Executive Summary AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Goldsboro is an Entitlement City according to the U.S. Department of Housing and Urban Development (HUD) criteria. Accordingly, the City receives annual allocations of funds for housing and community development projects under the Community Development Block Grant (CDBG) and Home Investment Partnership (HOME) Programs. As an Entitlement City and as a prerequisite to receive funding, the City of Goldsboro is required to conduct a comprehensive assessment of its housing and community needs and to present a Five-Year Consolidated Plan (ConPlan) in a detailed format prescribed by HUD. A yearly Action Plan is required for each of the five years of the City's Consolidated Plan.

The 2022-2023 Annual Action Plan (AAP) represents the third year of the City of Goldsboro's 2020-2024 ConPlan. The AAP is required by the U.S. Department of Housing and Urban Development (HUD) and serves as the City of Goldsboro's application for federal funding. The plan identifies an entitlement community's priorities in terms of housing and community development needs for very low, low, and moderate-income city residents. Also, the plan identifies strategies, resources, and networks the community has developed to address those needs.

2. Summarize the objectives and outcomes identified in the Plan

Unmet Affordable Housing Need

There remains a substantial unmet need for decent, safe, and affordable rental housing, which continues to outpace the ability of federal, state, and local governments to supply housing assistance and facilitate affording housing production (Worst Case Housing Needs: 2021 Report to Congress, U.S. Department of Housing and Urban Development). The primary housing challenge for Goldsboro's low-and-moderate income residents remains housing affordability. With Goldsboro's recent growth has come rising land values and increased housing costs. Concurrently, incomes for lower-wage earners have failed to keep pace, with very-low (50% AMI) and extremely-low (30% AMI) income households being most affected.

Rising Housing Costs Outpacing Income Increases

According to the 2021 Goldsboro Analysis of Impediments to Fair Housing Choice (AI), "The lack of affordable homeownership options puts pressure on the rental market. This issue is worse in lowerincome and minority communities." The AI highlights when the cost of quality housing is high, lowincome, and marginalized populations have more of a chance of becoming cost burdened. According to the North Carolina Housing Coalition's 2021 Housing Need in Wayne County, "twenty-nine percent (29%) of Wayne County households are cost-burdened, forty-two percent (42%) of renters have difficulty affording their homes, and twenty-one percent (21%) of homeowners have difficulty affording their homes."

Five-Year Priorities

The Consolidated Plan (ConPlan) for the five years covered through June 30, 2024, focuses on the **following priorities**:

- (1) Affirmatively Further Fair Housing Choice
- (2) Increase Affordable Rental Housing Option
- (3) Increase Access to Affordable Homeownership Option
- (4) Improve-Expand Public Facilities Access & Capacity
- (5) Provide Essential Service & Employment Training
- (6) Provide Owner-Occupied Rehabilitation

Strategies & Outcomes

Performance measurement is a process for determining how effectively programs are being implemented and meeting community needs. Each year, the City establishes measurable objectives for each program by which to measure and benefit and determine program effectiveness. Data is gathered to make this assessment to determine if programmatic activities could be improved and limited resources directed more effectively.

3. Evaluation of past performance

The most recent summary of the City's past performance in its housing and community development program is included in the FY 2020-2021 Consolidated Annual Performance and Evaluation Report (CAPER). The chart below represents significant impact on the needs identified in the ConPlan. With additional federal and local resources available in the upcoming years, the City expects a significant increase in quantifiable impacts.

| FY 2020-2021 Results-At-A-Glance | | | | | |
|---|-----------------|--|--|--|--|
| Activity | Quantity Served | | | | |
| Improve-Expand Public Facilities | 2,162 | | | | |

Г

6. Summary of comments or views not accepted and the reasons for not accepting them

The City of Goldsboro does not differentiate between any individuals, groups, and/or organizations that wish to provide input during the planning, implementation, and assessment of community needs for the 2022-2023 Action Plan. However, all comments received during the outlined citizen participation process will be considered and responded to accordingly. Thus far, there have been no comments that have not been accepted.

7. Summary

The 2022-2023 Annual Action Plan identifies key priorities and goals that would significantly improve the quality of life for low-to-moderate-income residents of Goldsboro through vital housing and community development programs.

Narrative (optional)

The City of Goldsboro's Community Relations Department (formerly named Planning and Community Development) is the lead agency in the development of the 2022-2023 Annual Action Plan and the implementation of CDBG and HOME projects in Goldsboro, NC. The City of Goldsboro has years of experience in administering Goldsboro's housing and community development programs. As a result, the department has well-established relationships with neighborhood groups, nonprofit organizations, financial institutions, developers, and social service agencies involved in community development.

The Department coordinates HOME funded activities in the areas of: housing rehabilitation, affordable housing development projects (rental/ownership), and down payment assistance to low-to-moderate income first-time homebuyers. The Department also coordinates CDBG funded activities in the areas of: housing rehabilitation, public improvements/development, demolition/clearance, and public services to meet the needs of low-to-moderate income households.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

City of Goldsboro staff and members of the City's Commission on Community Relations and Development worked to identify priorities to maximize funds through periodic meetings with various City departments, housing providers, representatives from various public services agencies, and other entities with a potential interest in or knowledge of the City of Goldsboro's housing and non-housing community development issues.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The City continues to work with numerous private and governmental health, mental health and public services agencies to find opportunities to coordinate the support of low-income residents and affordable housing. These community partners include:

- Nonprofit service providers that cater to the needs of low and moderate income;
- Households and persons with special needs, including persons with disabilities;
- Affordable housing providers;
- Housing advocates;
- Housing professionals;
- Public agencies (such as school districts, health services, public works);
- Economic development and employment organizations;
- Community groups

The Community Needs Assessment survey has been made accessible throughout the community, which has been used to help determine top priorities and obtain data in preparation of the final submission of FY2022-2023 Annual Action Plan.

Within City government, the Community Relations staff regularly work closely with other departments to overcome any gaps in the delivery system. In addition, Community Relations Staff serve throughout the community on the following boards and commissions:

| Board/Commission | Populations Represented |
|--|---|
| Commission on Community Relations & Development | Local citizens, to include minority groups, low-to- |
| | moderate income individuals |
| Mayor's Committee for Persons w/Disabilities | Persons with disabilities |
| Coalition for Addiction & Life Management (JCPC) | Persons with substance abuse disorders |
| Wayne County Juvenile Crime Prevention Council | Youth offenders |
| (JCPC) | |

The City will continue to provide opportunities for public, private, governmental and faith-based organizations to come together to share information, advocate for issues of concern, leverage resources and address the obstacles and challenges that often face local governments in developing affordable housing and providing needed services.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City of Goldsboro is an active member of the Region 10/Neuse Regional Balance of State Continuum of Care. The CoC has over 40 member organizations including homelessness assistance providers, veteran service representatives, victim service providers, Public Housing Agency, Mental Health Agency, formerly homeless individuals, and government organizations. The CoC meets monthly, sharing information about services among participating agencies and setting funding priorities and policies for homeless.

Through its work with the Continuum of Care, the Community Relations Department has a strong understanding of the needs of homeless and at-risk/imminently homeless families; and works to research additional resources for the housing or provision of services to chronically homeless individuals and families, families with children, veterans and unaccompanied youth. The Community Relations Department provides specific funding to assist homeless persons through its CDBG public services program.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Goldsboro does not receive a direct allocation of Emergency Solutions Grants (ESG) funding. The City of Goldsboro is an active member of the Region 10/Neuse Regional Balance of State Continuum of Care (CoC). Each Regional committee is represented by a Regional Lead. The Regional Lead for Region 10 is Eastpointe, a managed care organization (MCO) dedicated to working with individuals and families in eastern North Carolina who struggle with substance abuse, mental health and intellectual and developmental disabilities. Applicants seeking ESG funds submit their applications to their respective regional committee, which ranks applications and makes recommendations for funding.

The Homeless Management Information System (HMIS) is being managed by participating providers on the Region 10 CoC.

Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities.

Identify any Agency Types not consulted and provide rationale for not consulting

The City of Goldsboro has made no decision to exclude any specific group. Outreach to relevant agencies is ongoing and will continue throughout the Annual Action Plan.

| Name of Plan | Lead Organization | How do the goals of your Strategic Plan overlap with the goals of each plan? |
|--|---|---|
| Continuum of Care (CoC) | Eastpointe, LME | The 2022-2023 Annual Action Plan was developed with consultation of members of the Continuum of Care Task Force's leadership to ensure that goals of all strategic plans are in concert with one another. In September 2021, City of Goldsboro confirmed, by way of signing a Certification of Consistency with the Consolidated Plan, that the Coc's plans for their Shelter Plus Program were consistent with the City's Consolidated Plan goals. There is no overlap identified. |
| 2019-2024 PHA Plan | Housing Authority of the City of Goldsboro | The goal of the City and the Housing Authority of the City of Goldsboro is to provide safe, quality, and affordable housing to low-income families, the elderly and disabled individuals, while encouraging personal responsibility and upward mobility of residents in partnership with other community organizations. There is no overlap identified. |
| City of Goldsboro Comprehensiv e Plan | Goldsboro Planning Department | The goals were developed collectively during Con Plan preparation to provide public facilities and services to support future growth while targeting several neighborhoods that are considered high priority areas within the City. There is no overlap identified. |

Other local/regional/state/federal planning efforts considered when preparing the Plan

Table 3 – Other local / regional / federal planning efforts

Narrative (optional)

The consultation process for the 2022-2023 Annual Action Plan has provided an opportunity for the Community Relations Department and the City of Goldsboro to enhance relationships, cooperation, and collaboration between public and assisted housing providers, and private and governmental health, mental health, and public service agencies. The Community Relations Department collaborates with many organizations throughout the city to see how the City of Goldsboro, as a whole, can network and ultimately enhance coordination with private industries, businesses, developers, and social service agencies.

1. Summary of citizen participation process/Efforts made to broaden citizen participation

Summarize citizen participation process and how it impacted goal-setting

The citizen participation process included the following:

- Community Needs Assessment Survey (published on several media outlets and made available at physical locations)
- Public Meeting (held June 21, 2022) during the regular meeting of the Commission on Community Relations & Development
- Annual Action Plan Draft being made available to the public for a 30-day public review period from 6/29/2022-7/27/2022

The utilized citizen participation process enhanced goal-setting of the 2022-2023 Annual Action Plan in that it allowed for more opportunities to engage citizens and gather their input on how to best meet the needs of their community.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The City will receive **\$358,697** in CDBG funds and **\$280,170** in HOME funds for a total of **\$638,867** in available funding for new programming to carry out the activities included in this third year. In addition, there are prior year funds that remain available, in the amounts of **\$443,415** of CDBG, **\$248,247** of CDBG-CV, and **\$904,597** of HOME, and will be used to support previously programmed and ongoing community development activities. At least **70%** of all CDBG funds spent will meet the LMI benefit test within a three-year period as required.

Table 5 – Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City anticipates leveraging dollars from private financial institutions that provide primary mortgages to low-to-moderate homebuyers accessing the City's Down Payment Assistance program.

The City plans to continue its partnership with Habitat for Humanity of Goldsboro-Wayne County, as a designated Community Housing Development Organization (CHDO). This partnership supports the City's affordable housing initiative by making available advantageous mortgage programs that assist low-to-moderate income residents to become first-time homebuyers. Jurisdictions participating in the HOME program are required to make contributions to housing that qualifies as affordable housing. During a fiscal year, the contributions or match must total not less than 25 percent of the HOME funds drawn from the jurisdiction's HOME Investment Trust Fund Treasury account in that fiscal year for project costs, unless the participating jurisdiction has received a reduction in the match requirement.

The City has been granted a 100% HOME Match Reduction for FY2022-2023. Therefore, the City is not required to provide local matching funds for FY2022-2023 HOME allocation.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan.

The City currently has publicly owned properties that could be used to address identified needs in the future.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Incorporated in 1847, the City of Goldsboro is the largest municipality in Wayne County with a land area of approximately 27.2 square miles and an estimated 2021 population of 32,749, according to the U.S. Census Bureau. In an effort to develop viable urban communities, provide decent affordable housing, suitable living environments, and expand economic opportunities to low-to-moderate income (LMI) households, the City's CDBG and HOME funds will be directed to assist LMI residents citywide. This strategy will enable the City to geographically disburse CDBG and HOME funds to census tracts and block groups, where low-to-moderate income (LMI) households are 51% or more of the population and there are concentrations of minorities. However, eligible persons from all racial, ethnic, and gender groups are given the opportunity to apply and receive funding if their households' earnings meet eligibility criteria for the City's CDBG and HOME- funded projects. African-Americans are the predominant minority population within Goldsboro. It should be noted that a high concentration of minority households are located south of Ash Street and west of Seymour Johnson Air Force Base; the northwest portion of the City bordered by Ash Street, Highway 117, and US Highway 70 Bypass; and Census Tracts 14, 15, 18, and 20.

Geographic Distribution

| Target Area | Percentage of Funds |
|--------------------------|------------------------|
| Goldsboro Scattered Site | |
| Areas | 70 |
| LMA Census Tracts | 30 |

Table 7 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Due to a high concentration of minority and low-to-moderate income households within these LMA Census tracts, the City has historically targeted communities and families in those areas. These LMA Census tracts are predominately residential uses and crime has historically been pervasive in these areas. The City's LMA Census tracts have a large number of vacant lots and boarded up homes that are a blighting influence. These LMA Census tract areas are in need of a coordinated comprehensive strategy relying on public and private partnerships. Each of these areas meets the eligibility requirements for low-and moderate-income benefit. The proposed Annual Action Plan will enable the City of Goldsboro to develop targeted strategies for LMI Census tracts and neighborhoods, while also affirmatively furthering fair housing goals of decreasing concentrations of poverty and residential segregation.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

Several characteristics of the housing market in Goldsboro directly impact provision of affordable housing. A large percentage of owner-occupied housing belongs to low-to-moderate income families who do not have the resources to rehabilitate deteriorating conditions. Landlords operating on a narrow profit margin are unlikely to invest substantial amounts of money into property upkeep unless forced to do so by local housing code enforcement. Potential homebuyers also face a lack of decent, affordable housing options. The current economic recession and ongoing COVID-19 pandemic have further hindered the ability of many families to save money and secure financing.

Neighborhood revitalization, stability, and the production and conservation of affordable housing are the major goals of the City of Goldsboro. The City will direct funds toward the achievement of these goals by funding single-family rehabilitation, new construction, infrastructure, and homebuyer assistance.

Discussion

During the 2022-2023 program year, the City is funding the following affordable housing activities with CDBG and HOME funds:

- HOUSING REHABILITATION 10 housing units
- AFFORDABLE HOUSING DEVELOPMENT 3 new housing units
- PUBLIC FACILITIES & IMPROVEMENTS 100 households
- HOMEOWNERSHIP ASSISTANCE 10 households

Additionally, the City is funding two programs that will directly assist low-to-moderate households with CDBG funds:

- **PUBLIC SERVICES** 100 households
- **PANDEMIC RECOVERY** 100 households

AP-60 Public Housing – 91.220(h)

Introduction

The Housing Authority of the City of Goldsboro (HACG) and Eastern Carolina Regional Housing Authority (ECRHA) are public corporations created for the purpose of administering housing programs for lowincome persons. Between the two housing authorities there are 1,884 public assisted housing units. The operations of the HACG and ECRHA are funded through annual appropriations provided by U.S. Department of Housing and Urban Development (HUD). Both public housing authorities receive funding for their housing activities, projects, and funds to modernize and repair their public housing units. The HACG administers 297 Housing Choice Vouchers (HCV), which allow low-income persons to rent privately owned houses and/or apartments dispersed throughout the community. In addition to public housing and Section 8 programs, the HACG also administers other special housing programs designed to assist specific demographic groups, such as veterans and persons with disabilities.

Eastern Carolina Regional Housing Authority is among the 45% of North Carolina Housing Authorities that only offer public housing.

Actions planned during the next year to address the needs for public housing and the needs of public housing residents

The City of Goldsboro does not manage public housing units; however, a large portion of Wayne County's inventory is located within the City limits. The City has two public housing agencies responsible for this function: Housing Authority of the City of Goldsboro and Eastern Carolina Regional Housing Authority. Both public housing authorities receive federal funding for their housing activities, projects, and funds to modernize and repair their public housing units. The City is committed to partnering with the efforts of the public housing authorities within this 2022-2023 Action Plan year. The City will support the efforts of Authorities to provide safe, decent, and affordable housing opportunities for qualifying residents including partnership for appropriate grant programs such as Choice Neighborhoods.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The Housing Authority of the City of Goldsboro and Eastern Carolina Regional Housing Authority are committed to continuing the Family Self-Sufficiency (FSS) Programs for their public housing and Section 8 House Choice Voucher clients. The FSS program assists housing residents to attain financial independence through education and employment toward increased resident involvement. The FSS Program serves as a clearinghouse for referrals to other agencies and private resources for participating families. The Housing Authority of the City of Goldsboro also receives Resident Opportunities and Self-Sufficiency (ROSS) Program funding to provide supportive services for elderly and disabled public housing residents, to improve their independence.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Not applicable. Goldsboro's two Housing Authorities are not designated as troubled PHAs.

AP-65 Homeless and Other Special Needs Activities – 91.220(i) Introduction

The City of Goldsboro continues to engage and support our local and regional partners to reduce homelessness within the city, as outlined in the 2020-2024 Five-Year Consolidated Plan. The homelessness strategy includes continuing the work with Washington Business Dynamics, consulting firm currently working on the City's HOME-ARP (American Rescue Plan) Allocation Plan for homelessness services. The City looks forward to beginning work on the approved plan in efforts to serve our community in this area.

Describe the jurisdiction's one-year goals and actions for reducing and ending homelessness including reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Continuum of Care and Coordinated Entry

The City supports outreach services provided by partnering with our nonprofit and faith-based homelessness providers. Eastpointe is the lead agency for the North Carolina Balance of State Region 10 Continuum of Care, serving the Goldsboro/Wayne County area as well as Lenoir, Sampson, Wilson, Greene, and Duplin counties. During the 2022-2023 program year, the City of Goldsboro intends to take the following actions to assist with ending chronic homelessness and assisting special needs populations:

- 1. Assisting homeless providers with the development of more emergency and transitional housing, primarily for families
- 2. Assisting agencies that serve special populations to locate safe, decent, and affordable permanent housing
- 3. Assisting agencies and homeless providers in the development of a Continuum of Care Plan, which will identify the specific nature of homelessness in the Goldsboro area, gaps in services, and the services needed to meet those needs
- 4. Assisting homeless agencies to provide transportation services to allow homeless persons and families to access needed services
- 5. Prioritizing homeless persons in the administration of HOME-ARP funds.

The CoC is the primary means of reaching out to homeless persons and assessing their individual needs. The CoC does this through the Annual Point-In-Time (PIT) survey and outreach efforts through throughout the community and agencies, which include organizations such as Housing Authority, Wayne Community College, Fordham House shelter, and Salvation Army to name a few.

Addressing the emergency shelter and transitional housing needs of homeless persons

The supportive services needs of homeless persons are currently addressed by the CoC partnering agencies. The Continuum of Care (CoC) Down East Coalition to Eliminate Homelessness' 10-Year Plan to End Homelessness identifies the following strategies to address the emergency and transitional housing needs of homeless persons:

- Provide an additional 350 beds for homeless persons for the next 10 years and increase affordable housing.
- Increase faith-based initiatives to address homeless needs in Goldsboro and Wayne County.

The City of Goldsboro will utilize the following strategies to address these needs:

- Assist nonprofit service providers in obtaining additional funding sources for emergency shelter.
- Continue to support programs that assist the homeless or those at risk of becoming homeless.
- Coordinate with the Continuum of Care, non-profit service providers, and other organizations to establish additional transitional housing.
- Support the establishment of additional transitional housing through identification of funding sources, technical assistance with applications, and other means of support.
- Prioritizing homeless persons in the administration of HOME-ARP funds.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The supportive services needs of homeless persons are currently addressed by the CoC partnering agencies. The Continuum of Care (CoC) Down East Coalition to Eliminate Homelessness' 10-Year Plan to End Homelessness identifies the following strategies to help homeless persons make the transition to more permanent housing and preventing recurrence:

- Facilitate housing stabilization once homeless people secure permanent housing and prevent atrisk persons from losing their housing.
- Create First Entry/One-Stop Center to ensure coordination of services for homeless persons.
- Broaden wrap-around services and increase capacity of existing services for homeless individuals and low-income families.
- Provide life skills, mentoring, job training and placement, budgeting workshops, crisis management, and other supportive services to facilitate a stable way of life.
- Support non-profit service providers that offer self-sufficiency training, medical care, mental health counseling, case management, and other activities to prevent and reduce homelessness.
- Assist the Down East Coalition to Eliminate Homelessness, as the lead agency for the Continuum of Care, in their efforts to improve coordination between service providers.

Additionally, the City of Goldsboro will utilize the following strategies to increase the supply of permanent supportive housing for the homeless:

- Promote and encourage the development of programs that facilitate the transition from homelessness into permanent housing.
- Coordinate with the Continuum of Care, non-profit service providers, and other organizations to establish additional permanent supportive housing.
- Support the establishment of additional permanent supportive housing through identification of funding sources, technical assistance with applications, and other means of support.
- Increase access to free medical services to facilitate medical stabilization and reduce inappropriate use of emergency room services.
- Increase capacity of local free clinics and programs that provide access to healthcare.
- Improve public safety services for homeless persons and reduce associated public expenditures.
- Improve discharge planning and housing location assistance to homeless individuals prior to discharge from services.

Additionally, the City will utilize the following strategies to provide services that promote self-sufficiency for the homeless or those at-risk of becoming homeless:

• Make CDBG Public Services, CDBG-CV pandemic recovery, and possibly HOME-ARP grants to community-based organizations that serve homeless persons and persons at risk of homelessness.

Discussion

The City of Goldsboro does not receive HOPWA funds.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Goldsboro has recently completed the 2021 update of its Analysis of Impediments to Fair Housing, which identifies barriers to the development of affordable housing. Key issues identified related to barriers to affordable housing include: federal resources and policies, the gap between housing cost and income, local development regulations, so called 'Not in My Back Yard' (NIMBY) opposition, and community knowledge of fair housing issues. While few potential barriers are within the City's control to directly reverse, the City is dedicated to using its resources to counteract the negative effects of such external factors. The objective is to significantly reduce and eliminate barriers to the development of affordable housing.

Actions planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City expects to continue the following strategies over the course of the 2022-2023 Annual Action Plan:

- Address the financial barriers faced by many low- and moderate-income families by providing HOME and/or CDBG funding for homeownership, renovation, revitalization, and programs
- Raise awareness about barriers to affordable housing development through a variety of methods, and implement policy changes that would make affordable housing development less challenging
- Examine best practices on HUD's Regulatory Barriers Clearinghouse and determine applicability for Goldsboro

By undertaking the initiatives previously described in this section, the City will address a number of the barriers to affordable housing that currently challenge them. In considering the barriers to affordable housing, two major factors emerge—first, a household's ability to afford housing based on its income and, second, the cost of housing. Although the City has limited ability to influence a household's capacity to afford housing, the City can provide subsidized loans through its' Homebuyer Assistance and CHDO Activities, grants and financing that reduce the cost of private sector (for-profit or nonprofit) housing production, operation or maintenance. The City also influences the availability of affordable housing through imposition of affordability terms in exchange for development subsidy, thus ensuring that units developed with HUD and other subsidies will remain affordable for many years.

The Community Relations Department will continue to work with the Planning Department to develop and implement interventions; to include but not limited to include, regulation of density, lot sizes, building size, unit type and design and building materials. In addition, the Community Relations Department will work diligently to decrease housing cost caused by lengthy approval processes, permit fees, infrastructure requirements and significant demands or requirements within the Planning and Inspections Departments.

AP-85 Other Actions - 91.220(k)

Introduction:

This section of the Annual Action Plan describes the City of Goldsboro's planned actions to carry out the following strategies outlined in the Strategic Plan:

- Foster and maintain affordable housing;
- Evaluate and reduce lead-based paint hazards;
- Reduce the number of poverty-level families;
- Develop institutional structure; and
- Enhance coordination.

In addition, the City has identified obstacles to meeting underserved needs and proposed actions to overcome those obstacles.

Actions planned to address obstacles to meeting underserved needs

The primary obstacle in meeting underserved needs is the lack of funding resources available for affordable housing targeted to very low, low-to-moderate income persons and housing for the homeless with comprehensive case management and support services. Through the N.C. Balance of State Region 10 Continuum of Care on Homelessness network, improvements are being made on how services are coordinated in the community. This process helps prioritize the needs of those who are the most vulnerable in the community and ensures this population is able to access services. The City will use funding from available resources to expand affordable housing units for low-to-moderate income persons. Partnering agencies within the community will continue to apply for funding through the State Emergency Solutions Grant program and other funding sources to help alleviate some of the problems with the homeless population.

Despite efforts made by the City and social service providers, a number of significant obstacles remain in meeting underserved needs. Through its planning efforts, the City will use its resources to address the city's greatest needs and improve the quality of life for its residents. The following obstacles need to be overcome in order to meet underserved needs:

- Lack of decent, safe, sound, and affordable owner and renter housing.
- The transition of owner-occupied housing into renter-occupied housing.
- Aging in place population who need accessibility improvements.
- Need major rehabilitation of the city's aging housing stock.
- The increasing number of vacant and abandoned properties.
- Low wages in the service and retail sector job market.

Actions planned to foster and maintain affordable housing

To foster and maintain affordable housing, City of Goldsboro proposes the following Five-Year goals and strategies:

• Homeownership Assistance - Promote and assist in developing homeownership opportunities for low-to-moderate income households.

• Housing Construction - Promote and assist in the development of new affordable housing inventory for both rental and sales housing.

• Housing Rehabilitation - Promote and assist in the preservation of existing owner occupied housing inventory in the city.

• Fair Housing - Affirmatively further fair housing by promoting fair housing choice throughout the city of Goldsboro.

• Housing Education - Promote and assist in educating homeowners, tenants, landlords, and new homebuyers in best practices for purchase and maintenance of affordable housing, including foreclosure and eviction prevention.

• Housing Purchase - Provide funds for down payment assistance and acquisition for rehabilitation to make housing affordable for low-to-moderate income persons and families.

City staff will continue to work with the Commission on Community Relations and Development during this program year to provide education and outreach.

Actions planned to reduce lead-based paint hazards

The City of Goldsboro will continue to ensure the availability of accessible and affordable testing, screening, mitigation and treatment for problems related to lead-based paint for low and moderate income residents of the City of Goldsboro. Currently, the City includes lead-based paint mitigation measures in all rehabilitation and urgent repair programs and, if needed, will identify and apply for additional funding resources to finance this mitigation. The City also assists and supports other agencies in applying for such funds. Contractors are required to be trained and certified to supervise removal of lead hazards in order to comply with HUD regulations. The City will utilize the following strategies to address lead-based paint hazards and increase access to housing without lead-based paint hazards through its housing rehabilitation and urgent repair programs:

- Fund the acquisition, recycling and rehabilitation of existing housing units through current housing grants and loan programs, as well as cost-effective leveraging strategies.
- Improve coordination with urgent repair and other programs to reduce the total rehabilitation cost per unit and correct major problems before they worsen.

Notification

The major objective is to increase the overall level of awareness of lead-based paint laws and regulations so that all community residents may be aware of their rights and responsibilities. In the event the presence of lead-based paint is detected in a housing unit, notifications will be carried out by the following mandated notification requirements established by HUD:

Pamphlet – Occupants, owners and purchasers must all receive Lead Hazard Information Pamphlet.

Disclosure – Ensure that property owners have provided purchasers and lessees with available information or knowledge regarding the presence of lead-based paint and lead-based paint hazards prior to selling or leasing a residence. Even if federal funds are withdrawn from a transaction, the purchasers are required to receive a disclosure of any known lead-based paint findings.

Notice of Lead Hazard Presumption/Evaluation and Lead Hazard Reduction – Occupants, owners and purchasers must be notified of the results of the presumption of lead-based paint or lead hazards or of any lead hazard evaluation or reduction work.

Additionally, the City will continue to support Wayne County Environmental Health Department that screen residents for elevated blood lead levels (EBL) and inspect housing units for lead-based paint hazards.

Wayne County Environmental Health Department - A primary health care provider for the City's lowincome residents, the Environmental Health Department screens low-income children who have symptoms of lead poisoning through the North Carolina Healthy Homes and Lead Poisoning Prevention Program. Services provided through this program include education, screening and treatment for lead poisoning.

Actions planned to reduce the number of poverty-level families

Jointly the Community Relations Department, the Down East Coalition (Eastpointe), and other Community-Based Organizations (CBO) have put into practice a partnership strategically designed to support a holistic approach to poverty reduction with activities that focus on human services, affordable housing, and economic development. These activities include the following:

- Support economic development activities that generate living wage jobs and community sustainability;
- Facilitate access to a variety of housing options that promote family and community stability;
- Support and coordinate with organizations that provide community-based services that nurture and support young people and their families;
- Support organizations that provide enrichment programs designed to develop individuals' coping skill for productive adult living.

Actions planned to develop institutional structure

The City of Goldsboro will continue striving to strengthen collaborative efforts in order to:

- Provide an interdepartmental plan for housing, economic development, and social services that will inform the Anti-poverty strategy.
- Facilitate greater efficiency in the use of resources through collaboration and coordination among departments and agencies
- Encourage information dissemination regarding projects and programs.

Actions planned to enhance coordination between public and private housing and social service agencies

The coordination process provides for stakeholder agencies and all interested parties to analyze and discuss local housing needs, priorities, and program strategies. As explained above, the Community Relations Department has served as the facilitating agency for this local process. The overall strategy is for the City to:

- Enhance the coordination between agencies by providing funding through a request for proposal process to eligible agencies to improve access to services.
- Provide clear and expressive public leadership for the identified initiatives;
- Fortify the partnering and collaboration of local government agencies, private organizations, and not-for-profits to increase leveraging potential;
- Publicly market the City's assets and aggressively leverage other financial support;
- Work with developers to achieve acceptable environmental standards while not compromising the health and safety of the public

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

This section of the Annual Action Plan addresses the program specific requirements for the Annual Action Plan.

Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

| 1. The total amount of program income that will have been received before the start of the next | |
|---|---|
| program year and that has not yet been reprogrammed | 0 |
| 2. The amount of proceeds from section 108 loan guarantees that will be used during the year to | |
| address the priority needs and specific objectives identified in the grantee's strategic plan. | 0 |
| 3. The amount of surplus funds from urban renewal settlements | 0 |
| 4. The amount of any grant funds returned to the line of credit for which the planned use has not | |
| been included in a prior statement or plan | 0 |
| 5. The amount of income from float-funded activities | 0 |
| | |

Total Program Income:

Other CDBG Requirements

1. The amount of urgent need activities

2. The estimated percentage of CDBG funds that will be used for activities that
benefit persons of low and moderate income. Overall Benefit - A consecutive period
of one, two or three years may be used to determine that a minimum overall
benefit of 70% of CDBG funds is used to benefit persons of low and moderate
income. Specify the years covered that include this Annual Action Plan.

One hundred percent of CDBG funds in the 2022-2023 Annual Action plan will be used to benefit LMI persons.

HOME Investment Partnership Program (HOME) Reference 24 CFR 91.220(I)(2)

Description of other forms of investment being used beyond those identified in Section 92.205:

The City of Goldsboro does not intend to use any other forms of investment other than those described in 24 CFR 92.205(b).

A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

In applying the resale provisions to affordable housing development for homeownership, the City will designate a unit as an affordable unit. When a unit is designated affordable and it is sold during the affordability period, the sale must meet the following criteria:

- The new purchaser must be low-income, meeting the HOME Program definition, and occupy the property as the family's principle residence.
- The sales price must be "affordable" to the new purchaser. The Community Relation Department defines affordable as the homebuyer paying no more than 30% of their annual gross income toward principal, interest, taxes, and insurance (PITI).
- The City will ensure that the housing will remain affordable to a reasonable range of lowincome homebuyers whose incomes fall within the range of 60% to 80% of the area median income.

A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

| HOME amount per unit | Minimum Period of Affordability |
|----------------------|---------------------------------|
| Under \$15,000 | 5 years |
| \$15,000 to \$40,000 | 10 years |
| Over \$40,000 | 15 years |

Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The City of Goldsboro does not intend to refinance any existing debt for multifamily housing that will be rehabilitated with HOME Funds.

Annual Action Plan for Program Year 2022-2023

The City of Goldsboro Community Relations and Development Department is ready to hear from our citizens on how to spend Community Development Block Grant (CDBG) and Home Investment Partnership Act (HOME) funds for program year 2022-2023.

Consider the needs in the City of Goldsboro and how they can be improved;
 Rank each need, in each section, in order of its priority.
