Councilmember Williams requested the city attorney contract be forwarded to Council. Councilmember Foster requested to add Wayne Water District under old business. Mayor Allen and Councilmember Foster discussed.

City/County Property Discussion. Attorney Lawrence stated at the last meeting there was a question regarding the tax value of the properties located at 204 N. Virginia Street, 306 N. Leslie Street and 702 Simmons Street. Those tax values were sent to Council. This is where the city is asking the county to convey their interest in 204 N. Virginia Street and the county is asking the city to convey their interest in 306 N. Leslie Street and 702 Simmons Street. Council discussed.
Mayor Pro Tem Broadaway made a motion to convey the property as requested. Councilmember Ham seconded the motion. Mayor Allen, Mayor Pro Tem Broadaway, Councilmembers Williams, Ham and Aycock voted in favor of the motion. Councilmember Foster voted against the motion. Mayor Allen stated the motion passed 5:1.

**HV Brown Restroom Discussion.** Mr. Marty Anderson stated I was asked to discuss the HV Brown restroom facility. We first spoke to Felicia, the Interim Parks & Recreation Director back in May, and determined wet flood proofing was required. The engineer on the project, Joe Smith contacted us on the 8th of August, he had some heartburn about a flood proofing certificate. Mr. Anderson provided the floodplain information and stated the facility will either have to be elevated or it has to be flood proofed. Mr. Allen Anderson stated Inspections is waiting on the floodplain certificate before we can issue permits. Council discussed the length of time the project is taking. Mayor Allen asked that Allen, Marty and Felicia get together and either change the complete design or raise it up. Staff stated they would work it out.

**Jaylen Suggs (JuJu) Remembrance Discussion.** Mayor Allen shared a couple of family members had said that they would like that day as JuJu Suggs Day. There has been an idea of having a day of remembrance or a volunteer day, I told them I would bring it to the Council.

Councilmember Foster stated I spoke with his mother over the weekend and she said she did not know anything about this, so until we talk to his mother, regardless of what other family members have said, I think we need to speak with her first and get her opinion on what she would like to do.

Mayor Allen asked Councilmember Foster if he could do that. Councilmember Foster stated I do not have a problem with that.

**Consent Agenda Review.** Each item on the Consent Agenda was reviewed. Additional discussion included the following:

**Item N. Correction of Stated Unit of Measurement for FY 18-19 and FY 19-20 Water Rates.** Councilmember Foster stated it just seems to me, this is probably your fifth or sixth time coming with something that has been an error. I think we need to do an overall audit. I suggested that before you even came on board and before the new city manager came on board. We need an overall audit of what has been done in this city.

Councilmember Williams made a motion for a forensic audit on all departments on how money has been spent. Councilmember Foster seconded the motion. Councilmembers Williams, Foster, Ham and Aycock voted in favor of the motion. Mayor Allen and Mayor Pro Tem Broadaway voted against the motion. Mayor Allen stated the motion passed 4:2.

Mayor Allen stated we already have an audit every year.

Ms. Catherine Gwynn stated be prepared to spend a lot more, with a forensic audit, you would need to be very specific with what you are trying to target or discover. You will have to define those objectives. Ms. Gwynn stated if you are auditing department heads, none of us need to be involved in that process.

**Item O. Golf Course Equipment Rental.** Councilmember Foster stated a while back a few of the councilmembers decided to take the golf course and attach it to Parks and Rec. so with that being done a lot of the jobs and money shifted. Councilmember Foster asked where the equipment purchase would fall. Ms. Gwynn confirmed it would be coded to the Golf Course organization.

**Item P. Bid Award to Stantec for Comprehensive Utility Rate Study.** Councilmember Foster stated here, once again taxing our citizens for something that should have already been done. I just have a problem with the way it is happening. At the end of the day, they come in and say the water bill should be $60 or $100, so people can’t afford that. We are doing that to fix something that should have been fixed all along, our constituents and taxpayers pay for it, our customers pay for it.
Mayor Allen asked what the timetable was. Mr. Mike Wagner stated we are trying to get a draft 
copy by January and present information to Council in February maybe at the Retreat.

**Item Z. Resolution Authorizing the City Manager to Hire Outside Legal Counsel and Limited Authority to Resolve Liability Claims.** Upon motion of Councilmember Williams, seconded by Councilmember Foster and unanimously carried, Council removed Item Z. Resolution Authorizing the City Manager to Hire Outside Legal Counsel and Limited Authority to Resolve Liability Claims from the Consent Agenda and placed it under Items Requiring Individual Action.

Councilmember Foster asked how long have we been having liability claims here at the city. Attorney Lawrence stated longer than I have been here. Councilmember Foster asked up to this point who has been handling it. Attorney Lawrence stated he has not seen an engagement letter sent and asked that it be executed; that is what brought this question to the forefront. Councilmember Foster stated I think that letter should come to Council, Council should make a decision, once that decision is made, and then he can sign off on the letter. Councilmember Foster stated but to give him power to do so is outside his job description. Councilmember Foster stated I think point blank we should not be doing this. Once it has been approved, then he can sign off on it. Discussion continued.

Councilmember Williams expressed concerns regarding transparency to the community and stated I am totally against it. Councilmember Williams stated there have been things I asked for, the newspaper printed something, discrimination claim filed against the City of Goldsboro and Councilman Williams. Councilmember Williams stated I asked for information from our city manager, I also cc’d Ron Lawrence, Bernadette Dove and I have not gotten any information. Councilmember Williams stated I do not understand why I have not received any information I asked for.

Mayor Allen stated two points, he cannot exceed $10,000 if I am reading it right and secondly 
and to your point Councilmember Foster if the Council wants to vote on it, that’s simple we can 
do that first.

Mayor Allen suggested taking it off the agenda and bring it back next time. Discussion 
continued. Councilmember Williams stated I would suggest we separate the two, hiring an 
outside attorney and the other issue as well.

Upon motion of Councilmember Aycock, seconded by Councilmember Ham and unanimously 
carried, Council removed Item Z. Resolution Authorizing the City Manager to Hire Outside 
Legal Counsel and Limited Authority to Resolve Liability Claims from the agenda. Staff was 
asked to bring it back under old business at the next meeting.

Councilmember Williams stated I would like to have it on record that I would like to get the 
information I requested, it was already in the newspaper.

**Item Q. Approve Compost Bulk Pricing.** Upon motion of Councilmember Williams, 
seconded by Councilmember Aycock and unanimously carried, Council recused Mayor Allen. 
Upon motion of Councilmember Williams seconded by Councilmember Aycock and 
unanimously carried, Council moved Item Q. Approve Compost Bulk Pricing to Items Requiring 
Individual Action. Council and staff discussed stocked amounts and pricing.

**Closed Session Held.** Mayor Pro Tem Broadaway made a motion to go into Closed 
Session to discuss a property acquisition, economic development and a litigation matter. The 
motion was seconded by seconded by Councilmember Aycock. Mayor Allen, Mayor Pro Tem 
Broadaway, Councilmembers Williams, Ham and Aycock voted in favor of the motion. 
Councilmember Foster did not vote. The absence of a vote on this matter would count as an 
affirmative vote. Council convened into Closed Session.

Council came out of closed session.

There being no further business, the meeting recessed until the 7:00 p.m. meeting.

Z-17-19 KG Plaza, LLC – East side of Eleventh Street between Norwood Avenue and Englewood Drive. Public Hearing Held. The applicant requests a change of zone from Residential (R-16) and Residential (R-9) Conditional District to Residential (R-6) Conditional District for a 303-lot cluster subdivision. In conjunction with the request, the applicant is requesting separate site plan approval by City Council.

Parcel 1: 32.6 acres Zone: Residential (R-16)
Parcel 2: 11.8 acres Zone: Residential (R-16)
Parcel 3: (Portion): 26.5 acres Zone: Residential (R-16/R-9CD) Portion
Parcel 4: (Portion): 22 acres Zone: Residential (R-16) Portion

Surrounding Zoning:
North: General Industry (I-2); Residential (R-12); Office and Institutional (O&I-1);
South: Residential (R-16); Office and Institutional (O&I-1);
East: Office and Institutional (O&I-1); and
West: Residential (R-16)

The four parcels are currently vacant and undeveloped.

As previously stated, the applicant is requesting a zoning change from Residential (R-16) and Residential (R-9) Conditional District to Residential (R-6) Conditional District.

The applicant has submitted a conceptual site plan indicating approximately 90 acres for the development of a 303-lot cluster subdivision to include a clubhouse and pool area within Goldsboro City limits.

According to the City’s Unified Development Code, the developer may reduce the minimum lot size, width and setbacks up to 40% from the specifications of the prevailing zoning district. The Council may require larger lot sizes, if in the opinion of the City Council, smaller lot sizes would be incompatible with adjoining developments.

At least 20% of the total project area shall be reserved as commonly held open space and be preserved in a natural or vegetative state. The applicant has reserved 24.7 acres of the site as open space.

In addition, the required open space shall be held in common ownership, for the perpetual benefit of residents of the development, by a legally established corporation, association or other legal entity, or be dedicated to the City of Goldsboro as a public park.

City water and sewer are available to serve the property. The applicant will be required to petition for annexation into Goldsboro City limits since the site is within 1000 ft. of City sewer.

The property is not located within a Special Flood Hazard Area.

Storm water calculations and drainage plans shall be approved by City Engineering before construction permits are issued. All streets and parking areas shall meet City standards. All utilities shall be installed underground and curb and gutter is required. Driveway permits shall be approved by NCDOT and NCDOT is requiring the developer to conduct a Traffic Impact Analysis to determine if any additional road improvements are necessary due to the proposed subdivision.

Internal sidewalks are required to form a safe and convenient system for pedestrian access to all dwelling units, project facilities, open spaces and principle off-site pedestrian destinations. In addition, external sidewalks are required along any adjacent public or private streets.

As a requirement of residential subdivision approval, the developer shall plant trees in the front setback of each lot and in any side or rear lot abutting an existing or proposed right-of-way in the subdivision.
Each lot, including open space/recreational areas and storm water retention areas, that abuts a private or public street in a residential subdivision must have one large street tree for every forty feet of street frontage or two small trees for every thirty feet of lot frontage.

The proposed subdivision requires a Type B, 15 ft. wide landscape buffer yard where abutting existing nonresidential developments to the east were constructed before the adoption of this Ordinance and lack the required buffer yard.

Interconnectivity has been provided east of the proposed subdivision and adjacent to existing residential development.

The City’s Comprehensive Land Use Plan recommends Medium Density Residential development. However, in areas where City water and sewer are available to serve the property, the City’s Comprehensive Land Use Plan recommends that higher densities should be allowed and encouraged.

Mayor Allen opened the public hearing and the following people spoke:

1. Samuel Gwantley shared concerns with the ditches and flooding in the area of the proposed development for both Z-17-19 and Z-18-19.

2. Gayle Gwantley also shared concerns with drainage ditches and flooding in this area including the storage facility and movie theater.

3. Zachery Price & Cienna Thompson shared their mother owned property on Norwood Avenue. Mr. Price asked if the dirt road would be used to access this property. They both shared concerns regarding the development and flooding.

Mayor Allen suggested they speak with Mr. Rightmyer and Ms. Collins.

Councilmember Williams asked how many homes are on the dirt road. Mr. Price replied the house right beside us. We are not sure where the property lines are. Discussion continued. Councilmember Williams stated we are trying to tackle dirt roads in the city. Councilmember Williams asked Ms. Collins if that area was in the city or the ETJ and Ms. Collins stated the area being proposed to be developed is in the ETJ. Councilmember Williams stated we will see what we can do pertaining to the dirt road, and again like the Mayor stated, if you can sit down with planning and go from there. I hope that we can resolve the issue.

No one else spoke and the public hearing was closed.

No action necessary. The Planning Commission will have a recommendation for the Council’s meeting on October 7, 2019.

Z-18-19 KG Plaza, LLC – West side of Eleventh Street between Norwood Avenue and Englewood Drive. Public Hearing Held. The applicant requests the rezoning from R-16 (Residential) to R-6CD (Residential 6 Conditional District) for multi-family development. Separate site plan approval by City Council is required.

Frontage: Approximately 422 ft. (Eleventh Street)
Area: 561,924 sq. ft. or 12.9 acres

As previously stated, the applicant is requesting a zoning change from R-16 (Residential) to R-6 (Residential 6 Conditional District) for multi-family development. In conjunction with the request, the applicant is requesting a waiver of the site plan requirement. If the rezoning is approved, the applicant will be required to have the site plan approved by City Council before future development of the property.

City water and sewer are available to serve the property. The applicant will be required to petition for annexation into Goldsboro City limits since the site is within 1000 ft. of City sewer. The property is not located within a Special Flood Hazard Area.

The City’s Comprehensive Land Use Plan recommends Medium Density residential development for the property.

Mayor Allen opened the public hearing and the following people spoke:

1. Nick Rightmyer with Joyner Keeny stated a lot of issues or concerns were raised about drainage. Mr. Rightmyer provided information on the process of how they look at predevelopment area, pervious and imperious impacts and stated their goal is to match the same drainage courses and the same flow rates as predevelopment. Mr. Rightmyer also shared information regarding Norwood Avenue. He stated that will be one of the entrances into the site and if the city determines it’s in the best interest to make improvements to Norwood Avenue as a part of the development, I am sure the developer would be open to that. We are conducting a traffic impact analysis.

2. Teresa Gwantley stated they have had so much trouble with drainage. We just want to make sure the drainage is addressed before anything is done.

Mayor Allen stated we are aware of the flooding. We have been working over there for the last few months. We have cleaned out ditches on Lockhaven. We still know there are problems. Our folks are getting with NCDOT on the ditches around the theater and church. We will definitely take all of this into consideration as everything moves forward.

No action necessary. The Planning Commission will have a recommendation for the Council’s meeting on October 7, 2019.

Planning Commission Excused.

Public Comment Period. Mayor Allen opened the public comment period. The following person spoke:

1. Susan Williams shared concerns and asked how many beer joints are you going to put in. She also asked why the city needs to hire outside counsel.

2. David Craig expressed concerns regarding Item Z. Resolution Authorizing the City Manager to Hire Outside Legal Counsel and Limited Authority to Resolve Liability Claims from the Consent Agenda and placed it under Items Requiring Individual Action.

3. Yvonna Moore shared concerns about an EEOC complaint, a confidential document being released. Ms. Moore stated during the 5 pm work session Councilmember Williams stated he had asked the city manager, the city attorney and HR for documents. What were those documents?

Councilmember Williams stated those documents were the EEOC report, emails and contracts with attorneys.

Ms. Moore asked the city manager and city attorney why are you refusing to give Mr. Williams those documents. Ms. Moore asked did you release that document to the newspaper, the EEOC complaint.
Mr. Salmon replied, no I did not.

Ms. Moore asked did your HR director release it.

Mr. Salmons replied no she did not.

Ms. Moore stated ok we are going to assume the only other person that could have released it was Shycole Simpson-Carter; does that not concern you as a city manager.

Mr. Salmon stated it does, we asked, and she said she did not release it.

4. Alicia Pierce expressed her opinion for Item Z. Resolution Authorizing the City Manager to Hire Outside Legal Counsel and Limited Authority to Resolve Liability Claims from the Consent Agenda and placed it under Items Requiring Individual Action. Ms. Pierce also asked is there a reason why you are not releasing those documents that were already released to the public.

Mr. Salmon replied it is a personnel issue and cannot be released to the general public.

Ms. Pierce continued discussing the EEOC complaint and release of the document. Ms. Pierce stated the elected officials did say they wanted us to have part of the decision making and as my part decision making, Item Z. should not be granted to the city manager.

5. Julian Swain stated he has been reading the News Argus for the past 4 years, I do not underestimate how it is so important to have the issues raised with Mr. Williams on the front page, all over the paper, day after day. I am kind of disheartened to hear how you guys respond to the general public.

Amending Special Revenue Fund Ordinance – Edward Byrne Memorial Justice Assistance Grant (JAG) (P3102). Ordinance Adopted. On February 18th, the Board approved an appropriation for the 2017 Governor’s Crime Commission Gang Equipment Grant funded by the 2017 Edward Byrne Justice Assistance Grants in the amount of $21,365.54. The funds have been approved to purchase a mobile camera, computer, printer and other equipment for the Gang Program.

The funding was appropriated in the General Fund, as has been the past practice. The funds were not obligated by June 30, 2019 and therefore the appropriation lapsed. Police staff
managing the grant are ready to carry out the terms of the grant agreement and require the appropriation.

An amendment to the special revenue fund established on June 17th for the JAG grant funding to include the GCC JAG grant was prepared. Funds appropriated in a special revenue or capital project fund do not lapse annually.

It is recommended the Special Revenue Fund Ordinance for the Edward Byrne Memorial Justice Assistance Grant (JAG) (P3102) be amended for $21,365.64 for the 2017 GCC Gang Equipment Grant. Consent Agenda Approval. Aycock/Ham (5 Ayes: 1 Nay)

ORDINANCE NO. 2019-56 “AN ORDINANCE AMENDING A SPECIAL REVENUE PROJECT FOR THE EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT (JAG) (P3102)”

Sole Source Vendor Resolution for Barrier Solutions. Resolution Adopted. After Hurricane Matthew, staff was tasked with finding an economical and efficient way to prevent flooding at the Water Treatment Plant. Staff researched various methods to find a balance between cost, swift deployment and proven flood proofing results.

Staff proposes to purchase floodstop barriers from Barrier Solutions LLC with the funds allocated in the FY19-20 Adopted Budget. The product is patented and due to its unique design and function, there are no other vendors that provide a similar water proof solution in the U.S. Since staff proposes to sole source the item, General Statute requires the Board to approve the purchase by resolution.

It is recommended the following entitled Resolution for the Purchase of Floodstop Barriers be approved for $50,000.00. Consent Agenda Approval. Aycock/Ham (5 Ayes: 1 Nay)

RESOLUTION NO. 2019-80 “RESOLUTION FOR THE PURCHASE OF FLOODSTOP BARRIERS”

Correction of Stated Unit of Measurement for the FY18-19 and FY19-20 Water Rates. Resolution Adopted. Ordinance Adopted. The City Council adopted the FY19 Water and Sewer rates on June 4, 2018 and the FY20 rates on June 17, 2019. The FY19 rate structure included a change from cubic feet to gallons. In the resolution adopted on June 4, 2018 there was a clerical error where industrial water customer using more than one hundred fifty million gallons (150,000,000) was stated incorrectly. There were two sections where the written amount was incorrect (one million five hundred thousand) but the numerical amount was correct (150,000,000) and one section where the written and numerical amount were incorrect.

Then in preparing the FY20 rate schedule, the prior resolution was used as the underlying template. The numerical amount had been corrected to match the (incorrect) written amount in late 2018. Although, I had staff proof the document, it was still overlooked. The written and numerical amount in FY20 read incorrectly as one million five hundred thousand (1,500,000).

It is necessary to amend for the technical clerical errors. FY19 rates were adopted as a resolution. FY20 rates were adopted as an ordinance due to communication error.

Staff recommended Council:

1. Council adopt the following entitled resolution to correct the FY18-19 Water and Sewer Rates to make a clerical correction to the written amount of industrial water customer annual usage from “one million five hundred thousand” to “one hundred fifty million” in Sections 1, 4 and 5.

2. Council adopt the following entitled ordinance to correct the FY19-20 Operating Budget Ordinance, Section 10(a) to make a clerical correction to the written amount of industrial water customer annual usage from “one million five hundred thousand” to “one hundred fifty million”, and “1,500,000” to “150,000,000”

Consent Agenda Approval. Aycock/Ham (5 Ayes: 1 Nay)
Installment Financing for Golf Turf Equipment with PNC Equipment Finance, LLC. Resolution Adopted. Ordinance Adopted. Staff brought a request to execute a new operating lease for six (6) pieces of golf turf equipment with PNC Equipment Finance at the August 5th meeting. This was due to the current 60 month lease having been executed on April 7, 2014 and expired in May, 2019. The Board requested more information on the existing equipment and usage which was brought before the Board at the August 19th and September 9th meetings.

At the September 9th meeting, the Board voted to allow staff to execute a capital lease with PNC Equipment Finance to lease-purchase the seven (7) pieces of equipment from the 2014 lease on a 2 year term for a total of $105,000.00. The lease payment will be $4,673.86 per month. The funds for the equipment operating lease were appropriated in the FY19-20 budget under Equipment Rent (11-7461-4391), however since this is no longer an operating lease, but rather a capital lease it is necessary to appropriate the purchase of the capital outlay and the funding with debt revenue ($105,000.00 total). It will also require a reallocation of rent payments to debt payments ($4,673.86 @ 9 months for a total of $42,064.74). This does not require approval by the LGC since it does not meet the criteria for approval. Since this is a capital lease PNC Equipment Finance does stipulate that formal Board approval is required.

It is recommended the City Council adopt:

1. Adopt the following entitled Resolution accepting the agreement with PNC Equipment Finance, LLC for the purchase of used golf turf equipment from Smith Turf & Irrigation and incumbency certificate authorizing the Mayor or the Finance Director to act on behalf of the City to execute the appropriate financing documents.

2. Adopt the following entitled Operating Budget Ordinance Amendment to appropriate the expenditures and revenue for the purchase of the used golf turf equipment in the amount of $ 105,000.00, and debt payments due for the remainder of the fiscal year in the amount of $42,400.00 funded with a reduction in rent expense. Consent Agenda Approval. Aycock/Ham (5 Ayes: 1 Nay)

RESOLUTION NO. 2019-82 “PNC EQUIPMENT FINANCE, LLC CAPITAL LEASE FOR GOLF TURF EQUIPMENT”

Bid Award to Stantec for Comprehensive Utility Rate Study. Resolution Adopted. The City’s last comprehensive rate study was done in 1987. The City is seeking a user-friendly rate model that can incorporate various fees, Capital Improvement Plan estimates as developed from the City’s Master Plan and corresponding debt components with the ability to make adjustments to these amounts and expenses. Allowing these adjustments to the model should allow for dynamic or scenario modeling to the rate structure thereby calculating bond coverage and cash reserves with flexibility over a 10-year period. The rate model should equitably distribute costs between water and wastewater and between base and volume or fixed and variable and include comparisons of regional and similar size cities. The study should include analysis by normalizing the comparative rates against the local economics, thereby identifying possible differences in production costs to deliver similar services. The firm should inform the City of any upcoming regulatory changes that may affect the City’s rate or rate structure.
The City of Goldsboro advertised for Request For Qualifications RFQ# 2019-004 on July 18, 2019 and received five responsive firms on August 5, 2019 at 10:00AM.

Interviews were conducted on August 28, 2019 with all five responsive firms. After staff discussion and reference checks, Stantec Winston-Salem, NC was selected to submit a proposal for the Comprehensive Utility Rate Study.

A proposal has been received from Stantec for these services in an amount not to exceed $75,000. The City allocated monies in its current FY 19-20 for these services.

It is recommended the City Council approve the following entitled Resolution authorizing the City Manager to execute a contract with Stantec not to exceed $75,000 to provide services for the Comprehensive Utility Rate Study. Consent Agenda Approval. Aycock/Ham (5 Ayes: 1 Nay)

RESOLUTION NO. 2019-83 “RESOLUTION AWARDING AND AUTHORIZING EXECUTION OF CONTRACT FOR COMPREHENSIVE UTILITY RATE STUDY”

Amendment to Goldsboro’s Code of Ordinances Title III Administration, Chapter 33: Police and Fire Department. Ordinance Adopted. After council approval, the City of Goldsboro established the newly created position of Deputy Fire Chief. The first Deputy Fire Chief was appointed in February of 2019.

The Deputy Fire Chief position is critical in providing continuity of service to the citizens and guests of the Goldsboro community. The current language of the City of Goldsboro Code of Ordinances should be changed to reflect the addition to the Goldsboro Fire Department’s organizational command structure.

It is recommended the City Council adopt the following entitled Ordinance amending Title III Administration, Chapter 33: Police and Fire Department of the City of Goldsboro’s Code of Ordinances. Consent Agenda Approval. Aycock/Ham (5 Ayes: 1 Nay)

ORDINANCE NO. 2019-59 “AN ORDINANCE AMENDING TITLE III-ADMINISTRATION, CHAPTER 33: POLICE AND FIRE DEPARTMENT”

It is recommended the following entitled resolution be adopted supporting the Police Department applying for this grant. Consent Agenda Approval. Aycock/Ham (5 Ayes: 1 Nay)

Downtown Lights Up! - Temporary Street Closing Request. Approved. Downtown Lights Up! Is an annual holiday event held downtown to celebrate the “flipping of the switch” - officially beginning the holiday season. All the decorative lights, including those along Center Street, the traffic circle Magnolia tree, and the Water Tower are turned on simultaneously. Before conducting this ceremony of lights, our Mayor, Santa, the Grinch and children ride a horse-drawn trolley down to City Hall to welcome guests. We’re even trucking in tons of snow to set the tone for a very festive downtown holiday season.

Downtown Development completes the evening by hosting an array of free activities, including: holiday entertainment, horse drawn trolley rides, Santa Claus, face painting, and providing warm beverages and treats. It is a wonderful time of the year for people to experience the warm atmosphere and festive activities downtown has to offer. The majority of the event takes place on the 200 block of North Center Street, in front of City Hall, which will provide a natural backdrop for the Mayor when he speaks to the crowd wishing them a happy holiday season. Trolley rides will take place along Center Street from Mulberry to Walnut St, a holiday movie will play in the John Street Parking Lot, a large ice slide will be set up for sledding and much more. The NC Symphony performs at 8 p.m. at the Paramount Theatre that same evening to continue the holiday celebration. Each year our crowd gets larger and we believe this year to be no different with an expected 5000+ in attendance.
Due to the logistics of the horse drawn trolley, this event has always been promoted as a street fair. Downtown Development is requesting that the 200 block of North Center Street be closed on Tuesday, November 26, 2019 from 9:00 a.m. to 8:30 p.m. and the 100 block of South Center and the 100 block of North Center be closed from 4:15 p.m. to 8:30 p.m. to keep guests safe.

All vendor booths, entertainment attractions and displays will be arranged to secure proper access to all fire hydrants, alleyways and driveways.

As with all Downtown Development events, effected city departments will be contacted and the following concerns are to be addressed:

1. All intersections remain open for Police Department traffic control.

End of Consent Agenda.

City Manager’s Report. Mr. Salmon stated no report.

Mayor and Councilmembers’ Reports and Recommendations. Councilmember Williams stated no comment.

Mayor Pro Tem Broadaway encouraged everyone to go out to the soldier stand down. That has been held a number of years and a lot of people, homeless, get a lot of help. Last year they gave out about 400 coats. They have people there for dental, medical and four VA booths. It is scheduled for October 3rd at the Goldsboro Event Center.

Councilmember Foster stated this past week I asked for the Wayne Water District to be added to the agenda and it was denied by the Mayor. Back in 2017, the Council voted for the Mayor to have control of the agenda, what goes on and what doesn’t go on. I feel that was wrong, it was a 5:2 vote. It was approved. Since then, if myself or Councilman Williams have something we want to discuss concerning our constituents, it’s been a problem for us. It continues to be a problem for us because if the Mayor doesn’t want it on the agenda, he simply says no. Now with this issue, the Wayne Water District, it has been a conflict of interest, he has had a hand in it, and then he doesn’t want to discuss it. After reviewing all the contracts and the letter from our attorney to Wayne Water District, it brought about a lot of concerns. This letter from July 10, 2019 from Everett, Womble, Lawrence; it is addressed to Mr. Steve Hamilton, District Manager, Southeastern Wayne Sanitary District. I’ll skip down, it states, “On behalf of my client, I am authorized to convey that the City would be amenable to an agreement, until the city determines otherwise, for SEWSD to sell potable water to Case Farms if the City is paid $3.13 per 1000 gallons of the potable water sold to Case Farms by SEWSD.” The problem I have with that was, that was never approved by Council, so who gave our city attorney the right to negotiate a price with Southeastern Wayne Water District. That is what I would like to know.
At no other time will our attorney go and negotiate anything on behalf of this Council without approval of this Council. The Mayor had a contract, well he did not have a contract, he placed a bid, for the project at Case Farms and was awarded the bid. Councilmember Foster stated Case Farms gave SEWSD the money to pay our Mayor for the work, all of a sudden he backed out of the work, and then after that, our city started going after SEWSD, for more money for the water they are buying from us. Now the original contract states they can’t sell water to our client but in the contract also they have never been our client; they have only been our client for sewer. Sewer and water are two different things. They have never bought water from us, so how have they been our client for water and how are we going after them for that.

Mr. Salmon stated they are buying water.

Councilmember Foster stated not from us, they are buying water from SEWSD, they have never bought water from us because we can’t produce at the pressure they need.

Mr. Salmon stated no they buy water from us.

Councilmember Foster stated what does the contract state, sewer, nowhere does it mention water. Show me the documents where they buy water from us. Discussion continued. Councilmember Foster stated in all these years the city manager that was here never went after them but you and Ron Lawrence decide to and you decide to negotiate on behalf of the City of Goldsboro when no one gave you permission to do that. So both of you went outside your scope of work.

Mr. Salmon stated this has to do with growth.

Councilmember Foster stated it doesn’t matter, we are talking about your job and what you are allowed to do and what you are not allowed to do. That was something you are not allowed to do.

Mr. Salmon asked the city manager can’t work things out and then bring it to Council for approval, yes he can.

Councilmember Foster stated you cannot negotiate prices, you come to us first and we tell you. Have you looked at your job title?

Councilmember Foster stated I am going to move onto some other issues that concern me. We had a forum and spoke about a couple of different things. It bothered me how it was said, Councilmember Broadaway said, Bevan this is the first time I have ever agreed with you, that really bothered me. You said you agreed with me on Special Populations, I can’t remember what exact year, 2016, 2017 I made a motion for Special Population housing, I was trying to drop the radius, the main person that had an argument with that was Bill Broadaway, but at the forum you were all for Special Population, I am confused about what you are really standing for. Another thing we spoke about was our Mayor said we had parks for those disabled. I have not seen any, we have sidewalks but no equipment. Councilmember Foster stated a letter was sent to District 6 by Gene Aycock. You made an attack on a fellow councilman, you used a councilman to make an attack on a future councilman hopefully. I apologize to Dr. Craig for that. The letter stated I am a three time felon, I do not disagree with that, I did what I did, I paid my debt to society. If you are going to continue to knock me for that, what is the point of having rehabilitation? The sad thing about it I still made it here, with all that, I am still in the same exact seat as you. I can’t say for sure Mr. Aycock wrote this letter.

Councilmember Aycock stated I wrote the letter, I admit it.

Councilmember Foster stated thank you for being honest. Second, we are going on to the thing about me being an atheist, I apologize sir for not believing in a god that would let me do things that you did. I apologize that we have a different god. My god will not allow me to do things that you do. Last on the letter, I’ll address the issue of pledging allegiance to the flag, I don’t pledge allegiance to the flag because my ancestors were here before anything was established here being America or any flag was brought about. My family is indigenous of this land, so therefore I don’t have to do no pledge, and I will not. But at the same time I will not disrespect the military and the military members that have fought for and died so I stand there out of respect. Councilmember Foster stated the letter bothered me, I wanted to see what
Councilmember Aycock would do. I understand you are scared, there is a possibility of you losing your seat. There is a possibility of Goldsboro changing forever. This is history. I think Goldsboro was established in 1902, never has there been a black person running for every seat on this council. So yes we are about to make history. We are about to make history with our first black woman on this Council. The saddest thing, as a black man I have to sit here and go through these things from a fellow councilman. I have to get discriminated on, can’t put certain things on the agenda because I am a black man. Councilmember Williams has to go through what he is going through because he is a black man. Don’t let this Council fool you into thinking we keep this military base here. We don’t, it’s a fear tactic they are using oh we need the military, yes we need it. If the decision is made for them not to be here, that decision is coming from the Pentagon, US Senate and US House. It has nothing to do with the City of Goldsboro. Whether this Council is black, white or whatever we all can represent and connect with those on the military base. We fought hard to be where we at. I thank you for the support. I thank Councilmember Williams for the support.

Councilmember Ham stated I would like to acknowledge the event with DGDC that took place for its 20th Annual DGDC Awards Banquet. It acknowledges the work volunteers and representatives have done and recognizes individuals who have invested their money to create businesses, improve facilities, to make it a better place for people to come downtown and improve the economic condition. We have seen many, many changes take place downtown over the last few years.

Councilmember Aycock stated yes I wrote the letter. I wrote it to the people in my district, I mailed it to them first class mail, I signed my name to it, I stand by everything in it, and I do not apologize for any of it.

Mayor Allen stated I do set the agenda. I don’t think I have ever told Councilmember Foster or Councilmember Williams or any other councilmember they could not have anything on the agenda. This was the first time it happened. The reason I told him he couldn’t have it on the agenda, we talked about it at the last two meetings the same thing at the last two meetings and he did not have anything new to offer so I said I was not going to put it on the agenda. Mayor Allen stated just to get some facts out there that were not correct we have been selling water to case farms for years, before I was involved before he was involved the finance person can show you the water bill. We have a contract with Wayne water district the contract says you cannot sell water to any of our customers. Wayne water district was buying water from us for $2.17 they were selling it to case farms for four dollars and something. Our contract says you cannot do that. Our staff, the manager, the attorney, all of our department heads are negotiating contracts all the time before we ever see it. It has been happening ever since we’ve been a city. Every department head negotiates contracts, they have to be approved by the city, by Council. It’s not official till it comes to Council. The manager is perfectly within his rights to do that. I just wanted to say we do try to work with everybody. I don’t think anyone up here cares if you are black, white, purple; that’s not right. We shouldn’t say that, that’s not true and I don’t appreciate that part of it because it has nothing to do would race.

There being no further business, the meeting adjourned at 8:34 p.m.

SUBJECT: John Street Parking Lot Dumpster Corral Expansion

BACKGROUND: In mid-2000, the City of Goldsboro made improvements to the John Street Parking Lot that expanded its capacity and enabled ingress and egress from Center Street. The City owns the parking lot that encompasses the entire interior of the non-built space included within the interior of the block bounded by Center Street, Mulberry Street, John Street and Walnut Street. At the time these improvements were made, the City carved out space to create a dumpster corral for an organized and effective use of temporary trash storage. This space is fenced, per City guidelines, and has space to allow four commercial dumpsters. These dumpsters are shared by multiple use arrangements with businesses located within the area that need the service and participate in a cost share among themselves. Until recently, the corral allowed for an adequate amount of dumpsters to accommodate the needs of the businesses within the block.

DISCUSSION: The number of businesses and uses in this block have grown creating more refuse and a need for more dumpsters. It is in the City’s best interest to accommodate the space needed to keep the public parking lot clean and to maximize its primary purpose; parking. In the absence of organized and dedicated space, business and property owners place dumpsters on sidewalks or in parking lots. For the past several months, the Planning Department, Downtown Development Department and the Public Works Department have received numerous complaints related to this and have had to address issues caused by dumpster capacity.

Representatives from each of these departments reviewed options to provide more dedicated space to accommodate additional dumpsters in the area. Based upon this review, we solicited a quote to extend the current dumpster pad and corral area. This expansion will accommodate four additional dumpsters, allowing for two exposed dumpsters currently placed along the sidewalks to be contained as well as have space for two more when needed. The design chosen allows the City to utilize the existing back brick wall and will lay two side brick walls for the new coral. The work will involve cutting out and the removal of the walk, curb and a portion of the asphalt parking lot to accommodate for a new 12’ by 32’, 6-inch concrete pad. The brick side walls will be 8’ tall and 12” wide and 15’ in length. The front will include two gates. Bollards will be installed to prevent garbage trucks from damaging the walls when serviced.

RECOMMENDATION: By motion,

1) Adopt the attached Budget Ordinance amending the 2019-20 fiscal year budget for the Downtown District Fund by:
a) Decreasing the Transfers to Fund Balance in the amount of $22,400.00.

b) Increasing the expenditure line item “Dumpster Pad Improvements Downtown” in the amount of $22,400.00.

SUBJECT: Contract Award for ADA Transition Plan and Title VI Update Assistance

BACKGROUND: The City of Goldsboro and the Goldsboro MPO, requested proposals to assist the City and the MPO with the development of an ADA Transition Plan and Title VI Program Update Assistance. The City and MPO demonstrated deficiencies on a combination of compliance factors when a compliance review was performed in June and September of 2019 concerning the ADA and Title VI programs. The firm selected will provide professional consulting services for the City and MPO in correcting those deficiencies to move both organizations to an in-compliance status and assure that the programs are up to date.

Four consultants' submitted proposals and submittals were evaluated based on seven criteria: Project Experience, Project Manager, Project Team, Project Approach, Technical Expertise, Cost Estimate and References.

Upon review, the evaluation indicated Milligan & Company, LLC scored the highest based on qualifications, past experience, project approach and cost.

On October 17, 2019, Staff presented their recommendation to the TCC and TAC for their approval. They recommended and approved the selection of Milligan & Company, LLC for these tasks.

DISCUSSION: The fee proposal for this project has been reviewed by the Planning Department and North Carolina Department of Transportation, checked for accuracy, and found to be in order. Staff has also reviewed the financing of this project with the Finance Director. Sufficient funds are available within the Planning Department’s FY 19 budget with 80% of Task 1 and 2 being paid for with the use of PL 104 funds.

CITY OF GOLDSBORO
AGENDA MEMORANDUM
NOVEMBER 4, 2019 CITY COUNCIL MEETING

SUBJECT: SITE-16-19 Site and Landscape Plans-The John R. McAdams Company, Inc. (Convenient Mart with Proposed Canopies and Gas Sales)

BACKGROUND: The property is located on the south side of W. Tommy's Road, the west side of N. William Street and the east side of Carolina Commerce Drive.

Frontage: 359.49 ft. (W. Tommy's Rd.)
307.11 ft. (N. William St.)
595.74 ft. (Carolina Commerce Dr.)

Area: 164,607 sq. ft. or 3.78 acres

Zoning: General Business

Existing use: The property is currently vacant and undeveloped.

DISCUSSION: The submitted site plan indicates the construction of a one-story, brick-veneer convenience store with a gross floor area of 5,187 sq. ft. A 400 sq. ft. open patio with seating is shown along the northern building wall for customers of the business.

In addition, the applicant has proposed the construction of two fuel canopy additions. One fuel canopy will consist of an area of approximately 5,094 sq. ft. and provide cover for 8 fuel gas pumps to be located in front of the convenience store.

The second canopy will consist of approximately 1,656 sq. ft. and provide cover for a total of 4 diesel fuel gas pumps to be located directly south of the convenient store.

Exterior building materials for the proposed convenient store will consist of stucco, cultured stone veneer, and split-face and textured concrete blocking veneer and caps.

Hours of Operation: Monday-Sunday: 24/7

Employees: Approximately 2-3
Access: Developer has proposed three driveway cuts for the site from Tommy's Road, William Street and Carolina Commerce Drive. A proposed deceleration lane is shown along N. William Street for the southbound lane providing access to the site. Approval has been granted by NCDOT for the proposed driveway cuts and the deceleration lane.

Parking: Parking for the site requires 1 space for each 200 sq. ft. of gross floor area. A total of 26 parking spaces are required. The site plan shows a total of 36 parking spaces to include 2 handicap accessible spaces and 5 spaces for large trucks and tractor trailers.

Sidewalks and Pedestrian Access: The applicant shows interior sidewalks leading from the parking lot to the building entrances. Exterior sidewalks are not shown on the submitted site plan. City sidewalks are required along Tommy's Road, William Street and Carolina Commerce Drive. The applicant is requesting a modification of the City’s sidewalk requirement. If approved by City Council, the applicant will be required to pay a fee in the amount of $19,782.90 for sidewalk construction.

Landscaping: The site plan indicates required street trees along Tommy’s Road, William Street and Carolina Commerce Drive. A Type C, 20 ft. wide landscape buffer is required along the southern property line adjacent to a proposed storm water detention pond. The applicant is requesting a modification of the landscape buffer because he believes the buffer would be redundant and unnecessary due to the location of storm water improvements in the area, as well, as existing vegetation.

Commercial Lighting Plan: A commercial lighting plan has been submitted for the site and is compliant with City regulations.

Engineering: The property is not located within a Special Flood Hazard area. City water and sewer are available to serve the property. Storm water calculations and drainage plans have been submitted and in accordance with City Engineering standards.

Refuse collection: A solid waste receptacle is shown along the western property line and located behind the proposed convenient store. The dumpster will be located in a coral and screened from off-site views in accordance with City standards.

Interconnectivity: Interconnectivity has not been identified on the site plan. The applicant believes that interconnectivity would
be impractical due to location of protected wetlands and proposed storm water improvements required for the site. The applicant is requesting a modification of the interconnectivity requirement.

**Modifications:** The applicant is requesting the following modifications.

1. Modification of City sidewalk requirement.

2. Modification of a Type C, 20 ft. wide landscape buffer yard along the southern property line.

The Planning Commission, at their meeting held on October 28, 2019, recommended approval of the Site and Landscape Plan with the requested modifications.

**RECOMMENDATION:** By motion, accept the recommendation of the Planning Commission and approve the Site and Landscape Plan with the following modifications:

1. Modification of City sidewalk requirement. The developer will be required to pay the fee in lieu of sidewalk construction in the amount of $19,782.90.

2. Modification of a Type C, 20 ft. wide landscape buffer yard along the southern property line. Due to the location of stormwater improvements in the area, as well, as existing vegetation.

3. Modification of interconnectivity due to location of protected wetlands and proposed stormwater improvements required for the site.

CITY OF GOLDSBORO
AGENDA MEMORANDUM
NOVEMBER 4, 2019 COUNCIL MEETING

SUBJECT: SITE-18-19 NCTP 3300 Real Estate Investments Co., LLC—Southwest corner of US Highway 70 East and North Oak Forest Road

BACKGROUND: The applicant requests site plan approval for proposed building additions and new parking lot spaces for the display and sale of automobiles at an existing automobile dealership known as Team Chevrolet of Goldsboro.

Days/Hours of Operation: Monday-Sunday
Service Department: 7:00 a.m. – 6:00 p.m.
Sales Department: 8:00 a.m. – 8:00 p.m.
Employees: 78

Proposed improvements for the site will disturb 1.02 acres. According to the City’s Unified Development Code (UDO), nonresidential developments on parcels that disturb greater than 1 acre shall be approved by City Council.

Frontage: 614.09 ft. (N. Oak Forest Rd.)
921.95 ft. (Commercial Dr.)
Area: 7.67 acres
Current Zoning: General Industry (I-2)

DISCUSSION: The proposed site plan submitted by the applicant indicates the construction of 4 new building additions and 1 new canopy with a combined total area of approximately 4,757 sq. ft. Existing building area for the new car dealership is 49,579 sq. ft. The total building area for the existing facility plus new building additions totals 53,354 sq. ft.

Principle and Accessory Building: Principle building improvements will consist of a 2,050 sq. ft. addition to the service reception area, 665 sq. ft. addition for a new car delivery area and a 542 sq. ft. addition to the body and paint shop reception area. A 1,500 sq.
ft. addition is proposed for an existing body shop and repair building located behind the dealership.

**Elevations:** New exterior building components will be consistent with existing construction materials consisting primarily of brick-veneer, split-faced concrete mortar units, and architectural aluminum, glass and metal wall panels.

**Access:** Access to the site is provided by two existing 40 ft. wide driveway cuts off Commercial Dr. and one existing 40 ft. wide driveway cut off N. Oak Forest Rd.

Applicant is proposing removing the existing access drive from N. Oak Forest Rd. A new 26 ft. wide driveway cut is proposed approximately 50 ft. northward from the previous location. Since N. Oak Forest Rd. is a state-maintained road, NCDOT approval will be required for the new site access drive.

**Parking:** Parking for the site requires 1 space per 300 sq. ft. of indoor sales, display and office areas, 1 space per employee and 1 space per service bay. A total of 186 parking spaces are required. Currently, 315 spaces are available.

The applicant proposes the addition of 172 paved display parking spaces totaling 487 parking spaces for the site. Of the 487 parking spaces proposed for the site, 301 parking spaces will be designated for automobile sales and display.

In addition, the applicant proposes to remove 16 existing concrete curb islands located along each of the three access drives in order to redesign existing display parking and for efficient traffic circulation within the site.

**Landscaping:** The submitted site plan does not propose any new landscape improvements. Since the expansion is less than 50% of the original building or parking area, street trees and vehicular surface area buffers are the only City landscape requirements necessary for the project. The applicant is requesting a modification of the City's Landscape Ordinance due to existing site conditions and underground utilities along N. Oak Forest Rd. and Commercial Dr.

**Sidewalks and Pedestrian Access:** New handicap accessible interior sidewalks are proposed at the front of the dealership for
access into the main building entrances. According to the UDO, exterior sidewalks are not required since the existing building or parking area will not be expanded by more than 50% of the original area. In addition, the site is not a part of the City's Pedestrian Sidewalk Plan.

Engineering: Storm water calculations, grading and drainage plans have not been submitted. The applicant will be required to submit plans and specifications in accordance with City Engineering standards before construction permits can be released.

Refuse: Commercial garbage dumpsters are located behind the existing body shop and will be required to be screened from public view in accordance with City standards.

Modification: The applicant is requesting a modification of the requirement to install vehicular surface buffers and street trees along N. Oak Forest Rd. and Commercial Drive due to existing site conditions and underground utilities.

The Planning Commission, at their meeting held on October 28, 2019, recommended approval of the Site and Landscape Plan with the requested modifications.

RECOMMENDATION: By motion, accept the recommendation of the Planning Commission and approve the Site and Landscape Plan with the following modifications:

(1) Modification from the requirement to install vehicular surface buffers and street trees along N. Oak Forest Rd. and Commercial Drive due to existing site conditions and underground utilities.
