

## **Goldsboro City Manager Coronavirus (COVID-19) Statement**

City of Goldsboro Employees, Residents, and Visitors,

I want you to know your local government is on the job in the midst of the Coronavirus "State of Emergency."

Every day, we continue to provide essential services such as police and fire protection, water and sewer, and trash collection.

In keeping with guidance issued by state and federal officials, several events and non-essential meetings have been canceled or postponed. This includes programming at the Paramount Theater, Goldsboro Event Center, Parks & Recreation facilities, and advisory board and commission meetings. These practices will help slow the spread of this virus and potentially save lives.

City staff placed hand sanitizer and hygiene posters at the main entrances and exits of our government buildings. We are implementing telework procedures for employees who can do their job from home and need to do so in order to care for children or elderly loved ones.

We are thankful for the consideration and best practices used by our residents and visitors, private business owners, employees, and patrons to help limit and mitigate the impacts of this disease.

Our City websites have the latest information from federal, state, county, and local government authorities. Please review and follow the recommended guidelines daily.

If your City Government can be of further help, please let us know.

May God bless us all!

Respectfully yours,

A handwritten signature in black ink, appearing to read "Tim Salmon". The signature is fluid and cursive.

Timothy M. Salmon
