The City Council of the City of Goldsboro, North Carolina, recessed from a Special Meeting on June 10, 2021 to meet on June 14, 2021 at 5:00 p.m. to discuss the FY21-22 Budget in the Council Chambers, City Hall, 214 North Center Street, Goldsboro, NC with attendance as follows:

Present: Mayor Pro Tem David Ham, Presiding
Councilmember Hiawatha Jones
Councilmember Bill Broadaway
Councilmember Taj Polack
Councilmember Brandi Matthews
Councilmember Gene Aycock
Tim Salmon, City Manager
Laura Getz, City Clerk

Absent: Mayor Chuck Allen

Call to Order Mayor Pro Tem Ham called the meeting to order at 5:00 p.m.

Budget Discussion
Council resumed the discussion on the FY21-22 proposed budget.
Tim Salmon, City Manager shared the following presentation:

Do you concur with or modify the following:

1. Use a portion of the ARP ($1.7M) for the provision of services; place the remainder of ARP funds received this year ($2.7M) in a special revenue fund to be used as determined by Council
2. A loan for essential vehicles ($1.8M)
3. Raising the property tax 3-cents per $100 valuation ($38/year for $127K median value home in Goldsboro per U.S. Census Bureau information)
4. Raising the water and sewer utility rates 15% ($10/month inside the City $68 to $78; $19/mo outside the City $127 to $146; still < avg for utilities in NC using same rate structure per UNC SoG Dashboard)

ARP Considerations:

1. Use of Wayne County ARP ($24M) may address the County Genoa Wastewater System concerns but there has been no indication any of those funds would be used to fix Goldsboro Public Utility concerns.
2. Use of NC State ARP ($800M proposed by Governor) for infrastructure grants is as follows:
   1. $440M for “Distressed” (118) and “At-Risk” (120) local governments
      1. No match for distressed or regional government projects
      2. 75/25% match for at-risk government projects
   2. $360M for all governments statewide (Goldsboro in this category)
      1. 50/50% match for all other governments
      2. If we want to leverage ARP funding, we will likely need the recommended rate increases to do so

The utility rate study has shown that if we do not fund a 15% rate increase in FY21-22 that our reserves will be depleted by FY23, and we will not be able to cover our operating expenses and debt service. There is very little capital outlay included in the FY21-22 budget. The recommended CIP in the next 10 years totals approximately $22,994 (including inflation). An updated Utility Master Plan (2006) is urgently needed. The estimated cost of the plan is $21,000, and it should be funded if Council needs confirmation of the necessity of the proposed CIP.
Rate History

- Minimal usage rate adjustments over the past decade
- Goldsboro water and sewer rates remain low compared to national and local utilities

Councilmember Taj Polack
Councilmember Brandi Matthews
Councilmember Gene Aycock
Ron Lawrence, City Attorney

Adoption of the Agenda. Councilmember Aycock made a motion to adopt the agenda, the motion was seconded by Councilmember Jones and unanimously carried.

Adoption of the Annual Operating Budget Ordinance for Fiscal Year 2021-22 and Resolution for Utility Fees and Charges for Wastewater Treatment Facility. Ordinance and Resolution Adopted. G.S. §159-13 requires that the governing board adopt a budget ordinance prior to July 1 to make appropriations and levy the taxes for the budget year. Specifically, the Budget Ordinance establishes the property tax rate and any special taxes which may be levied during a fiscal year, such as the Special Downtown Municipal District Tax. The intention of a city to issue licenses upon businesses, trades and professions is also described within the contents of this document.

The major emphasis of a Budget Ordinance is to identify by fund the estimated revenues a municipality anticipates to collect during a fiscal year and to delineate by fund, department, and activity how these monies shall be appropriated. The Budget Ordinance may also describe any special authorizations granted to the Budget Officer.

Passage of the Budget Ordinance is an annual occurrence. No budget for the fiscal year can be implemented without the formal adoption of the provisions of this document. The Budget Ordinance reflects the decisions made by the City Council during its budget reviews and discussion. The Budget Ordinance assures compliance with all pertinent State Fiscal laws. It must show an exact balance between revenues and expenditures. If circumstances do not warrant the adoption of this document by the prescribed date, an interim budget must be approved by the governing body. The specific authorizations granted to the Budget Officer are the same as were delegated in Fiscal Year 2020-21 that relate to the reallocation of departmental appropriations, interdepartmental transfers, and inter-fund loans and transfers. Also, the Finance Director and Assistant Finance Director are authorized to sign all pre-audit certifications for budgetary appropriations as required by G.S. 159-28.

Council met with staff on several occasions to discuss the FY2021-22 recommended budget. During those sessions, Council discussed increases to water and sewer rates by 15%, increase to property tax by $.03 cents, and use of American Rescue Plan Funds in the operating budgets, and changes to fees and charges for the Wastewater Treatment Plant.

The proposed adopted budget presented here reflects the following revenue changes:

- General Fund - The property tax rate will increase from $0.65 cents per $100 valuation to $0.68 cents per $100 valuation. This is the first property tax increase since FY2009. The property tax for the Downtown Municipal Service District remains the same at $0.235 per $100 valuation.
- American Rescue Plan will fund operations as follows:
  - General Fund: $1,664,500
  - Utility Fund: $2,558,994
  - Occupancy Tax Fund: $28,493
  - Total ARP Funding: $4,251,987
Utility Fund - The 15% increase in water and sewer rates has been removed from the proposed budget presented here. This is reflected as a decrease as follows:

- Water Charges: ($1,098,256)
- Sewer Charges: ($1,323,548)
- Total Reduction: ($2,421,804)

Utility Fund - The changes for the wastewater treatment facility fees and charges are included as a separate resolution, and will align the city’s charges with other similar treatment facilities. The revenue impact will be approximately $14,000 annually.

The proposed adopted budget presented here reflects the following expenditure changes:

- General Fund-Agency Support
  Old Waynesborough Park funding was withdrawn completely. The remainder was equally divided between 9 other agencies providing contracted services to the City. Each receiving an additional $2,000 to the recommended allocation.

- General Fund-Mayor & Council
  - Removed dues for Military Affairs Committee from Dues and Subscriptions for $2,100. Council wishing to participate will pay dues directly to the committee.

- General Fund-Golf
  - Permanent part time employee positions (2) were not removed in the Manager’s Recommended when the full time position was presented. This is a reduction of $32,471 plus benefits, that was reallocated to fund the position for the year and add additional funds in utilities, lease expense, other operational and benefits. There was no net change to the overall operating expenditures.

- General Fund-Public Works Building & Grounds, Information Technology, and City Manager
  - Expenditures related to maintenance contracts for heating and cooling, elevator, security system, pest control, etc.. was moved from the City Manager’s budget to Buildings and Grounds, and to Information Technology who manages these contracts.

- Downtown Municipal Service District – WiFi
  - As per Council wishes, the director has reallocated expenditures to fund the $15,000 WiFi improvements for downtown Center Street. There is no increase in the overall operating expenditures.

- Occupancy Tax Fund – Advertising
  - As per Council consensus, $40,000 has been allocated to advertising for the Travel & Tourism division in order to sustain several sports events here in Goldsboro. The return on investment for additional revenues realized in the General Fund for sales tax, and the Occupancy Tax Fund for hotel occupancy tax will exceed the investment. This will be funded with an appropriation of Occupancy Tax Fund fund balance.

As required by G.S. §159-11, the Budget Officer submitted to the governing board a balanced recommended budget with the required components on June 1, 2021. The filing of the recommended budget was also properly advertised in the Goldsboro-News Argus on June 1, 2021, and a paper copy of the budget delivered to the City Clerk as well as made available online on the City’s website. Further, the Council conducted a public hearing on June 7, 2021 at the 7:00 pm meeting, and conducted budget worksessions on June 7th, 10th and 14th. Finally, there has been at least 10 days between the presentation of the recommended budget (June 1st) and the tentative adoption of the budget ordinance (June 18th).

RESOLUTION OF THE GOLDSBORO CITY COUNCIL ESTABLISHING A PROCEDURE FOR FILLING VACANT MAYORAL SEAT. Chuck Allen, the duly elected Mayor of the City of Goldsboro has tendered his written resignation dated June 15, 2021. The City Council of the City of Goldsboro accepted his said resignation during its regularly scheduled meeting of June 21, 2021 and as a result hereby declares that the seat of Mayor is vacant. As a result of said vacancy the Code of Ordinances and the General Statutes of the State of North Carolina state that the Council, by majority vote, shall appoint a qualified candidate to fill said vacancy for the remainder of the term of said mayor; i.e. until the next general election which will be held in November 7, 2023. Neither the Code of Ordinances nor the General Statutes contain a specific procedure for said appointment, therefore, it is necessary and good practice to establish a procedure so the City, all council members and potentially interested candidates, have a procedure which will guide all for the said appointment.
It is necessary that a Resolution be enacted to establish procedures for such appointment, and that such are attached hereto as Exhibit A setting forth said procedures and is made a part hereof.

Now, therefore, be it resolved by the City Council for the City of Goldsboro, North Carolina that:

1. The seat for Mayor of the City of Goldsboro is vacant effective June 21, 2021, and shall be filled by the Council by majority vote.

2. For the proper and consistent application of the Code of Ordinances and the General Statutes of the State of North Carolina for the filling of the vacancy of said seat for Mayoral representation on the City Council, procedures for any appointment to fill said vacancy should be adopted and that such is necessary for the proper functioning of the Council.

3. Exhibit A attached hereto sets forth said procedure and is hereby adopted as the procedure for the appointment of the vacancy of Mayor of the City of Goldsboro.

4. This resolution and Exhibit A are hereby adopted and shall be inserted into the official minutes of the City Council of Goldsboro.

EXHIBIT A
PROCEDURE FOR FILLING VACANT MAYORAL SEAT OF THE CITY OF GOLDSBORO

1. After the creation of a vacancy for Mayor, such being effective June 21, 2021, the City Clerk will immediately cause the vacant seat to be advertised in The Goldsboro News-Argus and on the City of Goldsboro’s Web Site indicating the appointment process and the following eligibility requirements as described in Article VI of the North Carolina Constitution and the City of Goldsboro’s Code of Ordinances Section 3:5:

   A. Be a qualified voter in the City of Goldsboro.
   B. Be at least 21 years of age and not adjudged a felon not having had their rights restored.
   C. Currently live within the City of Goldsboro and having done so for at least the past thirty (30) days.

Interested citizens meeting these requirements can pick up the application form from the City Clerk’s office in the City Hall at 200 N. Center Street, Goldsboro, NC. Any potential applicant is encouraged to check the City of Goldsboro boundaries while at City Hall to make sure they reside within the city before submitting an application. Completed applications must be returned to the City Clerk’s office by 5:00 p.m. on Friday, July 9, 2021. Applications not received by that date will not be considered (placing it in the mail by then does not constitute receipt by the City unless it is in the physical custody of the staff of the office of the City Clerk, located within the City Manager and Mayor’s offices, 2nd floor, by 5:00 p.m. on Friday, July 9, 2021).

2. The City Clerk will hold the sealed applications until the deadline date. After the deadline, the City Manager and City Clerk will open the envelopes and verify that each meets the qualifications addressed above. They will forward copies of the contents to each member of the City Council by 5:00 p.m. on Friday, July 9, 2021. The names of applicants shall be released to the news media upon request after the applications have been distributed to the City Council. Applicants are advised that the applications and therefore any information provided on the said applications is subject to disclosure upon a proper public records request.

3. The City Council at the regular City Council meeting scheduled for August 2, 2021, will hear presentations by each qualified applicant. Each applicant will be given up to ten (10) minutes to make a presentation on their qualifications for the office and their vision for Goldsboro.

4. At the August 16, 2021 City Council meeting, the City Council will decide if they have enough information to vote on the appointment by motion, second, and majority vote. If so, the City Council will be provided a ballot listing the name of each candidate, and each council member will vote for ONE (1) candidate only.

5. The ballots shall be passed to the City Clerk who will announce the vote by reading aloud each ballot with the name and vote of the Mayor and each council member.
6. If any candidate receives at least 4 total votes on the ballots, that person is “appointed” and shall fill the seat.

7. If no candidate gets more than 3 votes, then the 2 applicants receiving the most votes will advance to a second ballot, in the same format as the first round.

8. However, if as a result of said initial vote there is a tie that occurs between two or more candidates making it such that there are not only 2 applicants with the most votes, then if there is one applicant that receives the most votes, that applicant will move to the next round of voting, and the council will then by ballot vote on the remaining other applicants so tied and the applicant between those such applicants that receives the highest votes will move to the second round of voting.

9. If, however as a result of the first round of voting 3 applicants are tied with two votes each, then a new ballot will be issued by the Clerk to the council members with those 3 applicants thereon, the council shall vote, and follow the above procedures until there are 2 candidates with the greatest number of votes; BUT if one of those 3 receive at least 4 votes during that round of voting, then that person would be “appointed” and shall fill the seat.

10. Each round of balloting and voting shall be conducted exactly as the first round.

11. Once any candidate gets at least 4 votes, that person is the choice, and may be sworn in at the beginning of the next Council meeting.

12. At any time, if no candidate has received at least 4 votes, the Council, upon proper motion, second and majority vote, may suspend the selection process, and return to further consideration of filling this vacancy at Council’s next meeting.

13. Additionally, at any time during the appointment process, upon motion, second and majority vote, the Council may vote to delay the vote on appointment to another date; and may re-open the application process to consider other interested candidates and shall set application deadlines consistent with the process above.

Public Hearings.

Z-5-21 Anita Yousif (R16 – O&I-1) – South side E. Ash Street between Barrow Court and Malloy Street. Public Hearing Held. The applicant recently acquired the subject property which is currently zoned for residential use.

The applicant requests a change of zone for the subject property from Residential (R-16) to Office and Institutional (O&I-1) for commercial development purposes.

| Frontage | 56 ft. (E. Ash St.) |
| Area | 22,504 sq. ft. or 0.52 acres |

SURROUNDING ZONING:
- North: General Business (GB);
- South: Residential (R-6);
- East: Neighborhood Business (NBCZ); and
- West: Office & Institutional (O&I-1)

The subject property has been used for residential purposes and consists of one unoccupied single-family dwelling of approximately 1,000 sq. ft.

The City’s Land Use Plan recommends Office and Institutional development for the property which is consistent with other properties in the area.

The subject properties are not located in a Special Flood Hazard Area. City water and sewer utilities are available to serve the property.

Mayor Pro Tem Ham opened the Public Hearing. No one spoke and the public hearing was closed.

No action necessary. The Planning Commission will have a recommendation for the Council’s meeting on July 12, 2021.

Z-6-21 FSC II, LLC. (Asphalt Plant) – North side of W. US 70 Hwy. between Perkins Mill Road and Springwood Drive. Public Hearing Held. The applicant requests a change of zone for the subject property from General Business (GB) zoning district to General Industry Conditional Zoning (I-2CZ) limiting the use of the property to an asphalt plant.

| Frontage | +740 ft. (Thoroughfare Road) |
| Depth | +857 ft. |
| Area | +16.02 Acres |

SURROUNDING ZONING:
- North: General Industry (I-2)/General Business (GB)
- South: Residential (R-12/R-16), Office and Institutional (O&I-1);
- East: General Business (GB); and
- West: General Business (GB)

On September 4, 2007, Goldsboro City Council approved an ordinance to rezone property located directly north of subject property from General Business (GB) and Residential (R-20A) to General Industry (I-2). Although the land was not totally compliant with the Comprehensive Land Use Plan, the proposal was considered compatible with existing zoning patterns in the area.

On October 1, 2007, a request for a Conditional Use Permit was approved by City Council to allow the construction and operation of a concrete plant for the same property. In addition, site and landscape plans were also approved with the following modifications:
1. Modification of minimum lot frontage requirement from 50 ft. to 0 ft.
2. Modification of minimum distance requirement from residentially-zoned or developed property from 1,000 ft. to approximately 925 ft. and zero (0) ft.

Lastly, required street trees and sidewalk installation for the concrete plant site was deferred by City Council on June 2, 2008. The owner of subject property was required to install street trees and City sidewalks once the subject property was developed or sold in the future.

The property is currently vacant.

The City’s Land Use Plan recommends Medium Density Residential (MDR) development.

The applicant has submitted a site-specific plan for the Conditional Zoning request to limit the use of the property to an asphalt plant.

The preliminary site plan indicates the property adjacent to US HWY 70 West and accessed by a private 50 ft. wide paved asphalt ingress, egress, regress and utility easement. Three proposed access drives are shown along the easement providing an entrance and exit for employees and customers of the site, as well as, heavy commercial trucking operations associated with asphalt production. Since the property has no frontage along US HWY 70 West, a modification will be necessary.

Structures proposed and identified for the site consist of an on-site 750 sq. ft. office, a 750 sq. ft. laboratory, above-ground fuel storage tanks, a 600 sq. ft. storage shed, tower silos, hoppers, crushers, bins and conveyors for aggregate production, distribution and storage.

Parking for the site requires 1 space per employee, plus 2 visitor spaces, plus 1 space for each vehicle stored on site. A total of 10 parking spaces have been identified on the site plan to include 1 handicap accessible parking space.

External City sidewalks are required for new commercial development. The applicant will be required to install sidewalks or pay $13,158 based on approximately 730 ft. of road frontage along HWY. 70.

A commercial lighting plan has not been submitted. Since the subject property is located adjacent to residentially-zoned and developed properties, the developer will be required to submit a lighting plan in compliance with the City’s Commercial Lighting ordinance. The subject property is located in the City’s one-mile extraterritorial jurisdiction. City water and sewer are not available to serve the subject property. Water will be provided by Wayne County’s Fork Township. Sewer will be provided by an on-site sewage disposal or pump system. The property is not located within a special flood hazard area or within a City Watershed protected area. City Engineering will require approval of storm water calculations and drainage plans prior to the issuance of any building permits.

Street trees have been shown along the western property line where an existing 60 ft. private and paved ingress, egress, regress and utility easement provides access to a concrete plant directly north of the property. A required type A, 10’ ft. wide landscape buffer is shown along the northern property line. A type B, 15 ft. wide landscape buffer is required along the eastern property line. However, due to two existing natural gas utility easements along the eastern property line, the applicant is requesting a modification of the type A buffer yard requirement.

Commercial dumpsters will be utilized for garbage collection. Staff will ensure that dumpster corals are properly constructed and appropriately screened from off-site views in accordance with City standards.

Asphalt manufacturing is classified as a community sensitive use in the General Industry (I-2) zoning district. As such, the City’s UDO requires that the entire area of the site shall be enclosed by a six foot high opaque fence set back one hundred feet from any public right of way or residentially developed or zoned property and/or fifty feet from any other adjacent property. The applicant has proposed an 8ft. in height opaque fence surrounding the proposed asphalt plant in accordance with City standards.
In addition, the City’s UDO requires that the proposed asphalt plant be located at a minimum of 1,000 ft. from residentially-zoned or developed property. The portion of the property to be used as an asphalt plant is approximately 450 ft. from property zoned Residential (R-12) to the east. The northern most portion of the property proposed for outdoor aggregate storage is directly adjacent to property zoned Residential (R-12). A modification of the distance requirement from 1,000 ft. to 0 ft. will be necessary.

Lastly, the applicant will be required to provide a statement with the plans indicating whether any manufacturing or processing operation will create smoke, offensive odor, dust, noise, fumes or vibrations beyond the lot lines of the proposed use. If one or more of such conditions exist, the developer shall explain what measures will be taken to mitigate such conditions to acceptable levels.

The following modifications have been requested:
1. Modification of road frontage along an improved public street of at least 50 ft.
2. Modification of type A landscape buffer yard along eastern property line.
3. Modification of distance requirement from residentially-zoned or developed property from 1,000 ft. to 0 ft.

Mayor Pro Tem Ham opened the Public Hearing and the following people spoke:

1. Hayes Finley, representing Fred Smith Company (FSC II, LLC) shared information concerning the proposed asphalt plant and provided a notebook with supporting documentation to council.
2. Brent Wood, Vice President of Fred Smith Company shared further comments concerning the asphalt plant.
3. Trey Taylor with Warren, Kerr, Walston, Taylor and Smith shared comments concerning the compatibility of the asphalt plant.

No one else spoke and the public hearing was closed.

No action necessary. The Planning Commission will have a recommendation for the Council’s meeting on July 12, 2021.

**Z-8-21 – MLFL, Inc. - (Tiny Home Village) South side of S. Slocumb Street between Westbrook Road and Seymour Drive. Public Hearing Held.** The applicant requests a change of zone for the subject property from General Business, Residential Manufactured-Non-Conforming (GB/RM-NC) and General Industry (I-2) zoning district to Planned Unit Development Conditional Zoning (PUDCZ) limiting the use of the property to a 40-unit tiny home village.

Planned Unit Developments are considered a separate zoning district and require rezoning approval. These mixed-use developments provide a voluntary alternative development procedure for relatively large tracts of land held under unified ownership that are planned and developed in a coordinated manner.

On February 6, 2012, the Goldsboro City Council concurred with the recommendation of the Planning Commission and adopted an Order approving a Conditional-Use Permit to allow the operation of a privately-owned cemetery (Seymour Memorial Park) upon the subject property. In addition, the Council approved site and landscape plans detailing the operation with a modification of the requirement for vehicular surface area landscaping.

Now, the owner has decided to cease development of the property for a cemetery and repurpose the property for residential development purposes focusing upon the chronically homeless and unsheltered residents of the City of Goldsboro.
The property is occupied by three (3) metal buildings formally proposed as covered pavilions for employees and customers of the private cemetery operation. The remaining portion of the property is clear and vacant.

The City’s Land Use Plan recommends Commercial and Industrial development for the property.

The applicant has submitted a concept plan for the Planned Unit Conditional Zoning request to limit the use of the property to a tiny home village. The applicant has requested a waiver of the City’s site plan requirement. If the zoning is approved, a North Carolina registered engineer is required to design the site plan in accordance with City’s UDO and subject to City Council approval.

The proposed tiny home village will serve as transitional housing for use by individuals suffering from chronic homelessness throughout the City of Goldsboro. Approximately forty (40) one, two and three - bedroom tiny homes are proposed for the site. Each home will be built to the North Carolina Building Code with an average of 900 sq. ft. of floor space per unit.

Amenities proposed for the village include on-site 24/7 security, on-site facilities for medical services, mental health and substance abuse treatment, education, job training and placement services, exercise and fitness equipment, housing for pets and walking trails for use by residents of the village.

The concept plan indicates the property fronts along S. Slocumb Street and Westbrook Road. Two existing curb cuts provide ingress and egress to Slocumb Street and Westbrook Road. A 30 ft. wide access drive is proposed as the main entrance off Slocumb Street. Another 30 ft. wide access drive off Westbrook Road will provide additional access to the site.

City water and sewer are available to serve the subject property. A portion of the property is located within special flood hazard areas known as the City’s 100 and 500-floodplain. City Engineering requirements pertaining to the floodplain, storm water calculations and drainage shall be approved by staff prior to the issuance of any development permits.

The subject property is within the 65-70 dnl noise overlay zone of Seymour Johnson Air Force Base. Base officials have been contacted regarding the proposed development. Once a response is received from Base officials, the applicant will be notified of any compliance issues in need of resolve before development can commence in the future.

Mayor Pro Tem Ham opened the Public Hearing and the following people spoke:

1. Thomas Rice, Executive Director with MLFL, Inc. shared information about the proposed tiny home village.
2. Tamilla Wiggins, founder of Support of Sons and Daughters Inc. shared support for the proposed tiny home village.
3. Jack Kannan shared support for the proposed tiny home village.
4. David Simmons, SOS Management, Inc. shared support for the proposed tiny home village.

No one else spoke and the public hearing was closed.

No action necessary. The Planning Commission will have a recommendation for the Council’s meeting on July 12, 2021.

**Public Comment Period.** Mayor Pro Tem Ham opened the public comment period. The following people spoke:

1. Alicia Pierce shared comments concerning the mayoral vacancy, staggered terms, and a selection committee for the mayor’s seat.
2. Evelyn Paul shared comments concerning the mayoral vacancy and concerns with the work session meeting.

No one else spoke and the public comment period was closed.

**Consent Agenda - Approved as Recommended.** City Manager Tim Salmon presented the Consent Agenda. All items were considered to be routine and could be enacted simultaneously with one motion and a roll call vote. If a Councilmember so requested, any item(s) could be removed from the Consent Agenda and discussed and considered separately. In that event, the remaining item(s) on the Consent Agenda would be
acted on with one motion and roll call vote. Councilmember Aycock moved the items on the Consent Agenda, Items E-U as recommended by the City Manager and staff. The motion was seconded by Councilmember Broadaway. A roll call vote resulted in Mayor Pro Tem Ham, Councilmembers Jones, Broadaway and Aycock voting in favor of the motion. Councilmember Matthews voted against the motion. The motion carried 4:1.

The items on the Consent Agenda were as follows:

**Change Order Numbers 26, 27, 29 & 30 for Phase IV Sewer Collection Rehabilitation ( Formal Bid #2018-004). Resolution Adopted.** The Phase IV Sewer Rehab Project provides for installation of approximately 30,900 linear feet of cast-in-place-pipe (CIPP) rehabilitation of existing sanitary mains, including various root treatments, obstruction removals, cutting of intruding taps and asphalt or concrete surface repairs directly associated with the completion and restoration work detailed in the contract specifications. City Council approved the original contract for approximately $9.3M.

Phase IV Sewer Rehab Project is 95% complete. Due to overruns and underruns in the bid line items, staff requested the contractor, T. A. Loving Company, provide change orders to alleviate some of the overruns and final adjustments necessary for reimbursement requested from NCDEQ.

Through various field changes, there remains approximately $1,096,155.98 of cost savings for this rehab project. The contractor was able to add additional work, not in the original contract, but within the original project area. Change orders detailed as follows:

- **Change Order No. 26 for $125,134.80**
  Description: Scope of work for lateral rehabilitation changed from what the subcontractor recommended. This change order covers their cost for CCTV, since their original bid included CIPP of laterals.

- **Change Order No. 27 for $39,390.18**
  Description: Removing concrete and trolley tracks on East Walnut Street between Slocumb Street and Leslie Street.

- **Change Order No. 29 for $67,155.67**
  Description: Point repair in Big Ditch between Manhole 1695 – Manhole 4218. This change order is for bypass pumping and pump around Big Ditch.

**TOTAL FOR ADDITIONAL WORK = $231,680.65**

- **Change Order No. 30 for $1,868,511.22**
  Adjusting change order for pay item overruns. This change order encompasses bid items that overran bid line items and already paid out to T. A. Loving Company by the City of Goldsboro. Reimbursement by NCDEQ to the City for overruns necessitates submittal and approval of Change Order No. 30.

**TOTAL REIMBURSEMENT CHANGE ORDER = $1,868,511.22**

Staff reviewed change orders with the Finance Director and determined that funds are available from the Clean Water Revolving Fund Loan.

It is recommended that Council adopt the following entitled resolution authorizing the City Manager to execute change orders for a total of $231,680.65 with T. A. Loving Company and a City of Goldsboro reimbursement change order for a total of $1,868,511.22. Consent Agenda Approval. Aycock/Broadaway (4 Ayes: 1 Nay)

Amending a Special Revenue Fund Ordinance – Federal and State Drug Forfeiture Special Revenue Fund (P3101). Ordinance Adopted. In order to create more transparency in the collection and disbursement of funds received from federal and state drug forfeitures for the Police department, on February 17, 2020 City Council authorized the establishment of a special revenue fund to account for the inflows and outflows of resources.

Since the creation of the fund last February, the Police department received $15,395.31 from insurance proceeds for a truck purchased with federal forfeiture funds. Those proceeds are being returned to the federal forfeiture revenue line item. Also, this past year the City was able to sell a seized vehicle in its possession through GovDeals for $4,696.46, and in accordance with state law the proceeds were to be remitted to the Wayne County Public School System. Also, the investment earnings on the federal forfeiture funds in the amount of $1,215.06 should be appropriated. A total of $21,306.83 in revenue for the Federal and State Forfeiture Special Revenue Fund is requested to be appropriated for expenditures related to the Police Department function. ORDINANCE NO. 2021-15 “AN ORDINANCE AMENDING THE SPECIAL REVENUE FUND FOR FEDERAL AND STATE FORFEITURE ACCOUNTS (P3101)”

Amending a Grant Project Fund Ordinance – Hurricane Florence FEMA 4393DR-NC (R1102).

Ordinance Adopted. Hurricane Florence brought damaging winds, rain and devastating flooding to eastern North Carolina, and as a result, the City of Goldsboro and Wayne County were included in the Presidential disaster declaration on September 14, 2018.

The City incurred costs for emergency protective measures, debris removal and permanent work related to major infrastructure, buildings and facilities owned by the City. As a public entity, the City applied and qualified for the FEMA Public Assistance Program. City staff has worked diligently to submit projects to be obligated with the FEMA. FEMA will reimburse up to 75% of eligible projects and North Carolina will reimburse up to 25%. The City has 10 projects officially obligated in a total amount of $3.1M. We have received 11 disbursements in the amount of $2,340,773.46. The City has expended $2,227,654.26 to date. For the projects considered “major” projects, FEMA will reimburse based on actual expenses, so the final figure will continue to change as we finalize the projects and request project close out. We anticipate there will be approximately $300K-$400K remaining to be collected from FEMA once all projects are closed and accepted.

At this time, staff is requesting that a proportionate amount of the money advanced by the General Fund and Utility Fund in FY2019 be appropriated in this fund as a Transfer Out to reimburse the operating funds now that the federal reimbursements have been received. The corresponding entry on the operating fund side will be a transfer in that will help replenish fund balance.

General Fund $563,410.17
Utility Fund $1,388,181.96
Total $1,951,592.13

Staff is also recommending that the project costs be reallocated to specific obligated project worksheets in the line item budget detail. The net effect on the overall budget for these changes is zero.

When all projects have been closed and accepted by the North Carolina Department of Public Safety on behalf of FEMA, we will bring back a final budget amendment to close the fund.

It is recommended that Council amend the following entitled Grant Project Ordinance for the Hurricane Florence FEMA 4393DR-NC (R1102) be amended for $1,951,592.13. Consent Agenda Approval.

Amending a Grant Project Fund Ordinance – FY2016 TIGER Discretionary Grant Capital Project Fund (R1103), Ordinance Adopted. On May 20, 2019 City Council authorized the establishment of a grant project fund for the last phase of Streetscape. The City received a $5,000,000 award from Transportation Investment Generating Economic Recovery Grant Program (TIGER) to support the following projects:

1. Center Street Streetscape Project (completed)
2. Goldsboro-Wayne Transportation Authority Transfer Center Concourse (in progress)
3. The HUB (Formerly known as Cornerstone Commons) (completed)
4. Wayfinding Signage System Fabrication & Installation (completed)

At this time it is necessary to adjust the budget for changes to project funding. It was discussed early on that the City would borrow the match of $1.5M, and had negotiated the loan in conjunction with the building of Herman Park Center. However, due to issues with LGC approval, the loan for Herman Park Center did not materialize. Thus, the funding match will have to be made in cash by the City. Each operating fund has reaped benefit of the improvements made by the last phase of the Streetscape project. The General Fund has budgeted its last portion of the match in FY22 of $681,007 for a total of $1,019,695. The Stormwater Fund match of $185,000 will be appropriated in FY21. The Utility Fund has completed its total match of $784,688.

Also, the cost of the FFCRA leave far exceeded our estimated total of $66,000, and through June 16, 2021 the City has expended $167,259 in FFCRA pay, and with benefits this amount is estimated at $205,726. We are
recommending that an additional $56,688 be allocated to FFCRA pay which will bring the total to $122,688. Staff is recommending the unused balances in the other categories be liquidated to fund the other eligible CRF expenditures incurred by the City.

**Ordinance Adopted.** With the FY17-18 adopted operating budget, City Council authorized the creation of a Stormwater enterprise fund to address mandated Federal and State stormwater compliance requirements whose aim is for water and resource management, environmental protection and regulatory requirements.

Through conservative budgeting and spending practices, the Stormwater enterprise fund has grown its fund balance in the past four fiscal years to approximately $1.3M. During the FY21 budget planning process, staff was able to set aside $250K as a Transfer Out to Capital Projects fund with the purpose of being able to start the responsible planning and funding of necessary stormwater projects to carry out the mission of the Stormwater Fund.

Currently, there are several projects that have been brought to staff, as well as the need for a comprehensive Stormwater asset assessment and mapping study. The suggested projects are listed below.

- Comprehensive Stormwater Asset Management Assessment and Mapping Study
- Virginia Street
- Musgrave Manor
- Jackson Street
- Leslie/Beech Street

At this time, it is necessary to create the capital project fund to set aside the appropriation from the operating fund. The expenditures will be set aside in a Contingency line item, until such time that staff can prepare recommendations to present to Council to approve for specific projects.

The purpose of this project qualifies as a grant project under G.S. § 159-13.2, and staff requests that the Council appropriate expenditures in the amount of $488,000. This will be funded with a transfer from the Stormwater Fund in FY21, and a future appropriation in FY22.

It is recommended that Council adopt the following entitled Grant Project Ordinance for the Stormwater Capital Project Fund (T2201) for $488,000. Consent Agenda Approval. Aycock/Broadaway (4 Ayes: 1 Nay)

**ORDINANCE NO. 2021-21 “AN ORDINANCE ESTABLISHING THE GRANT PROJECT FUND FOR THE STORMWATER CAPITAL PROJECT FUND (T2201)”**

Amending the Water Line Replacement & Booster Pump Station (BPS) Project (W1111). 
**Ordinance Adopted.** On September 17, 2017, the Council approved a resolution to apply for a state revolving loan for this project, and The Wooten Company was selected to perform the engineering services on September 18, 2018.

On June 6, 2019, we received notification from the North Carolina Department of Environmental Quality that financing was approved from the North Carolina Drinking Water State Revolving Fund (DWSRF) in the amount of $3,610,000 at an interest rate of 1.82% over 20 years.

On July 15, 2019, the City Council authorized the establishment of a capital project fund for the replacement of existing water lines at various locations in the City and install a new booster pump station in the New Hope area to address low-pressure issues and remove outdated pipe materials. The water line replacement includes:

- 4,000 LF in the Lanetree Subdivision from Fedelon Trail to Titleist Drive
- 3,100 LF on Ash Street from Herman Street to Williams Street
- 2,700 LF on Ash Street from Berkeley to Meadow Lane School
- 5,300 LF on Elm Street from Madison Avenue to Lee Drive
- 2,700 LF on Slocumb Street from Westbrook Road to SJAFB

At this time, the City Engineer, Mr. Marty Anderson, has requested additional funds to purchase easements needed for the project to move forward. The City has requested that DEQ allow this expense to be reimbursed under the loan, but staff has not had a response from DEQ. It is necessary to appropriate expenditures for the purchase of easements in the amount of $35,000, and this will be funded with a transfer from the Utility Fund.

It is recommended that Council adopt the following entitled project budget amendment for the Water Line Replacement and Booster Pump Station (BPS) Project (W1111) in the amount of $35,000.00. Consent Agenda Approval. Aycock/Broadaway (4 Ayes: 1 Nay)
ORDINANCE NO. 2021-22 “AN ORDINANCE AMENDING THE GRANT PROJECT FUND FOR THE WATER LINE REPLACEMENT AND BOOSTER PUMP STATION (BPS) PROJECT (W1111)”

Ordinance authorizing the establishment of a grant project fund for the 2” Galvanized Water Lines (WIF-1979). Ordinance Adopted. Capital Project Fund (W1113) The City has received an intent to fund the 2” Galvanized Water Lines Project (WIF-1979) from the North Carolina Department of Environmental Quality Division of Water Infrastructure in the amount of $2,998,100.

The City Engineer, Mr. Marty Anderson, has requested funding for engineering costs to complete the required milestone in accordance with DWI’s time table. He has estimated a cost of approximately $30,000, and this will be funded with a transfer from the Utility Fund.

It is recommended that Council adopt the following entitled project budget ordinance for the 2” Galvanized Water Line Replacement (WIF-1979) Capital Project Fund (W1113) in the amount of $30,000. Consent Agenda Approval. Aycock/Broadaway (4 Ayes: 1 Nay)

JULY 12, 2021 COUNCIL MEETING  

SUBJECT:  
PUBLIC HEARING

According to the City’s Unified Development Code, used automobile sales is a permitted use in the General Business (GB) zoning district only after the obtainment of a Special Use Permit approved by City Council.  

Currently, the applicant is seeking a variance for the property from the Goldsboro Board of Adjustment. The principle structure is located 4.34 ft. from the western property line and does not meet the side setback requirement of 15 ft. No action can be taken on the special use permit request without a variance from the Goldsboro Board of Adjustment scheduled for July 26, 2021.  

Frontage: 114.45 ft.  
Area: 0.66 Acres  
Zoning: General Business (GB)  

Previously, the site was approved as a sign fabrication business formerly known as Southern Signs, Inc.

1. The minimum lot area is 15,000 sq. ft.  
2. The minimum lot frontage and width shall be 100 ft.
3. No parking of used vehicles or customer vehicles shall be allowed within the required street yard landscape area.

4. No vehicles for sale shall be parked within 20 ft. of residentially-zoned property.

5. All vehicular display areas shall be improved with approved surfaces, curb and gutter in accordance with the City’s UDO.

The applicant has submitted a preliminary site plan which indicates compliance with the above-listed approval criteria for used automobile sales as a special-use in the General Business (GB) zoning district.

In addition, the site plan shows an existing one-story commercial building of approximately 2,460 sq. ft. proposed for use as offices for automobile sales, record-keeping, public restrooms and storage. Another existing one-story commercial building is attached to the principle structure consisting of approximately 1,050 sq. ft. and formerly used as storage space. Applicant intends to convert attached storage building into an automobile service bay for customers of the business.

Access: Access to the site will be provided directly from N.C. Secondary Road No. 1591 by a proposed 22 ft. wide paved access drive. NCDOT officials have been contacted since this is a state-maintained road. According to NCDOT officials, no roadway improvements will be required for the site.

Parking: Parking for the site requires 1 space per employee and 5 customer spaces. A total of 7 paved parking spaces are proposed to include 1 handicap accessible space.

Sidewalks: Internal concrete sidewalks are shown providing access to building entrances through sloped ramps and handicap accessible walkways. External sidewalks are not required for the site in accordance with the City’s UDO and the Recommended Pedestrian Facilities Plan.

Interconnectivity: Interconnectivity has not been shown for the site. The owner/developer will be required to identify interconnectivity for the site should adjacent property directly east of the property be improved for commercial development in the future.
**Engineering:** City water and sewer are available to serve the subject property. The property is not located within a special flood hazard area. City Engineering will require approval of drainage plans prior to issuance of any building permits.

**Annexation:** A portion of the subject property located at the rear of the site is outside the City limits of Goldsboro. The owner of the property will be required to annex this portion of the property into Goldsboro's city limits since City utilities serve the site.

**Landscaping:** Maple trees have been shown along the frontage of the property to serve as required street trees for the site. A Type A, 10' wide landscape buffer is required along the western property line. An existing 6 ft. in height opaque chain-link fence serves to buffer the property from existing commercial development directly west of the site. Existing vegetation at the rear of the property serves as the required Type C, 20ft. wide landscape buffer yard. City staff will ensure additional landscape plantings will be installed should any deficiencies exist after site improvements have been finalized.

**Refuse:** Commercial dumpsters will be utilized for garbage collection and have been identified on the submitted site plans. Staff will ensure that dumpster corals are properly constructed and appropriately screened from off-site views in accordance with City standards.

CITY OF GOLDSBORO
AGENDA MEMORANDUM
JULY 12, 2021 COUNCIL MEETING

SUBJECT: PUBLIC HEARING
Z-7-21 MC Morgan and Associates (Tiffany Gardens Phase II) — West side of Thoroughfare Road between Central Heights Road and NC Railroad.

BACKGROUND: The applicant requests a change of zone for a portion of the subject property from Residential (R-16) to Residential (R-6CZ) Conditional Zoning limiting the use to an 84-unit apartment complex. In conjunction with the request, the applicant is requesting a Conditional Use permit (CU-5-21) for the construction of the apartment complex in the Residential (R-6) zoning district.

Frontage: +500 ft. (Thoroughfare Road)
Depth: +300 ft.
Area: +7.7 Acres

SURROUNDING ZONING:
North: Residential (R-16) RM-NC/Residential (R-12CZ); Residential (R-9)
South: Residential (R-16/R-12)
East: Residential (R-16/R-9)
West: Residential (R-16/R-12CZ)

On April 1, 2019, Goldsboro City Council accepted the recommendation of the Goldsboro Planning Commission and adopted an Ordinance (Z-14-19) changing the zone for property directly north of subject property from Residential (R-16 and R-12) to Residential (R-12CZ) Conditional Zoning limiting the use of the property to an eighty-four unit apartment complex.

City Council at their April 5, 2021 denied the applicant’s request to rezone the subject property for the apartment complex. At their May 3, 2021 meeting, the Council voted to rehear Tiffany Garden Phase II Rezoning as they found there to be substantial change in the conditions and circumstances bearing on the application.
Now, with the request of the Council to reheat the rezoning request, the developer is proposing the second phase of residential development consisting of an eighty-four (84) unit apartment complex.

**Existing Use:** The property is currently vacant.

**Land Use Plan Recommendation:** The City’s Land Use Plan recommends Medium Density Residential (MDR) development. In addition, the Plan recommends that higher densities should be encouraged since City water and sewer are available to serve the property.

**DISCUSSION:**

The submitted preliminary site plan indicates three (3), three-story apartment buildings containing a total of 84 units. In addition, a community building is also being proposed on site.

**Access:** Access to the site will be directly from Thoroughfare Road. Since Thoroughfare Road is a state-maintained road, NCDOT officials have been contacted and are requiring driveway permits, as well as, left and right turn lanes along Central Heights Road as a result of Phase I development.

**Parking:** Parking for the site requires two spaces per unit plus .5 per bedroom over two. 36 of the 84 total units will be 3-bedroom units, 35 units will be 2-bedroom units and the remaining 13 units will be 1-bedroom units. A total of 176 parking spaces are required and 176 spaces have been shown on the preliminary site plan.

**Sidewalks:** External City sidewalks are required for new development, however, the City’s Pedestrian Facilities Plan does not recommend sidewalks for the area. Frontage along Thoroughfare Road is approximately 460 ft. The developer will be required to install sidewalks or pay a fee in lieu of in the amount of $8,280 to the City of Goldsboro.

Internal concrete sidewalks are shown providing access to building entrances through sloped ramps and handicap accessible walkways.

**Lighting Plan:** A commercial lighting plan has not been submitted. Since the subject property is located adjacent to residentially-zoned and developed properties, the developer will be required to submit a lighting plan in compliance with the City’s Commercial Lighting ordinance.
**Interconnectivity:** Interconnectivity has been shown west of the site as adjacent property is currently being developed for multi-family use.

**Engineering:** City water and sewer are available to serve the subject property. The property is not located within a special flood hazard area. City Engineering will require approval of storm water calculations and drainage plans prior to issuance of any building permits.

**Landscaping:** Street trees have been provided along Thoroughfare Road. A Type B 15’ landscape buffer is required along all property lines and vehicular surface area landscape requirements must be met. Staff is working with the applicant to ensure landscape requirements are met per the requirements of the City’s Unified Development Ordinance.

**Refuse:** Commercial dumpsters will be utilized for garbage collection. Staff will ensure that dumpster corals are properly constructed and appropriately screened from off-site views in accordance with City standards.

**Building elevations:** Building elevations have been submitted and indicate the proposed buildings will be constructed of brick veneer and fiber-cement shake siding. Roofing materials will be architectural shingles. Staff will ensure all multi-family development design standards are met per the requirements of the City’s Unified Development Ordinance prior to issuance of any building permits.

**Annexation:** The subject property is located outside the City limits. Since City utilities are located within 1,000 ft. of the site, the developer will be required to connect to City water and sewer, as well as, annex into the City limits.

**RECOMMENDATION:** No action necessary. The Planning Commission will have a recommendation for the Council’s meeting on August 2, 2021.

CITY OF GOLDSBORO
AGENDA MEMORANDUM
JULY 12, 2021 COUNCIL MEETING

SUBJECT: PUBLIC HEARING
Street Name Change — Poplar Street to Dr. H.E. McNair Street.

BACKGROUND: A petition to change the name of a section of Poplar Street to "Dr. H.E. McNair Street has been submitted. The section of Poplar Street runs from Harris Street intersection northwards approximately 1,150 linear feet to its terminus.

The petitioner has indicated that he wishes to change the name of the street in honor of the late Rev. Dr. Howard E. McNair who was the pastor of 57 plus years of New Stoney Hill United Holey Church, which directly abuts this section of Poplar Street at 1003 Poplar Street.

DISCUSSION: The City is authorized to change street names within the city limits according to provision set forth in General Statues. While the statues are very general in nature, the City follows the same procedures used by the County in renaming streets.

The proposed name change has been sent to the County Planning Department to insure that the name "Dr. H.E. McNair Street" would not result in any confusion as it relates to provision of emergency services. The County Planning Director has indicated that the County does not have any objection to the street name change which has been proposed. City Fire has no issues with the request and City Engineering indicated the use of an individual's full name is typically discouraged especially if the last name is available for use suggesting the use of "McNair Street".

A Notice of Public Hearing was advertised in the newspaper for two consecutive weeks. The street section was posted and all adjacent owners were notified of the hearing by mail.

RECOMMENDATION: No action necessary. The Planning Commission will have a recommendation for the Council's meeting on August 2, 2021.

The city will return the deposit on any bid not accepted, and will return the deposit on an offer subject to upset if a qualifying higher bid is received. The city will return the deposit of the final high bidder at closing.
8) The terms of the final sale are:
   a) City Council must approve the final high offer before the sale is closed, which it will do within 30 days after the final upset bid period has passed.
   b) The Wayne County Board of Commissioners must approve the final sale by concurrence after final approval by City Council.
   c) Buyer must pay with cash at the time of closing.
   d) Buyer must pay closing costs.
9) The City reserves the right to withdraw the property from sale at any time before the final high bid is
accepted and the right to reject at any time all bids.

10) If no qualifying upset bid is received after the initial public notice, the offer set forth above is hereby accepted. CITY OF GOLDSBORO
AGENDA MEMORANDUM
JULY 12, 2021 COUNCIL MEETING

SUBJECT: Z-6-21 FSC II, LLC. (Asphalt Plant) – North side of W. US 70 Hwy. between Perkins Mill Road and Springwood Drive.

BACKGROUND: The applicant requests a change of zone for the subject property from General Business (GB) zoning district to General Industry Conditional Zoning (I-2CZ) limiting the use of the property to an asphalt plant.

Frontage: ±740 ft. (Thoroughfare Road)
Depth: ±857 ft.
Area: ±16.02 Acres

SURROUNDING ZONING:

North: General Industry (I-2)/General Business (GB)
South: Residential (R-12/R-16), Office and Institutional (O&I-1);
East: General Business (GB); and
West: General Business (GB)

On September 4, 2007, Goldsboro City Council approved an ordinance to rezone property located directly north of subject property from General Business (GB) and Residential (R-20A) to General Industry (I-2). Although the land was not totally compliant with the Comprehensive Land Use Plan, the proposal was considered compatible with existing zoning patterns in the area.

On October 1, 2007, a request for a Conditional Use Permit was approved by City Council to allow the construction and operation of a concrete plant for the same property. In addition, site and landscape plans were also approved with the following modifications:

1. Modification of minimum lot frontage requirement from 50 ft. to 0 ft.
2. Modification of minimum distance requirement from residually-zoned or developed property from 1,000 ft. to approximately 925 ft. and zero (0) ft.
Lastly, required street trees and sidewalk installation for the concrete plant site was deferred by City Council on June 2, 2008. The owner of subject property was required to install street trees and City sidewalks once the subject property was developed or sold in the future.

**Existing Use:** The property is currently vacant.

**Land Use Plan Recommendation:** The City’s Land Use Plan recommends Medium Density Residential (MDR) development.

**DISCUSSION:**

The applicant has submitted a site-specific plan for the Conditional Zoning request to limit the use of the property to an asphalt plant.

**Access:** The preliminary site plan indicates the property adjacent to US HWY 70 West and accessed by a private 50 ft. wide paved asphalt ingress, egress, regress and utility easement. Three proposed access drives are shown along the easement providing an entrance and exit for employees and customers of the site, as well as, heavy commercial trucking operations associated with asphalt production. Since the property has no frontage along US HWY 70 West, a modification will be necessary.

Structures proposed and identified for the site consist of an on-site 750 sq. ft. office, a 750 sq. ft. laboratory, above-ground fuel storage tanks, a 600 sq. ft. storage shed, tower silos, hoppers, crushers, bins and conveyors for aggregate production, distribution and storage.

**Parking:** Parking for the site requires 1 space per employee, plus 2 visitor spaces, plus 1 space for each vehicle stored on site. A total of 10 parking spaces have been identified on the site plan to include 1 handicap accessible parking space.

**Sidewalks:** External City sidewalks are required for new commercial development. The applicant will be required to install sidewalks or pay $13,158 based on approximately 730 ft. of road frontage along HWY. 70.

Internal concrete sidewalks are shown providing access to building entrances through sloped ramps and handicap accessible walkways.
Lighting Plan: A commercial lighting plan has not been submitted. Since the subject property is located adjacent to residentially-zoned and developed properties, the developer will be required to submit a lighting plan in compliance with the City’s Commercial Lighting ordinance.

Engineering: The subject property is located in the City’s one-mile extraterritorial jurisdiction. City water and sewer are not available to serve the subject property. Water will be provided by Wayne County’s Fork Township. Sewer will be provided by an on-site sewage disposal or pump system. The property is not located within a special flood hazard area or within a City Watershed protected area. City Engineering will require approval of storm water calculations and drainage plans prior to the issuance of any building permits.

Landscaping: Street trees have been shown along the western property line where an existing 60 ft. private and paved ingress, egress, regress and utility easement provides access to a concrete plant directly north of the property. A required type A, 10’ ft. wide landscape buffer is shown along the northern property line. A type B, 15 ft. wide landscape buffer is required along the eastern property line. However, due to two existing natural gas utility easements along the eastern property line, the applicant is requesting a modification of the type A buffer yard requirement.

Refuse: Commercial dumpsters will be utilized for garbage collection. Staff will ensure that dumpster corals are properly constructed and appropriately screened from off-site views in accordance with City standards.

Community-Sensitive Use: Asphalt manufacturing is classified as a community sensitive use in the General Industry (I-2) zoning district. As such, the City’s UDO requires that the entire area of the site shall be enclosed by a six foot high opaque fence set back one hundred feet from any public right of way or residentially developed or zoned property and/or fifty feet from any other adjacent property. The applicant has proposed an 8ft. in height opaque fence surrounding the proposed asphalt plant in accordance with City standards.

In addition, the City’s UDO requires that the proposed asphalt plant be located at a minimum of 1,000 ft. from residentially-zoned or developed property. The portion of the property to be used as an asphalt plant is approximately 450 ft. from property
zoned Residential (R-12) to the east. The northern most portion of the property proposed for outdoor aggregate storage is directly adjacent to property zoned Residential (R-12). A modification of the distance requirement from 1,000 ft. to 0 ft. will be necessary.

Lastly, the applicant will be required to provide a statement with the plans indicating whether any manufacturing or processing operation will create smoke, offensive odor, dust, noise, fumes or vibrations beyond the lot lines of the proposed use. If one or more of such conditions exist, the developer shall explain what measures will be taken to mitigate such conditions to acceptable levels.

At the public hearing held June 21, 2021, the attorney representing the applicant, the Vice-President of the applicant and the attorney representing the property owner appeared to speak in favor of the request. No one appeared to speak in opposition of the request.

Planning Commission at their meeting held June 28, 2021, recommended approval for the requested change of zone of the subject property from General Business (GB) zoning district to General Industry Conditional Zoning (I-2CZ) limiting the use of the property to an asphalt plant with the condition of providing additional landscaping along Highway 70 to provide additional screening. Although, not consistent with the City of Goldsboro’s Comprehensive Land Use Plan, the Planning Commission’s recommendation found the proposed use to be compatible with adjacent properties within the surrounding area.

The following modifications have been requested:

1. Modification of road frontage along an improved public street of at least 50 ft.
2. Modification of type A landscape buffer yard along eastern property line.
3. Modification of distance requirement from residually-zoned or developed property from 1,000 ft. to 0 ft.

RECOMMENDATION: By motion, accept the recommendation of the Planning Commission and

1. Find the proposed zoning amendment inconsistent with the City’s adopted Comprehensive Land Use Plan however, the
proposed use is compatible with adjacent properties within
the surrounding area and;

2. Find the proposed zoning amendment is reasonable and in the
public interest because the zoning is compatible with adjacent
properties within the surrounding areas and;

3. Adopt an Ordinance changing the zoning for the property
from General Business (GB) zoning district to General Industry
Conditional Zoning (I-2CZ) limiting the use of the property to
an asphalt plant.

CITY OF GOLDSBORO  
AGENDA MEMORANDUM  
JULY 12, 2021 COUNCIL MEETING 

SUBJECT: Z-8-21 – MLFL, Inc. - (Tiny Home Village) South side of S. Slocumb Street between Westbrook Road and Seymour Drive. 

BACKGROUND: The applicant requests a change of zone for the subject property from General Business, Residential Manufactured-Non-Conforming (GB/RM-NC) and General Industry (I-2) zoning district to Planned Unit Development Conditional Zoning (PUDCZ) limiting the use of the property to a 40-unit tiny home village.

Planned Unit Developments are considered a separate zoning district and require rezoning approval. These mixed-use developments provide a voluntary alternative development procedure for relatively large tracts of land held under unified ownership that are planned and developed in a coordinated manner.

Frontage:  +372 ft. (Slocumb St.)
+492 ft. (Westbrook Rd.)

Depth:  ±980 ft.

Area:  590,392 sq. ft. or ±13.6 acres

SURROUNDING ZONING:

North:  General Business (GB)
South:  General Industry (I-2);
East:  General Business (GB)/General Industry (I-2); and
West:  General Business, Residential Manufactured-Non-Conforming (GB/RM-NC)/General Industry (I-2)

On February 6, 2012, the Goldsboro City Council concurred with the recommendation of the Planning Commission and adopted an Order approving a Conditional-Use Permit to allow the operation of a privately-owned cemetery (Seymour Memorial Park) upon the subject property. In addition, the Council approved site and landscape plans detailing the operation with a modification of the requirement for vehicular surface area landscaping.
Now, the owner has decided to cease development of the property for a cemetery and repurpose the property for residential development purposes focusing upon the chronically homeless and unsheltered residents of the City of Goldsboro.

**Existing Use:** The property is occupied by three (3) metal buildings formally proposed as covered pavilions for employees and customers of the private cemetery operation. The remaining portion of the property is clear and vacant.

**Land Use Plan Recommendation:** The City’s Land Use Plan recommends Commercial and Industrial development for the property.

**DISCUSSION:**

The applicant has submitted a concept plan for the Planned Unit Conditional Zoning request to limit the use of the property to a tiny home village. The applicant has requested a waiver of the City’s site plan requirement. If the zoning is approved, a North Carolina registered engineer is required to design the site plan in accordance with City’s UDO and subject to City Council approval.

The proposed tiny home village will serve as transitional housing for use by individuals suffering from chronic homelessness throughout the City of Goldsboro. Approximately forty (40) one, two and three-bedroom tiny homes are proposed for the site. Each home will be built to the North Carolina Building Code with an average of 900 sq. ft. of floor space per unit.

Amenities proposed for the village include on-site 24/7 security, on-site facilities for medical services, mental health and substance abuse treatment, education, job training and placement services, exercise and fitness equipment, housing for pets and walking trails for use by residents of the village.

**Access:** The concept plan indicates the property fronts along S. Slocumb Street and Westbrook Road. Two existing curb cuts provide ingress and egress to Slocumb Street and Westbrook Road. A 30 ft. wide access drive is proposed as the main entrance off Slocumb Street. Another 30 ft. wide access drive off Westbrook Road will provide additional access to the site.

**Engineering:** City water and sewer are available to serve the subject property. A portion of the property is located within special flood hazard areas known as the City’s 100 and 500-floodplain. City Engineering requirements pertaining to the
floodplain, storm water calculations and drainage shall be approved by staff prior to the issuance of any development permits.

SJAFB Noise Overlay: The subject property is within the 65-70 dnl noise overlay zone of Seymour Johnson Air Force Base. Base officials have been contacted regarding the proposed development. Once a response is received from Base officials, the applicant will be notified of any compliance issues in need of resolve before development can commence in the future.

At the public hearing held June 21, 2021, the applicant, property owner and two other persons appeared to speak in favor of the request. No one appeared to speak in opposition of the request.

Planning Commission at their meeting held June 28, 2021, recommended approval for the requested change of zone of the subject property from General Business, Residential Manufactured-Non-Conforming (GB/RM-NC) and General Industry (I-2) zoning district to Planned Unit Development Conditional Zoning (PUDCZ) limiting the use of the property to a 40-unit tiny home village. Although, not consistent with the City of Goldsboro’s Comprehensive Land Use Plan, the Planning Commission’s recommendation found the proposed use to be compatible with adjacent properties within the surrounding area.

RECOMMENDATION: By motion, accept the recommendation of the Planning Commission and

1. Find the proposed zoning amendment inconsistent with the City’s adopted Comprehensive Land Use Plan however, the proposed use is compatible with adjacent properties within the surrounding area and;

2. Find the proposed zoning amendment is reasonable and in the public interest because the zoning is compatible with adjacent properties within the surrounding areas and;

3. Adopt an Ordinance changing the zoning for the property from General Business, Residential Manufactured-Non-Conforming (GB/RM-NC) and General Industry (I-2) zoning district to Planned Unit Development Conditional Zoning
(PUDCZ) limiting the use of the property to a 40-unit tiny home village.
