- Community Affairs Commission – Caralyn Blake, Chairperson
- Local Firefighters’ Relief Fund Board of Trustees – Captain Matthew Pendergraph, Chairperson
- Historic District Commission – Terry Cottle, Chairperson
- Mayor’s Committee for Persons with Disabilities – Sarah McCullouch, Chairperson
- Goldsboro Tourism Council – Gretchen Reed, Chairperson

Mayor Pro Tem Foster expressed concerns regarding diversity on the Planning Commission.

Mayor Allen thanked them for their service on these boards. Mayor Allen stated these boards are an important part of city government.

**Summer Youth Jobs.** Councilmember Williams stated one of the things I was concerned about was demographics. I asked Shycole to get those numbers last week and she has not got those to me yet. Mr. Stevens replied 51 of the 60 are low-moderate income, so 86% was low-moderate.

Mayor Pro Tem Foster asked what schools the kids came from. Mr. Scott Stevens shared the following information:

- Goldsboro High School – 26
- Charles B. Aycock – 4
- Eastern Wayne – 17
- Spring Creek – 2
- Rosewood – 1
- Wayne Early Middle – 6
- Wayne County Day – 1
- Wayne Christian – 1
- Wayne School of Engineering – 1

Councilmember Williams stated he was glad to hear Seymour Johnson Air Force Base created some more jobs.

Mayor Pro Tem Foster stated what about the kids that were not hired this year, what can we possibly do to help them next year. Mr. Stevens recommended waiting until the end of the program, come back with a list of things we could do better on next year.

Mr. Stevens introduced, Ms. Holly Jones, an intern for the City Manager’s Office.

Councilmember Williams suggested getting a gift card for students who were not selected for the youth employment program.

**Permit Fees for Work Related to Hurricane Matthew.** Mr. Allen Anderson stated after Hurricane Matthew we waived all permits fees related to storm damage. Recently the County extended waiving permits fees related to Hurricane Matthew until June 30, 2018. Mr. Anderson asked if Council would want to consider waiving the city’s fees until that time or set a date to when this might expire.

Mr. Stevens stated one thing he would like to add is the county is waiving all fees, new construction or renovation, for those related to Hurricane Matthew.
Mayor Pro Tem Foster stated it is a good idea to waive permits fees for those who were affected by the storm.

Upon motion of Councilmember Aycock, seconded by Councilmember Stevens and unanimously carried, Council agreed to extend waiving the permit fees related to Hurricane Matthew until 2018.

**Position Description Cost Update.** Ms. Pamela Leake stated there was an interest in securing a professional firm to review position description analysis. I obtained bids from two agencies, Development Associates and Springsted. Both of them have actually worked with North Carolina municipalities and prices ranged from $15,000 to $22,500, which includes the review of all job descriptions, class specifications and salary rates.

Mayor Pro Tem Foster stated he would like to have that information so he can research before making a decision.

Mayor Allen asked staff to share the information with all of Council.

**Busco Beach Discussion.** Mr. Jimmy Rowe provided a map of Busco Beach. We extended our ETJ back on January 24, 1994 to include Busco Beach. At that particular time Busco Beach had a total of 246.33 acres. On April of 1994, the owner submitted a change of zone application. On May 23rd the Planning Commission recommended approval of the change of zone application from R-16 to General Business Conditional District Watershed Protection. On June 6, 1994 the Council approved the rezoning request. After that time, we got a report from North Carolina Department of Public Safety that there were some deficiencies at Busco Beach. We found out all of the buildings they had built did not meet the flood plain management program. The building inspector issued a stop work order. On February 20, 2013 the North Carolina Department of Public Safety sent the city a letter indicating that all flood plain management requirements for Busco Beach had been met, after that they submitted another application for conditional district which included an additional 432.13 acres. Currently Busco Beach contains 678.46 acres. After several deferrals by the Planning Commission, their request was recommended to be approved by the Planning Commission on September 3, 2013 and on October 7, 2013 Council recommended approval with some conditions. One of the main conditions was the hours of operation for Busco Beach was 8:00 am to 11:00 pm with no riding of atv’s between 11:00 pm and 8:00 am. We have received complaints they continue to ride after the hours. A letter was written to the owner. The City of Goldsboro does not have any police power in the ETJ, the County could police it, but therefore with the conditions set forth, we do not really have the manpower we have in code enforcement. Mr. Rowe stated based on that my recommendation would be to delete Busco Beach from our ETJ. Therefore, for a period of 60 days we would maintain until the County can adopt regulations. In addition, by doing this our ETJ would go back to the river. I am also recommending we transfer city lots from the flood buyout program to the County who owns several properties adjacent to those mentioned.

Mayor Pro Tem Foster asked if there was anything we could do to get the Sheriff to police. What’s the difference in them policing in my neighborhood versus going out there to enforce the law.

Mr. Stevens stated I would imagine going out there to find someone riding the atv in the woods would be challenging.

Additional discussion included ETJ planning, rezoning and annexation. Council agreed staff could proceed with the process of removing Busco Beach from the ETJ. Mr. Rowe stated the County would also need to agree to accept before it could be deleted from the ETJ.

**Former WA Foster Council Committee Discussion.** Mr. Stevens provided an update on the former WA Foster building. Mr. Stevens asked if any of Council would like to be a part of future discussions. Mayor Allen, Mayor Pro Tem Foster and
Councilmember Stevens stated they would like be a part of the council committee for the former WA Foster building.

**Animal Control.** Chief West shared at the end of last year, the Animal Control Officer retired, the animal control duties at that time became the responsibility of the Police Department’s Fleet Maintenance and police officers. About 90 days ago, the County took over animal control services for the city on a trial basis. Since then, the citizens of Goldsboro have been calling Wayne County Animal Control for service within the city. The County has agreed to take over animal control duties for the city at a cost to the city of $70,000.00. The County will hire an additional animal control officer to bring their total to 5 officers and to also purchase additional equipment. The animal control position was a grade 70 and with fringes it comes to $57,270. When animal control was a separate division in 2013, the total budget was $62,900.

Chief West shared the following:
- **Pros:** 5 animal control officers with 24/7 access. The city is not responsible for equipment such as animal traps and a truck.
- **Cons:** The County does not currently handle cats and they also are not responsible for picking up animal carcasses. Any wildlife such as possums, snakes, squirrels, etc., the caller will be referred to NC Wildlife.

Council discussed and consensus was staff could proceed with the County taking over animal control duties for the city.

**Enhanced Community Involvement Plan.** Chief West provided the following information.

**CALEA Manager**
9 applicants will participate in an Assessment Center on July 12th and 13th at City Hall. I hope to have a CALEA Manager hired by the end of July.

Mayor Pro Tem Foster asked what the qualifications were for the job. Mr. Stevens stated we do have a position description we can provide. Mayor Allen asked they send out the position description. Additional discussion included the assessment process.

**Community Policing**
Currently each patrol shift (4), SEU and Investigations dedicate two officers to conduct foot patrols in each district twice a month for two hours. Patrol Officers conduct their foot patrols on their day off and receive call back pay. Police officers continue to receive Community Policing training and conduct community projects as part of those classes.

Community Policing projects so far:
- Cook out for residents at The Grand at Day Point
- Yard cleanups in a couple of neighborhoods
- Built shelves at Dillard school to hold non-perishable food items
- Senior games at the senior center
- Field day at the Boys and Girls Club
- Shoot, Don’t Shoot scenario at WCC for students
- Purchased a flag, flag pole, bench and a plaque and placed at the grave of Marine PFC Dan Bullock (youngest American killed in action in Vietnam at 15 yoa).
- Operation Clean Slate

The police department continues to participate in Our Community Cares Fun Day, National Night Out, Coffee with a Cop, Citizens Police Academy, and the G.R.E.A.T. Program.

**Where do we go from here?**
- Rebrand Crime Prevention to Community Services
- Fill the two Corporal vacancies through upcoming promotions
As manpower increases we could increase the size of Community Services, allowing more flexible duty hours, and assigned officers to districts permanently. This would allow shift officers to answers calls for service and Community Service officers to work more closely with citizens in their districts.

IACP Law Enforcement Policy Center and Training Key Programs
Currently only IACP Members can access the Model Policies. The policies addressed by the center are selected because they represent some of the most difficult issues facing law enforcement administrators. The policy center continues to develop models in other priority areas. Currently there are approximately 134 model policies.

IACP Net provides the entire library of Model Policies and Concepts & Issues Papers. Additionally, IACP Net subscribers are able to access a comprehensive research library that houses over 20,000 policies from law enforcement agencies across the country. Using IACP Net’s search function, subscribers can find policies from agencies that closely match their population, manpower, and geographic location. Subscription is $1,225.00 per year.

The Training Keys are concise, authoritative sources of law enforcement information. These six-page, loose-leaf monographs allow law enforcement officers to expand or sharpen their knowledge, skills and abilities on a broad variety of law enforcement practices and procedures such as:

- Civil Liability
- Police Ethics
- Community Policing
- Investigation of Public Complaints
- Intelligence-Led Policing
- First Line Supervision

Mr. Stevens shared an update on the following components of the Enhanced Community Involvement Plan.

- Social Media Training – completed June 2017
- Diversity & Cultural Training – scheduled for the fall
- Customer Service Training – held on June 21 and 22; makeup date Sept. 17

Police Athletic League
National PAL will assist in directing the police department on how to get a PAL started. Assess all of our resources both outside as well as inside the police department, and then determine the size of the program and what activities will be offered. PAL primarily serves kids ages 5 to 18.

A PAL program should encompass these few areas:

- Character Development
- Homework Assistance and Academic Enrichment
- Arts and Cultural Enrichment
- Recreational Activities

The program will include activities that will appeal to our youth and centered around the resources we have available.

Getting officers to volunteer as coaches and mentors is of great benefit and a mandatory requirement.

Partner up with their local recreation center or school and work hand in hand to make it happen.
Get community support for the program by involving media such as local television stations, radio stations, and local newspaper. Let them know what we are doing, the positive effects of the program will have on the community, and why it is important. Cops and kids working and playing together is what PAL is all about. If a child learns to respect a police officer as their mentor or as a friend on the playing field, chances are they will respect that officer on the streets.

Mayor Allen stated 10 more cars will be ordered in the next budget, if we keep this pace, we should be good.

Mayor Pro Tem Foster asked about ShotSpotter. Chief West stated Phil Daily from ShotSpotter will attend the August 7th work session and present. The renewal of ShotSpotter will be pushed back from late July to after the August work session to give council members the opportunity to see the presentation from ShotSpotter. Public Hearing to Consider an Incentive Grant Agreement with Project J. Public Hearing Held. Resolution Adopted. Project J has developed plans for the renovation of an existing facility and installation of manufacturing machinery and equipment in Goldsboro, North Carolina. The City Council of Goldsboro believes that
the location of new industries and the expansion of existing industries is vital to the economic health of Goldsboro and to the welfare of its citizens. The City Council wishes to encourage such development by means of offering incentives to recruit new industries and to aid in expansion of existing industries. Such incentives are predicated on the notion of expanding Goldsboro’s tax base and providing additional jobs for Goldsboro citizens that pay wages higher than the current prevailing average hourly wage in the particular industry.

The company is expected to hire over 50 employees and pay an additional $8,000 per year in property taxes to the City.

Pursuant to NC General Statue 158-7.1, a public hearing is being held on a proposal to provide economic incentives to Project J totaling $26,110 ($5,222 per year) over a five-year period based on an incentive agreement with a $1,415,835 capital investment and the creation of at least 50 jobs.

Mayor Allen opened the public hearing and the following person spoke:

He stated Goldsboro already has too many business workplaces that lack a meaningful diverse employment staff. Mr. Wright stated he has observed the following:

Subject to the availability of federal funds the City of Goldsboro has been designated as a recipient to receive funds allocated to NCDOT by the Federal Highway Administration (FHWA) up to and not to exceed the maximum award amount of $187,500 for the project. The estimate of cost to construct the greenway project is approximately $187,500.

In the event NCDOT does not utilize all the set-aside funding, then those remaining funds will be available for reimbursement to the City of Goldsboro at 100% reimbursement rate. NCDOT will bill the City of Goldsboro for any costs incurred that exceed the total estimated cost. Staff has reviewed funding of this project with the Finance Director and it has been determined that a budget ordinance will be presented to City Council at a future Council meeting.

Seymour Johnson AFB – Fitness Center Addition Construction. Approved. The City of Goldsboro and the U.S. Air Force signed a lease for the construction of a 62
acre multi-sports complex. In exchange for the 20-year lease, the City will construct a 2,500 square foot addition to the existing fitness center at Seymour Johnson AFB.

The City requested qualifications for design build for the construction of the fitness center expansion at Seymour Johnson AFB. Daniels and Daniels Construction Company were selected and the negotiated contract is as follows:

- **Base Bid**: $584,452
- **Ceiling Fans/Fitness Equipment/Raceway**: $57,200
- **Total**: $641,452

Per the lease agreement, the City is required to contribute $600,000 towards the construction of the Fitness Center. Since the revisions requested by the Base increased the cost over the amount allocated by the City, the base has agreed to reimburse the excess cost of $41,452.

The City has earmarked funding in the Occupancy Tax Fund for this project and a budget amendment will be presented to Council in July for the appropriation for the purchase order.

Staff recommended Council authorize the Mayor and City Clerk to enter into contract with Daniels and Daniels Construction Company for the construction of the fitness center expansion at Seymour Johnson AFB. Consent Agenda Approval. Ham/Aycock (5 Ayes / 2 Nays)

**Fiscal Year 2016-17 Budget Amendment. Ordinance Adopted.** During the fiscal year, there have been several changes to the City’s revenues and expenditures. These changes/adjustments must be shown in the budget.

There are several departments/divisions that require budget revisions for FY 2016-17.

1. The City closed on the W.A. Foster loan and reimbursement proceeds for the architect’s fees were received. Those funds were to be used towards the debt service payment. Since those funds crossed fiscal years, an appropriation of $59,483.17 is required.
2. At the November 7, 2016 Meeting, Council approved for the Fire Department to modify the specifications of the Aerial Ladder Truck to include a 100’ platform. Also, an increase to the front end loader for Solid Waste was approved. These additional changes totaled $260,298. An appropriation is needed to allocate the line item expenditure and the loan proceeds revenue.
3. The City has incurred costs for storm cleanup associated with Hurricane Matthew that include overtime, vehicle costs, landfill expenses and repairs. FEMA has worked to complete all project worksheets to include those costs for reimbursement to the City. Since the City does not have funding appropriations budgeted for these expenses, it is necessary to adopt a budget amendment in the amount of $699,478.

It is recommended Council adopt the following entitled Budget Ordinance to reflect the changes to the City’s FY 2016-17 budget. Consent Agenda Approval. Ham/Aycock (5 Ayes / 2 Nays)

Mayor and Councilmembers’ Reports and Recommendations.

Councilmember Aycock stated no report.

Councilmember Ham stated no report.

Mayor Pro Tem Foster stated no comment.

Councilmember Stevens stated I would like to say thank you to the Chamber and to the County officials for coming out last week in my attempts to bring technology jobs to Goldsboro and Wayne County. I find it kind of funny and disheartening at the same time that we still fight over things that should be apparent and what should be going on in our nation and in our world right now and that’s we are all equal and should not be fighting over what we put in place, we have to have this and we have to have that. It should be apparent it doesn’t matter what race, color or creed you are, if you have the aptitude and the education then you should be able to facilitate getting a job. My attempts are and will always continue to be, as an African American that was raised by older African Americans and some that have passed away to the next world, is that we are people of ambition and it didn’t matter what we had, we took every dime, every cent, that’s how we obtained land, we put ourselves into working as hard as we could to have some. That we are not going to throw the card out, oh poor us, we are going to fight for everything we get. So as myself and anyone else with me whether Black, White or Hispanic or whatever, if you truly want something, you will be with me and fight with me to bring technology jobs to Goldsboro and Wayne County. Thank you.

Councilmember Broadaway stated no comment.

Councilmember Williams stated no comment.
