayor Ham opened the public hearing. The following people spoke:

A motion was made by Mayor Pro Tem Polack to adopt the Ordinance to Deny with the inclusion of a statement that deems this rezoning request to be inconsistent. The motion was seconded by Councilman Batts, and unanimously carried. Council adopted the following entitled Ordinance.

Z-22-22 Caviness & Cates (Residential-16 to Residential-6CZ) – N. Oak Forest Rd. between Central Heights Rd. and Gateway Dr. Public Hearing Held. Ordinance to Approve Adopted.

ADDRESS: No physical address yet.

PARCEL #: 3519849058

PROPERTY OWNER: Oak Forest Holdings, LLC.

APPLICANT: WithersRavenel

The applicant is requesting a conditional rezoning for a 0.51 acre of subject property from Residential (R16) to Residential (R6CZ) Conditional Zoning District. This is an addition to a previously rezoned site zoned Residential (R6CZ) for the construction of a multi-family development complex consisting of three hundred and twelve (312) apartments. The addition of this parcel provides for a stormwater control measure (SCM) to be placed on the site as a requirement of the City's UDO. Adjacent parcels will be recombined with this parcel for a development plan.

These conditions were approved with the conditional rezoning application: Z-5-22 (Oak Forest Rd. Multi-Family Development)

1. Permitted uses shall be limited to the following:
 - a. Multi-family (three or more units) – New Construction or Conversion
 - b. Open space, active or passive
 - c. Accessory structures and uses when located on the same lot as the main structure, excluding open storage
 - d. Outdoor recreational facilities privately owned, not constructed in conjunction with a single- family subdivision or planned unit development
 - e. The number of dwelling units for parcels 3519849058, 3519922922, and 3519839488 shall not exceed 312.
2. The height shall not exceed 45 feet as measured at the front elevation.
3. A stormwater control measure (SCM) access easement shall be provided and recorded with the Register of Deeds prior to the issuance of the first certificate of occupancy.
4. An additional access point will be added at the northern project boundary in conjunction with North Carolina Department of Transportation Project U-5724.
5. The attached site plan represents the intended uses, density, and intensity of the multi-family residential. During site plan and construction plan phases buildings, parking, and other site elements may be adjusted for a better site design with review and approval by the City of Goldsboro Planning Director.
6. The attached building elevations are representative of the product type that may be built on the site. The elevations will be modified to meet the City of Goldsboro's design standards and will be reviewed and approved by the City of Goldsboro Planning Director during site plan and construction plan review.

The purpose of the Residential (R6) zoning district is to accommodate both single and multifamily residential uses and to prohibit all activities of a commercial nature, except certain home occupations. Multi-family dwellings are required to have 6,000 square feet of land area for the first unit with an additional 2,000 square feet of land area required for each additional unit.

Access: N. Oak Forest Rd.

Area: 0.51 acres

SURROUNDING ZONING:

North: General Business (GB), General Business (RM-NC)

South: Residential (R6CZ)

East: Residential (R6CZ)

West: Office & Institutional (O&I-1)

The parcel proposed to be rezoned is currently vacant and used for agricultural-related purposes.

The City's Comprehensive Land Use Plan (CLUP) recommends Industry for the parcel. This designation was developed to establish and protect industrial areas for the use of prime industrial operations and for the distribution of products at wholesale.

The Residential (R6) Zoning district is not a desired zoning district for the Industry designation.

This is a rezoning proposal for a 0.51 acre lot to be rezoned from the Residential (R16) Zoning District to Residential (R6CZ) Conditional Zoning District. Despite the Residential (R6CZ) designation not being compliant with the land use Industry designation, there are several factors which support a rezoning. These factors include the fact that the land use Industry designation does not reflect current land use trends. The City's CLUP was adopted in 2013. In addition, adjacent properties have been recently zoned and approved for residential development. The proposed use of the property as a stormwater control measure associated with a previously approved multi-family development complex consisting of 312 apartments will ensure compliance with the City's UDO.

Staff has distributed this proposed rezoning to several different departments as well as Seymour Johnson Air Force Base and NCDOT. The following comments were recommended:

A TIA has been requested for the site.

The City of Goldsboro Planning Commission met on October 24, 2022 to review and make a recommendation regarding the rezoning proposal. The Planning Commission voted to adopt the Consistency Statement (attached) and recommend approval to City Council for the proposed rezoning. The vote was 5-0 in unanimous favor of approval.

Staff recommended that Council vote to adopt the recommendation for approval and consistency statement that the Planning Commission has provided and vote to adopt the Approval Ordinance with the inclusion of the Consistency Statement, or Council to vote to deny and adopt the Ordinance to Deny with the inclusion of a statement that deems this rezoning request to be inconsistent.

Mayor Ham opened the public hearing, no one spoke and the public hearing was closed.

A motion was made by Councilman Gaylor to adopt the recommendation for approval and Consistency Statement that the Goldsboro Planning Commission has provided and adopt the Approval Ordinance with the inclusion of the Consistency Statement. The motion was seconded by Councilmember Broadaway and unanimously carried.

ORDINANCE NO. 2022- 56 "AN ORDINANCE AMENDING THE OFFICIAL ZONING MAP AND COMPREHENSIVE LAND USE MAP OF THE CITY OF GOLDSBORO, NORTH CAROLINA"

UDO-1-22 Tattoo Parlors – Central Business District (Special Use). Public Hearing Held. Ordinance Adopted.

APPLICANT: Zachary Cirocco

The applicant is proposing for Tattoo Parlors to be permitted as a Special Use in the Central Business District. The Central Business District is established to maintain and strengthen the concentration of commercial, service, residential and institutional uses that serve the entire community and region. The district encourages a mix of high intensity, pedestrian oriented uses compatibly designed and arranged around the existing compact core. The district is intended to safeguard the unique architectural character, social activity and cultural value of the downtown while promoting its continued success and redevelopment. Tattoo Parlors are currently permitted as a Special Use only in the Airport Business and General Business Zoning Districts. The Articles of the UDO proposed to be amended are as follows: Article 5.4 Table of Permitted Uses (UDO Table of Permitted Uses), Article 5.5.4 Special Use Specific Regulations and Article 9.2 Definitions.

The City of Goldsboro Comprehensive Plan classifies the Central Business District to be in the Mixed-Use Downtown designation. An identified goal of the comprehensive land use plan is to continue to focus on improvement of the downtown Goldsboro area. By allowing for Tattoo Parlors as a Special Use, this would add a new type of personal service use to the downtown area.

See below for the language for the proposed amendment.

ARTICLE 5.4 TABLE OF PERMITTED USES (UDO TABLE OF PERMITTED USES):

Tattoo Parlors to include "S2" for Tattoo Parlors to be permitted as a Special Use in the CBD.

ARTICLE 5.5.4 SPECIAL USE SPECIFIC REGULATIONS:

- 1.) A minimum 500 ft radius separation is required between tattoo parlors (CBD requirement).
- 2.) Valid permit from NC Department of Health and Human Services for the operation of the Tattoo Parlor must be provided to the City of Goldsboro within 30 days of obtaining a Certificate of Occupancy

ARTICLE 9.2 DEFINITIONS:

Tattoo Parlors: an establishment whose principal business activity is the practice of producing body art including but not limited to the placing of designs, letters, figures, symbols, or other marks upon or under the skin of any person, using ink or other substances that result in the permanent coloration of the skin by means of the use of needles or other instruments designed to contact the skin.

Staff is recommending approval of the proposed text amendment.

The proposal would still require potential Tattoo Parlors in the CBD to receive a Special Use Permit from City Council and undergo the quasi-judicial review process. Furthermore, this use would aid in creating a diverse downtown area by allowing for a new type of personal service use.

The City of Goldsboro Planning Commission met on October 24, 2022 to review and make a recommendation regarding the text amendment proposal. The Planning Commission voted to adopt the Consistency Statement (attached) and recommend approval to City Council for the proposed text amendment. The vote was 5-0 in unanimous favor of approval.

Staff recommended that council vote to adopt the recommendation for approval and consistency statement that the Planning Commission has provided and vote to adopt the Approval Ordinance with the inclusion of the Consistency Statement, or council vote to deny and adopt the Ordinance to Deny with the inclusion of a statement that deems this text amendment request to be inconsistent.

Consent Agenda – Approved as Recommended. City Manager Tim Salmon presented the Consent Agenda. All items were considered to be routine and could be enacted simultaneously with one motion and a roll call vote. If a Councilmember so requested, any item(s) could be removed from the Consent Agenda and discussed and considered separately. In that event, the remaining item(s) on the Consent Agenda would be acted on with one motion and roll call vote. Councilman Broadaway moved the items on the Consent Agenda, Items H-P be approved as recommended by the City Manager and staff. The motion was seconded by Mayor Pro Tem Polack and a roll call vote resulted in all members voting in favor of the motion.

The items on the Consent Agenda were as follows:

Approve Facility Use Lease for North State Communications Advanced Services, LLC. Resolution Adopted. The City of Goldsboro was approached by North State Communications Advanced Services, LLC (North State) with a request for a Point of Presence (POP) site on City property. The site is necessary in order to install a Fiber-To-The-Home project that they are installing in Goldsboro.

The land needed for the POP site is located behind the Park Maintenance Facility in Peacock Park. It is a 900 square foot area where they will install a concrete pad and prefabricated building. No staff will be located at the site.

The City did an assessment of the Fair Market Value of the land based on an equation from the UNC School of Government and determined that an exchange of services from the company would be more reasonable than a monetary lease fee. North State will provide the City with two strands of dark fiber for three City facilities. Dark fiber is fiber optic cable with no equipment or connections that generate light on the fiber. The City can install equipment to "light the fiber" and allow isolated traffic for City facilities. This will provide service to the Bryan Multisport Complex, Goldsboro Fire Department Training Grounds and a redundant connection from City Hall Addition to the City Disaster Recovery Site.

Pursuant to NCGS 160A-272, notice was provided in the Goldsboro News Argus on October 6, 2022.

It was recommended that Council approve the following entitled resolution authorizing the City Manager to enter into a lease agreement with North State Communications Advanced Services, LLC for the POP site lease. Consent Agenda Approval. Broadaway/Polack (6 Ayes)

RESOLUTION 2022-104 "A RESOLUTION AUTHORIZING THE CITY OF GOLDSBORO TO ACCEPT GRANT FUNDING FROM THE NC OSBM THAT WAS APPROVED IN THE NC GENERAL ASSEMBLY BUDGET FOR FY22-23"

Intent to Purchase using Procurement Exception. Resolution Adopted. The City of Goldsboro owns and operates two (2) compost agitators used at the compost facility. These agitators are manufactured by BDP Industries, and the parts needed to rebuild agitator #1 will be purchased directly from the manufacturer. This machine mixes the mulch, wood and biosolids down the bay and flips the compost over, helping with processing this product. This machine is crucial to the composting process. Mixing this system with another manufacturer's product would not be possible as the parts are incompatible.

General Statute 143-129 establishes the State bidding requirements for purchase of apparatus, supplies, materials, or equipment. Subsection (e)(6)(i) grants the city authority to exempt purchases from the bidding requirements when performance and price competition for these products are not available.

It was recommended that Council adopt the following entitled Resolution to purchase the agitator parts using the procurement exception and authorize the purchase to maintain compatibility with the current system. Consent Agenda Approval. Broadaway/Polack (6 Ayes)

Mutual Aid Agreement Renewal. Resolution Adopted. The Goldsboro Fire Department works with Seymour Johnson Air Force Base and Wayne County Firefighters Association to provide emergency service coverage to the community. A mutual aid agreement provides all parties with clarity of responsibility and expectations.

The lapse in time and changes across the administrations warrant an update. It is deemed in the best interest of the public to do so.

The purpose of the agreement is to provide each of the parties hereto, through mutual cooperation, a pre-determined plan; as agreed upon in dispatch protocol, by which aid will be rendered to the other in case of any incident which may demand services to a degree beyond the existing capabilities of either party.

It was recommended that Council adopt the following entitled resolution authorizing the Fire Chief to sign the Mutual Aid In Fire Emergency Services Agreement between Seymour Johnson Air Force Base and Goldsboro Fire Department and Wayne County Firefighters Association. Consent Agenda Approval. Broadaway/Polack (6 Ayes)

The State of the Community presentation will be tomorrow morning at 11:00 at the GEC and the Veteran's Day parade will be on November 11. Center Street will be closed from 7:00 a.m. - 3:00 p.m. and the parade begins at 10:00 a.m.

Ceremonial Documents.

Veterans Day Proclamation. Read by Councilman Broadaway; The Goldsboro City Council proclaimed November 11, 2022 as VETERANS DAY in the City of Goldsboro and urge all citizens to remember the service and sacrifice of our veterans who defend our freedom and preserve our way of life.

Small Business Saturday Proclamation. Read by Mayor Pro Tem Polack; The Goldsboro City Council proclaimed November 26, 2022 as: SMALL BUSINESS SATURDAY in the City of Goldsboro and urge the residents of our community, and communities across the country, to support small businesses and merchants on Small Business Saturday and throughout the year.

Lung Cancer Awareness Month Proclamation. Read by Councilman Gaylor; The Goldsboro City Council proclaimed November 2022 as Lung Cancer Awareness Month and recognize the need for research in lung cancer, and encourage all citizens to learn about lung cancer and early detection through lung cancer screening.

Mayor and Councilmembers' Comments.

Councilman Broadaway had no comment.

Mayor Pro Tem Polack recognized Mr. Alando Mitchell and the Goldsboro High School Marching Band for bringing home the Best State Drumline award and second place for the Overall Band. He stated that tomorrow will be a monumental day for a lot of people, and first-time voters. It is critical that everyone exercise their right to vote.

Councilwoman Matthews had no comment.

Councilman Gaylor reminded everyone that tomorrow is the most important day in the life cycle of democracy. That is what sets our form of government apart, it's what sets our country apart and it is what makes us unique and those of us who take advantage of that and exercise our voice, we are unique amongst humans, over the course of human history. He encouraged everyone that doesn't take part in that freedom to give it a second thought. Please do it, tomorrow is a big day.

Councilman Batts shared he didn't realize when we got to the homeless and panhandling discussion this afternoon, it is sad, and he didn't realize we had that big of a problem. The pictures showing where these people are living at, they are so sad, then talking with Councilwoman Matthews that she had been there and seen it with her own eyes. It's got to be something that we should and have to do. He stated he is sad to see that, right here in our city. Homeless and panhandling are something we definitely need to look at.

Mayor Ham shared tomorrow has been mentioned as the most important day we can have in terms of non-religious holidays. A day that comes in cycles, not every day do we have the opportunity to vote. It is a freedom that we have that we all ought to take serious. As Mr. Gaylor said, those people who haven't thought about voting or are turned off by voting, you need to rethink that because this is what makes this country so great. We are always going to have divisions and different thoughts, but we still are the greatest country in the world, and we need to exercise that vote that so many people have died for, given their lives for, fought for and are still alive today. They continue to fight for that right to vote. No citizen in this country who has the authority and right to vote should fail to exercise that right.

He also shared that he saw former Councilman Charles Williams the other day and he wanted to give council members his best regards. Mayor Ham thanked Councilman Charles Williams for his service to the city.

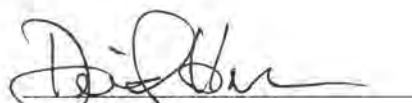

Closed Session.

Upon motion of Mayor Pro Tem Polack, seconded by Councilman Gaylor and unanimously carried, Council went into Closed Session to discuss Economic Development and Litigation.

After the Closed Session was held, Council came out of Closed Session and back into Open Session.

There being no further business, Mayor Ham adjourned the meeting at 9:53 p.m.

AGENDA MEMORANDUM
NOVEMBER 21, 2022 COUNCIL MEETING**

SUBJECT: PUBLIC HEARING
SU-13-22 Accessory Dwelling – East side of W. New Hope Rd., located between the intersection of Cuyler Best Rd. and S. Harding Dr.

ADDRESS: 523 W. New Hope Rd.

PARCEL #: 3610902529

PROPERTY OWNER/APPLICANT: Kenneth & Dixie Ellis

BACKGROUND: The applicant requests a Special Use Permit to convert an existing 24x30 accessory structure into an accessory dwelling, the applicant is also proposing to add a 10x22 addition to the existing structure, which would result in a 24x40 structure to be utilized as an accessory dwelling. The accessory dwelling proposed is intended to be used as a residence by the applicant's daughter. The property is located in the Residential 16 Zoning District. The Residential 16 district is established to accommodate low density, single-family residential uses and to prohibit all activities of a commercial nature.

According to the City's Unified Development Code, Table 5.4 Permitted Uses and Section 5.5.4 Special Use Specific Regulations, Accessory Dwellings & Apartments are permitted as a Special Use in the Residential 16 district, provided City Council votes to issue the permit.

Frontage: 185.8 ft.

Area: 0.9 acres

Zoning: Residential 16 (R-16)

Existing Use: Residential Accessory Structure

Land Use Plan recommendation: The City's Land Use Plan locates this parcel within the Medium-Density Residential land use

designation. This designation was given based off of existing residential development patterns, constraints to development, and the location of infrastructure. The desired development density for the Medium-Density Residential land use designation is 4.5 units per acre. Residential 16 is a corresponding zoning district for the Medium-Density Residential designation.

DISCUSSION:

According to the Unified Development Ordinance, a Special Use Permit is required to convert the existing accessory structure into an accessory dwelling. The structure will be required to meet all applicable North Carolina State Building Code Requirements as it undergoes conversion. The proposed accessory dwelling will not exceed 40% of the livable area of the principal structure nor will it exceed 1,100 square feet. There is adequate parking for the accessory dwelling in the existing driveway.

The property was properly posted, and adjacent property owners were notified by Certified Mail that a Public Hearing would take place on November 21, 2022.

TRC REVIEW:

NOVEMBER 21, 2022 COUNCIL MEETING**

SUBJECT: PUBLIC HEARING
SU-15-22 C.A.L.M. Properties & Investments, LLC (Triplex) – Corner of Wayne Ave. and Sycamore St.

ADDRESS: 235 Wayne Ave.
PARCEL #: 2599818199
PROPERTY OWNER/APPLICANT: C.A.L.M. Properties & Investments, LLC

BACKGROUND: The applicant requests a Special Use Permit for the establishment of a triplex (multi-family 3 or more units), located in the Residential 6 Zoning District. The Residential 6 district is established to accommodate both single and multi-family residential uses and to prohibit all activities of a commercial nature, except certain home occupations. Multi-family dwellings shall have 6,000 sq feet of land area for the first unit and a additional 2,000 square feet for each additional unit.

According to the City's Unified Development Code, Multi-Family (3 or more units) is permitted only after obtaining a Special Use Permit from Goldsboro City Council.

Frontage: 88 ft Wayne Ave, 120 ft Sycamore St.

Area: 0.24 acres

Density: Maximum of 3 units allowed

Zoning: Residential 6

Existing Use: Vacant

Land Use Plan recommendation: The City's Land Use Plan locates this parcel within the High-Density Residential land use designation. This designation was given based off of existing residential development patterns, constraints to development, and the location of infrastructure. The desired development density for the High-Density Residential land use designation is 8.5 units per acre. Residential 6 is a corresponding zoning district for the High-Density Residential designation.

The proposed 3 units are in harmony with the desired density for the High-Density Residential designation.

DISCUSSION: The following items listed below are required to be shown on the formal Site Plan review for this proposed Special Use, if approved:

Landscaping: A type A buffer yard is required. Includes a buffer that is 10' in width.

Parking: A minimum of six parking spaces is required (2 per unit). Administrative modification of 20% granted to allow for this. Each unit provides a garage with adequate vehicle parking space as well as providing adequate space in each unit's respective driveway.

The property was properly posted, and adjacent property owners were notified by Certified Mail that a Public Hearing would take place on November 21, 2022.

TRC REVIEW: Staff has distributed this proposed special use permit to several different departments as well as Seymour Johnson Air Force Base and NCDOT. During this review process Seymour Johnson indicated that they have no comments or concerns.

Planning: The original site plan showed the multi-family units to have access off of Wayne Ave. Staff requested that this be redesigned to have the units be served off of Sycamore St. Due to the size of the lot, this request was unable to be made but the proposal is still compliant with the City of Goldsboro UDO.

Engineering: There were concerns over the location of the proposed utility lines being located under the driveway/parking areas of the triplex. The lines were relocated in the revised plan and Engineering is satisfied with the proposed location.

REQUIRED ACTION: After Public Hearing is closed Council shall enter into deliberation and vote on each of the four findings in order to determine whether or not the Special Use Permit shall be issued. See the attached worksheet for the four findings to be voted on and staffs comments related to each finding. Council shall sign the Order to Approve or Deny, that reflects the results of the hearing and deliberation at the December 5, 2022, City Council meeting.

CITY OF GOLDSBORO
AGENDA MEMORANDUM
NOVEMBER 21, 2022 COUNCIL MEETING

SUBJECT: Ordinance Amendment – “Administrative Code”

BACKGROUND: City of Goldsboro Code of Ordinances Title III Chapter 33. Police and Fire Departments. contains regulations which set out the responsibilities of the Police and Fire Departments.

North Carolina General Statute 160A-282 authorizes a city by ordinance to provide for the organization of an auxiliary police department made up of volunteer members.

Sworn officers duly appointed and sworn as auxiliary will be utilized to supplement the operations of full-time sworn officers in a manner consistent with North Carolina law. An auxiliary police officer is a limited-service, part-time, sworn position, which functions as a police officer when assigned to a specific division, unit, section, function, or assignment.

Auxiliary officers have all the authority of a full-time law enforcement officer and are commissioned to act as such. Auxiliary police officers have full powers of arrest and will enforce all applicable laws, using the same equipment in the same manner as full-time police officers. Auxiliary police officers will carry firearms on-duty and may carry concealed firearms off-duty.

Auxiliary police officers are bonded with the same coverage of full-time police officers, and they are provided identical coverage protection as that of a full-time police officer. The Chief of Police, in conjunction with City of Goldsboro City Manager and Human Resources, will establish the rate of compensation for auxiliary police officers while they are performing assigned duties. Worker's compensation will be provided as outlined in applicable regulations. Life insurance or any other benefits are not provided.

The Police Department will ensure that the personnel selected to serve as auxiliary police officers meet the same standards as full-time, commissioned police officers and provide the same level of service to the community.

The term “auxiliary” shall refer to and mean the same as the term “reserve”.

DISCUSSION: Based on the above, staff feels it necessary to update the language of the City Ordinance to provide for the organization of an auxiliary police department. The attached ordinance amendment would provide for an auxiliary police department under the current Police Department services in regards to the “Administrative Code”.

RECOMMENDATION: It is recommended that Council, by motion, accept the staff's recommendation and adopt the amendment changing the “Administration Code” as indicated above.

WHEREAS, the City of Goldsboro Code of Ordinances Title III: Administration contains regulations which set out rules regarding the responsibilities of the city departments; and

WHEREAS, Chapter 33 entitled "Police and Fire Departments" sets forth the mission, responsibilities, services, and divisions of the Police Department; and

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Goldsboro, North Carolina, that Chapter 33 of the Administration Code is hereby amended by changing the following Sections.

CITY OF GOLDSBORO
AGNEDA MEMORANDUM
NOVEMBER 21, 2022 COUNCIL MEETING

SUBJECT: Ordinance Amendment – “Panhandling”

BACKGROUND: City of Goldsboro Code of Ordinances Title IX Chapter 96. Nuisances. contains rules and regulations regarding nuisances within the City.

Sec. 96.12 Aggressive panhandling prohibited on city streets, sidewalks, and other public places. provides regulations for aggressive panhandling within the City. The current definitions do not clearly differentiate between “panhandling” and “aggressive panhandling”, nor have prohibited areas been clearly defined. This has created confusion regarding enforcement actions.

Additionally, enforcement actions have been hindered due to the difficulty of identifying and notifying individuals, tracking ordinance violations, and identifying repeat offenders. Adding a Panhandling Permit process would standardize and streamline enforcement actions while enhancing public safety.

DISCUSSION: Per discussion at the November 7, 2022 Council Meeting, the attached amendment provides updated language and procedures regarding the regulation of panhandling as outlined in “General Regulations”.

RECOMMENDATION: It is recommended that Council, by motion accept the staff’s recommendation and adopt the amendment changing “General Regulations” as indicated above.
