Call to Order. The meeting was called to order by Mayor Allen at 5:00 p.m.

Adoption of the Agenda. Mayor Pro Tem Broadaway made a motion to adopt the agenda. The motion was seconded by Councilmember Aycock. Mayor Allen, Mayor Pro Tem Broadaway, Councilmember Stevens, Councilmember Foster, Councilmember Ham and Councilmember Aycock voted in favor of the motion. Councilmember Williams voted against the motion. Mayor Allen stated the motion passed 6:1.

Closed Session Held. Upon motion of Councilmember Stevens, seconded by Councilmember Ham and unanimously carried, Council convened into Closed Session to discuss an economic development matter.

Council came out of Closed Session.

Boards and Commissions Appointments. Mayor Allen shared we had opened this back up and received applications until this past Friday. New applications were received. Councilmember Ham stated he would like more time to review. Upon motion of Councilmember Ham, seconded by Mayor Pro Tem Broadaway and unanimously carried, Council deferred action until the next meeting.

T.C. Coley Community Center Discussion. Mr. Randy Guthrie stated at the last meeting Council had asked staff to come back with some draft rental rates. Ms. Felicia Brown reviewed proposed rental rates. Councilmember Stevens shared concerns regarding rental rates. Councilmember Foster also shared concerns regarding rates and stated all of a sudden we are in the business of making money off of something we were supposed to be giving back to the community. Council discussed operation costs and facility use.

Councilmember Williams made a motion to table payment at this point, give them up to a year. Mayor Allen stated let’s clarify that they will need to go through Parks & Recreation to schedule, we have to have a basis of control at the facility, it has to have a manager, and today that would be Parks & Recreation. Discussion continued on use of the facility and insurance requirements. Mr. Guthrie stated as individual requests come in we can work with our insurance company to ensure we are covered. Mayor Allen also asked if everyone could agree no alcohol on the premises and Council agreed. Mayor Pro Tem Broadaway seconded the motion. Councilmember Ham shared information regarding the public forum held at the center. We agreed it would not be a fully funded facility. Mayor Allen stated you are correct but today, we want nonprofits to use the building, give it a year and hope we can find a group to come in and take it. Mayor Allen stated those groups are not as easy to find as you may think. Council discussed uses of the building. Councilmember Foster stated he felt like right now, Council just keep on the non-profit side. Council agreed. Mayor Allen called for a vote. The vote was unanimous in support of the motion.

Conflict of Interest Investigation Results. Attorney Ron Lawrence stated at the last Council Meeting there was a request for an investigation to see if there was a conflict of interest that took place during the voting with Councilmember Ham during the same time he was serving on the DGDC Board. The first thing I did was look at the issue of whether or not it is a conflict to be on both at the same time, I feel like there was not one. I spoke with other municipal attorneys and they agreed it would not be a conflict. The second issue was, first you have a responsibility to this Council to vote; we have discussed that before, you may be excused from voting under certain circumstances such as financial benefit to yourself. From that point, I asked the city clerk to pull the agendas from January 1, 2016 up to when he resigned in January 2018 and pull anything that said downtown and/or DGDC. So I went through each of those. I did not find anything in those where Councilmember Ham had a direct financial benefit that he himself would receive either through the city or some type of funding or project from DGDC.

Councilmember Williams asked can I see a copy of what you have, I think everyone needs to see copies of what you have. Councilmember Williams stated you said that you felt as if it wasn't a conflict, but you didn't give me any law. My concern is not that, I think the paper had put it basically that it was printed, that I felt like it was a conflict to serve as ex-officio on the board. I do not have a problem with him being an ex-officio. My concern was while he was on the board, while on the non-profit side, he voted on issues and we had no knowledge that he sat on that board. There were several things he voted on, the TIGER 8 grant, he voted twice, each time voting for the TIGER grant. Attorney Lawrence stated that is not a conflict of interest for him. Councilmember Williams stated I disagree with you. Attorney Lawrence stated I respect that but my opinion is it is not a conflict of interest, there is not a direct financial benefit from that, as a result of that, every councilmember here just like yourself is required to vote. You can only be excused for certain circumstances. Those circumstance did not arise with Councilmember Ham.

Councilmember Williams stated I disagree. I believe that you cannot serve two masters. If you have an allegiance to the non-profit side of the DGDC, you basically will not vote. You are supposed to be here to vote for the citizens, you are not supposed to be here to vote for board members and he does have some type of financial gain in the future, because Cornerstone Commons will be built, he has property that is directly across from there; so there is some financial gain, even if it is not him personally, it is his building there.

Attorney Lawrence stated that would be for any councilmember who has property downtown.

Councilmember Williams stated he has people who lease from him as well so their business will generate additional funds too. I believe there is a conflict. He also voted on January 19th for \$20,000 that was approved through the DGDC. There have been a lot of issues and all he had to say was I would like to recuse myself but he didn't say that and didn't let us know he was a board member. I believe it is an ethic issue.

Councilmember Foster stated if you do own property downtown and you vote for millions of dollars downtown, which is going to raise your property value, at what point do you draw that line. Councilmember Foster stated I do not feel like it should be closed out at this point, we need to get more information from the School of Government, there are still a lot of questions.

Attorney Lawrence stated feel free to reach out to the School of Government if you want to.

Councilmember Williams stated when it comes to our code of ethics, which I am sure you all are familiar with, states "the proper operation of democratic government requires that public officials and employees be independent, impartial and responsible to the people, government decisions and policy must be made in proper channels of the governmental structure, the public office must not be used for personal gain; and the public must have confidence in the integrity of its government. So ethically was what he done correct; I do not think so.

Attorney Lawrence stated I disagree, I think it was.

SJAFB Commercial Refuse Agreement. Mr. Rick Fletcher shared the following information:

- Completed discussions with SJAFB Civil Engineers and contracting officers regarding establishing a new partnership through an Intergovernmental Support Agreement (IGSA) for commercial refuse collections on base

Council discussed equipment maintenance costs. Upon motion of Councilmember Aycock, seconded by Councilmember Williams and unanimously carried, Council agreed staff could move forward.

Seized Property Discussion. Chief West stated currently at the Police Department, we have 48,401 pieces of property and evidence. General Statute regulates disposing of any of that property. Property has to be claimed within 180 days; 60 days if it is a bicycle before it is considered unclaimed. Chief West stated one of the options permitted for disposing of unclaimed property is for the agency to auction the property off. Prior to the auction, the Police Department is required to publish a notice describing the property that is in the custody of the Police Department and that any person(s) who may have a claim or interest in the property must report that claim to the PD within 30 days of the date of publication of the notice. The Police Department currently uses an online auction site. Proceeds from the sale of unclaimed property go to either the Police Department or the Wayne County Schools. Where the money goes is in accordance with N.C. General Statute.

Chief West explained the current process which is time consuming and requires additional space and audit trail. The money comes back to finance and then it is determined where the money goes. With PropertyRoom.Com the items are picked up by their courier service, they prepare the items and post them to their web page, and once the

items are sold, the check can be sent to the schools or the Police Department on a monthly basis.

Council discussed. Councilmember Aycock asked for clarification, did you say that firearms would be sold if they were not disposed of. Chief West responded yes, if they are serviceable and have serial numbers. Councilmember Aycock asked if we could keep them off the street. Chief West stated by law that's what has to be done. Councilmember Foster asked if we had been selling firearms all along. Chief West replied yes. Council agreed staff could proceed.

Consent Agenda Review. Each item on the Consent Agenda was reviewed. Additional discussion included the following:

Item B. Budget Ordinance Amendment – 2017 Urgent Repair Program (URP17). Councilmember Williams stated I got the amendment today and I have an issue with not having time to look it over. Councilmember Williams made a motion to table Item B. Budget Ordinance Amendment – 2017 Urgent Repair Program to allow more time to overlook it. Mayor Allen stated all we are doing is appropriating the \$100,000 from the Housing Finance Agency to use; why do you need more time. Councilmember Williams stated I have few questions, it has just been presented to us with no supporting info. Councilmember Foster stated we don't know what the money was spent on. Mayor Allen stated we have received monthly updates and asked if Councilmember Foster would like a copy. Discussion continued. Councilmember Foster seconded the motion. Councilmembers Williams and Foster voted in favor of the motion. Mayor Allen, Mayor Pro Tem Broadaway and Councilmembers Stevens, Ham and Aycock voted against the motion. Mayor Allen stated the motion failed 2:5.

Councilmember Williams stated before she presents I have a response. City Councilmembers role with respect to individual city employees, most citizens may think councilmembers are the employees ultimate boss who can cause an employee to be disciplined or even terminated, this is untrue. It is the job of our city manager and attorney to ensure proper disciplinary actions are taken against any employee who consistently displays bad behavior and brings unnecessary confusion to the city's workplace. I believe it would befit the city manager to allow an employee to continue to display bad behavior and to operate as if they are immune to the consequences of their actions. Who is more valuable, it is the voice of the citizens of the city. I will be recusing myself on this matter under statute GS 160A-75 which states any vote taken will be counted from me as a no.

Councilmember Williams left the room at 6:29 p.m.

Ms. Shycole Simpson-Carter, Community Relations Director presented the item. Councilmember Foster had several questions and concerns concerning the process and timeline for this item. Ms. Simpson-Carter shared a Resolution was adopted by City Council in September 2017 approving the URP17 Assistance, Procurement and Disbursement Policies, authorizing the Mayor and City Clerk to sign the policies and accept and sign the contract with the NC Housing Finance Agency.

Mayor Allen shared multiple updates on this program were provided through email.

Councilmember Williams returned to the room at 6: 38 p.m.

Item D. Authorization of an Agreement with Wayne County United Soccer Club. Councilmember Foster shared concerns regarding the legality of the contract and volunteers receiving a W-2 at the golf course. Councilmember Foster stated I would like to hold off on this to allow the attorney time to review and make sure we are perfectly legal and within the proper guidelines.

Upon motion of Councilmember Foster, seconded by Councilmember Williams and unanimously carried, Council removed Item D. Authorization of an Agreement with Wayne County United Soccer Club and deferred for two weeks.

There being no further business, the meeting recessed until the 7:00 p.m. meeting.

In that event, the remaining item(s) on the Consent Agenda would be acted on with one motion and roll call vote. Mr. Guthrie reminded Council Item D. Authorization of an Agreement with Wayne County United Soccer Club was deferred for two weeks. Councilmember Aycock moved the items on the Consent Agenda, Items B, C, E, F, G, H, I, J and K be approved as recommended by the Interim City Manager and staff. The motion was seconded by Councilmember Ham and a roll call vote resulted Mayor Allen, Mayor Pro Tem Broadaway, Councilmembers Stevens, Ham and Aycock voting in the affirmative. Councilmembers Williams and Foster voted against the motion. Mayor Allen declared the Consent Agenda approved as recommended with 5:2 vote. The items on the Consent Agenda were as follows:

Budget Ordinance Amendment - 2017 Urgent Repair Program (URP17). Ordinance Adopted. The City of Goldsboro applied for a grant in January 2017 for funding by North Carolina Housing Finance Agency (NCHFA) through the North Carolina Housing Trust Fund for the 2017 Urgent Repair Program (URP17) in the amount of \$100,000. This grant is to be in conjunction with the City's Community Development Block Grant Program.

North Carolina Housing Finance Agency (NCHFA) has awarded the City funding for the 2017 Urgent Repair Program (URP17) in the amount of \$100,000 to assist fourteen (14) eligible very-low and low-income homeowners with urgent repairs up to \$8,000 per home to prevent displacement, which poses an imminent threat to their life and/or safety. The time period of this grant is 18 months beginning on August 14, 2017 and ending on

December 31, 2018. (Grantees are provided an additional forty-five (45) days after grant ending date to complete all units and submit closeout documentation).

All work on the fourteen (14) eligible very-low and low-income homeowners has been completed. No matching funds are required of the City of Goldsboro in conjunction with this Program.

Staff recommended Council adopt the following entitled Budget Ordinance to reflect an increase in the Community Development revenues and an increase in the operating expenditures of the Community Development Block Grant's budget by a total of \$100,000. Consent Agenda Approval. Aycock/Ham (5 Ayes/2 Nays)

ORDINANCE NO. 2019-4 "AN ORDINANCE AMENDING THE BUDGET ORDINANCE FOR THE CITY OF GOLDSBORO FOR THE 2018-2019 FISCAL YEAR"

Engineering Department Standard Specifications and Details Manual.

Approved. To provide greater consistency and transparency in workflow, Engineering staff has produced a *Standard Specifications and Details Manual* that aims to protect the health, safety, and welfare of citizens by regulating construction of infrastructure such that what is improved is safe, reliable, and consistent throughout the City.

The manual is to be used as a tool for city staff and for any persons working on new or existing City of Goldsboro infrastructure. It will work in concert with current guiding documents (e.g. our Unified Development Ordinance) and clarify best practices for the Engineering Department's responsibilities. Drafts of the manual were provided for review and comment by city staff in the Public Works and Inspections Departments as well as select local private firms. The current draft of the manual can be found at the following URL:

www.goldsboronc.gov/wp-content/uploads/COG-Engineering-Department-Standard-Specifications-and-Detail-Manual-DRAFT-12-7-2018.pdf

Staff recommended Council adopt the Engineering policy manual, which would allow for greater consistency and transparency to city staff and to our external partners. Consent Agenda Approval. Aycock/Ham (5 Ayes/2 Nays)

Seegars Fence Company will accomplish all necessary repairs at both cemeteries for \$7,523.95. All costs are eligible for reimbursement through FEMA.

In the interim, funds will be utilized from the City's Storm Damage Line Item 11-7310-3599 to initially cover this cost.

Informal Bid Request #2018-004 – Stump Grinding Services. Ordinance

Adopted. Ordinance Adopted. The City of Goldsboro requested stump-grinding services on various City properties and right-of-ways throughout the City. These stumps are a result of trees removed due to Hurricane Florence.

The City opened bids on December 21, 2018 from four (4) responsive bidders. The bids were reviewed by the Public Works Department, checked for accuracy and dependability and found to be in order. Bell's Tree Service had the low bid and council previously appropriated \$7,500 to start removing stumps on City right-of-ways, while the City parks were assessed.

After assessing Herman, Mina Weil and Berkeley Parks, thirty-nine (39) stumps were identified to be ground. Under the current contracted rate with Bell's Tree Service, grinding all 39 stumps will cost \$10,475.

It is recommended Council adopt the following entitled budget ordinance appropriating the \$10,475 to have all 39 stumps removed from the City's parks. Consent Agenda Approval. Aycock/Ham (5 Ayes/2 Nays)

ORDINANCE NO. 2019-5 "AN ORDINANCE AMENDING THE BUDGET ORDINANCE FOR THE CITY OF GOLDSBORO FOR THE 2018-2019 FISCAL YEAR"

T.C. Coley Community Center Board Ordinance Revision. Ordinance Adopted. On October 1, 2018, Council voted to create the T.C. Coley Community Center Board. At Council's meeting on November 15, 2018, Goldsboro City Council established an ordinance to delegate to the T.C. Coley Community Center Board the authority to oversee the operations, programs and upkeep of the Center.

After careful consideration, the Goldsboro City Council has chosen to revise the ordinance to make the T.C. Coley Community Center Board an advisory board.

Staff recommends Council adopt the revised ordinance amending Chapter 32 Boards, Commissions and Departments of the City of Goldsboro's Code of Ordinances and re-establishing the T.C. Coley Community Center Board as an advisory board. Consent Agenda Approval. Aycock/Ham (5 Ayes/2 Nays)

ORDINANCE NO. 2019-6 "AN ORDINANCE AMENDING CHAPTER 32 BOARDS, COMMISSIONS AND DEPARTMENTS OF THE CITY OF GOLDSBORO'S CODE OF ORDINANCES"

Condemnation of Vacant Lot. Resolution Adopted. The city has plans to pave the dirt portion of Chestnut Street from E. Chestnut Street at S. Slocumb Street to S. Leslie Street. The city has attempted numerous times with no success to purchase an empty lot (which has been advertised for sale) to acquire the property and/or a right of way, which will allow the road to be paved. The Interim City Manager recommends adoption of a resolution to authorize condemnation of 114 South Slocumb Street, parcel number 3509144522 for purchase of the property and the paving of the street.

Discussions with the owner of the property, ATL Holdings LLC. In Portland, Maine remain elusive. In order to insure completion of the project, initiation of condemnation of the above-mentioned property at the said address is necessary.

Staff recommends Council adopt the following entitled resolution authorizing condemnation proceedings for the lot located on the corner of Chestnut and Slocumb Streets with an address of 114 S. Slocumb Street. Consent Agenda Approval. Aycock/Ham (5 Ayes/2 Nays)

RESOLUTION NO. 2019-6 "RESOLUTION AUTHORIZING THE CITY ATTORNEY TO INITIATE CONDEMNATION PROCEEDINGS FOR THE RIGHT OF WAY AT 114 S. SLOCUMB STREET"

S-1-19 Wayco Corporation (2-Lot Final Subdivision Plat). Approved. The property is located on the east side of N. William Street between Park Avenue and Beech Street.

Total Area: .83 acres or 36,428 sq. ft.

Total Lots: 2

Lot No. 1: .52 acres or 22,936 sq. ft.

Lot No. 2: .31 acres or 13,492 sq. ft.

Zoning: General Business (GB)

The subject property has been proposed for division into two lots for the purposes of selling Lot #1.

Currently, the lot is occupied by one existing two-story commercial building, a church and one-single family dwelling all built prior to the adoption of the City's Unified Development Code.

All properties are served by City water and sewer and are not located in a Special Flood Hazard Area. The church and the single-family dwelling are located in the Downtown Historic District.

The plat shows that Lots #1 and #2 are located in the General Business zoning district. The church encroaches 18.6 ft. into the required front setback of 20 ft. and 4.4 ft. into the required side yard setback of 15 ft. The commercial building encroaches 10 ft. into the required side yard setback of 15 ft. A modification of the front and side building setback is required.

In addition, Lot #1 shows that the existing single-family dwelling encroaches 13.4 ft. into the required front yard setback of 30 ft. A modification of the front building setback is required.

Since the property was developed prior to the adoption of City ordinances, the applicant is requesting a modification of the requirement for paved and striped vehicular surface areas, as well as, City landscape requirements for the church and commercial building.

Site and landscape plans will need to be approved by City Council if property is to be developed in the future.

The Planning Commission, at their meeting held on January 28, 2019 recommended approval of the two-lot final subdivision plat with modifications.

Staff recommended Council accept the recommendation of the Planning Commission and approve the two-lot final subdivision plat with the following modifications:

2. A modification of the requirement for paved and striped vehicular surface areas, as well as, City landscape requirements for the church and commercial building. Site and landscape plans will be required prior to any future development. Consent Agenda Approval. Aycock/Ham (5 Ayes/2 Nays)

Area: 49,107 sq. ft., or 1.13 acres

As previously stated, the applicant intends to operate an adult day care in conjunction with an existing child day care facility.

The site has operated as a child day care since January of 2008. Currently, the North Carolina Division of Child Development licenses the facility for up to 40 children. In addition to child day care services, the owner proposes to provide organized programs to senior adults in a supervised community group setting to promote social, physical and emotional well-being. Certification is required for adult day cares by the North Carolina Division of Aging and Adult Services.

Days/hours of Operation: Monday-Friday: 5:30am-12:00 Midnight
Employees: 3-4

The site is served by two existing over-sized driveway cuts off Royal Avenue. Based on one space per 300 sq. ft. of gross floor area, plus an unloading and loading area capable of stacking 4 vehicles, 6 parking spaces are required.

Existing vegetation is sufficient to meet the intent of the City's landscape ordinance. Due to existing site conditions along Royal Avenue, a modification of street trees will be necessary.

Applicant is requesting a modification of the City sidewalk installation requirement and requests to waive the fee-in-lieu of sidewalk.

At the public hearing held on November 19, 2018, no one appeared to speak either for or against the request.

At the Planning Commission meeting on November 26, 2018, the applicant requested that her proposal be delayed since additional information was required from the North Carolina Department of Health and Human Services.

Since that time, the applicant has been unable to meet compliance with state and local guidelines and has now requested that her proposal to operate an adult daycare center be withdrawn without prejudice until further notice. The Planning Commission, at their meeting held on January 28, 2019 recommended to accept the request of the applicant to withdrawal the Conditional Use permit without prejudice.

Staff recommended Council accept the recommendation of the Planning Commission and accept the withdrawal of the application without prejudice as requested by the applicant. Consent Agenda Approval. Aycock/Ham (5 Ayes/2 Nays)

Z-19-18 McArthur Properties – East side of North Berkeley Boulevard between Holly Road and E. New Hope Road. Ordinance Adopted. The applicant requests a rezoning from Residential 16 (R-16) to General Business Conditional District (GBCD).

In conjunction with this request, the applicant is requesting a waiver of the site plan requirement. If the rezoning is approved, the new owner/developer will be required to have the site plan approved by City Council before future development of the property.

Frontage: 325 ft. (N. Berkeley Blvd.)
Area: 66,087 sq. ft., or 1.51 acres
North: R-16 (Residential); O&I-1 (Office and Institutional)
South: General Business Conditional District (GBCD); R-16 (Residential);
East: Residential-16 (Residential); and
West: General Business (GB)

The property is currently vacant woodland.

As previously stated, the applicant is requesting a zoning change from Residential 16 (R-16) to General Business Conditional District (GBCD).

Currently, there are no plans for development of the property. The applicant believes the marketability of the property would be enhanced if it is rezoned to General Business Conditional District (GBCD). As previously noted, separate site plan review and approval by City Council is required before development of the property.

On October 21, 2013, property owned by the applicant adjacent to and southwest of the subject property was rezoned from Office and Institutional-1 to General Business Conditional District to allow the operation of a used car lot. At this time, the use has ceased to exist and the property is vacant.

The City's Comprehensive Land Use Plan recommends Mixed Use and Medium Density residential development for the property.

City water and sewer are available to serve the property. Subject area is not located in a Special Flood Hazard Area.

At the public hearing held on December 17, 2018, two people spoke in opposition the request, citing concerns with traffic, drainage issues and flooding, noise and depreciation of property values regarding the proposal.

The Planning Commission, at their meeting held on January 28, 2019 recommended approval of the zoning change with requirement to have site plan approved by City Council before future development of the property.

Staff recommended Council accept the recommendation of the Planning Commission and adopt the following entitled Ordinance changing the zoning for the property from Residential 16 (R-16) to General Business (GB) Conditional District with site plan approval required prior to development. Although not entirely compliant with the City's Land Use Plan, the Conditional District zoning would afford protection to adjoining properties and would extend commercial zoning along Berkeley Boulevard which is proposed to be upgraded to a four lane divided corridor. Consent Agenda Approval. Aycock/Ham (5 Ayes/2 Nays)

Ms. Gwynn thanked the Mayor, City Council and City Manager for the opportunity and stated everyone has been very welcoming.

Mayor and Councilmembers' Reports and Recommendations. Mayor Allen read the following Proclamation:

Proclamation – Black History Month. Mayor Allen proclaimed the month of February 2019 in the City of Goldsboro and encouraged all citizens to observe this month by participating and supporting all festivities celebrating the proud heritage of African Americans.

Councilmember Aycock stated no comment.

Councilmember Ham stated no comment.

Councilmember Foster stated no comment.

Councilmember Williams stated I would like to remind everyone to remember Black History Month as well. We have a lot of leaders that contributed to America in a positive way; Fredrick Douglas, Thurgood Marshall, John Lewis, Marcus Garvey, Adam Clayton Powell, Martin Luther King and Muhammad Ali just to name a few. I also want you to support Black businesses.

Councilmember Stevens stated to keep up with the harmonious tone and rhetoric, please come out and support all African American businesses and all African American events going on in the community. I believe we are all humans and should celebrate each other all together and this month is no different than any other month throughout the calendar year. Councilmember Stevens stated to the military, your golf course has closed, but our golf course is open and you are welcome to come to our golf course. Councilmember Stevens stated I also want to speak on two major things tonight. I want someone to please clarify what is going on with Edgewood. I hope Dr. Dunsmore and the Wayne County School Board will come and give us an answer to that. Secondly, it's funny, all my life my father would say be a man. I say to us as councilmembers sometimes it's hard to put away personal issues and deal with what is at hand. I ask you all to look inside yourself and say I am going to be a man, we are not going to fight about personal issues. We are going to work together and solve the problems that are needed and at hand and make a way for our citizens to have a better way of life.

Mayor Pro Tem Broadway stated no comment.

Mayor Allen shared we had the Shriners in town over the weekend, we thank them for coming. I also want to thank them for the good work they do with the Children's Hospital. I thank everyone for coming.

CITY OF GOLDSBORO
AGENDA MEMORANDUM
MARCH 18, 2019 COUNCIL MEETING

SUBJECT: PUBLIC HEARING
Z-4-19 MC Morgan & Associates – South side of Central Heights Road between N. Oak Forest Drive and Thoroughfare Road (R-12 Residential and R-16 Residential to R-12 CD Residential - Conditional District).

BACKGROUND: The applicant requests a change of zone from R-12 Residential and R-16 Residential to R-12 Residential Conditional District limiting the use to an 84-unit apartment community.

Frontage: 182 ft. (Central Heights Road)
Depth: 1,239 ft. (approximately)
Area: 12.0 Acres

Surrounding Zoning: North: R-16 Residential RM-NC
South: R-16 Residential
East: R-9 Residential
West: R-16 Residential and R-12 Residential RM-NC

Existing Use: The property is currently vacant.

Proposed Use: The applicant proposes to construct an 84-unit apartment community.

Land Use Plan Recommendation: The City's Land Use Plan recommends that the property be developed for Medium Density Residential (MDR). This request would not be compatible with the City's Comprehensive Land Use Plan.

DISCUSSION: The submitted preliminary site plan indicates four newly-constructed three-story apartment buildings containing a total of 84 units. In addition, a community building is also being proposed on site.

Parking for the site requires two spaces per unit plus .5 per bedroom over two. Thirty of the 84 total units will be 3-bedroom units, 41 units will be 2-bedroom units and the remaining 13 units will be 1-bedroom units. A total of 183 parking spaces are required and 183 spaces have been shown on the preliminary site plan.

Access to the site will be directly from Central Heights Road. Interconnectivity has not been shown, as property adjacent to the proposed apartment community is single-family residences. The applicant is requesting a modification of the interconnectivity requirement.

City sidewalks are required along frontage of the proposed development. Frontage along Central Heights Road is approximately 182 linear feet. The applicant will need to install sidewalks or pay the sidewalk fee in the amount of \$3,276 in lieu of installation of the sidewalks.

City water and sewer are available to serve the subject property. Portions of the property are located within a special flood hazard area. City Engineering will require approval of stormwater calculations and drainage plans prior to issuance of any building permits.

Street trees have been provided along Central Heights Road. A Type B 15' landscape buffer is required along all property lines and vehicular surface area landscape requirements must be met. Staff is working with the applicant to ensure landscape requirements are met per the requirements of the City's Unified Development Ordinance.

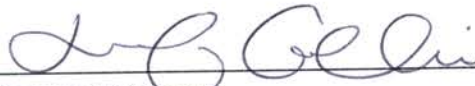

Dumpsters have been shown on the site plan and staff will work with the applicant to ensure the dumpsters are appropriately screened from off-site views and not located within the required 15' landscape buffer.

Building elevations have been submitted and indicate the proposed buildings will be constructed of brick veneer and vinyl siding. Roofing materials will be asphalt shingles. Staff will ensure all multi-family development design standards are met per the requirements of the City's Unified Development Ordinance prior to issuance of any building permits.

RECOMMENDATION:

No action necessary. The Planning Commission will have a recommendation for the Council's meeting on April 1, 2019.

CITY OF GOLDSBORO
AGENDA MEMORANDUM
MARCH 18, 2019 COUNCIL MEETING

SUBJECT: PUBLIC HEARING
Unified Development Ordinance Amendments

BACKGROUND: The City Council adopted the Unified Development Ordinance on April 4, 2005, which replaced existing land development regulations for the City of Goldsboro and its extraterritorial jurisdiction.

Since that time, the UDO has been amended, over the years, to address a number of minor text corrections and major changes as directed by the Council.

Currently, a number of proposed changes for consideration are “Minor Text Amendments” to Sections within the UDO under Article 5.0 Zoning as follows:

- **Section 5.2** General Setback, Height and Area Standards;
- **Section 5.3** General Use District Dimensional Tables/Standards;
- **Section 5.4** Table of Permitted Uses;
- **Section 5.9** Noise Overlay District;
- **Section 5.10** Accident Potential Zone; and
- **Section 9.0** Definitions.

Proposed changes are to reflect the recommendations from the 2011 Seymour Johnson AFB Air Installation Compatible Use Zone (AICUZ) report.

DISCUSSION: A Notice of Public Hearing listing all the Sections of the UDO under consideration for amendment was advertised for two consecutive weeks in the newspaper and posted on the City’s website for review.

Minor changes, which are included for possible amendment include:

1. Amending Section 5.2 General Setback, Height and Area Standards by rewriting Subsection 5.2.7 Special Seymour Johnson Air Force Base and Goldsboro-Wayne Municipal Airport Height Regulations and Limitations;
2. Amending Section 5.3 General Use District Dimensional Tables/Standards by rewriting Subsection 5.3.5.1 Additional Standards;
3. Amending Section 5.4 Table of Permitted Uses by adding to Subsection 5.4.2 Criteria for Approving Unlisted Uses;
4. Amending Section 5.4 Table of Permitted Uses by adding a new Subsection 5.4.3 Permitted Uses within the Noise Overlay District or Accident Potential Zone;
5. Amending Section 5.9 Noise Overlay District by rewriting Subsections 5.9.1 Purpose and 5.9.2 Establishment;
6. Amending Section 5.9 Noise Overlay District by renaming Subsection 5.9.4 from “Permitted Uses” to “Land Use Compatibility and Noise Exposure and add table;
7. Amending Section 5.9 Noise Overlay District by adding new Subsections 5.9.4.1 Key to Land Use Compatibility Noise Exposure Table and 5.9.4.1.2 Notes to Land Use Compatibility Noise Exposure Table;
8. Amending Section 5.9 Noise Overlay District by rewriting Subsection 5.9.13 Replacement, Expansion and Reconstruction of Nonconforming Structures and Land Uses in the Noise Overlay District;
9. Amending Section 5.10 Accident Potential Zone by deleting in its entirety and rewriting and adding Land use Compatibility and Accident Potential Table to include Subsections 5.10.4.1 Key to Land Use Compatibility Accident Potential Table and 5.10.4.2 Notes to Land Use Compatibility Accident Potential Table; and

10. Amending Section 9.0 Definitions by rewriting Subsection 9.2 Definitions as it relates to the Definition for Agricultural Use.

Staff has reviewed the proposed changes with Seymour Johnson AFB Deputy Base Engineer and SJAFB recommends approval of proposed amendments.

RECOMMENDATION: No action necessary. The Planning Commission will have a recommendation for the Council's meeting on April 1, 2019.

NOTICE OF PUBLIC HEARING
BEFORE THE PLANNING COMMISSION AND CITY COUNCIL
TO CONSIDER AMENDMENTS TO SECTION 5.0 ENTITLED "ZONING"
OF THE CITY OF GOLDSBORO
UNIFIED DEVELOPMENT ORDINANCE

1. Amend Section 5.2 General Setback, Height and Area Standards. By deleting and rewriting Subsection 5.2.7 Special Seymour Johnson Air Force Base and Goldsboro-Wayne Municipal Airport Height Regulations and Limitations to read as follows:

No structure shall exceed the applicable height limitations established by the Seymour Johnson Air Force Base "AICUZ Update – Air Installation Compatibility Use Zone report". The Air Force AICUZ height restrictions are based on those contained in Federal Aviation Administration (FAA) Regulation Part 77, and are documented in the U.S. Department of Defense document "Unified Facility Criteria 3-260-01, Airfield and Heliport Planning and Design" or the applicable height limitations of the Goldsboro-Wayne Municipal Airport Layout Plan Report on file at the City of Goldsboro Planning and Community Development Department.

2. Amend Section 5.3 General Use District Dimensional Tables/Standards. Subsection 5.3.5.1 Additional Standards. By deleting and adding the following:

4. The regulating densities for any proposed use within the AB District shall be calculated per the Land Use Compatibility and Accident Potential table within Section 5.10 (Accident Potential Zone).

- ~~Average Density—Average density of persons per hour during a twenty-four hour period are calculated by taking the number of persons per acre expected on site, multiplied by the number of hours they will be on site and dividing the total by twenty-four.~~
Example: One eight-hour shift of thirty workers on a one-acre site.
Average Density— $30 \text{ persons} \times 8 \text{ hours on site} / 1 \text{ acre} = 240 \text{ persons per acre per hour}$.
 $240 / 24 = \text{Average density of } 10 \text{ persons per acre per hour per a twenty-four hour period.}$
- ~~Maximum Density—The maximum density of persons allowed per acre per hour is calculated by dividing the number of hours persons will be on site by twenty-four hours and then dividing twenty-five persons per acre, per hour by the result.~~
Example: Maximum density for two eight-hour shifts on a one-acre site.
 $25 \text{ (maximum average density)} \div 16 \text{ hours (two shifts)} \div 24 \text{ hours} = 37.5 \text{ persons per acre per hour allowed.}$

~~The average density for any use in the Airport Business District may not exceed twenty five persons per acre during a twenty four hour period. The maximum density may not exceed fifty persons per acre per hour at any one time.~~

3. Amend Section 5.4 Table of Permitted Uses. By adding the following to subsection 5.4.2 Criteria For Approving Unlisted Uses.

13. If the use is located within the Noise Overlay District or an Accident Potential Zone, recommendations from Seymour Johnson Air Force Base will be considered.

4. Amend Section 5.4 Table of Permitted Uses. By adding the new subsection 5.4.3 as follows:

5.4.3 PERMITTED USES WITHIN THE NOISE OVERLAY DISTRICT OR ACCIDENT POTENTIAL ZONE

1. Not all uses listed in the Table of Permitted Uses are allowed within the Noise Overlay District or Accident Potential Zone, or they may be allowed under certain conditions. For permitted uses within the areas, refer to the tables in Section 5.9 and 5.10. For example, some uses listed as a Conditional Use for AB (Airport Business District) may not be permitted depending on which Accident Potential Zone the use is proposed in. If the use is located within the Noise Overlay District or an Accident Potential Zone, recommendations from Seymour Johnson AFB will be considered.

5. Amend Section 5.9 Noise Overlay District. By deleting and rewriting Subsections 5.9.1 Purpose and 5.9.2 Establishment to read as follows:

5.9.1 PURPOSE

The purpose of the Noise Overlay District is to provide for compatible development of land in areas subject to increased aircraft noise exposure and accident potential due to aircraft operations surrounding Seymour Johnson Air Force Base. The district is designed to limit uses that could increase risks to public health, safety and general welfare while also protecting military aircrafts from encroachment quality of life and to mitigate the impacts of aircraft noise on existing and newly permitted uses. In addition, the district is intended to require notification on plats and site plans to all present and future owners that property within this district is exposed to aircraft noise potentially in excess of a sound level of 65dB day – night average A – weighted sound level (DNL).

5.9.2 ESTABLISHMENT

The Goldsboro Noise Overlay District, known in this Section as the “noise overlay district or district,” is hereby established as a district that overlaps and overlays existing zoning districts. The district is further divided into four sub-districts corresponding to the 65-70~~69~~⁶⁹~~dB~~^{dB}~~DNL~~, 70-75~~74~~⁷⁴~~dB~~^{dB}~~DNL~~, 75-80~~79~~⁷⁹~~dB~~^{dB}~~DNL~~, 80-84~~83~~⁸³~~dB~~^{dB}~~DNL~~ and 85+~~DNL~~ noise contours of the Seymour Johnson AFB AICUZ Updated - Air Installation Compatibility Use Zone (AICUZ) Study report, a copy of which is kept on file in the Planning and Community Development Department. The boundaries of the noise district and sub-districts are indicated on the Official Zoning Map of the City.

6. Amend Section 5.9 Noise Overlay District. By renaming Subsection 5.9.4 from “Permitted Uses” to “Land Use Compatibility and Noise Exposure” to read as follows and by adding the indicated table.

5.9.4 LAND USE COMPATIBILITY AND NOISE EXPOSURE

The noise district contains several general use zoning districts. Uses permitted in such districts, whether by right or as a conditional or special use, shall be permitted in the Noise Overlay District according to the standards and the restrictions indicated in the following table except as provided in Section 5.9.13. Some uses are not permitted in the Noise Overlay District as indicated in the table below.

7. Amend Section 5.9 Noise Overlay District. By adding the following new subsections relative to the foregoing table as follows:

5.9.4.1 KEY TO LAND USE COMPATIBILITY NOISE EXPOSURE TABLE

SLUCUM – Standard Land Coding Manual, U.S. Department of Transportation.

Y (Yes) – Land Use and related structures are normally compatible without restriction.

N (No) - Land Use and related structures are normally compatible without and should be prohibited.

Y^x - Yes with restrictions. The land uses and related structures are generally compatible; however, see notes indicated by the superscript.

N^x - No with exceptions. The land uses and related structures are generally incompatible; however, see notes indicated by the superscript.

25, 30, or 35 - The numbers refer to noise level reduction (NLR) levels. NLR (outdoor to indoor) is achieved through the incorporation of noise attenuation into the design and construction of a structure. Land use and related structures are generally compatible; however, measures to achieve NLR of 25, 30, or 35 must be incorporated into design and construction of structures. However, measures to achieve an overall noise reduction do not necessarily solve noise difficulties outside the structure and additional evaluation is warranted. Also, see notes indicated by superscripts where they appear with one of these numbers.

DNL - Day-Night Average Sound Level

5.9.4.1.2 NOTES TO LAND USE COMPATIBILITY NOISE EXPOSURE TABLE

1. General

a. Although local conditions regarding the need for housing may require residential use in these zones, residential use is discouraged in DNL 65-69 and strongly discouraged in DNL 70-74. Existing residential development is considered as pre-existing, nonconforming land uses.

b. Where these uses are allowed, measures to achieve outdoor to indoor NLR of at least 25 decibels (dB) in DNL 65-69 and 30 dB in DNL 70-74 must be incorporated

c. Normal permanent construction can be expected to provide an NLR of 20 dB, thus the reduction requirements are often stated as 5, 10, or 15 dB over standard construction and normally assume mechanical ventilation, upgraded sound transmission class ratings in windows and doors, and closed windows year round. Additional consideration will be given to modifying NLR levels based on peak noise levels or vibrations.

d. NLR criteria will not eliminate outdoor noise problems. However, building location, site planning, design, and use of berms and barriers can help mitigate outdoor noise exposure particularly from ground level sources. Measures that reduce noise at a site should be used wherever practical in preference to measures that only protect interior spaces.

2. Measures to achieve a NLR of 25 must be incorporated into the design and construction of portions of these buildings where the public is received, office areas, noise sensitive areas, or where the normal noise level is low.

3. Measures to achieve a NLR of 30 must be incorporated into the design and construction of portions of these buildings where the public is received, office areas, noise sensitive areas, or where the normal noise level is low.

4. Measures to achieve a NLR of 35 must be incorporated into the design and construction of portions of these buildings where the public is received, office areas, noise sensitive areas, or where the normal noise level is low.

5. If a projector or proposed development is noise sensitive, use indicated NLR; if not, land use compatible without NLR.

6. Buildings are not permitted.

7. Land use is compatible provided special sound reinforcement systems are installed.

8. Residential buildings require a NLR of 25.

9. Residential buildings require a NLR of 30.

10. Residential buildings are not permitted.

11. Land use that involves outdoor activities is not recommended, but if the community allows such activities, hearing protection devices should be worn when noise sources are present. Long-term exposure (multiple hours per day over many years) to high noise levels can cause hearing loss in some unprotected individuals.

8. Amend Section 5.9 Noise Overlay District Subsection 5.9.13 REPLACEMENT, EXPANSION AND RECONSTRUCTION OF NONCONFORMING STRUCTURES AND LAND USES IN THE NOISE OVERLAY DISTRICT by deleting and rewriting portions as follows:

Single-Family Dwellings

Existing single-family dwellings located within the ~~70-74, 75-79, 80-84 and 80+ dB~~DNL contour may be reconstructed if destroyed or damaged greater than 50% of their tax value, as shown on the Wayne County tax rolls, if a noise level reduction of 30 dB is provided inside the dwelling. Any reconstruction shall meet all applicable setbacks and lot area requirements of this Ordinance. Existing single-family dwellings within the ~~70-74, 75-79, 80-84 and 80+dB~~DNL contours may expand one time provided the expansion does not exceed 50% of the area of the existing dwelling and complies with all applicable Ordinance standards.

Existing Churches

Existing nonconforming churches located within the Noise Overlay District may rebuild if they are destroyed or damaged greater than 50% of its tax value provided they comply with the maximum noise level reduction standards of 30 dB as defined in Section 5.9.10. Churches that are located within the ~~70-74, 75-79, 80-84 and 80+dB~~DNL contours are permitted a one-time expansion of their building area by no more than 25% of the area of the existing church provided they comply with the appropriate noise attenuation standards and all other Ordinance standards.

Existing Non-Residential Uses

Existing non-residential land uses, excluding uses located within the ~~80+ dB~~ 80-84 DNL contour and 85+DNL contour, that are not permitted according to Section 5.9.4 (Permitted Use) may be reconstructed if destroyed or damaged greater than 50% of its tax value provided they comply with a noise level reduction of 30 dB in areas of the structure where the public will be present. Existing non-residential uses that are destroyed or damaged within the ~~80+ dB~~DNL contour which are not permitted according to Section 5.9.4 of this Code shall not be reconstructed if the damage sustained exceeds 50% of its tax value as defined in Section 5.6

9. Amend Section 5.10 Accident Potential Zone. By deleting in its entirety and rewriting as follows:

5.10 Accident Potential Zone

5.10.1 PURPOSE

The purpose of the Accident Potential Zone (APZ) is to limit development in areas that have significant potential for accidents. The Clear Zone, the area closest to the runway end is the most hazardous. APZ-I is the area beyond the clear zone that possesses a significant potential for accidents. APZ-II is an area beyond APZ-I having a measurable potential for accidents.

5.10.2 ESTABLISHMENT

The APZ is hereby established as a district that overlaps existing zoning districts. The APZ is divided into three sub districts corresponding to the clear zone, APZ-I and APZ-II as defined in the Seymour Johnson Air Force Base AICUZ Update Air Installation Compatible Use Zone Study report (AICUZ), a copy of which is kept on file in the Planning Department. Development Department. The boundaries of the APZ overlay district are indicated on the Official Zoning Map of the City of Goldsboro.

5.10.3 APPLICABILITY

Nothing herein shall require any change in any lawfully constructed or established building, structure or use in existence at the time of adoption or amendment of these regulations.

The provisions of this Section shall apply to any application for a building permit, certificate of occupancy, zoning, special use permit, conditional use permit, zoning compliance certificate, vested rights certificate and subdivision/site plan approval.

The requirements of this Section shall apply to the construction, alteration, moving, repair, replacement or new use of any building or occupied permanent structure within the City located within the Accident Potential Zone (APZ).

5.10.4 PERMITTED USES LAND USE COMPATIBILITY AND ACCIDENT POTENTIAL

The APZ overlay district overlaps several general use districts. Uses permitted in such districts, whether by right or as a special or conditional use shall be permitted in the APZ except as provided in the table below:

a. ~~Clear Zone:~~ All uses other than agricultural land uses shall be prohibited.

b. ~~APZ-I:~~ No residential land uses shall be allowed within the APZ-I overlay zone. Nonresidential land uses shall have to comply with the density standards as the defined for the Airport Business zoning district. The allowable densities for any propose use within he APZ-I overlay shall be calculated as follows:

- ~~Average Density—Average density of persons per hour during a twenty four hour period are calculated by taking the number of persons per acre expected on site, multiplied by the number of hours they will be on site and dividing the total by twenty four.~~

~~Example: One eight hour shift of thirty workers on a one-acre site.~~

~~Average Density—30 persons x 8 hours on site/1acre = 240 persons per acre per hour. 240 /24 = Average density of 10 persons per acre per hour per a twenty four hour period.~~

- ~~Maximum Density~~—The maximum density of persons allowed per acre per hour is calculated by dividing the number of hours persons will be on site by twenty four hours and then dividing twenty five persons per acre, per hour by the result.

~~Example: Maximum density for two eight hour shifts on a one acre site.~~

~~25 (maximum average density) divided by 16 hours (two shifts) divided by twenty four hours
= 37.5 persons per acre per hour allowed.~~

The average density for any use in the APZ may not exceed twenty five (25) persons per acre during a 24 hour period. The maximum density may not exceed 50 persons per acre per hour at any one time.

e. ~~APZ II:~~ All residential land uses in the APZ II overlay shall not exceed a density of two (2) units per acre.

Nonresidential land uses shall comply with the density standards as defined for the Airport Business (AB) zoning district. The allowable densities for any proposed use within the APZ II overlay shall be calculated as follows:

- ~~Average Density~~—Average density of persons per hour during a twenty four hour period are calculated by taking the number of persons per acre expected on site, multiplied by the number of hours they will be on site and dividing the total by twenty four.

~~Example: One eight hour shift of thirty workers on a one acre site.~~

~~Average Density—30 persons x 8 hours on site/1acre = 240 persons per acre per hour. 240 /24 = Average density of 10 persons per acre per hour per a twenty four hour period.~~

- ~~Maximum Density~~—The maximum density of persons allowed per acre per hour is calculated by dividing the number of hours persons will be on site by twenty four hours and then dividing twenty five persons per acre, per hour by the result.

~~Example: Maximum density for two eight hour shifts on a one acre site.~~

~~25 (maximum average density) divided by 16 hours (two shifts) divided by twenty four hours
= 37.5 persons per acre per hour allowed.~~

The average density for any use in the APZ may not exceed twenty five (25) persons per acre during a 24 hour period. The maximum density may not exceed 50 persons per acre per hour at any one time.

5.10.4.1 KEY TO LAND USE COMPATIBILITY ACCIDENT POTENTIAL TABLE

SLUCM - Standard Land Use Coding Manual, U.S. Department of Transportation.

Y (Yes) - Land uses and related structures are normally compatible without restriction.

N (No) - Land uses and related structures are not normally compatible and should be prohibited.

Y^x - Yes with restrictions. The land uses and related structures are generally compatible; however, see notes indicated by the superscript.

N^x - No with exceptions. The land uses and related structures are generally incompatible; however, see notes indicated by the superscript.

FAR - Floor Area Ratio. A floor area ratio is the ratio between the square feet of floor area of the building and the gross site area. It is customarily used to measure non-residential intensities.

Du/Ac - Dwelling Units per Acre. This is customarily used to measure residential densities.

5.10.4.2 NOTES TO LAND USE COMPATIBILITY ACCIDENT POTENTIAL TABLE

1. A "Yes" or a "No" designation for compatible land use is to be used only for general comparison. Within each, uses exist where further evaluation may be needed in each category as to whether it is clearly compatible, normally compatible, or not compatible due to the variation of densities of people and structures. In order to assist air installations and local governments, general suggestions as to FARs are provided as a guide to density in some categories. In general, land use restrictions that limit occupants, including employees, of commercial, service, or industrial buildings or structures to 25 per acre in APZ I and 50 per acre in APZ II are considered to be low density. Outside events should normally be limited to assemblies of not more than 25 people per acre in APZ I, and maximum assemblies of 50 people per acre in APZ II. Recommended FARs are calculated using standard parking generation rates for various land uses, vehicle occupancy rates, and desired density in APZ I and APZ II. For APZ I, the formula is $FAR = 25 \text{ people per acre} / (\text{Average Vehicle Occupancy} \times \text{Average Parking Rate} \times (43560/1000))$. The formula for APZ II is $FAR = 50 / (\text{Average Vehicle Occupancy} \times \text{Average Parking Rate} \times (43560/1000))$.
2. The suggested maximum density for detached single family housing is two Du/Ac. In a planned unit development (PUD) of single family detached units where clustered housing development results in large open areas, this density could possibly be increased slightly provided the amount of surface area covered by structures does not exceed 20 percent of the PUD total area. PUD encourages clustered development that leaves large open areas.
3. Other factors to be considered: Labor intensity, structural coverage, explosive characteristics, air pollution, electronic interference with aircraft, height of structures, and potential glare to pilots.
4. No structures (except airfield lighting and navigational aids necessary for the safe operation of the airfield when there are no other siting options), buildings, or above-ground utility and communications lines should normally be located in Clear Zone areas on or off the air installation. The Clear Zone is subject to the most severe restrictions.
5. Rights-of-way for fenced highways, without sidewalks or bicycle trails, are allowed.
6. No above-ground passenger terminals and no above-ground power transmission or distribution lines. Prohibited power lines include high-voltage transmission lines and distribution lines that provide power to cities, towns, or regional power for unincorporated areas.
7. Development of renewable energy resources, including solar and geothermal facilities and wind turbines, may impact military operations through hazards to flight or electromagnetic interference. Each new development should be analyzed for compatibility issues on a case-by-case basis that considers both the proposal and potentially-affected mission.
8. Within SLUCM Code 52, maximum FARs for lumberyards (SLUCM Code 521) are 0.20 in APZ I and 0.40 in APZ II. For hardware, paint, and farm equipment stores, SLUCM Code 525, the maximum FARs are 0.12 in APZ I and 0.24 in APZ II.

9. A shopping center is an integrated group of commercial establishments that is planned, developed, owned, or managed as a unit. Shopping center types include strip, neighborhood, community, regional, and super-regional facilities anchored by small businesses, a supermarket or drug store, discount retailer, department store, or several department stores, respectively. Included in this category are such uses as big box discount clubs, home improvement superstores, office supply superstores, and electronics superstores. The maximum recommended FAR for SLUCM 53 should be applied to the gross leasable area of the shopping center rather than attempting to use other recommended FARs listed in Table 1 under Retail or Trade.
10. Ancillary uses such as meeting places, auditoriums, etc., are not recommended.
11. No chapels or houses of worship are allowed within APZ I or APZ II.
12. Big box home improvement stores are not included as part of this category.
13. Facilities must be low intensity, and provide no playgrounds, etc. Facilities such as clubs houses, meeting places, auditoriums, large classes, etc., are not recommended.
14. Livestock grazing is a compatible land use, but feedlots and intensive animal husbandry are excluded. Activities that attract concentrations of birds creating a hazard to aircraft operations should be excluded.
15. Feedlots and intensive animal husbandry are included as compatible land uses.
16. Lumber and timber products removed due to establishment, expansion, or maintenance of Clear Zone lands owned in fee will be disposed of in accordance with applicable Department of Defense guidance.
17. Controlled hunting and fishing may be permitted for the purpose of wildlife management.
18. Surface mining operations that could create retention ponds that may attract waterfowl and present bird/wildlife aircraft strike hazards (BASH), or operations that produce dust or light emissions that could affect pilot vision are not compatible.
19. Naturally occurring water features (e.g., rivers, lakes, streams, wetlands) are pre-existing, nonconforming land uses. Naturally occurring water features that attract waterfowl present a potential BASH. Actions to expand naturally occurring water features or construction of new water features should not be encouraged. If construction of new features is necessary for storm water retention, such features should be designed so that they do not attract waterfowl.

10. Amend Section 9.0 Definitions. By rewriting Subsection 9.2 Definitions as it relates to the Definition for Agricultural Use to read as follows:

9.2 DEFINITIONS

Agricultural Use: Property used to raise, harvest or store crops, feed, breed, or manage livestock, or to produce plants, trees, fowl, or animals useful to man. It includes, but is not limited to, property used for grazing, horticulture, forestry, dairying, and mariculture. For the purpose of Section 5.8 (Watershed Protection) agricultural use means the use of waters for stock watering, irrigation and other farm purposes. For the purpose of Section 5.9 and 5.10, agriculture land use is separate from residential land use, does not include forestry or fishing activities, and is divided as follows: agriculture (except livestock), livestock farming and breeding, animal breeding, and agriculture related activities (e.g., agricultural processing, animal husbandry services, and horticultural services).

All interested persons are invited to attend this public hearing and to be heard. If you plan to attend and require an interpreter, please contact the City Manager's office at least four days prior to the meeting.

CITY OF GOLDSBORO
AGENDA MEMORANDUM
MARCH 18, 2019 COUNCIL MEETING

SUBJECT: Public Hearing to Consider the Financing of the Construction of the Herman Park Recreation Center and Streetscape Improvements Project

BACKGROUND: At the December 17, 2018 meeting, the City Council authorized the award of a design-build contract with T.A. Loving Company for the Herman Park Center for \$735,950. At the same meeting, the Council further adopted a reimbursement resolution and a budget amendment for Phase I costs of \$735,950.

DISCUSSION: Financial Advisors, Davenport & Company, will present the findings of the request for proposals (RFP) for the financing of the Herman Park Center project and Streetscape Improvements at the Council Work Session.

A public hearing will be conducted at the 7:00 p.m. meeting to seek public comment on the proposed \$11,750,000 project financing. On Friday, March 8, 2019, a notice was published in the Goldsboro News Argus as required by North Carolina General Statute. The preliminary estimate for the Herman Park Center is approximately \$10,969,986 and a portion of the Streetscape Improvements City match is estimated at approximately \$600,000. Costs of issuance are estimated at \$137,000.

After said public hearing, staff is requesting Council consider adopting the attached Findings Resolution authorizing the Finance Director to file an application with the Local Government Commission for the financing of these two projects.

After consideration of the Findings Resolution (above), staff is requesting consideration of the Approval Resolution authorizing the Mayor and City officials to enter into a financing agreement and execute a deed of trust and other required documents with Raymond James for a principal amount not to exceed \$11,750,000 for a fixed rate of 3.00% with level principal at a 15 year term. The City's financial advisors have been working with the representative from the Raymond James on the documentation and requirements connected with the financing. The installment financing agreement will comply in all respects with Section 160A-20 and Chapter 159 of Article 8 of the General Statutes of North Carolina and the guidelines of the Local Government Commission of North Carolina for all the financings and refinancing.

Finally, in accordance with G.S. 159-13.2, staff requests Council approve the creation of a Capital Project Budget Ordinance so that the project may commence and that sufficient expenditure appropriations can be made which shall be funded with revenue from debt issuance.

RECOMMENDATION: By motion, the Council adopt the following Resolutions:

1. The attached Findings Resolution be adopted authorizing the Finance Director to file an application with the North Carolina Local Government Commission for the construction of the Herman Park Recreation Center and the Streetscape Improvements Projects.
2. The attached Approval Resolution be adopted authorizing the Mayor, City Manager, City Clerk and Finance Director to enter into the installment financing contract with Raymond James in the amount not to exceed \$11,750,000 subject to finalization of the funding documents and approval of the Local Government Commission.
3. The attached Capital Projects Fund Ordinance be established in the amount of \$11,750,000.

RESOLUTION AUTHORIZING THE FILING OF AN
APPLICATION FOR APPROVAL OF AN INSTALLMENT
FINANCING AGREEMENT AUTHORIZED BY NORTH
CAROLINA GENERAL STATUTES §160A-20 AND MAKING
CERTAIN FINDINGS REQUIRED BY NORTH CAROLINA
GENERAL STATUTES §159-151

WHEREAS, the City Council (the “Council”) of the City of Goldsboro, North Carolina (the “City”) desires to pursue the financing of (a) the design and construction of the Herman Park Center, an approximately 39,000 square foot recreation facility, and (b) a portion of the City’s Center Street streetscape project (collectively, the “Project”) pursuant to an installment financing agreement, as permitted under N.C.G.S. §160A-20; and

WHEREAS, it is anticipated that the cost of financing the Project and the payment of issuance expenses in connection with the financing will be approximately \$11,750,000; and

WHEREAS, the installment financing agreement for the financing of the Project pursuant to N.C.G.S. §160A-20 must be approved by the North Carolina Local Government Commission (the “LGC”) and will only be approved if the findings of N.C.G.S. §159-151(b) have been made;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City, as follows:

1. After consideration, the Council has determined that the most advantageous manner of financing the Project is by an installment financing contract pursuant to Section 160A-20 of the General Statutes of North Carolina, as amended.

2. Pursuant to Section 160A-20, the City is authorized to finance the Project by entering into an installment contract and security agreement or other security instrument that

creates a security interest in some or all of the property financed or refinanced to secure repayment of such financing.

3. The proposed financing is necessary or expedient because it will provide needed improvements for the City.

4. The proposed financing is preferable to a bond issue for the same purpose because of low fixed costs and favorable interest rates offered through installment contract financing compared to a bond issue.

5. The cost of the proposed undertaking exceeds the amount of funds that can be prudently raised from currently available appropriations, unappropriated fund balances, and nonvoted general obligation bonds that could be issued by the City in the fiscal year pursuant to Article V, Section 4, of the North Carolina Constitution.

6. The sums proposed to be provided under the financing are adequate and not excessive for the stated purpose of financing the Project.

7. The City's debt management procedures and policies are good and have been carried out in strict compliance with law and will henceforth be so carried out.

8. There will be no increase in taxes necessary to meet the sums to fall due under the proposed financing.

9. The City is not in default in any of its debt service obligations.

10. The attorney for the City will render an opinion that the proposed financing is authorized by law and is a purpose for which public funds may be expended pursuant to the Constitution and laws of North Carolina.

11. Each of the City Manager, the City Finance Director and other appropriate officers of the City is hereby authorized and directed to proceed with the financing of the Project and the filing of an application with the LGC for its approval of such financing as described above for the financing of the Project in an amount not to exceed \$11,750,000, and the actions of any of the Mayor, the City Manager, the City Finance Director, and other officers of the City in connection therewith are hereby approved and confirmed.

12. All other acts of the Council and the officers of the City which are in conformity with the purposes and intent of this resolution and in furtherance of the financing of the Project are hereby ratified, approved and confirmed.

AGENDA MEMORANDUM
March 18, 2019 COUNCIL MEETING**

SUBJECT: Z-1-19 Villas at Adair Place – South side of Keller Way Drive and North of Adair Drive (Shopping Center to R-6 CD Residential - Conditional District).

BACKGROUND: The applicant requests a change of zone from SC Shopping Center to R-6 Residential Conditional District limiting the use to a 72-unit apartment community.

This property is located behind Goshen Medical and adjacent to Lot 3 which was rezoned to R-6 Residential in April 2016 to allow 72 apartment units known as Adair Place Apartments.

Frontage: 385 ft. (Keller Way Drive)
Depth: 765 ft. (approximately)
Area: 6.85 Acres

Surrounding Zoning:

North: Shopping Center
South: Shopping Center
East: Shopping Center
West: R-6 Residential

The subject property is known as Lot 4 within the Adair, LLC Subdivision that was approved by City Council on May 3, 2010 and satellite annexed to the City effective November 30, 2009.

Existing Use: The property is currently vacant.

Proposed Use: The applicant proposes to construct a 72-unit apartment community.

Land Use Plan Recommendation: The City's Land Use Plan recommends that the property be developed for Mixed Use I. Mixed Use I land use category allows for a mixture of zoning districts such as O-R, O&I-1, O&I-2, and NB. This request would not be compatible with the City's Comprehensive Land Use Plan.

DISCUSSION: The submitted preliminary site plan indicates three newly-constructed three-story apartment buildings containing a total of 72 units. In addition, a community building is also being proposed on site.

Parking for the site requires two spaces per unit plus .5 per bedroom over two. Thirty-six of the 72 total units will be 3-bedroom units and the other 36 units will be 2-bedroom units. A total of 162 parking spaces are required and 156 spaces have been shown on the preliminary site plan. Staff will work with the applicant to ensure an additional 6 spaces are provided to meet parking requirements.

Access to the site will be directly from Keller Way Drive, which is being constructed as part of Adair Place Apartments just west of the project site. Interconnectivity is proposed along the western property line and the applicant is requesting a modification of the interconnectivity requirement along the eastern property line.

City sidewalks are required along frontage of the proposed development. Frontage along Keller Way Drive is approximately 385 linear feet. The applicant will need to install sidewalks or pay the sidewalk fee in the amount of \$6,930 in lieu of installation of the sidewalks.

The subject property would be served water through Fork Township Sanitary District. Sanitary sewer service will be provided by Fork Township but treated by the City of Goldsboro. City Engineering will require approval of stormwater calculations and drainage plans prior to issuance of any building permits.

Street trees have been provided along Keller Way Drive. A Type A 10' landscape buffer is required along the east, west and southern property lines and vehicular surface area landscape requirements must be met. Staff is working with the applicant to ensure landscape requirements are met per the requirements of the City's Unified Development Ordinance.

Dumpsters have been shown on the site plan and staff will work with the applicant to ensure the dumpsters are appropriately screened from off-site views.

Building elevations have not been submitted at this time however, applicant has indicated building elevations will be similar to building design approved for Adair Place Apartments. Staff will ensure all multi-family development design standards are met per the requirements of the City's Unified Development Ordinance prior to issuance of any building permits.

At the public hearing held on February 18, 2019, the Attorney for the applicant spoke in favor of the request. There were no persons in opposition to the request.

The Planning Commission, at their meeting held on February 25, 2019, recommended approval of the zoning change and development plans.

RECOMMENDATION: By motion, accept the recommendation of the Planning Commission and

1. Adopt an ordinance changing the zoning for the property from Shopping Center (SC) to Residential 6 (R-6) Conditional District (R-6 CD). The rezoning to Residential 6 (R-6) Conditional District even though it is not consistent with the City's adopted Comprehensive Lane Use Plan, the proposed residential site would be appropriate and reasonable in conjunction with the mixed use development nearby.

CITY OF GOLDSBORO
AGENDA MEMORANDUM
MARCH 18, 2019 COUNCIL MEETING

SUBJECT: Intergovernmental Support Agreement (IGSA) with
Seymour Johnson Air Force Base (SJAFB) – Contract
FA480919CA004

BACKGROUND: The City of Goldsboro (City) and SJAFB staff have been
working together to determine what, if any, services the
City could provide the Air Force and be beneficial to all
parties. Initial discussions encouraged further research
into the possibility of providing commercial refuse and
recycle collection services.

DISCUSSION: Based on preliminary research performed by SJAFB
Engineering staff and our Public Works Department, it
appears to be beneficial for both the City and the Air Force
to enter into an IGSA for refuse and recycling collection
services for Seymour Johnson AFB.

The proposed contract (FA480919CA004) will include all
services as outlined in the Performance Work Statement
(PWS) and be in effect for ten-years. The contract and
PWS are attached for your reference.

RECOMMENDATION: It is recommended City Council adopt the attached
resolution authorizing the Mayor and City Clerk to enter
into an IGSA with SJAFB to provide commercial refuse
and recycling collection services.

PERFORMANCE WORK STATEMENT**

FOR MAIN BASE

REFUSE COLLECTION AND RECYCLING COLLECTION SERVICES

1. DESCRIPTION OF SERVICES. The City of Goldsboro, NC (here after referred to as “The City”) shall provide all personnel, equipment, tools, materials, vehicles, supervision, and other items and services necessary to perform refuse and recycling collection services for the main base at Seymour Johnson AFB. The City shall perform to the standards in the contract as well as all local, state, and federal regulations. Refuse/Recycling Collection Service Standards are found in Appendix A. Estimated workload factors and historical estimated frequencies are found in Appendix B. Dumpster locations can be found in Appendix C.

1.1. COLLECTION REQUIREMENTS.

1.1.1 Main Base

1.1.1.1. Refuse and Recycling Collection. Empty containers IAW Appendix A and B. The City shall establish vehicle routes and collection schedules. They are to be submitted to the Contracting Officer (CO) five (5) calendar days prior to start of contract performance. The City may propose adjustments to the schedule at any time. The Contracting Officer’s Representative (COR) must be notified of pickup schedule and haul route changes. Facility occupants are responsible for ensuring all litter, waste and recyclables are placed in their respective disposal containers. The City shall monitor for any litter, waste, and recyclable material that is placed on the ground within a 10 foot radius of the container and report it to the COR for follow up. If it’s a minimal amount, i.e trash that was not purposely placed outside the container, the City will pick it up while servicing the container. With the exception of corrugated cardboard, all other recyclables will be commingled in City provided containers at a central location outside each facility. Facility occupants shall separate corrugated cardboard from all other commingled recyclables and dispose of it in the nearest City provided cardboard recycling container. The City shall also be responsible for ensuring corrugated cardboard is not placed in commingled recycling containers.

1.1.1.2. Refuse Containers. Empty containers used to dispose of food waste daily when the serviced facility is in operation. Other containers shall be emptied per the schedule in Appendix A and B (CLIN X002)

1.1.1.3. Public/Common Use Trash Receptacles. City shall empty, collect, and dispose of all waste and replace liners in government furnished trash receptacles located in public/common use areas before their capacity is exceeded. See Appendix C for receptacle locations. (CLIN X007)

1.1.1.4. Cardboard Recycling, Main Base. City shall place cardboard-only dumpsters at specified locations on the installation found in Appendix C.

1.1.1.5. Recycling Collection and Reimbursement of Credits: City shall collect and recycle these materials at an off base location IAW with federal, state and local laws/ordinances. When the markets are favorable to buy recycled material, 100% of the revenues generated from the base's collected recycling shall be retained by the Air Force and credited to the next month's billing.

1.1.2. Other. –RESERVED-

1.1.2.1. Special Events. In addition to the scheduled refuse/cardboard recycling collections, the CO may require the City to make unscheduled collections and disposals. For unscheduled events, the City shall respond within one business day of notification from the CO. For special events, the City shall also provide (or re-position as directed) refuse/cardboard recycling containers. These containers shall be placed in locations for a length of time designated by the COR (CLIN X004 & X005)

1.1.2.2. Unscheduled Pickup. In the event unusual conditions cause a container to require pickup before the scheduled time, the government may request pickup and the City will be compensated at a unit rate based on the container size. Pickup of refuse or recycling dumpsters may be requested by the COR (CLIN X006)

1.1.3. Inclement Weather Schedule. The City shall collect refuse and recyclable material during periods of inclement weather. In cases of severe weather, the COR may authorize exceptions. When exceptions are granted, the City shall make up all missed collections within 24 hours after the severe weather has terminated, unless the COR authorizes additional time.

1.1.4. Route Parameters.

1.1.4.1 The City shall prevent the loss or spillage of refuse and pavement damage from vehicle or equipment operations in the performance of this contract. Any spillage/damage shall be properly cleaned up/repared immediately at no additional cost to the government.

1.1.5. Points of Collection. Collection stations for refuse and recyclable materials are shown in Appendix C. The City shall provide and position bulk containers for customer ease in depositing refuse. This may require repositioning of containers from time to time. The City shall also position containers to minimize interference with adjacent parking areas, sidewalks, roadways, overhead utilities, trees, and other potential obstructions.

1.1.6. Cubic Yard Capacity. Estimated capacity of containers is indicated in Appendix B. The City is encouraged to identify changes to the capacity of containers and/or pickup frequency that

improve the overall efficiency of refuse and recycling removal, and to propose these changes to the COR. No changes are to be made until approved by the COR and / or CO.

1.1.7. Government-Approved Containers. All containers and container color provided by the City shall be approved by the government.

1.1.8. Maintaining Containers and Collection Area. The City shall return main base refuse, garbage and recycling containers to their original location after servicing, in an upright position with the lids securely in place (closed). The City will be responsible for immediately cleaning up any spills, debris, etc., which may occur during servicing of containers and picking up all refuse on the ground within ten feet of the container that may have spilled during servicing. All debris will be placed in containers. The City shall notify the COR of locations where debris is frequently placed outside of containers so the COR may notify facility managers and, if necessary, adjust the container size or pickup frequency. The City will be responsible for monitoring the collection areas to ensure they remain free of refuse and debris.

1.1.9. Weighing of Vehicles. All vehicles used in the collection of refuse and recyclable materials shall be weighed on state certified vehicle scales. Incoming and outgoing vehicle weights shall be recorded on weight tickets provided by the operator at the weigh station. The City shall submit a monthly report (para 1.5) that includes weight tickets that reflect the disposed tonnage figures, date of disposal, and type of vehicle and cost of landfill tipping fees. The City shall be reimbursed for tipping fees according to submitted invoices.

1.2. RECYCLABLE MATERIALS PROCESSING. The City shall conduct direct sales of corrugated cardboard, with 100 percent of the revenues generated to be retained by the Air Force. Payment shall be in the form of a credit to the next month's billing. Due to the unpredictability of the recycling market and likelihood of tipping fees being imposed by local Materials Recovery Facilities (MRFs) for the disposal of recyclable materials, the City shall be reimbursed for any fees associated with recycled goods. The City would also be reimbursed for fines and fees associated with materials being rejected by the MRF due to trash contamination.

1.2.1. Materials. The following items will be recycled: office paper, newspaper, mixed paper, magazines, steel cans, aluminum cans, plastics #1 & #2 and cardboard. No regulated or hazardous wastes will be recycled under this contract.

1.2.2. Pickup Points. The City shall provide recycling containers at the locations specified in Appendix C. Containers shall be emptied as specified in section 1.1.1.1.

1.2.3. City Responsibilities. Collect and transport all commingled recyclable materials from main base to an off base location IAW with federal, state and local laws. Collect and transport corrugated cardboard from main base to an off base recycling location IAW with federal, state and local laws/ordinances with 100% of the revenues generated to be retained by the government. Provide appropriate personal protective equipment for employees. City-purchased

equipment will be procured at the City's expense, owned by the City and may be removed upon contract completion.

1.2.4. Marketing. The City shall provide for the marketing of recyclable materials, including transportation of recyclable commodities to the purchasers.

1.2.5. Sales Receipts. When recycled material markets are favorable to generate a profit stream, the City shall return 100 percent of revenues generated by sale of recyclable materials to the government in the form of a credit on the next month's billing. The City shall provide a summary of resale proceeds by type of item, along with original sales receipts for recyclable materials to the government evaluator no later than the tenth working day of the month following the sale month. The sales receipts shall contain the weight, type and price of the item recycled.

1.3. DISPOSAL.

1.3.1. Off-Base Disposal. The City shall transport and dispose of all solid waste to a state certified/licensed off-base disposal site. The City shall dispose of recyclable materials at an off-base recyclable processing center. Disposal shall be in accordance with existing local, state, and federal regulations. The City shall be responsible for any permit or fees associated with the use of off-base disposal locations. The reimbursable tipping fees shall not exceed the approved landfill rates.

1.3.2. Disposal of Non-marketable Materials. Disposal of non-marketable materials from processing recyclable materials at an off-base facility shall be the responsibility of the City. This includes any recyclable material rejected for any reason. The City will be reimbursed for any additional disposal fees associated with non-marketable materials.

1.4. EQUIPMENT MAINTENANCE. The City shall maintain all City provided containers ensuring they are free of unpleasant odors, dirt, debris, and pests. All containers must remain in good, workable condition. They must remain easily accessible to customers. City furnished containers shall match the color scheme of the base. Additional re-painting must match the approved color scheme. The City shall perform all cleaning, painting, repair and other maintenance tasks off-base. Trucks and trailers used for hauling and collecting shall be washed as required to ensure they are free of odor, dirt, debris, and pests.

1.5. REPORTS AND RECORDS. By the tenth of each month, the City shall provide a monthly report to the CO detailing total tonnage of refuse collected, landfill tipping fees and weight tickets, materials collected and recycled by commodity, and gross proceeds from recyclable sales. Sales receipts from recyclables must accompany the report.

252.232-7007 Limitation of Governments Obligation. 2014-04

As prescribed in 232.705-70, use the following clause: LIMITATION OF GOVERNMENTS OBLIGATION (APR 2014) (a) Contract line item(s) 0001, 0002, 0003, 0004 & 0005 are incrementally funded. For this/these item(s), the sum of \$75,718.84 of the total price is presently available for payment and allotted to this contract. An allotment schedule is set forth in paragraph (j) of this clause. (b) For item(s) identified in paragraph (a) of this clause, the Contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those item(s) for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor is not authorized to continue work on those item(s) beyond that point. The Government will not be obligated in any event to reimburse the Contractor in excess of the amount allotted to the contract for those item(s) regardless of anything to the contrary in the clause entitled Termination for Convenience of the Government. As used in this clause, the total amount payable by the Government in the event of termination of applicable contract line item(s) for convenience includes costs, profit, and estimated termination settlement costs for those item(s). (c) Notwithstanding the dates specified in the allotment schedule in paragraph (j) of this clause, the Contractor will notify the Contracting Officer in writing at least ninety days prior to the date when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for convenience, will approximate 85 percent of the total amount then allotted to the contract for performance of the applicable item(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next scheduled date for allotment of funds identified in paragraph (j) of this clause, or to a mutually agreed upon substitute date. The notification will also advise the Contracting Officer of the estimated amount of additional funds that will be required for the timely performance of the item(s) funded pursuant to this clause, for a subsequent period as may be specified in the allotment schedule in paragraph (j) of this clause or otherwise agreed to by the parties. If after such notification additional funds are not allotted by the date identified in the Contractor's notification, or by an agreed substitute date, the Contracting Officer will terminate any item(s) for which additional funds have not been allotted, pursuant to the clause of this contract entitled Termination for Convenience of the Government. (d) When additional funds are allotted for continued performance of the contract line item(s) identified in paragraph (a) of this clause, the parties will agree as to the period of contract performance which will be covered by the funds. The provisions of paragraphs (b) through (d) of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the contract will be modified accordingly. (e) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated below, in amounts sufficient for timely performance of the contract line item(s) identified in paragraph (a) of this clause, the Contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the item(s), or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled Disputes. (f) The Government may at any time prior to termination allot additional funds for the performance of the contract line item(s) identified in paragraph (a) of this clause. (g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled Default. The provisions of this clause are limited to the work and allotment of funds for the contract line item(s) set forth in paragraph (a) of this clause. This clause no longer applies once the contract is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) and (e) of this clause. (h) Nothing in this clause affects the right of the Government to terminate this contract pursuant to the clause of this contract entitled Termination for Convenience of the Government. (i) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342. (j) The parties contemplate that the

52.216-4 -- Economic Price Adjustment -- Labor and Material (Jan 2017) AS ADJUSTED

(a) The Contractor shall notify the Contracting Officer if, at any time during contract performance, the rate of pay for labor (including fringe benefits) or the unit price for fuel increase or decrease. (Fuel rate is set at \$2.25 per gallon) The Contractor shall furnish this notice within 60 days after the increase or decrease, or within any additional period that the Contracting Officer may approve in writing, but not later than the date of final payment under this contract. The notice shall include the Contractor's proposal for an adjustment in the contract unit prices to be negotiated under paragraph (b) of this clause, and shall include, in the form required by the Contracting Officer, supporting data explaining the cause, effective date, and amount of the increase or decrease and the amount of the Contractor's adjustment proposal.

(b) Promptly after the Contracting Officer receives the notice and data under paragraph (a) of this clause, the Contracting Officer and the Contractor shall negotiate a price adjustment in the contract unit prices and its effective date. However, the Contracting Officer may postpone the negotiations until an accumulation of increases and decreases in the labor rates (including fringe benefits) and unit prices of material shown in the Schedule results in an adjustment allowable under subparagraph (c)(3) of this clause. The Contracting Officer shall modify this contract

(1) to include the price adjustment and its effective date and

(2) to revise the labor rates (including fringe benefits) or unit prices of material as shown in the Schedule to reflect the increases or decreases resulting from the adjustment. The Contractor shall continue performance pending agreement on, or determination of, any adjustment and its effective date.

(c) Any price adjustment under this clause is subject to the following limitations:

(1) Any adjustment shall be limited to the effect on unit prices of the increases or decreases in the rates of pay for labor (including fringe benefits) or unit prices for material shown in the Schedule. There shall be no adjustment for --

(i) Supplies or services for which the production cost is not affected by such changes;

(ii) Changes in rates or unit prices other than those shown in the Schedule; or

(iii) Changes in the quantities of labor or material used from those shown in the Schedule for each item.

(2) No upward adjustment shall apply to supplies or services that are required to be delivered or performed before the effective date of the adjustment, unless the Contractor's failure to deliver or perform according to the delivery schedule results from causes beyond the Contractor's control and without its fault or negligence, within the meaning of the Default clause.

(3) There shall be no adjustment for any change in rates of pay for labor (including fringe benefits) or unit prices for material which would not result in a net change of at least 3 percent of the then-current total contract price. This limitation shall not apply, however, if, after final delivery of all line items, either party requests an adjustment under paragraph (b) of this clause.

(4) The aggregate of the increases in any contract unit price made under this clause shall not exceed 25 percent of the original unit price. There is no percentage limitation on the amount of decreases that may be made under this clause.

(d) The Contracting Officer may examine the Contractor's books, records, and other supporting data relevant to the cost of labor (including fringe benefits) and material during all reasonable times until the end of 3 years after the date of final payment under this contract or the time periods specified in Subpart 4.7 of the Federal Acquisition Regulation (FAR), whichever is earlier.

(End of Clause)

52.222-43 -- Fair Labor Standards Act and Service Contract Labor Standards -- Price Adjustment (Multiple Year and Option Contracts) (Aug 2018)

(a) This clause applies to both contracts subject to area prevailing wage determinations and contracts subject to collective bargaining agreements.

(b) The Contractor warrants that the prices in this contract do not include any allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

(c) The wage determination, issued under the Service Contract Labor Standards statute, (41 U.S.C. chapter 67), by the Administrator, Wage and Hour Division, U.S. Department of Labor, current on the anniversary date of a multiple year contract or the beginning of each renewal option period, shall apply to this contract. If no such determination has been made applicable to this contract, then the Federal minimum wage as established by section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended, (29 U.S.C. 206) current on the anniversary date of a multiple year contract or the beginning of each renewal option period, shall apply to this contract.

(d) The contract price, contract unit price labor rates, or fixed hourly labor rates will be adjusted to reflect the Contractor's actual increase or decrease in applicable wages and fringe benefits to the extent that the increase is made to comply with or the decrease is voluntarily made by the Contractor as a result of:

(1) The Department of Labor wage determination applicable on the anniversary date of the multiple year contract, or at the beginning of the renewal option period. For example, the prior year wage determination required a minimum wage rate of \$4.00 per hour. The Contractor chose to pay \$4.10. The new wage determination increases the minimum rate to \$4.50 per hour. Even if the Contractor voluntarily increases the rate to \$4.75 per hour, the allowable price adjustment is \$.40 per hour;

(2) An increased or decreased wage determination otherwise applied to the contract by operation of law; or

(3) An amendment to the Fair Labor Standards Act of 1938 that is enacted after award of this contract, affects the minimum wage, and becomes applicable to this contract under law.

(e) Any adjustment will be limited to increases or decreases in wages and fringe benefits as described in paragraph (d) of this clause, and the accompanying increases or decreases in social security and unemployment taxes and workers' compensation insurance, but shall not otherwise include any amount for general and administrative costs, overhead, or profit.

(f) The Contractor shall notify the Contracting Officer of any increase claimed under this clause within 30 days after receiving a new wage determination unless this notification period is extended in writing by the Contracting Officer. The Contractor shall promptly notify the Contracting Officer of any decrease under this clause, but nothing in the clause shall preclude the Government from asserting a claim within the period permitted by law. The notice shall contain a statement of the amount claimed and the change in fixed hourly rates (if this is a time-and-materials or labor-hour contract), and any relevant supporting data, including payroll records, that the Contracting Officer may reasonably require. Upon agreement of the parties, the contract price, contract unit price labor rates, or fixed hourly rates shall be modified in writing. The Contractor shall continue performance pending agreement on or determination of any such adjustment and its effective date.

(g) The Contracting Officer or an authorized representative shall have access to and the right to examine any directly pertinent books, documents, papers and records of the Contractor until the expiration of 3 years after final payment under the contract.

As prescribed in 17.208(g), insert a clause substantially the same as the following: Option to Extend the Term of the Contract (Mar 2000) (a) The Government may extend the term of this contract by written notice to the Contractor within __30 days__ [insert the period of time within which the Contracting Officer may exercise the option]; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least __60 days__ days [60days unless a different number of days is inserted] before the contract expires. The preliminary notice does not commit the Government to an extension. (b) If the Government exercises this option, the extended contract shall be considered to include this option clause. (c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed __120 months__ (months) (years). (End of clause)

52.219-28 Post-Award Small Business Program Rerepresentation. 2013-07

Such a concern is not dominant in its field of operation when it does not exercise a controlling or major influence on a national basis in a kind of business activity in which a number of business concerns are primarily engaged. In determining whether dominance exists, consideration shall be given to all appropriate factors, including volume of business, number of employees, financial resources, competitive status or position, ownership or control of materials, processes, patents, license agreements, facilities, sales territory, and nature of business activity. The Contractor shall notify the contracting office in writing within the timeframes specified in paragraph (b) of this clause that the data have been validated or updated, and provide the date of the validation or update. (f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause. (g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed: The Contractor represents that it [] is, [] is not a small business concern under NAICS Code __562111__ assigned to contract number __FA480919CA004__. CITY OF GOLDSBORO
AGENDA MEMORANDUM
MARCH 18, 2019 COUNCIL MEETING

SUBJECT: Reimbursement Resolution – Installment Financing of Garbage Trucks and Dumpsters for Seymour Johnson Air Force Base Commercial Refuse Contract, and Operating Budget Amendment Ordinance – Garbage Trucks

BACKGROUND: At the February 4, 2019 meeting, Council discussed the ongoing contract negotiations with Seymour Johnson Air Force Base for the performance of the Main Base refuse and recycling collections services beginning July 1, 2019. The discussion included a detail of costs (labor, operational and capital equipment) to be included in the Intergovernmental Support Agreement.

DISCUSSION: At this time, the Base wishes to execute the contract. Mr. Rick Fletcher, Public Works Director, has requested that the purchase order for the equipment be issued to allow for the manufacture lead time which is approximately 3 months. The equipment will be purchased based on State Contract pricing. The cost of the equipment and interest costs are included in the calculated contract fee with the Base.

Description	Estimate Per
	Rick Fletcher
Front Loader	\$ 268,450.00
Rear Loader	\$ 102,211.05
Roll-Off Truck with Grapple	\$ 216,374.87
Issuance Costs	\$ 15,000.00
Total	<u>\$ 602,035.92</u>

We have requested our Financial Advisors, Davenport & Company, to issue a request for proposal (RFP) for the financing of the \$602,035.92 purchase cost. We will bring a resolution before Council once the bids are received and tabulated. In order to comply with Section 1.150-2 of the U.S. Treasury Regulations, it is requested that Council adopt the attached Reimbursement Resolution declaring our intent to use the financing proceeds to reimburse for the cost of rolling stock and the cost of issuance.

Further, Council is asked to adopt the attached operating budget amendment to authorize the appropriation of expenditures related to this agreement which will be funded with revenue from debt issuance in the same amount.

RECOMMENDATION:

It is recommended that Council, by motion:

- 1) Authorize the Finance Director to move forward with the purchase of the garbage trucks and dumpsters.
- 2) Adopt the attached resolution declaring the City Council's intent to reimburse the City of Goldsboro from the proceeds of the installment financing for the garbage trucks.
- 3) Adopt the attached budget ordinance amending the FY 2018-19 budget for the purchase of the garbage trucks.

RESOLUTION NO. 2019-

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GOLDSBORO, NORTH CAROLINA DECLARING ITS INTENTION TO REIMBURSE THE CITY OF GOLDSBORO, NORTH CAROLINA FROM THE PROCEEDS OF DEBT FOR VEHICLES AND EQUIPMENT

WHEREAS, the City of Goldsboro, North Carolina (the "Issuer") is a political subdivision organized and existing under the laws of the State of North Carolina; and

WHEREAS, the Issuer will pay monies for rolling stock purchases; and

WHEREAS, the City Council of the Issuer has determined that these monies being advanced to that date hereof are available only for a temporary period and it is necessary to reimburse the Issuer for the expenditures from the proceeds of debt.

1. This declaration of official intent is made pursuant to Section 1.150-2 of the Treasury Regulations to expressly declare the official intent of the City to reimburse itself with the proceeds of debt for certain expenditures paid by the City on or after the date which is sixty (60) days prior to the date hereof.
2. Each expenditure will be either (a) of a type properly chargeable to capital account under general federal income tax principles (determined in each case as of the date of expenditure), (b) a cost of issuance with respect to the purchase, (c) a nonrecurring item that is not customarily payable from current revenues, or (d) a grant to a party that is not related to or an agent of the Issuer so long as such grant does not impose any obligation or condition (directly or indirectly) to repay any amount to or for the benefit of the Issuer.
3. The estimated maximum principal amount of the debt expected to be incurred for the installment purchase is not to exceed \$602,100.
4. The Issuer will make a reimbursement allocation, which is a written allocation by the Issuer that evidences the Issuer's use of funds to reimburse an expenditure, no later than 18 months after the later of the date on which the expenditure is paid or the project is placed in service or abandoned, but in no event more than three years after the date on which the expenditure is paid. The Issuer recognizes the exceptions are available for certain "preliminary expenditures", costs of issuance, certain de minimis amounts, expenditures by "small issuers", (based on the year of issuance and not the year of expenditure) and expenditures for construction project of at least five years.

CITY OF GOLDSBORO
AGENDA MEMORANDUM
MARCH 18, 2019 COUNCIL MEETING

SUBJECT: Audit Services for Fiscal Year Ending June 30, 2018 - Amended

BACKGROUND: The General Statutes of the State of North Carolina require that the City of Goldsboro undertake an independent audit of its financial records on an annual basis. The Audit examines, by fund, all categories of the City's revenues and expenditures. It also illustrates revenues and expenditures by reporting the amounts on the original budget plus the final budget compared to the amounts that were actually received and spent throughout the Fiscal Year.

DISCUSSION: The City requested an extension on its June 30, 2018 audit with the LGC and amended its contract to reflect this time extension to February 28, 2019. The extension was due to Carr, Riggs & Ingram undergoing an extensive process to enhance the audit quality to better service the City. This process includes more specialized guidance within the Single Audit area, compliance with federal and state laws and updating the City's statements with the new GASB auditing standards. Also, the auditors had some delays with audit service deliveries due to Hurricane Florence.

RECOMMENDATION: It is recommended that the Council, by motion, amend the contract for the auditing services for the Fiscal Year ending June 30, 2018 to Carr, Riggs and Ingram, LLC. for its completion date of February 28, 2019.

Monthly Report- February 2019

Prepared by: Michael Wagner

Water Reclamation Facility

The Water Reclamation Facility operations are proceeding smoothly. The average daily flows for February were 11.76 MGD. High flows continue to be a concern with compliance and future infrastructure needs. All of the city's 26 pump stations are operating well, but communications are quickly deteriorating with outdated radios and programming.

Water Treatment Plant

The Water Treatment Plant operations are proceeding smoothly. Minor repairs are still being made following Hurricane Florence and mitigation measures are being explored. The Plate Settler project has passed the Clearinghouse review stage.

Compost Facility

Three hundred and nineteen cubic yards of compost/mulch was sold in February 2019.

Historical data for water and sewer volumes are in million gallons per day (MGD) and are average daily flows for each month.

- ♣ On February 4th, UNC-TV's NC Weekender published on social media the promo of the SJAFB Base Tours segment for their full show airing February 7th. Child Abuse Prevention Month Proclamation

Whereas, children are vital to our state's future success, prosperity and quality of life as well as being our most vulnerable assets;

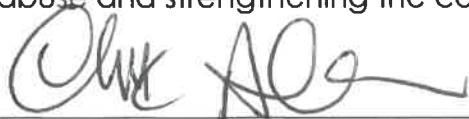

Whereas, all children deserve to have the safe, stable, nurturing homes and communities they need to foster their healthy growth and development;

Whereas, child abuse and neglect is a community responsibility affecting both the current and future quality of life of a community;

Whereas, communities that provide parents with the social support, knowledge of parenting and child development and concrete resources they need to cope with stress and nurture their children ensure all children grow to their full potential;

Whereas, effective child abuse prevention strategies succeed because of partnerships created among citizens, human service agencies, schools, faith communities, health care providers, civic organizations, law enforcement agencies, and the business community;

Therefore, I do hereby proclaim *April* as *Child Abuse Prevention Month* and call upon all citizens, community agencies, faith groups, medical facilities, elected leaders and businesses to increase their participation in our efforts to support families, thereby preventing child abuse and strengthening the communities in which we live.
