Amending Section 5.5 Supplemental Use Regulations by adding to Subsections 5.5.4M and 5.5.4EE, Industrial and Business Park (I&BP) zoning district, as a permitted district for the use of Community Sensitive Heavy Industrial Uses (5.5.4M) and Storage or Treatment of Hazardous/Chemical Materials (5.5.4EE).

On October 4, 2021, City Council accepted the recommendation of the Planning Commission and adopted an ordinance amending the Unified Development Code to reflect the addition of chemical products, manufacturing and processing; and, the storage or treatment of hazardous materials or chemical uses as a special use within the Industrial Business Park (I&BP-1) zoning district and the associated minor text amendments.

According to the City’s UDO, chemical manufacturing facilities are classified as Community Sensitive Heavy Industrial Uses. As such, the following supplemental regulations are required for the proposed use:

1. The entire area of the site shall be enclosed by a six foot high opaque fence set back one hundred feet from any public right of way or residentially developed or zoned property and/or fifty feet from any other adjacent property.
2. The yard area between the fence and the property line, not used for parking, shall be planted with grass and have landscaping composed of large trees spaced not more than forty feet apart and not less than one row of shrubs thirty inches in height, spaced so that they will form a continuous visual screen six feet in height within three growing seasons.
3. No loading or unloading of materials shall occur outside of the fenced area.
4. A statement shall be submitted with the plans indicating whether any manufacturing or processing operation will create smoke, offensive odor, dust, noise, fumes or vibrations beyond the lot lines of the proposed use. If one or more of such conditions exist, the developer shall explain what measures will be taken to mitigate such conditions to acceptable levels.
5. The uses shall be located a minimum of one thousand feet from any residentially developed or zoned property.

The one thousand foot separation distance shall be measured in a straight line from property line to property line, with no consideration as to intervening structures, roads or landforms.
The applicant has submitted site, landscape, storm water, grading and drainage plans for the proposed use, as well as, a floor plan for the existing 50,277 sq. ft. commercial shell building. The building will consist of offices, a conference room, a lobby, break room, locker room, and restrooms for employees of the facility.

Approximately 47,225 sq. ft. of space will be reserved for chemical manufacturing processes. Additional acreage is available for future expansion purposes.

Two existing access drives front Challen Court. The southernmost access drive is paved and leads to a parking lot containing 18 parking spaces. The northernmost access drive is graveled and leads to a four-bay loading dock. Paved surfaces will be required for the northernmost access drive.

Manufacturing operations require 1 space per 2 employees on the maximum shift, plus 1 space for each vehicle stored on site. Currently, 12 employees will occupy the facility. The existing 18 parking spaces will provide sufficient parking for the proposed use. Additional acreage is available for future parking expansion purposes.

Existing street trees have been provided along Challen Court. Additional street trees will be required along Gateway Drive.

A storm water detention pond is located east of the principle building. Evergreen shrubs will be required to be installed around the pond for screening purposes.

City Engineering will require approval of storm water calculations and drainage plans prior to the issuance of construction permits.

Currently, the property is not located within Goldsboro’s corporate limits. City water and sewer are available to serve the property. In accordance with the Goldsboro Code of Ordinances, Section 53.17, the proposed use is classified as industrial. As such, a formal agreement shall be executed by the applicant for voluntary annexation on or before the expiration of seven years from the date a certificate of occupancy has been issued for the facility.

The site is not located in SJAFB’s Accident Potential Zone or within the Noise Overlay Contour. Base officials have commented that they do not foresee any concerns with the proposed use with regards to emergency hazards and do not anticipate it impacting the bases’ Hazard Assessments.

A commercial dumpster coral has not been shown on the submitted site plan. The coral will be required to be built to City standards and screened from public view.

If Council approves the Special Use Permit and associated site plans, the property will be subject to compliance with the City’s subdivision review ordinance and the North Carolina State Building Code before construction permits can be issued.

On November 15, 2021, a public hearing was held before Goldsboro City Council and the members of the Planning Commission. In accordance with Section 2.4.10, Goldsboro City Council shall issue the special use permit unless it concludes based on the information submitted at the hearing that:

1. The permit request is not within its review authority according to 5.4 Table of Permitted Uses;
2. The application is incomplete;
3. The development will not comply with one or more requirements of the Unified Development Code;
4. The development will materially endanger the public health or welfare;
5. The development will substantially injure the beneficial use of adjoining or abutting property;
6. The development will not be in harmony with existing development and uses within the area in which it is located; or
7. The development will not be in general conformity with the Comprehensive Plan, Thoroughfare Plan or other plan officially adopted by Council.
At the public hearing, one individual inquired as to the nature and scope of the proposed use. The applicant was present to answer questions pertaining to the matter.

Code of Ordinances Update: Criminal Ordinance Amendments. Ordinance Adopted. On September 2, 2021, Governor Cooper signed SB300 Criminal Justice Reform into law. Part XIII of S.L. 2021-138 provides that, effective December 1, 2021, violation of a city ordinance may be a misdemeanor or infraction as provided by G.S. 14-4 only if the city specifies such in the ordinance. An ordinance may provide by express statement that the maximum fine, term of imprisonment, or infraction penalty to be imposed for a violation is some amount of money or number of days less than the maximum imposed by G.S. 14-4.

Prior to December 1, 2021, NCGS 160A-175, held that unless the city provided otherwise, a violation of an ordinance was a misdemeanor or infraction as provided by G.S. 14-4. So, by default, if city did not take action otherwise, ordinances were enforced criminally.

The Goldsboro City Council intends for certain ordinance violations to continue to be punishable as a misdemeanor and therefore have rewritten section 10.99: General Penalty to comply with the new law.

Part XIII of S.L. 2021-138; NCGS §160A-175-Enforcement of Ordinances states that no ordinance of the following types may impose a criminal penalty:

- Chapter 98: Streets And Sidewalks
- Chapter 110: Licensing Provisions
- Chapter 112: Massage Therapists And Massage Therapy Establishments
- Chapter 113: Peddlers And Itinerant Merchants
- Chapter 114: Vehicles For Hire
- Chapter 116: Licensing For Boarding And Rooming Houses
- Chapter 117: Pushcart And Mobile Food Unit Vendors
- Unified Development Ordinance

It was recommended that Council adopt the following entitled ordinance amending 10.99: General Penalty Ordinance, and Chapters 98, 113, 116, 117 of the City of Goldsboro Code of Ordinances. Consent Agenda Approval. Polack/Gaylor (6 Ayes)

DECEMBER 20, 2021 COUNCIL MEETING

SUBJECT:  

PUBLIC HEARING
SU-13-21 Elondia Grant (Place of Entertainment without ABC-Hookah Lounge) – Subject property is located on the north side of E. Mulberry Street between Center Street and John Street.

BACKGROUND:  

On September 20, 2021, a public hearing was conducted to consider a request by the applicant for the operation of a Place of Entertainment with ABC permits (Hookah Bar and Lounge) within the Historic and Central Business (CBD) zoning districts.

The Planning Commission at their meeting held September 27, 2021 recommended denial without prejudice the Special Use Permit #SU-9-21 as the request did not meet requirements of NCGS 130A-496 (b)(2) regarding “free standing” structures.

On Monday, October 4, 2021, Goldsboro City Council accepted the recommendation of the Planning Commission and denied the applicant’s request for a special use permit without prejudice to allow the operation of a Place of Entertainment (Hookah Bar and Lounge) based on the fact that the request did not meet the following:

1. Section 1.2 Authorizations for Special Use Permits; Unified Development Code (UDO); proposal did not meet requirements of NCGS 130A-496(b)(2) regarding “free standing” structures;

2. Section 2.4.10 Conditions for Special Use Permits; Unified Development Code (UDO); proposed use could materially endanger the public health or welfare;

3. Section 2.4.10 Conditions for Special Use Permits; Unified Development Code (UDO); proposed use could substantially injure the beneficial use or abutting properties;
DISCUSSION:  The applicant is requesting a Special Use Permit to allow the operation of a Place of Entertainment (Hookah Lounge) without ABC permits.

Frontage: 25.68 ft.
Depth: 90.00 ft.
Area: 2,311 sq. ft.

Zoning: Central Business District (CBD)

The property was previously occupied as a restaurant.

The applicant has proposed to up-fit the existing one-story concrete commercial building for the operation of a Hookah Lounge only. There are no food, beverage or alcohol sales proposed in conjunction with the request.

According to officials with the North Carolina Department of Health and Human Services, a hookah establishment that is not permitted by the ABC Commission for alcohol sales and is not inspected by local health department for food sales is not regulated by the state law.

Since the site is located within the Historic District, any exterior improvements to the building will be required to receive a Certificate of Appropriateness from the Historic District Commission. In addition, the applicant will be required to comply with the North Carolina State building code before building permits can be issued.

The applicant’s floor plan indicates 14 Hookah Tables that will accommodate up to 56 seats/occupants. Restrooms, storage area and a Hookah prep area are also included within the proposed place of entertainment.

Days/hours of Operation:  Monday – Friday
6:00 p.m. – 12:00 a.m.

12:00pm – 12:00 a.m.

Employees: 6

The Unified Development Ordinance specifies that required parking standards would not apply in the Central Business District within an area bounded by the south side of Ash Street, the east side George Street, the north side of Chestnut Street and the west side of William Street. Since
the subject site is located within this area, no off-street parking is required.

The following approval criteria apply for proposed places of entertainment without ABC permits:

1. Upon a finding that there has been an increase in the volume, intensity, or frequency of the use or a use different that set forth in the special use permit, the reviewing authority after a public hearing may modify, suspend or revoke the special use permit.

2. Six copies of the floor plan, drawn to scale, shall be submitted indicating the proposed use within the structure including and location and number of all games and amusements.

3. A satisfactory statement setting forth the method and frequency of litter collection and disposal shall be submitted with the site plan.

DECEMBER 20, 2021 COUNCIL MEETING

SUBJECT: Neighborhood Plan Property Transfer

BACKGROUND: Preservation NC has historically worked in cooperation with the City of Goldsboro and the Downtown Goldsboro Development Corporation to save our historic structures and convert them into functioning, sufficient, owner-occupied residences. This effort has been an integral part of our Neighborhood Revitalization Plan strategy to take a first, proactive step in the development of viable neighborhoods surrounding the commercial downtown core of our City. This Plan was approved by the Council in 2006. City departments, including Planning, Inspections, Downtown Development, Finance and the Manager’s Office have worked with partners, Preservation NC and Self-Help towards the goals set out by the Neighborhood Plan.

DISCUSSION: Two properties, one historic house and one vacant lot, located at 403 and 405 West Mulberry Street were acquired by Preservation NC, with support from the City of Goldsboro in 2006 for the purpose of advertising to potential developers while maintaining protective covenants to ensure the historic features of the property were secured. The home is considered “significant to our certified local historic district,” and “contributing” according to the historic property inventory. When PNC was not successful at identifying a suitable buyer, the City worked with PNC to have the properties transferred back to City ownership in 2020, with the intent of passing on to the DGDC. The DGDC, as the City’s non-profit downtown development partner, has historically taken on PNC properties for the purpose of marketing for historic revitalization, in accordance with the City’s Neighborhood Plan. As was the intent when the properties were acquired from PNC, the City wishes to transfer 403 and 405 West Mulberry Street to the DGDC, in accordance with G.S. 160A-266(b), citing the conveyance of property to historic preservation organizations with historic covenants. The transfer is to be made in return for services provided by the DGDC to properly market the properties in accordance with the Neighborhood Plan.

Additionally, four vacant, sub-standard lots on N. Virginia Street have been requested for transfer under the same statute, including 204, 206, 208 and 210 N. Virginia Street. These properties, located in the same Neighborhood Plan area, will be marketed in a similar manner as the West Mulberry properties for the purpose of development and neighborhood preservation in accordance with the Plan.
RECOMMENDATION: By motion,

1) Transfer the following properties: 403 and 405 West Mulberry Street, 206, 208 and 210 N. Virginia Street and 204 N. Virginia Street, contingent upon approval by the County, as it is jointly-owned.

   a. All properties will be transferred to the DGDC for the purpose of Historic Preservation, in return for services provided by the organization to properly market for development in accordance with the Neighborhood Plan

   b. Subject to conditions and covenants stated in the attached resolution.

WHEREAS, the DGDC is a charitable organization which acquires certain rights pursuant to historic preservation agreements that will insure that structures located within the state of North Carolina of recognized historical and architectural significance are preserved and maintained for the benefit of future generations; and

WHEREAS, the North Carolina General Assembly has enacted the Historic Preservation and Conservation Agreements Act validating restrictions, easements, covenants, conditions or otherwise, appropriate to the preservation of a structure or site historically significant for its architectural, archeological or historical associations.

NOW THEREFORE, the Buyer hereby agrees that the Subject Properties shall be and shall permanently remain subject to the following agreement, easements, covenants and restrictions:

1. These covenants shall be administered solely by the Downtown Goldsboro Development Corporation Board of Directors, its successors in interest or assigns; and in all subsequent conveyances of Subject Properties, the DGDC, its successors in interest or assigns shall be the sole party entitled to administer these covenants. In the event that the DGDC, or its successors in interest by corporate merger cease to exist, then in such event the DGDC shall assign all of its rights and interests in these easements, covenants, and conditions subject to such duties and obligations which it assumes hereby to a non-profit corporation of responsibility which exists for substantially the same reasons as the DGDC itself (as described hereinabove); If no such corporation be available for such assignment then, under such circumstances such assignment shall be made to the State of North Carolina which shall be the sole party entitled to administer those covenants.

2. The Successors covenant and agree to rehabilitate the Subject Properties according to the terms, conditions, and deadlines of a Rehabilitation Agreement entered into by the parties and signed by authorized by authorized officials of the DGDC and, after rehabilitation, to continuously maintain, repair, and administer the Subject Properties herein described in accordance with the Secretary of the Interior’s Standards for the Treatment of Historic Properties (1992) so as to preserve the historical integrity of features, materials, appearances, workmanship and environment of the Subject Properties. Maintenance shall be continuously provided. Said standards are attached hereto and incorporated in these covenants by reference.
3. No alteration and no physical or structural change and no changes in the material or surfacing shall be made to the exterior of 405 West Mulberry Street without the prior written approval of the President of the Board of Directors of the DGDC.

4. No addition or additional structure shall be constructed or permitted to be built upon the Subject Properties unless the plans and exterior designs for such structure or addition have been approved in advance in writing by the President of the Board of Directors of the DGDC. The DGDC in reviewing the plans and designs for any addition or additional structure shall consider the following criteria: Exterior building materials; height; fenestration; roof shapes, forms, and materials; surface textures; expression of architectural detailing; scale; relationship of any additions to the main structure; general form and proportion of structures; orientation to street; setback; spacing of buildings, defined as the distance between adjacent buildings; lot coverage; use of local or regional architectural traditions; and effect on archeological resources. Contemporary designs for additions or additional structures shall not be discouraged when such alterations and additions do not destroy significant historical, architectural, or cultural material, and such design is compatible with the size, color, material and character of the property and its environment.

5. The Successors and the DGDC hereby agree that the interior architectural features listed below are elements which contribute to the architectural significance of 405 W. Mulberry St and

- Windows
- Interior Trim, Moldings, Casework
- Wood Floors
- Stair System
- Interior Doors and Transoms

If applicable, no removal of the above mentioned architectural features shall be made without the prior written approval of the President of the Board of Directors of the DGDC. If there are no structures on the said real property, then such requirements are not applicable.

6. The Successors shall abide by all federal, state, and local laws and ordinances regulating the rehabilitation, maintenance and use of the Subject Properties.

7. When seeking approvals under paragraphs 3, 4, and 5, the Successors shall give written notice to the DGDC. If the DGDC fails to respond within forty-five (45) days, then the Successors shall have the right to proceed according to their plans. The DGDC's decisions under paragraphs 3, 4, and 5, shall be based on the Secretary of the Interior's Standards for the Treatment of Historic Properties (1992) and shall not be unreasonably withheld.

8. In case of any contemplated sale of the Subject Properties or any portion thereof by the Successors or any successor in title thereto, first refusal as to any bona fide offer of purchase must be given to the DGDC, its successors or assigns. If the DGDC so decides to purchase, it shall notify the then owner of its willingness to buy upon the same terms within thirty (30) days of receipt of written notice of such bona fide offer. Failure of the DGDC to notify the then owner of its intention to exercise this right of first refusal within such thirty (30) day period shall free the owner to sell pursuant to the bona fide offer. Provided, however, that if there are any outstanding deeds of trust or other encumbrances against the property, any right to repurchase shall be subject to said deeds of trust or encumbrances, and they shall either be satisfied or assumed as part of the purchase price.

9. In the event of a violation of covenants contained in Paragraphs 2, 3, 4, 5, and 6 hereof, the DGDC then shall have an option to purchase the Subject Properties, provided that it shall give the Successors written notice of the nature of the violation and the Successors shall not have corrected same within the ninety (90) days next following the giving of said notice. The purchase of the Subject Properties, pursuant to the exercise of the option retained hereby, shall be at a price equal to the then market value of
the Subject Properties, subject to restrictive covenants, as determined by agreement of the then owner and the DGDC, or, in the absence of such agreement, by a committee of three appraisers, one to be selected by the DGDC, one to be selected by the then owner, and the other to be designated by the two appraisers selected by the DGDC and the owner respectively. Provided, however, that if there are outstanding deeds of trust or other encumbrances against the property, any right to purchase shall be subject to said deeds of trust or encumbrances, and they shall either be satisfied or assumed as part of the purchase price.

10. Representatives of the DGDC shall have the right to enter the Subject Properties at reasonable times, after giving reasonable notice, for the purpose of inspecting the buildings and grounds to determine if there is compliance by the Successors with the terms of these covenants.

11. Researchers, scholars, and groups especially interested in historic preservation shall have access to view the interior of the rehabilitated property by special appointment at various times and intervals at times both desirable to the public and convenient with the Successors.

12. Successors shall insure the Subject Properties against damage by fire or other catastrophe. If the original structure is damaged by fire or other catastrophe to an extent not exceeding fifty percent (50%) of the insurable value of those portions of the building, then insurance proceeds shall be used to rebuild those portions of the Subject Properties in accordance with the standards in Exhibit B. The Successors shall keep the Subject Properties insured under a comprehensive general liability policy that names the DGDC as an additional insured and that protects the Successors and the DGDC against claims for personal injury, death and property damage.

13. All mortgages and rights in the property of all mortgagees are subject and subordinate at all times to the rights of the DGDC to enforce the purposes of these covenants and restrictions. Successors will provide a copy of these covenants and restrictions to all mortgagees of the Subject Properties and has caused all mortgagees as of the date of this deed to subordinate the priority of their liens to these covenants and restrictions. The subordination provisions as described above relates only to the purposes of these covenants and restrictions, namely the preservation of the historic architecture of the Subject Properties.

14. The Successors do hereby covenant to carry out the duties specified herein, and these restrictions shall be covenants and restrictions running with the land, which the Successors, their heirs, successors, and assigns, covenant and agree, in the event the Subject Properties is sold or otherwise disposed of, will be inserted in the deed or other instrument conveying or disposing of the Subject Properties.

15. The properties the DGDC seeks to protect may contain certain hazards as a result of outdated building practices or use of certain materials that may contain lead paint, asbestos, or some other hazards that may need to be removed or encapsulated before the buildings are habitable. Addressing these problems is one of the challenges of owning and restoring a historic property. The DGDC does not have the resources to correct these problems and cannot take responsibility for the condition of the properties being sold. The DGDC is not liable in any way for any hazards, defects, or other problems with the properties under covenants.

16. The Successors and the DGDC recognize that an unexpected change in the conditions surrounding the Subject Properties may make impossible or impractical the continued use of the Subject Properties for conservation purposes and necessitate the extinguishment of this Historic Preservation Agreement. Such an extinguishment must comply with the following requirements:

(a) The extinguishment must be the result of a final judicial proceeding.
(b) The DGDC shall be entitled to share in the net proceeds resulting from the extinguishment in an amount in accordance with the then applicable regulations of the Internal Revenue Service of the U. S. Department of the Treasury.

(c) The DGDC agrees to apply all of the portion of the net proceeds it receives to the preservation and conservation of other property or buildings having historical or architectural significance to the people of the State of North Carolina.

(d) Net proceeds shall include, without limitation, insurance proceeds, condemnation proceeds or awards, proceeds from a sale in lieu of condemnation, and proceeds from the sale or exchange by the Successors of any portion of the Subject Properties after the extinguishment.

17. In the event of a violation of these covenants and restrictions, all legal and equitable remedies, including injunctive relief, specific performance, and damages, shall be available to the DGDC. No failure on the part of the DGDC to enforce any covenant or restriction herein nor the waiver of any right hereunder by the DGDC shall discharge or invalidate such covenant or restriction or any other covenant, condition or restriction hereof, or affect the right of the DGDC to enforce the same in event of a subsequent breach or default.

18. Unless otherwise provided, the covenants and restrictions set forth above shall run in perpetuity.

AGENDA MEMORANDUM
DECEMBER 20, 2021

SUBJECT: Amending Chapter 32 of the Code of Ordinances of the City of Goldsboro

BACKGROUND: The City of Goldsboro recognizes and values the importance of citizen participation in local government. The City utilizes boards and commissions as a mechanism to engage citizens in the democratic process.

The Mayor’s Committee for Persons with Disabilities membership is currently composed of 15 members. Council recognizes the need for an increase in participation on the board and wishes to increase the membership size.

The Goldsboro Municipal Golf Course Committee has seen a decrease in membership and Council has discussed reducing the number of members on the board.

DISCUSSION: At the Goldsboro City Council meeting on December 6, 2021, Council discussed the Mayor’s Committee for Persons with Disabilities. Councilmember Matthews requested to increase the number of members to 16, in order for additional participation on the board.

At the Council meeting on December 6, 2021, Council discussed the Goldsboro Municipal Golf Course Committee decrease in member participation and recommends reducing the board from 7 to 5 members.

After a review of the Chapter 32, several administrative errors were discovered including changing Development Services Director to Planning Director, and a typographical error in (B) Memberships under 32.326 Board of Adjustment.

RECOMMENDATION: Staff recommends Council consider adopting the following entitled Ordinance amending; Chapter 32, Section 32.311 Mayors Committee for Persons with Disabilities of the Code of Ordinances changing the membership from 15 members to 20 members; Chapter 32, 32.323 Goldsboro Municipal Golf Course of the Code of Ordinances changing the membership from 7 members to 5 members; and other administrative changes in Chapter 32.

Chapter 32

32.220 Miscellaneous

A All city residents are eligible to serve on any of the several boards, committees, commissions and
authorities in operation.

B No individual shall be eligible to be appointed concurrently to two or more of these bodies at any
one time.

C All members of boards, commissions, committees and authorities may serve up to a maximum of
two consecutive terms or six years, whichever is greater. Those persons appointed to serve on an
unexpired term of a duration of one-half or more of the normal term will be credited with serving their
first term. After fulfilling the maximum term requirements, a member may not be appointed to any
other board, committee, commission or authority until after one year.

D At least two months prior to the end of the term of every board, commission, committee and
authority member, and upon the occurrence of an unanticipated vacancy in the membership of the
same, the chairperson of the respective board, commission, committee and authority, with the
endorsement of its membership, shall submit to the Mayor and City Council the names, along with a
brief biographical resume, of a minimum of two and a maximum of four citizens to be considered for
each appointment and reappointment to be made.

E Each year upcoming vacancies will be advertised in the local newspaper and on the radio during
the month of October.

F For members to be eligible for reappointment, attendance records must show that they have
participated in 70% of all scheduled meetings in a calendar year unless absence was due to personal
injury or sickness. If a member has missed three meetings, notification will be given of his or her
possible replacement. At any time during a term, the City Council may be petitioned to terminate the
appointment of those members who have failed to meet the above requirement.

G Yearly appointments to all boards, commissions, committees and authorities will be made no later
than January 1 of each year, except in cases of unanticipated vacancies which shall be immediately
filled. All board members will continue to serve in their current capacity until another board
appointment has been made.

H Whenever possible, all appointments to boards, commissions, committees and authorities will be
made using a staggered terms format.

I The Mayor and City Council hereby establish a policy of non-discrimination as to sex, race, religion
or national origin and will seek out and appoint citizens of both sexes, and all racial and social-economic
elements represented by the city’s population to serve on these citizen organizations.

J The City Council will appoint members to all boards, commissions, committees and authorities of
the City of Goldsboro except those of the Housing Authority, whose members shall be appointed by the
Mayor in accordance with North Carolina G.S. § 157-5.
Section 32:300

32.300 Boards and Commissions Purpose Statement. The City Council of the City of Goldsboro recognizes and values the importance of citizen participation in local government and strives to select citizens from the entire community to serve on boards and commissions taking into consideration gender, race and residence on a geographical basis. The City of Goldsboro utilizes volunteer boards as a mechanism to engage citizens in the democratic process. The primary responsibility of these boards is to provide advice to the city council from a citizen perspective.

32.301 General provisions.

(A) Definitions.

1. Board. For the purposes of this article, the word "board" shall mean and include any board, commission, committee, agency or similar group made up in whole or in part of nonelected appointees of the city council, whether established by general statute, charter, ordinance, resolution, motion or otherwise. Notwithstanding the preceding, for special committees, task forces and the like, this Article shall apply only as appropriate, and the mayor shall have appointment responsibility as provided in the City of Goldsboro’s Code of Ordinances Chapter 30 Section 30.01.

2. Board Year. Board year shall mean a 12-month time period beginning with the term effective date.

32.302 Membership, general.

(A) Membership eligibility and appointment process. In order to be eligible for appointment to a board, a person must be 18 years of age or older and a City of Goldsboro resident for the duration of the appointment term, unless otherwise provided by law or ordinance, and must file an application on a form provided by the city clerk. Unless otherwise directed, or unless otherwise explicitly provided for elsewhere in this Code, all appointments to all boards, shall be made by the council as a whole. Unless otherwise directed, no person shall serve on more than one board at the same time.

(B) Unexpired terms. The council intends to make appointments to fill unexpired portions of terms created by vacancies, as expeditiously as possible. Further, the council recognizes that the urgency of filling such vacancies may vary depending upon the circumstances of the vacancy.

(C) Removal. All members of all boards shall serve at the pleasure of the city council, regardless of the terms for which appointed, and the city council may in its discretion, at any time, remove any members of any board for any reason, including inefficiency, neglect of duty, or malfeasance in office.

(D) Resignations. If a member concludes that he or she will have difficulty fulfilling the volunteer commitment, the member may voluntarily resign from the board. Notice should be communicated in writing to the city clerk’s office. Members who have been removed from a board or who have resigned prior to completion of their term shall disclose such fact in any subsequent application for board appointment.

32.303 Election of Officers. The Board shall elect a chairperson and vice chairperson and such other officers as it may deem proper. The term of the chairperson shall be one year, with eligibility for reelection.

32.304 Terms of office. The terms of office of members of all boards appointed by the city council shall be three years unless otherwise provided by law or ordinance or unless a vacancy is being filled, in which case a term may be one, two, or three years, depending on the remainder of the term. Terms on all boards shall be staggered, with the terms of approximately one-third of the membership expiring each year to ensure there is always one or more members with experience on each board. All terms shall begin on January 1 following appointment. A person shall normally serve no more than two consecutive full terms on the same board. A member may continue to serve until his successor is duly named and qualified or unless he resigns.

32.305 Conflicts of interest. All board members shall read and be familiar with such laws, policies and guidelines as may be in effect from time to time concerning ethics and conflicts of interest for city advisory boards and commissions and shall sign such policies and guidelines of the city as required by their terms. Refer to state law and Conflict of Interest Policy Statement as revised from time to time in accordance with council practices and procedures, for the conflict of interest guidelines that apply to boards.
32.306 Attendance at board meetings. Water Treatment Plant
- The Water Treatment Plant operations are proceeding smoothly.
  - The EPA signed the Lead and Copper Rule revisions on June 10, 2021. The effective date is set for December 16, 2021. Mandatory increases to sampling, education, inventory, and service line replacement are of note. More resources are needed to meet these requirements, which have been cut from recent budget requests.
  - Divers have completed the cleaning of the Intake Structure Screen and the wet well to the Intake Pump Station
  - WTP is fully staffed and all are certified.

Water Reclamation Facility
- The Water Reclamation Facility (WRF) operations have been demanding. In 2021, the plant is operating at 83% capacity. The average daily flows for November were 6.52-MGD.
  - All of the city’s 26 pump stations are operating well, with the exception of the 117, Little Cherry, and New Hope pump station bar screens, impacts from high flows, and Big Cherry’s generator is only able to run in manual and parts are ordered.
  - Remote communication with the obsolete telemetry system continues to be prepared for an upgrade. Failed telemetry radios have delayed emergency response, but no violations have occurred during each event. Monies were approved with ARP funds to repair.
  - One uncertified operator is working towards certification.

Compost Facility
- Four-hundred and seven-two cubic yards of compost and mulch were sold in November 2021.

Historical data for water and sewer volumes are in million gallons per day (MGD) and are average daily flows for each month. The results for October are estimated, due to all the results are not in for the month.
